ABSTRACTS OF TITLE

Any Land in Buncombe County, North Carolina—Plats Furnished—Surveying Done—General Information As to Real Estate Transfers.

Every owner of a piece of land should know its history—the names of all its previous owners, the names of those who have held incumbrances against it; the nature of the instrument by which any and all of those persons conveyed his or her interest, or released his or her claim against its boundaries of the land, and whether there are conflicting calls in deeds of adjoining property; apparent irregularities in any instrument conveying the land, etc., etc.

There are sometimes clouds, more or less serious, on titles believed by the owner of the land to be perfect.

The careful man never buys land or loans money on real estate of any kind without first requiring an up-to-date Abstract of Title, certified to by an attorney or one whose business it is to be informed in such matters.

CLERK R. O. PATTERSON

HE WILL SUCCEED U. S. COURT CLERK J. E. REED

The New Appointee to be Sworn in by Judge Dick at Greensboro Tomorrow, and Will Take Charge Next Month.

A bit of news that will cause some surprise in official and political circles here and throughout the Western district as well will have its confirmation in Greensboro, when Robert O. Patterson will be sworn in as clerk of the United States District and Circuit courts for this district.

Mr. Patterson came to Asheville Friday to prepare his bond. This was completed Saturday before U. S. Commissioner A. T. Summey. The bond is for \$40,000 and Mr. Patterson's sureties are H. S. Harkins, A. C. Patterson, A. E. Deaver and E. Everett. Mr. Patterson left this afternoon for Greensboro, where he will be sworn in by Judge Robert P. Dick tomorrow. He is expected to take charge of the office here on the first Monday in February.

Mr. Patterson will succeed James E. Reed, who has held the office for 17 years. About two years ago Mr. Reed offered his resignation, but his successor could not then be agreed upon by Judge Dick of the District court, and the late Judge Bond, of the Circuit court, by both of whom the appointment must then have been made. It was thought the latter favored C. B. Moore, the deputy clerk, who has been in the office several years, and for whose appointment a petition was gotten up. The judges being unable to reach an agreement Mr. Reed was asked to hold up his resignation. Not long ago, however, Mr. Reed's resignation was requested by Judge Dick, but the clerk did not comply. Judge Bond had in the meantime died and the appointment then fell to Judges Dick and Goff. The appointment of Mr. Patterson is the first news that has been heard lately in the matter. The appointment was made some time ago.

Mr. Patterson lives at Governor's Island, Swain county, N. C., but will remove to Asheville, although probably not until fall. He is about 42 years old, and a prominent member of the bar in his district. He has a wife and two children. The pay of the office is about \$4,000 a year. It is understood to be a life appointment, although a change may be made at the discretion of the judges.

WILL COME BACK

A Warrant Issued For Lawrence Pulliam Sunday

The latest developments in the case of Lawrence Pulliam, the missing cashier of the National bank of Asheville, point to his early return to Asheville.

A warrant for Mr. Pulliam's arrest was issued Sunday by Judge Thos. A. Jones, of the Buncombe Criminal court, at the instance of R. T. Brennan, who has been here making an investigation on behalf of the Fidelity and Casualty company, in which Mr. Pulliam was bonded. This fact leads to the conclusion that the company has located Mr. Pulliam. This warrant will be effective only in this State, would be the authority for making a requisition for the missing man if he should insist on a requisition.

It is believed, although not certainly known, that Mr. Pulliam is in either New York or one of the larger Northern cities and that unless something unforeseen occurs he will return to Asheville in a few days.

Mr. Pulliam's friends are still hoping that when the truth is known it will reveal nothing to his discredit. It is becoming known, however, that his financial affairs were much involved.

IN THE "ADVOCATE"

W. J. Boylin of Monroe Buys a One-Half Interest.

W. J. Boylin, formerly editor of the Monroe Enquirer, has removed to Asheville, and having purchased a half interest in the Western Carolina Advocate has entered on his new work. The Monroe Enquirer says:

"While the citizens of Monroe regret to give Mr. Boylin and his family up, they wish them well in their new home, and congratulate Asheville upon its acquisition. Mr. Boylin has made a success of newspaper work and his new field will but give him better opportunities in his chosen vocation. We expect the Advocate to flourish more than ever under its new management. Already it is one of the leading church papers."

Concerning the proposed consolidation of the Asheville and Raleigh Advocates, Dr. Groome tells THE CITIZEN he has 60 days in which to study the matter. He will, however, probably decide very soon. He is ready to consolidate, but does not wish to give his paper away. He has further reported that the Briggs element of the Presbyterian church, North—under whose auspices Mr. McGilvray has been laboring—are very much delighted at the young man's going over to them, and they intend to see that he is handsomely provided for."

THE FINANCE COMMITTEE.

Advisor Redwood is Still One of the Members of It.

In relation to the statement of Mayor Patton Friday that Advisor Redwood was an active member of the finance committee, the facts will be of interest. Soon after the Reform administration went into office Mayor Patton made his committee appointments. At that time the Joint Board was in active existence and the Mayor's appointments were made from both Boards. It was called to his attention that some of the committees could act only on business that would come before the Aldermen, and that it would be proper to make such committees from the Aldermen exclusively. The Mayor then made the change suggested on several committees, such as those on police, lights, etc., although he stated that if he thought that such being the case, members of a committee. The finance committee was composed of Alderman H. L. Gudger and Advisor H. Redwood. This was done because the Joint Board was engaged in the disbursement of the water and street improvement funds. Then by motion, the Mayor was made a member of each of the committees.

A few months ago, however, the special funds in which the Joint Board had an interest were expended and that body ceased holding meetings. It would seem that such being the case, members of the Joint Board would cease to act on committees. It appears, however, from the Mayor's statement, that Mr. Redwood still serves on the finance committee.

"DON'T WORRY ABOUT ME."

The Words of an Eloping Daughter to Her Mother.

Will Green, a blacksmith in the employ of W. D. Justice & Son, has, it is reported, disappeared from Asheville under circumstances which call for the intervention of the authorities. It is said that Green, who has a wife and two children in Newport, Tenn., induced a girl of 19 years, living in the northeastern part of the city, to leave the city with him. The girl in the case, it is claimed, is weak minded and, therefore, all the news-susceptible to his wiles. The couple left last night, according to report, and the girl left a note to her mother saying she and Green were going to Knoxville, where Green would set up a shop and soon send for the mother. The note concluded with "Don't worry about me."

It is not thought, however, that the couple went to Tennessee. G. W. Justice, one of Green's employers, says Green left in one of the firm's carts, and it is believed they are on their way to South Carolina, where Green formerly worked.

TOMORROW EVENING.

The Complimentary Banquet to Raysor & Smith at Battery Park.

The banquet to be given by the young bachelors of Asheville, complimentary to Messrs. Raysor & Smith, will take place at the Battery Park hotel tomorrow evening. It is probable that there will be at least 90 people present. The banquet will begin promptly at 9:30 o'clock, and it is expected that all of those who have engaged to be present will be prompt. After the banquet and speeches are concluded the dance will begin, and the manager of the hotel, Mr. McKissick, has consented to let the young people dance as long as they wish. The committee in charge of the banquet consists of Nat S. Rogers, chairman, Dr. C. S. Jordan, Thad E. Clayton, Roy Dennison and Charles A. Webb. Every preparation is being made to make the banquet a magnificent affair and no detail will be left undone. Those who have not already obtained their tickets are requested by the committee to do so at once, as no tickets will be disposed of after 12 o'clock tomorrow.

MARRIED IN GEORGIA.

Rev Dr J A Reagan and Mrs. Fannie Neely.

The Atlanta Journal of Thursday last contains the following account of a wedding at Cartersville, Ga., in which Buncombe people will be interested:

"An event of unusual interest in Cartersville society was the marriage of the Rev. James A. Reagan, M. D., D. D., of Weaverville, N. C., to Mrs. Fannie Neely of this city. The marriage occurred at the residence of Mr. and Mrs. W. C. Edwards, Tuesday morning last at 9 o'clock. The ceremony was impressively performed by the Rev. R. H. Jones. After congratulations the couple were conveyed to the depot and boarded the train for their future home in North Carolina. Dr. and Mrs. Reagan have the best wishes of their Cartersville friends for their future happiness and prosperity."

A PLAN WILL BE READY

CONGRESS AND THE MIX-UP IN HAWAII.

Holman Favors The Present Government and Would Negotiate a Treaty With It For Further Favors.

WASHINGTON, Jan. 15.—Chairman McCree of the House committee on foreign affairs, and Representative Holman conferred this morning as to a proposition to be submitted to Congress for a solution of the Hawaiian problem. The Congressional leaders are trying to devise a plan of settlement which will be consistent with national dignity and will not be a further continuance of the present complication. After a talk today McCree said:

"Some solution to the question will undoubtedly be ready to submit to the House before January 20. Mr. Holman and myself will go into the question very fully. I cannot tell at the present time what plan will be offered."

Holman favors the recognition of the provisional government as the existing and lawful government of Hawaii; then securing by treaty with the provisional government an agreement which will guarantee the islands against interference by foreign powers.

BIG REAL ESTATE DEAL.

Diston Completes the Work of Draining Florida Marshes.

JACKSONVILLE, Fla., Jan. 13.—One of the largest real estate deals ever consummated has just been effected between the State of Florida on the one hand, and the Atlantic and Gulf Coast Canal, and Okeechobee Land company.

This was the final transfer to the company of 3,125 square miles—2,000,000 acres—of land, inexhaustibly rich, in the very heart of the semi-tropical region of Florida. This transfer was in fulfillment of a contract entered into between the State and Mr. Hamilton Diston of Philadelphia, the president of the company, in January, 1881, by which the latter undertook, and gave bond for, the effecting of reclamation of the vast district in the vicinity of Kissimmee and Lake Okeechobee, therefore subject to overflow.

The work undertaken has been successfully completed after nearly twelve years labor and great expenditure of money, during which no less than 80 miles of canals and waterway have been excavated, and a continuous waterway of 350 miles opened up from Kissimmee City to the Gulf of Mexico.

A SCHOOL BOY KILLED.

He Accidentally Shot Himself With a Revolver.

WASHINGTON, D. C., Jan. 15.—The Cranch Public school, in East Washington, was the scene of a panic this morning. About 9 o'clock the children were entering for a day's study when Grover Hammar, a child seven years old, was seen flourishing a pistol, and playfully remarking that he was going to shoot someone. Finally he said he would shoot himself, and pointing the pistol to his head accidentally pulled the trigger and blew his brains out.

An exciting scene followed, and the children ran screaming into the streets. Some time was required to restore order. No one was injured in the scuffle.

THE TARIFF BILL.

Read in Full Previous to Offering Amendments.

WASHINGTON, Jan. 15.—There was but a slim attendance on the floor and in the galleries when the House met today. After some routine business Mr. Boutelle caused a monetary flutter by endeavoring to call up his Hawaiian resolution and denouncing the way in which the matter was being "smothered" by the majority.

The House then resolved into committee of the whole to consider the tariff bill, and in accordance with the special order heretofore adopted, the bill was read in full prior to consideration of amendments to it.

TWELVE PERSONS KILLED.

Fog Allows a Passenger Train to Hit a Freight.

HOBOKEN, N. J., Jan. 15.—The South Orange accommodation train on the Delaware and Lackawanna railroad ran into the Dover express this morning in a fog at the drawbridge just beyond Hackensack. Twelve persons were killed and 20 injured. The following is a list of the dead as far as known: P. H. Ryan, Milburn; Edward Morrell, John Fish, William Ferguson, Summit, N. J.; J. H. Rimmer, New York; Dr. James Doty, Basking Ridge, N. J.

THREE MEN LYNNCHED.

Hanged to a Railway Bridge For Murder.

RUSSELL, Kan., Jan. 15.—A mob of about 20 men entered the jail Saturday night, took out J. G. Burton, Wm. Gay and his son, John Gay, and hung the trio to a small railroad bridge a short distance east of the depot in this city. The crime for which the men were lynched was the killing of Fred Dinning, in July last, about 20 miles northeast of this city.

An Unsavory Mess At Greensboro.
GREENSBORO, N. C., Jan. 15.—On Friday last a prominent young married man of Greensboro, a tobaccoist and son of a late Superior court judge of that city, went to Raleigh, having left word at home that he would be gone several days. Instead, he returned to Greensboro the same night. Shortly before midnight he went home where he found Frank Holland of Danville with his wife. He fired three shots, two of which took effect. Holland managed to get out and has not since been found, though it is believed he is secreted here and that he is fatally wounded.

Hornblower In the Balance.

WASHINGTON, D. C., Jan. 15.—After acting upon a number of unimportant bills on the calendar the Senate, on motion of Mr. Hill, went into executive session, to consider the Hornblower nomination.

Plenty of old papers for sale at THE CITIZEN'S office. Only 20 cts. per hundred.
