

ASHEVILLE DAILY CITIZEN

PRINTED DAILY (EXCEPT SUNDAY) AND WEEKLY

SUBSCRIPTION RATES: One Year \$6.00, Six Months \$3.50, Three Months \$2.00, One Month \$1.00

SUBSCRIBERS who fail to receive their paper will confer a favor by reporting the fact to this office immediately.

MONDAY, MARCH 19, 1894.

W. T. STEAD, late of the worst part of Chicago, was interviewed in London on his return home, and said that "Americans recognize that the English lead the van of social progress."

A Paris newspaper says the Prince of Wales won \$5,000 at Monte Carlo this week and donated the whole sum to the poor at Monaco.

That is even better than Robin Hood used to do, and it tends to show, as the moralists have claimed, that the world is becoming a little better all the time.

The Pollard-Breckinridge trial has revealed more than one law breaker. Rev. Dr. J. R. Paxton, who secretly married Breckinridge and Mrs. Wing, now acknowledges that he suppressed the fact contrary to law, and that he did it because the Congress was an old friend.

THE VOTE ON SEIGNIORAGE The vote in the United States Senate on the Bland seigniorage bill is given below, Democrats in Roman, Republicans in italics, Populists in small capitals:

Yeas—Messrs. ALLEN, Bate, Berry, Blackburn, Blanchard, Butler, Call, Cockrell, Coke, Calhoun, Forman, Hulsey, Faulkner, George, Gordon, Hansborough, Harris, Hutton, Ivey, Jones of Arkansas, Kyle, Lindsay, McLaurin, Martin, Mills, Mitchell of Oregon, Morgan, Packer, Perkins, Pettigrew, Power, Pugh, Quay, Rawson, Ross, Sherman, Stewart, Teller, Tarple, Vest, Voorhis, White and Wolcott—44.

Nays—Messrs. Aldrich, Allison, Bacon, Caffery, Carey, Chandler, Callahan, Davis, Dolph, Fry, Gallagher, Gorman, Gibson, Hale, Hawley, Higgins, Lodge, McMillan, McPherson, Morrill, Murphy, Palmer, Platt, Proctor, Smith, Stockbridge, Vilas, Washburn, Wilson—21.

This shows that 31 Democrats, 10 Republicans and three Populists voted for the bill, and that 21 Republicans and 10 Democrats voted against the bill.

CONSUMPTIVES AND A STATE BOARD OF HEALTH

From the New York World.

The State Board of Health has issued a circular stating that the communicability of pulmonary tuberculosis has been so thoroughly established, and is now so generally recognized by the medical profession throughout the world, that the board has determined to take such active measures as may be consistent and possible for the prevention of the disease.

Local health officers will hereafter be required to register the name, address, sex and age of every person suffering from tuberculosis within their respective jurisdictions, so far as such information can be obtained.

This information will be solely for the use of health officers, and in no case will visits be made to such persons by public officials, nor will any public sanitary surveillance of such patients be assumed, unless the patient resides in a tenement house or hotel, or unless the attending physician requests that an inspection be made of the premises, and in no case where the person resides in a tenement house or boarding house or hotel, if the physician requests that no visits be made to prevent the extension of the disease to others.

It is further directed that in all cases where it comes to the knowledge of a local health officer that premises which have been occupied by consumptives have been vacated by death or removal, an inspector will visit the premises, and direct the removal of infected articles, such as carpets, rugs, bedding, etc., for disinfection and will make such written recommendations to his immediate superior concerning the cleaning and re-vacating of the apartment as may be required. An order embodying these recommendations will then be issued to the owner of the premises, and compliance with the order will be enforced for sanitary reasons.

Consumptives are advised to sleep alone, and to have their bed clothing and personal clothing, boiled and washed separately from the clothing belonging to other people. Rooms which they have occupied should be cleaned, scrubbed, white-washed, pointed or papered.

For the information of consumptives, the board adds that consumption is a disease which can be taken from others, and is not simply caused by colds. A cold may make it easier to take the disease. It is usually caused by germs which enter the body with the air breathed. The matter which consumptives cough or spit up contains these germs in great numbers; frequently millions are discharged in a single day. This matter spits upon the floor, wall or elsewhere, is apt to dry, become pulverized and float in the air as dust. The dust contains the germs, and thus they enter the body with the air breathed. The breath of a consumptive does not contain the germs and will not produce the disease. A well person catches the disease from a consumptive only in some way taking the matter coughed up by the consumptive.

It is not dangerous for other persons to live with a consumptive, if the matter coughed up by the consumptive is at once destroyed. This matter should not be spit upon the floor, carpet, stove, wall or street, or anywhere except into a cup kept for that purpose. This cup should contain water, so that the matter may not dry, and should be emptied into the closet at least twice a day, and carefully washed with hot water.

Great care should be taken by a consumptive that his hands, face and clothing do not become soiled with the matter coughed up. If they do become soiled, they should be at once washed with hot soap and water. When consumptives are away from home the matter coughed up may be received on cloths, which should be at once burned on returning home. If handkerchiefs are used (worthless clothes which can be burned are far better) they should be boiled in water alone before being washed.

THE municipal election is now not very far in the future. There is wonderful little excitement over the coming event, although the campaign opened with a bright promise of considerable of the size boom-bang before it was over.

It is not to be considered that everybody is playing shut-mouth. While things seem partially quiet frequently that is when somebody is working the rabbit foot. A while before the convention there will doubtless be a rattling of dry bones, and we will then find where you live as well as so far, I have seen the name of only one man suggested for the nomination on the Democratic ticket for Mayor. That one is John W. Starnes.

I HAVE no doubt, Mr. Starnes would give Asheville if elected, a good, solid administration so far as he could contribute thereto by virtue of his office. His Democracy is of the "hot stool" variety, and he would take pride in looking after the city interests. But I am not going to name Mr. Starnes beforehand. Other heads than mine can tell better what is necessary to be done for the party's good in the coming election. We want a good man, with a good conservative head, a man who has been to much maced on the brain. We don't want anybody that has been weighed and found short. The time for that is past. It is money in Asheville's pocket, and it is of vital importance to her to have good men to be in along the wagon as it begins moving again.

Boy, with all the talk about the Mayor, it will not do to neglect the administrative offices that are to be filled at the next election. The hold-overs will be Straightout, Reformer and Republican. Therefore, if the Democrats want to get a majority they must have at least three of these members, or two of them if the Mayor is a Democrat. With a good clean ticket there will be little trouble in electing Democrats, but with a make-shift for a church and a trio of pick-morning after election to fill that long moment what they seem. Let wise counsel prevail and a ticket that Republicans and Reformers will be found to admit is M will be the result.

"This crying need of Buncombe county," said a gentleman who is in position to know what he is talking about to me the other day, "is a convict farm. We have a chain gang, but that can be kept up only by able bodied men. If the county authorities would buy a tract in some portion of Buncombe and have it cultivated by some of its convicts it would be advantageous from several points of view. To this farm could be sent the boys and old men and women whom it would not be humane to commit to the chain gang. The effect of such a provision would be especially salutary in the cases of many women who are brought to court for various offences. The magistrate feels that the infliction of the law is such as to merit the holding of the woman, and she is sent to jail. It frequently happens that the woman, for sentimental reasons, for the protection of the health of other prisoners, and for the women are released free to go back to their haunts and revel again in their lechfulness. They are beginning to feel that they are greater than the law and are more hampered in their meanness. With a convict farm these women could be given light work and made to serve out their terms. The farm is just what Buncombe county needs."

The R. & D. knows that it should build a passenger depot here that would be up-to-date and somewhat commensurate with the importance of Asheville as a resort visited by thousands every month.

That is a new breed of swimmer I read about—the reloader of fish who, after refusal, has another man to bid them in for him. There looks to be material in this for a case in court, although this particular form of swindling may not be prevalent against.

The advertising committee has done what it had to do in good style. The Asheville journal is out and will do the city good. It is better than anything of the kind ever prepared, because it is full of information, with a great deal more attention to plain facts than to gush, condensed so that the attractions of the city are fired into the inquirer's mind in compact shape, so as to make a lasting impression. And I may add that the booklet will not be distributed by a representative in Herald's. This is the inside news that comes to The Tattler.

A SEDENTARY OCCUPATION, plenty of sitting down and not much exercise, ought to have Dr. Pierce's Pleasant Pellets to go with it. They absolutely cure Constipation. One tiny, sugar-coated Pellet is a corrective, a regulator, a gentle laxative. They're the smallest, the easiest to take, and the most natural remedy—no reaction afterward. Sick Headache, Bilious Headache, Indigestion, Bilious Attacks, and all stomach and bowel derangements are prevented, relieved and cured.

A "COLD IN THE HEAD" is quickly cured by Dr. Sage's Catarrh Remedy. So is Catarrh of the Head, and every trouble caused by Catarrh. So is Catarrh itself. The proprietors offer \$50 for any case which they cannot cure.

Ladies, Your Attention Please. Spring is now here, and you are no doubt thinking of house cleaning. The Asheville Steam Laundry, 43 West College street, can do your lace curtains as nicely as they can be done in the eastern cities.

A Minister's Fall. From the Morganton Herald. One of our local pastors, whose name we need not mention just as he had given out the closing hymn one night recently attempted to sit down on a chair which at that moment happened to be absent without excuse. Picking himself up the best way he could, he turned to his congregation who were bravely trying to keep their faces straight and said: "My friends there are occasions upon which laughing is right and proper, and this is one of them. Laugh just as much as you please." The congregation took him at his word.

Tricks, and the Liked 'Em. From the Morganton Herald. John Caldwell, colored, returned from Washington last Sunday. John held a lucrative position under the government, but grew homesick, he said and threw up his position. He likes the Northern people, but thinks that they are too tricky and uncongential to suit his social tastes.

Good News of Vance. From the Raleigh News and Observer. A letter from Senator Vance received by his son at Washington says that his improvement has been so substantial that by the end of the month he will be in his seat again. He will be there certainly in time to vote for his return.

The Easter number of Harper's Bazar, published March 17, will contain three complete short stories: "A Distinction and a Difference," by Marion Harland, illustrated by W. H. Bitchcock; "Easter Hints" by Kate Tison Clark, illustrated by W. H. Bitchcock; and "A Disobedient Youth," by Eva Wilder McGlasson. Among the sketches and essays will be "Comradeship in Marriage," by Thomas Henri Browne, and "The Care of the Angel," by Helen Hyoston Smith. The suggestions for Bazar, furnished by various popular writers, will be annually at \$2.00.

Easter Presents ARTHUR M. FIELD Leading Jeweler.

Granulated Bone. ONE REASON Why you should buy bone meal of me is that it will make your hens lay as nothing else will. I have just put in a mill to grind bones and find it works to a charm. ANOTHER REASON Is that the bones I grind are fresh, and not stale. If you send for your bone meal from a distance you do not know how old it is, and it is old if it is a g. For prices enquire at JAMES WOLFE'S STALLS, Nos. 8 and 9 Market Building.
