## WORST STORM IN YEARS

### A GREAT DEAL OF WIND AND SNOW.

**Chicago Streets Badly Blocked—Ships Ashore—Churches Greatly Damaged.**

LONDON, Feb. 12.—The gale that set in in Great Britain Saturday night continued to gain in violence yesterday, and in the afternoon the wind was blowing with hurricane force. Telegraphic communication has been greatly interfered with and details of the damage done are being received very slowly.

A feature of the storm was the destruction wrought among the churches. At Teignmouth, in Devonshire, the church in course of erection was destroyed. A spire of St. Marys church at Shrewsbury, county of Salop, was blown down. At Petersburg, county of Northampton, the pinnacle of Parish church of St. John was blown over and the glass roof of the great Eastern railway station destroyed. The Presbyterian church at Holywell, Flintshire, Wales, was also among the buildings wrecked. A boarding school and many dwelling houses in town were also blown down. At Newport, in South Wales, roofs were blown off a number of houses. It is feared there have been many wrecks along the coast. Several vessels have run ashore off Margate and Ramsgate.

A dispatch from Greenock states that the Norwegian bark Bertie and Tancied has been wrecked there. A quay at Port Glasgow was carried away. The British bark Tell from Calcutta, discharging cargo at Alexander dock, Hull, was wrecked by the gale. A dispatch from Flushing, Holland, says the British bark Gateaide is ashore. The Danish schooner May is ashore on Kallot banks.

ST. LOUIS, Feb. 12.—Snow began falling last night and continued. Ten inches has already fallen. Reports received this morning, show the storm to be general throughout Missouri and surrounding States.

CHICAGO, Feb. 12.—The worst blizzard which has struck this city so far as the weather bureau shows, for 23 years, is raging here. Street traffic is greatly impeded and walking accompanied with great danger to life. Many persons have already been injured by being blown to the ground against walls and posts. The wind velocity is 60 miles the hour, the highest ever recorded for this city, and almost double that velocity of the wind is blowing a blizzard in the Western States.

SAN ANGELO, TEX., Feb. 12.—Eight hours of snow fell here yesterday, accompanied by a cold north wind which has considerably alarmed stockmen. If the storm continues for any length of time the death per centage of stock will be large as they are in many localities barely alive with nothing to eat on the range.

SALINA, KAN., Feb. 12.—The blizzard that set in at an early hour Saturday evening raged with great fury throughout Sunday and last night the snow was six inches deep on level. A strong wind is piling it up and country roads are blocked.

## STRAKER A SUNKEN WRECK

**A Steamer Nearly Wrecked by Collision.**

HALIFAX, N. S., Feb. 12.—Steamer Forrest Holm, Capt. Johnson, West Point, Va., for Liverpool, arrived last night in tow of the steamer Priam, Captain Thomson, New York, for Liverpool. The Forrest Holm has a valuable cargo of cotton and cotton oil cakes. Everything went well until the night of January 31 when, while going at full speed, the ship struck a sunken wreck and her tail shaft was broken and propeller carried away. She drifted helplessly about until the evening of Feb. 7 when the Priam met her and took her in tow. They were within 500 miles of Halifax. The weather was very stormy and the vessels broke apart several times during the tow. Thursday the Priam had to keep pouring oil on the water to keep down the sea. The Forrest Holm is leaking very badly.

## JUMPED INTO A CAB

**Miss Moulton Was Insane and Had an Adventure.**

TOLEDO, Feb. 12.—Miss Emma Moulton of Finlay, who has been temporarily insane from the effects of an attack of the grip, jumped out of bed yesterday, threw up a window and leaped to the ground, a distance of 10 feet. Before she could be stopped she clambered over a fence, ran almost half a mile into the yards of the Ohio Central railroad, and dashed into the cab of a yard engine which was unoccupied by its crew. She then pulled on a lever and started out of the yards toward Toledo. The engine was overtaken before it was out of the yards.

## MUST COME TO ASHEVILLE.

**The United States Greatest Health Resort Must Not Be Passed.**

WASHINGTON, Feb. 12.—The Southern Inter-state Immigration bureau has perfected arrangements whereby a party of experienced medical and sanitary experts will make a tour of inspection through the Southern states, and after a careful examination of the territory, express their opinion in substantial form. The object of this inspection, as stated by the bureau, is to correct the erroneous impression that the Southern section of the United States is a territory consisting of swamps and a hot bed for the propagation of contagious and malarial diseases.

The medical experts in the party comprise the following: W. C. Wile, editor of the New England Medical Monthly, Danbury, Conn.; Dr. A. N. Bell, editor of the Sanitarian, Brooklyn, N. Y.; Dr. H. H. ## THE TAMMANY IDEA OF IT

### CROKER AN OUT-AND-OUT PROTECTIONIST.

**He Talks Like a Disciple of McKinley, and Probably Does Not Subscribe to the Democratic Platform—He Feels.**

ST. AUGUSTINE, Fla., Feb. 12.—Richard Croker in an interview says that, in the language of Gen. Hancock, the tariff is simply a local issue, and he thinks it is unfortunate that Democratic Congressmen are not allowed to vote for protection when necessary to the interests of their districts. He fears that the removal of the sugar tax will lose Louisiana to the Democratic party. If sugar is made free, he says, the income tax must become a part of our financial system, and he fears the effect of this tax on the Democracy in New York. He fears that free wool will cause serious damage to many poor farmers in New York. He believes every American industry should be moderately protected. He thinks that the present tariff bill is too severe, and says if it were possible for the Republicans to pare down the McKinley bill to a moderate basis they would carry future elections and be hard to dislodge.

Mr. Croker says Congress should either pass or defeat the tariff bill at once, as something must be done to relieve business of the uncertainty that now exists.

## GOES FURTHER UP.

**One Of The Tillman Cases To Be Passed On.**

WASHINGTON, Feb. 12.—There was another legal step taken today that will prolong the fight between Gov. Tillman of South Carolina and the commissioner of patents over the granting of a trademark for the Palmetto brand of whiskey. The appeal from the commissioners' refusal to grant the trademark was taken to the Circuit court on petition for a writ of mandamus which was granted by that court. The commissioner carried this decision to the Court of Appeals of the District of Columbia, where it was reversed. Today J. Alpheus Johnson, attorney for Gov. Tillman entered an appeal against the decision of the court of appeals, and the case will now be carried to the Supreme court of the United States.

## Butler Elected.

TOPEKA, Kans., Feb. 12.—The National convention of the Farmers Alliance concluded its work Saturday and adjourned. The following officers were elected for the ensuing year: President, Marion Butler of North Carolina; vice-president, J. L. Gilbert of California; secretary and treasurer, D. P. Duncan of South Carolina; executive committee, Mann Page of Virginia, H. C. Dunning of Pennsylvania, J. E. Dean of New York, H. L. Loucks of South Dakota.

## White Caps in Georgia.

ATHENS, Ga., Feb. 12.—White caps in Oglethorpe county went to the house of a negro man named Collins, last night, and, calling him out, tied him to a tree and literally flayed him alive. The negro died this morning. There is no clue to the perpetrators, but officers are hunting for them. The charge against Collins was that he had been enticing away servants.

## Ingalls Not Converted.

NASHVILLE, Feb. 12.—Hon. J. J. Ingalls said in reference to dispatches sent out from here referring to his conversion by Rev. Sam Jones that it was not true. He had gone to hear Mr. Jones and after his discourse had expressed his pleasure at meeting him and endorsed his sermon.

## Congressman Wilson Worse.

KANSAS CITY, Mo., Feb. 12.—Last night a change for the worse came in the condition of Congressman W. L. Wilson, who arrived in this city yesterday morning en route to Mexico. It is doubtful if he will be able to leave here this week.

## Trying to Burn The Dream City.

CHICAGO, Feb. 12.—Miscreants are making a determined effort to burn down the World's Fair buildings. Four attempts were frustrated within 24 hours by the vigilance of the Columbian guards.
