We look for the heavens to fall any day now. Senator Hoar of Massachusetts, the grand old moss back—and this not in disrespect—has commended the selection of Senator White for the Supreme bench.

Mr. Peckham was defeated by Republican votes—Mr. Cleveland has never had much "influence," with Republicans—Charleston News and Courier.

It almost passes belief, but the New York papers say that in a Gravesend, L. I., Sunday school where McKane, the convicted boss, once presided, the Superintendent last Sunday said of him:

"We believe that he has been grossly compassed by his enemies. We retain our belief in him. I earnestly think he will soon be delivered from his enemies and restored to us again."

SENATOR MORGAN BEGINS TO HAVE MADE THAT

WASHINGTON, Feb. 21.—The report prepared by Senator Morgan on the Hawaiian investigation is an extensive review of the testimony taken before the foreign affairs committee and touches largely upon the commercial relations and value of the islands in connection with their United States trade.

Morgan holds that the Queen, by her act in attempting the overthrow of the constitution, herself incited the revolution, and, the revolution being under way, the people arose and put her out of power.

IMPERTINENT AGENT.

ASKS EMBARRASSING AND IRRELEVANT QUESTIONS. MORGANTON, Feb. 16.—The colored troops who fought so nobly in the late unpleasantness, and who have since been suffering from all the ills that flesh is heir to, have been in a fever of unrest all the past week.

MILITARY PARK DEDICATION

WASHINGTON, Feb. 21.—The House committee on military affairs has ordered a favorable report on the bill providing for the dedication of the Chickamauga and Chattanooga national park.

ARMS FOR HONOLULU.

SAN FRANCISCO, Feb. 20.—When the steamship Australia sailed for Honolulu yesterday afternoon she carried a consignment of 50 cases of rifle cartridges addressed only by cabalistic marks.

THE BUSINESS OF LOOK.

The men of chief consequence in the financial world are encouraged by what they discern to be material improvement in the situation. They are not inclined to be much taking, but none the less their statements are emphatic.

"We see indications in our bank of marked improvement in the general business situation. The conditions underlying business affairs seem to us to have been greatly misrepresented.

"The chief trouble with the financial situation now is that people are inclined to believe bad things, rather than good things. Their experiences of last year seem to have developed a morbid inclination to look on the dark side of affairs.

"Among our customers there is a growing disposition to prepare for activity as soon as something definite is done down at Washington with the tariff. As a bugaboo the tariff changes proposed have completely played out.

AT THE GRAND.

The Schubert Male quartette, popular old friends of the Asheville music lover, come back Friday evening, appearing at the Grand opera house, and their return is eagerly looked forward to.

NEW HONORS.

A former Asheville man to be Judge in a Virginia Court. Asheville people are interested in the action of a meeting of members of the Norfolk, Va., bar a few days ago, in which W. B. Martin of this city was nominated for the position of judge of the Court of Law and Chancery.

MR. PEARSON'S PURPOSE

Mr. Pearson will hardly be a candidate, representing either the Republicans or Populists, nor will he seek to be a fusion candidate for Congress. His ideas seem to be to use as an Independent, to have to condiliate named by the Republicans or Populists, and thus to catch the votes of dissatisfied Democrats who will not enter directly into the camps of the opposition.

OUR GREATEST MEN GET AWAY.

Perhaps it is not generally known that North Carolina has produced two of the most widely known men of the day, in the persons of "Deacon" White, the Wall street broker, and Augustin Daley, the great theatrical manager.
