THE BOARD OF ALDERMEN

REGULAR SITTING OF THE CITY FATHERS.

The Quarry Question Considered—Statistics of The Unemployed Wanted—Perhaps A Market For West End.

Alderman W. W. Jones was still too unwell to attend the meeting of the Board Friday afternoon. The remaining members were present, but J. M. Gudger asked to be excused before the meeting concluded, and he left, feeling too sick to remain out long. Mayor Patton presided.

The meeting talked over the quarry question, and the Mayor stated that he had received, in reply to a letter he had written to Dr. A. Toomer Porter of Charleston, a telegram stating that he would not lease his quarry to the city. Mr. Starnes suggested that the quarry on the dummy line might be utilized, and the finance committee was instructed to confer with Advisor Gwyn to that end.

Mr. Westall said that from what he could learn concerning the last blast at the quarry that broke the camel's back and endangered the lives of residents in the vicinity, "it had been set off at an unusual hour, and the matter should be investigated." There was no motion to investigate, however. Mr. Starnes and H. L. Gudger had a little cross firing. Mr. Starnes referred to the fact that I. C. Baird, the superintendent of streets, who had charge of the work at the quarry, was receiving \$75 a month, while J. D. Henderson, former superintendent, had received \$1.50 a day, and said that Baird would have to be an extraordinarily capable official to be worth twice as much as Henderson was.

Mr. Gudger said he would not hire Henderson at all; whereupon Mr. Starnes reminded the gentleman from Montford avenue that he had voted to make the Mayor perform the duties of two offices (Mayor and Recorder) for a small compensation, yet here he was giving \$75 a month to a man who was doing the work of a man formerly doing for \$1.50 a day. Mr. Starnes said that while he had naught against Superintendent Baird, he thought Henderson could constitute a gutter that would not wash away with a rain. Mr. Gudger said the Mayor had agreed to serve, and the incident passed. However, the street committee was instructed to report next week as to the advisability of establishing a market in the West End.

D. M. Luther, esp. asked that the erection of a beef market in West End be allowed, urging as a reason that the people in the cotton factory worked so early and late that they could have no time to come to market. Mr. Luther said he could try to get the children from six years up worked with their parents in the factory. The market house committee was instructed to report next week as to the advisability of establishing a market in the West End.

The street committee recommended that John W. Starnes be paid \$75 and have his house on North Main restored, and the basement restored, or he be paid \$225 cash in settlement of all damages. The Mayor read a circular from a professor at Harvard, which asked that statistics be furnished showing the estimated number of unemployed and the means being taken by the city to carry its unemployed through the winter. The Mayor said cases of needy idle laboring men willing to work were continually coming under his observation and it was necessary that something be done. The Mayor said that the city had voted to employ men willing to work were continually coming under his observation and it was necessary that something be done. The Mayor said that the city had voted to employ men willing to work were continually coming under his observation and it was necessary that something be done.

The Mayor referred to the fact that the city had voted to employ men willing to work were continually coming under his observation and it was necessary that something be done. The Mayor said that the city had voted to employ men willing to work were continually coming under his observation and it was necessary that something be done.

SET ASIDE.

The Verdict of the Friedenwald Case Jury.

Judge Armfield in the Superior court yesterday set aside the verdict of the jury in the case of Isaac Friedenwald & Co. vs. the Asheville Tobacco Works and Cigarette company, which was in favor of the plaintiffs, on the ground that the verdict was against the weight of the testimony. The case will stand for trial at the next term.

A motion to confirm the report of Referee W. R. Whitson in the case of E. R. Meun vs. F. A. Lance, suit on covenant, was made, but the case was referred. The case of Natt Atkinson vs. Geo. W. Pack was next taken up. A jury trial was waived, Judge Armfield to pass upon the evidence and the law. The suit is for 5 per cent. commission claimed by plaintiff on a sale of the Antler Hall property that was about to be made by him at a price agreed to by the defendant. The sale of the property was not consummated and plaintiff alleges that the failure was due to the defendant. Captain Atkinson was represented by H. Merritt Carter and Mr. Pack by James H. Merritt. The case was adjourned for the day upon the conclusion of evidence.

The case was argued this morning and Judge Armfield gave the plaintiff judgment for \$1,500. An appeal was taken by the defendant. At this term Julius C. Martin, representing the administrators of the late W. T. Reynolds, took judgment in a number of unfinished cases which costs were due Mr. Reynolds as clerk of the court. There are perhaps 75 cases included in the judgment.

Court adjourned at noon for the term.

THE GRIP.

It is Here and No Mistake—How to Treat It.

Dr. W. D. Hilliard was seen by THE CITIZEN concerning the dread grip in the city and in reply to questions as to its prevalence and how to deal with it said: "The grip is a specific disease that usually prevails with the coming of the first cold of winter when people are less mindful of the danger of taking cold than at any other season. The disease is one that is commonly put on the cold list, but there is an element of prostration in it that does not go with an ordinary cold. The nervous or neuragic form of grip will predominate in one person attacked by it, while in another it will be pulmonary or bronchial, and either form is attended with much prostration. Very young children and old people seem to be more liable to the disease than those in the prime of life whose powers of resistance are greater.

"I think the disease is epidemically spread and that the people should use the utmost care in guarding against it. Small doses of quinine are an excellent tonic, but prudence in the matter of being properly clad and commonsense in diet will go a great way in prevention. People should regulate their dieting according to the changes of the weather and avoid excesses of every kind in eating and drinking. It goes without saying that those who are prudent are less liable to the disease than those who take no precautions against it.

"Those who feel themselves attacked with grip should take to the house, remain there, and send for their physician."

DR. MCGILVARY.

He Occupies The First Presbyterian Pulpit Sunday.

The Rev. Dr. Daniel McGilvary, of the North Laos Mission in Siam, will occupy the pulpit of the Presbyterian church tomorrow at 11 a. m.

Dr. McGilvary is a native of Moore county, N. C., graduated at Bingham school in 1849, at Princeton Theological seminary in 1856, served two churches in Fayetteville Presbytery for a year and a half, was ordained as a missionary by Orange Presbytery and went to Siam under the auspices of the Old School Presbyterian church in 1858, before the separation of the Northern and Southern churches. When the war broke out in 1861 the support of the mission in Siam was assumed by the Northern church.

As a member of the North Laos Presbytery, Dr. McGilvary's ecclesiastical connection is with the Synod of New York, where he has always considered. North Carolina his home, and his children have been educated in the South. In his work in the foreign field he has been by preference a pioneer, establishing churches where the name of Christ had never been heard before, and his experiences have been of a varied character. He has seen his followers martyred before his eyes. Though he is 65 years of age and has been in tropical Asia for 35 years, his eye is not dimmed and his natural force is not abated.

DR. T. E. LINN.

An Article from the "Medical Century" About Him.

The Medical Century of Chicago says of Dr. T. E. Linn, who has recently become a resident of Asheville: "Dr. T. E. Linn, professor of the principles and practice of surgery in the Pulte Medical college, Cincinnati, has found it necessary to migrate South for his health and is temporarily at Asheville, N. C. It is possible Dr. Linn may find it necessary to locate there permanently, a fact which will be deplored by his many friends in Ohio and by his colleagues on the faculty of Pulte. The Century voices the hope that his health may soon be completely restored and that he may resume his place in college work at Cincinnati."

RAILWAY MONEY IN IT

THE ELECTION OF THOMAS S. MARTIN OF VIRGINIA.

An Investigation Is On That Promises To Yield Some Sensational News as To The Defeat of Gen. Lee.

RICHMOND, Va., Dec. 16.—A resolution was introduced in the House of Delegates yesterday by Representative Wetlow, providing for an investigation into the recent election for United States Senator of T. S. Martin. The resolution was unanimously adopted by both Houses, and a committee was appointed to investigate the charges. The committee met in the chamber this morning.

Delegate Wetlow of Danville testified that prior to his election he had been offered monetary assistance in his canvass provided he would commit himself to vote for Martin.

Charles V. Merieth testified that he knew of no fraud of his personal knowledge, but that he could give the committee names of parties who could tell them one thing and another which, being put together, would give them circumstances. A fence that money had been used outside of the charman of the State committee in the interest of Mr. Martin. He said: "I cannot give you specific cases, but you can trace the matter yourself." He then testified that the Richmond and Danville, and Chesapeake and Ohio railroads had each contributed \$5,000 to the canvass. He also gave the names of General Fitzhugh Lee, J. T. Elyson, chairman State committee; J. Thompson Harbour, Miles Martin, Delegate Diggs, Senator Henry Dickham, Delegate J. B. Moon, Mr. S. S. Epps and others as suitable witnesses. The chairman announced that they would all be summoned.

SAME OLD STATUS QUO.

No Change at Honolulu as Yet.

SAN FRANCISCO, Cal., Dec. 16.—The steamer Australia has arrived. She brings advices from Honolulu to December 9th. The excitement was at fever heat, but up to that time there had been no change in the situation.

Since Dec. 5th no material change has taken place in the military or political attitude of the different parties. The Queen's adherents are being secretly armed. Over 200 Winchester rifles have been brought into Honolulu in small lots from the islands of Maui during the past month and distributed to Royalists. A vigilant watch is kept upon the royalists who express a certainty that on the arrival of the Albatross, on the 22nd instant, Willis will carry out his orders to reinstate the Queen.

NIHILISTS SUICIDE.

Surrounded by the Police Life is Worth Nothing.

LONDON, Dec. 16.—A despatch received here from Moscow says the police of that place, assisted by a detachment of Cossacks, surprised a large meeting of Nihilists being held in an isolated house outside of Moscow. The nihilists made a desperate resistance. Fifteen of the police were wounded in the affray, and five nihilists committed suicide, preferring death to being captured. Two nihilists succeeded in escaping and in all fifty conspirators were captured.

A Train Falls 25 Feet, Killing Five Persons.

DUNKIRK, N. Y., Dec. 16.—A train on the Western New York and Pennsylvania railroad, went through a trestle that spans Herrycks creek, three miles east of this city last night. The engine had crossed the bridge when it gave way. The tender broke its coupling and with the cars fell 25 feet into the stream. Five persons were killed and six were injured.

A Day For McKane Perhaps.

BROOKLYN, N. Y., Dec. 16.—Judge Callen of the Supreme court, on application of George W. Roderick, has signed an order to show cause why a stay should not be granted in the case of John Y. McKane and his associates, adjudged guilty by Judge Barnard and fined \$250 each and sentenced to 30 days in jail. The order is returnable Monday.

He's Resigned.

WASHINGTON, Dec. 16.—In response to the request of the President, O. C. Boswell, superintendent of the mint at Philadelphia, has tendered his resignation.
