Emulsion of GOD LIVER OIL,

With Port Wine.

Under the above title we offer a new combination of Cod Liver Oil in which the nauseous taste of the oil is completely masked by the use of Port Wine and Aromatics. At the same time the tonic and digestive properties of the wine render assimilation easy. From those who cannot take Cod Liver Oil on account of its disagreeable taste and difficult assimilation we confidently solicit a trial. Recommended in Pulmonary Diseases, Coughs, Colds and General Debility. Freshly prepared at

MACADAM IS STILL ON TOP

WOODFIN STREET GETS ON THE LIST.

The Board of Aldermen, by a vote of three to one, decided to put on some more stones—Aldermanic Actions. The Board of Aldermen's meeting yesterday afternoon was just as long as an hour and goes on record as one of the shortest this Board has held. The executive session, however, made the entire sitting one of about the usual length. Alderman Jones was the solitary missing member.

The Mayor reported that he had not been able to secure the written opinion of City Attorney Sondley as to the liability of National banks for the special tax levied by the Board, or of persons selling whiskey without license. Further time was granted.

The finance committee, having under consideration the overpayment of taxes by Col. Chas. W. Woolsey, reported a recommendation that he be paid a rebate of \$67.90. This committee also reported on an application by A. B. Fortune for a rebate, adverse to the request. Both reports were adopted.

As to the condition of Woodfin and Eagle streets the street committee recommended that the streets be put in safe passable condition—on Woodfin from North Main to Vance and Eagle from South Main to Market. The report was left for action at an executive session.

Upon request of J. R. Patterson the street committee was instructed to inquire into the necessity of some steps at the property of Mrs. Stansell on Woodfin street, where the city built a wall.

An old claim against the city, held by R. P. and W. L. Walker, for improvements on Valley street, was presented by R. P. Walker and referred to the street committee.

A petition handed in by Maj. H. C. Hunt, being unsigned and unaddressed, was laid aside as not properly before the house.

J. M. Gudger directed the Board's mind to the bridge running from Chester's across the street to the Hotel Berkeley. He said it had been pointed out to him as liable to cause an accident, and the Mayor said he had tried to persuade Mr. Chedester to remove the bridge but had not succeeded. The safety of the bridge was referred to the street committee and city engineer, who if necessary should call a special meeting to consider the question.

Market Keeper Fowler of the West End market was granted the privilege of living on the second floor of the market, rent free, on motion of Mr. Westall.

Permit was granted Mrs. W. D. Hilliard to build three 2-room cottages on Eagle street.

Tax exemptions were granted Monroe Walker, disability, and J. W. Morgan, not a resident.

H. B. Walmsley, attorney and agent for the bondholders whose bonds were secured by a trust deed on the property of the old People's Light, Heat and Power company, proposed in a communication to sell to the Board the electric light plant formerly owned by that company. The price named, if the Board should want to use only such of the plant as is necessary if attached to the city's water works, is \$7,000. No action was taken.

These bills were ordered paid: Street department payroll, \$101.35; E. H. Britt, \$352.32; W. C. Templeton, \$47.65; water department payroll, \$16; sanitary department payroll, \$71.54; Mrs. S. Inman, \$24.50; Ino. A. Williams, jr., 50c; Geo. E. Scott & Co., \$6.00; Mrs. C. E. McKee, \$15.50; S. P. Moser, \$1; H. S. Harkins, \$9.85; Amos Patterson, 25c; H. E. Hall, \$2.65; A. C. Monday, \$1; J. M. Alexander, \$3.30.

Executive and Special. At the executive session the Board discussed the report of the street committee on Woodfin and Eagle streets, and the Board, after going to Woodfin street in a body, decided to macadamize Woodfin street from North Main to Vance. The vote on the question was: Ayes, 11; Nays, 1. Mr. Gudger, Coakley, and Westall. The work was begun this morning, under the superintendence of Capt. W. G. Corpeing. Street Committeeman Westall says the work will cost about \$1,000.

The Board at a special meeting afterwards adopted the report of the street committee on the Chedester bridge. This recommended that the chief of police notify Mr. Chedester to have the bridge made secure by attaching it firmly to the building on either side of the street at once, and if it is not done the Board shall have the bridge removed. Chief Harkins served notice this morning on S. H. Chedester, who intimated that the bridge would remain about as it is.

SOME QUESTIONS. Taxpayers Propound Them to the Board of Aldermen. W. Ridgely Penniman and John H. McDowell, taxpayers interested, propound the following questions to the city authorities, as pertinent just at this time of paving assessments. These are the questions referred to in the report of the Board meeting, and which were not read because they were not addressed to the Board, neither were they signed.

"Is the retirement of the \$200,000 street improvement bonds a condition on which the 6 per cent. interest on first installment is accepted by the city?"

"Does the city construe the two-thirds assessment on abutting property for streets paved as part of the act under which bonds were issued?"

"Will the retirement of said bonds prevent the city from securing a two-thirds assessment on further street improvements as levied on thoroughfares and main streets of the city; or, will the city be compelled in all further street improvements to pay for the same out of the general fund as it has been doing since the expenditure of funds derived from the sale of the \$300,000 of bonds already marketed?"

"Does the city construe its powers under the act to enable it to assess one-third of cost of paving in front of H. Redwood's store on Patton avenue, and pave the back of said property on West College street out of the general fund?"

"If any part of the principal or interest of the assessment is paid, does it commit the party making said payment to the action of city under question 4 above?"

"Was it not understood when the issuance of bonds was voted by the people that the whole amount, \$500,000,

should be expended on paving the streets of Asheville?"

"Does the Board consider it just to assess two-thirds of paying on Patton avenue, Depot and Main streets on abutting property owners; retire \$200,000 of bonds and continue street paving out of the general fund?"

"Does the city construe any limitation to its power conferred by section 4 of the act as to the amount to be expended in special improvements at any given point on a street? Could it, say, order \$50,000 for a culvert or iron bridge and devote the same in general assessment on the entire street?"

"What is the city's construction of the jurisdiction of the Advisory Board as to the \$200,000 worth of bonds still unissued, as to plan proposed for levying assessments for paving done, and its policy of the city in continuing work, allowing bonds to remain unissued and paying for said work out of the general fund?"

"Does the city's construction of the powers conferred upon it by the act of the Legislature render the city liable for damage in case of error?"

THE SENATE TARIFF BILL

A DUTY ON COAL, IRON ORE, WOOL AND SUGAR.

There Will Be Much Contention Before Any Such Bill Passes The House—The Louisiana Men Partially Successful.

WASHINGTON, Feb. 24.—The tariff bill is practically completed and will be laid before the full Senate committee on finance at a special meeting Monday morning at 10 o'clock. When it will reach the Senate is not known. Voorhees and Mills expect that the bill will be reported before the end of the week. The coal people say they have secured 50 cents a ton duty on coal, that iron ore will be protected by an ad valorem duty of not less than 20 per cent., and that it is by no means settled that wool will be on the free list. Lumber will be taken care of and sugar has finally reached the stage where the committee may be said to be in accord with one another. The Louisiana Senators will not get the cent and a half a pound they have held out for so strenuously, but will be content with a duty that hovers near a cent a pound with a graduated system above, probably, sugar standing the test of 8 degrees.

IRON INDUSTRY REVIVING. The Birmingham Works Feel the Better Times.

BIRMINGHAM, Ala., Feb. 23.—The industrial revival continues. The Clifton Iron company has just blown in its two big furnaces after an idleness of two years. The Birmingham Rolling Mill, which resumed last week, yesterday added 500 more men to its force. The Tennessee Coal, Iron and Railroad company's immense ore converter, by which ordinary iron ore can be converted into Bessemer ore for steel making, is nearly complete. Its success, which seems now assured, means the early erection of a big steel mill. Several large shipments of coal and iron have just been made to foreign ports.

Erasmus Wiman Released. NEW YORK, Feb. 24.—Erasmus Wiman was released from custody at noon today on \$25,000 bail. Charles H. Deere, father-in-law of Wiman's son, of Moline, Ill., depositing 25 \$1,000 bills in the office of the city chamberlain this morning.

Freudergast Sentenced. CHICAGO, Feb. 24.—Judge Brentano this morning denied a motion for a new trial in the case of Eugene Freudergast, who murdered Mayor Harrison, and sentenced the prisoner to be hanged March 23d.

JUST IN NORTH CAROLINA. —Rutherford correspondence Shelby Aurora: The community of Henrietta Mills, now numbering about 2,000 people, is a fine example in social and moral as well as business progress. Since its beginning some seven years ago, no bar-room has been allowed within the limits of the town.—A gentleman from the North has recently put down a saw mill on Mills Gap road where it enters Henderson county from Polk. He lately received a \$2,000 check which he cashed at the Hendersonville bank, with which to carry on his mill.

—The Richmond Dispatch's Henderson correspondent had a talk with Mr. W. H. Faulkner of that county. "Uncle Billy" had just bought his straw hat for the spring, and said that he had eleven boys and seven girls—eighteen children in all. He had forty grandchildren and eight great-grandchildren. A remarkable fact is that "Uncle Billy" is not only an active man, but neither he nor his wife have a gray hair in their heads, and neither ever used any kind of dye.

—Greenville (S. C.) News: Postal Inspector Peer was a much chagrined official when he learned by wire Tuesday night that E. Richards, alias Rogers, had escaped. Richards operated at Yale, N. C., sending out advertisements in many newspapers, so worded as to convey the impression that he had counterfeit money for sale. He had his mail forwarded to Greer's. He is supposed to have headed for Bowman's Bluff, N. C., where he claims to belong.

—The Morehead Banking company has closed its branch at Burlington, Alabama county, and all its business will now be transacted through the bank at Durham. Some litigation may result, as several depositors claim they do not owe the bank the amount of overdrafts which the books show.

—On account of failing health, Colonel John Wilder Atkinson has resigned the presidency of the Wilmington Savings bank, and Mr. Harry Walters will succeed him March 7th. Colonel Atkinson, who is a native of Richmond, not long ago had a slight attack of paralysis.

—A Warren county man is endeavoring to procure 2,000 partridges with which to stock his lands. He offers 13 cents each for the birds, delivered at any railway station in the State. The season for shooting birds ends March 1st.

—Deputy United States Marshal Tom McIntire has procured warrants for six or seven men in Cleveland county, who attacked him and threatened lynching. McIntire was making an arrest when the men set upon him.

—Professor Weller of Trinity College, who has been accused of embezzlement of school funds in South Carolina, says he can show how all the money entrusted to him was spent.

—Greensboro Patriot: The Morehead banking company of Durham has withdrawn its branch from Burlington. This leaves that prosperous little city without any banking facilities.

—Cherokee Scout: The contract for the new court house for Graham county has been let to Messrs. Goode and Walker, of Atlanta, for \$9,776.

—Mrs. Millard Grant, of Surry county, was killed a night or two since, having been given strychnine instead of quinine.

—The places of all save one of the Republican letter-carriers in the Charlotte postoffice have been taken by Democrats.

—These are now students at the University from 15 States. The medical class has 18 members, the law class 59.

—I. H. Foust, ex-cashier of the First National bank of Salisbury, has been denied a new trial.

—Mr. Charles N. Vance has received a letter which states that his father is much better.

THE TRENHOLM SUICIDE.

A Most Shocking Case—Mental Derangement.

HENDERSONVILLE, N. C., Feb. 23.—The people of Hendersonville and Flat Rock were startled Thursday afternoon by the report that Savage D. Trenholm, of Flat Rock, had taken his life.

Mr. Trenholm was a man of wealth and transacted considerable business, necessitating the advice of a lawyer. A physician attended him regularly, and Thursday, when he showed signs of mental derangement, some fears were entertained that he would commit bodily harm to himself; so he was prevailed upon to come to town and consult his lawyer. About 12 o'clock he was in Hendersonville, when his lawyer and others thought it best he should have an attendant to look after his welfare. Mr. Flink Jones was employed, and he accompanied Mr. Trenholm to his home in Flat Rock. While Jones was attending to his horse Trenholm went to his room, locked himself in, and standing before a dressing case with a large mirror he took a blunt carving knife, broken off at the point, and cut and tore his throat from ear to ear in a most shocking manner.

Jones hurried to his room, and finding the door locked hastened to the window where he saw that Trenholm, not being satisfied with his work with the dull carving knife, had stepped in front of the fireplace and, finding a dull case-knife, attempted haggling his throat and tried to thrust the dull instrument through his clothing to the heart.

With all this Trenholm retained sufficient life to rise when the door was burst in, and attempted to open, but as his wind pipe was severed could not do so. Medical aid was summoned, but he died about 11:30 last night.

Mr. Trenholm was a man of rare literary and business attainments.

A MUCH MARRIED MAN.

D. D. Draughn, Who Forgot His Name in Atlanta.

WINSTON, N. C., Feb. 24.—(Special.)—D. D. Draughn, the man who lost his name in Atlanta for a time, has several wives; one, Ella Thomas, is living in Salem. She was married to him in 1888. He married Mattie Powell in Asheville in August, 1892. It is said that he also married Ella Mitchell at Bryson City last summer. Sentinel.

Register Mackey's books show that license was issued on August 16, 1892, to D. D. Draughn and Miss Mattie Powell, aged 18, daughter of Reuben and Adeline Powell. The couple were married on the 17th by Rev. J. C. Troy, pastor of Riverside M. E. church, South. The witnesses' names on the certificate are W. D. Powell, Fannie Goodson and C. H. C. Powell.

Away Below Zero. NEW YORK, Feb. 24.—Today is the coldest of the winter, 5 below, with a nipping north wind blowing.

CANJOHARIE, N. Y., Feb. 24.—Last night was the coldest of the season, 17 below zero. It was 22 below at Sharon Springs, 24 below at Cortlandt and 25 below at Saratoga.

GREENADA, MISS., Feb. 24.—A blizzard has been raging for 24 hours. Everything is covered with ice.

An Ohio Contest.

HAMILTON, Ohio, Feb. 24.—The democrats have decided on Paul I. Sorg, the tobacco king of Ohio, to be representative for Congress to succeed the late representative, Houck. Bourke Cockran, Chairman Wilson and Senator Brice will speak for him, and Reed, McKinley, Sherman and Foraker will be the Republican speakers.

Will Wed.

From Register Mackey's office license to wed has been issued as follows: H. C. Bridges and Missouri Cole, of Buncombe; white. Sv Smith and Rutley Manuel, of Buncombe; colored.

CONDENSED TELEGRAMS.

Secretary Carlisle reports to the Senate that since 1885 paper money amounting to \$3,921,500,000 has been redeemed, of which \$313,250,000 has been destroyed and the remainder reissued.

Fire was discovered in the dome of the Agricultural building on the World's Fair grounds this morning. The dome was entirely destroyed and the building ruined.
