From a Famous Club.

CHICAGO.
We have used Cottolene in the Chicago Club Kitchen for cooking purposes for the last six months, and find it far superior to the lard in the market.

FROM MRS. BENSON,
President New York Cooking School.

LAFAYETTE PLACE, N. Y.
I have made a thorough trial of Cottolene in biscuit and pie crust making, frying, and in all ways in which I am accustomed to using lard. It proves excellent, and in my opinion is every way preferable to lard. Therefore I heartily recommend it. Very truly yours,

MRS. F. A. BENSON,
FROM MEDICAL JOURNALS.

What comparison can there be, for instance, between a pure vegetable oil like cottolene and the unhealthy product called lard?

POWELL & SNIDER

We are showing excellent styles in many lines on which our efforts to get more have resulted in absolute failure. This is because all kinds operated very cautiously, owing to the losses of last year, so that the first stringing business broke up the stocks of prime styles. Hard styles can always be bought in any quantity.

An improvement in all the departments of trade seems at last established fact. Certainly the general conditions for resumption of prosperity in a moderate way are favorable, and our prediction is that the upward march will be steady.

TILLMAN'S DEMOCRACY

WANTS THE SOUTH AND WEST TO UNITE ON SILVER.

Makes a Victorious Attack on Cleveland And The Gold Bugs—The Governor Stirred Up By Being Called a Populist.

COLUMBIA, S. C., April 9.—Gov. Tillman yesterday gave a surprising interview to the press. The Southern Associated Press representative read the Governor an extract from a letter from a Populist in which the writer said that the only thing he did not admire about the Governor's political course so far, was that he did not have the moral courage to come out squarely and call himself a Populist.

Governor Tillman's eye flashed fire and in the most determined manner he said: "Yes, they call me a Populist. I will tell them that I am the truest representative of Jeffersonian Democracy in American politics today. Let me tell you I don't care a fig for the gold bug or the Southern Democrats to combine their forces with the Western Populists and go into the next national campaign on new party lines. The northeastern Democrats and Republicans are now together. It is a combination of the money interest and the gold bug."

"I despise Cleveland and his Mugwumps. He is no better than the rank and file of the Democratic party. The South and West will be forced now to unite and have a complete reorganization of party lines. The people who are afraid of the negro and other questions will have to cast aside their fears on those scores and come together on the one line of fighting the money combination. Cleveland has been working under the dictation of the New York bankers and bargaining with them in the manner of the issue of bonds. He promised the bankers if they would take them there would be no more legislation on the silver question by this Congress. Congress passed the deigniorage bill and he vetoed it, indicating plainly the nature of his bargain with the bankers."

"Consider the farce and treason to the interest of the masses of issuing bonds under a pretense of increasing the gold reserve, when the same gold is paid in at one window and drawn out at another with silver certificates. And the same process is going on till the silver certificates are exhausted, and the people have to pay the interest."

"Well, Governor, what is your idea of what ought to be done?" was asked. "The Governor thought for an instant then said: 'Well, I'll tell you. I think that the silver men of the country ought to meet in convention at Memphis or St. Louis and organize a light to control the next Congress. Let the West and the South cast aside all questions upon which they now have any difference and get together. It is a fight between gold and silver, poverty and prosperity. One more word as to Mr. Cleveland. I think that it is most damnable and outrageous, his being dictated to and brought up by those bondholders. He is debasing his high office. He is abusing his power to dictate to the people and bankrupt the people's blood even upon the pretext of financial relief. The newspaper which are snarling and snapping at my heels as being a Populist are the paid henchmen of his bosses. I am a Populist in the sense that I am for the people's rights, but I am not a Populist in the Populist platform that I do not endorse. If the silver Congressmen will issue a call for a silver convention and carry the war into Africa we will teach those blood-sucking gold thieves a lesson in politics such as they have not had since Jackson's campaign against the banks. The farmers of the South and West will move on to Washington in a solid body and demand legislation that will give them relief from the grinding poverty produced by six cents cotton and thirty cents wheat."

WALSH'S CREDENTIALS

WASHINGTON, April 9.—The Senate hall was crowded this morning for the purpose of witnessing the induction into office of the newly appointed Senator from Georgia, Hon. Patrick Walsh, and in anticipation of listening to a speech of Senator Hill of New York on the tariff bill. When the journal had been read, Gordon, senior Senator from Georgia, addressed the vice-president and sent to the desk Walsh's credentials. The credentials were read and were adopted, and the Senate or its presiding officer, but to the Hon. Patrick Walsh. Gordon announced the presence of Walsh and moved that he be sworn. The newly appointed Senator came forward on the arm of Senator Gordon and took the oath of office and subscribed to it.

After this ceremony Hoar called attention to the peculiar form of credentials and said it was desirable that State authorities should conform to the form of credentials which had become the custom and which had been repeatedly held to be valid. He had, however, no motion to make.

ADOPTED A RAT

A Rodent Takes the Place of a Kitten That Died.
Readers of THE CITIZEN will remember Powell & Snider's cat, which some time ago was locked in a safe over night and came out next morning alive and well. It has again sprung into notoriety. A short while back the cat gave birth to several kittens, and mother and young have been comfortably housed in a barrel in the building. Two or three days ago one of the kittens died and was taken away. The mother appeared disconsolate over the loss of the kitten. Next day a look into the barrel home revealed the quite unusual fact that the cat had found a rat and adopted it to fill the place of the dead kitten. The rat was curled up among the kittens, apparently as happy as could be, with no fear of the cat. Today, however, it was found that the rat had died. The cat was apparently as much distressed as she was when the kitten died.

Edward DeMund's Challenge.

Edward DeMund, a young New York bantam weight pugilist, who is now at Kenilworth Inn, would like to meet Ed. Glover of Baltimore in a limited round contest or to a finish for a purse and as large a stake as Glover can furnish. It is probable that a meeting will be arranged.

FIREMEN DROP SO FEET INTO THE FIRE.

MILWAUKEE, Wis., April 9.—At 4:20 this morning flames were seen breaking out from the rear of the Davidson theatre and hotel, a structure valued at \$300,000. The alarm was promptly responded to, but not until the roof was a sheet of flames.

HANANAN AND NEWS

Senor Don Jose Madrid Makes a Proclamation.

SAVANNAH, Ga., April 9.—The British steamship Elliott with a cargo of bananas arrived today bringing a copy of the last issue of the Blackfields Sentinel with a supplement issued by a special commissioner from Nicaragua, Senor Don Jose Madrid, minister of foreign affairs of Nicaragua, who has arrived and assumed control of affairs.

In his proclamation Madrid says he came to arrange all difficulties on a basis of justice. The views and aims of the Nicaraguan government, he says, are to give a guarantee of peace and prosperity to all honest people. He came to offer, in the name of Nicaragua, peace and liberty. Every prospect is desired by Nicaragua for peace, justice and order, and the decree, Madrid says, gives the strongest guarantees and highest privileges. The decree grew out of a joint agreement of Madrid and the British consul for the Government of the Reserve until the parties to the treaty of 1860 arrange details regarding the Reserve.

THEIR PRAYERS ANSWERED.

Opening Arguments For The Plaintiff In The Pollard Case.

WASHINGTON, April 9.—The Pollard case opened this morning with few persons present. Much to the surprise of most persons the plaintiff was present in the court room. Judge Bradley read his decision with reference to the prayers for instructions to the jury, which were submitted by both sides Saturday. He granted nine of the 14 prayers of the plaintiff, modifying six of these, and refused four, and decided that one was correct in another prayer, thus practically granting 10 of the 14 prayers. Six of the 12 of the defendant were granted and a substitute of Judge Bradley's for another was accepted thus making seven prayers granted, five with modifications, and the other five were refused. After making his decision Judge Bradley said that while the burden of proof rested on the plaintiff to show that a contract was entered into, as defendant had set up for defense that the contract was not made in good faith the burden of proof would rest upon him to show that there was an agreement that the contract should not be carried out and that statements made in the presence of other parties were made with this understanding by both parties.

WANT A MASS MEETING.

Democrats Repudiate the Action of the Convention.

Several circulars are being circulated for signatures setting forth that the Democratic city convention was without authority and irregular. These are signed by Democrats who do not feel bound by the convention's action, calling a mass meeting for April 17 in the court house at 8 p. m. for the purpose of nominating candidates for Mayor and three Aldermen.

FOREIGNERS' STRIKE.

Slavs Making Trouble in the Pennsylvania Mining District.

CONNELLSVILLE, Pa., April 9.—A crowd of Slavs strikers are assembling in the vicinity of Trotter and Leisenring. They say they are gathering for a meeting, but an impression prevails that an attack on the Trotter works is contemplated. Some of the miners and coke drawers who went to work this morning have left, fearing an attack. A crowd is also said to be gathering at Mount Brad-dock and Davidson works.

Washed Overboard and Drowned.

CHATHAM, Mass., April 9.—The Bark Helmont of Boston is ashore on the Peaked Hills. Six of the crew of nine have been washed overboard and drowned.

DEFENDS HER CHARACTER

A 17 YEARS OLD GIRL COM-MITS MURDER.

She Is Held To Court Without Bond—Will Johnson The Victim—The Mother Arrested, But Released.

HENDERSONVILLE, N. C., April 9.—(Special)—Last Wednesday a murder occurred near Saluda which caused much excitement in this county. Lou Paris lives with her parents, a few feet from the Henderson and Polk county line. Will Johnson, a young man of the neighborhood, had been circulating stories concerning the girl's character. She and her mother demanded that he deny the stories or affirm them. They had said that if he affirmed them she, Lou, would kill him. Johnson was brought to the Paris house and upon affirming the stories which he had told, Lou made a lunge at him with a knife, and with one thrust pierced his heart, causing death within 30 minutes.

The girl was arrested Thursday and was brought here and placed in jail. The inquest was held Friday. A warrant was issued for the arrest of the mother, Mrs. Martha Paris, and they both occupied the same cell.

WANTS BIDENTALISM

A Welcome Statement If Based on the Facts.

WASHINGTON, April 7.—The attention of the ultra silver men was directed today to a statement to the effect that President Cleveland wants to do something for silver, and it is believed that in a way he deems best, he will endeavor to procure such favorable influences in Europe as will make it possible in 1895 to hold another international monetary conference. The purpose is to bring about an agreement as to the use of silver by the United States, Great Britain and other European countries. The story further goes that Mr. Cleveland professes in private to be a bimetalist "at heart," and wants bimetalism restored, which, he believes, can be accomplished during his administration through international agreement. He has asked some of the friends of silver to be patient and has said other things which lead New York financiers to suspect that during the summer or fall, a proposition may be received by the United States from European countries for such a conference, to which he will gladly respond.—Atlanta Constitution.

TO GREENSBORO.

Counterfeiters Pruner and Morgan Taken Away Today.

Chief of Police G. S. Ebert of Salem, N. C., was here today, coming after Pruner and Morgan, the counterfeiters who were caught here last week by Deputy Sheriff Morgan and Hampton. Chief Ebert said that the counterfeiters were strong enemies against the men. They are members of an organized gang of counterfeiters and it is believed Morgan was the chief. Pruner was the man who traveled over the country and "showed the queer." About eight of this gang are now under arrest.

THIS WAS DARING.

J. M. Corn Says He Was Robbed on Court Place.

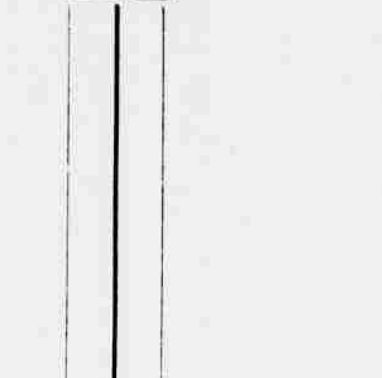

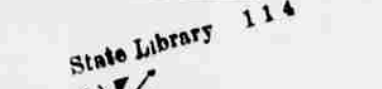

A case of daring highway robbery has been reported by J. M. Corn. He was the victim and the robbery occurred Saturday night. Mr. Corn says he was passing from the Racket store to north Court Place, intending to go through the court house yard. When near the south gate, he says, someone threw a tow sack over his head and the next instant he was thrown down. His pockets were rifled, the robbers securing about \$17 in cash, several plugs of tobacco and two note books. Mr. Corn has no idea who his assailants were, as he did not get a sight of them. His face is slightly bruised as a result of his encounter with the robbers.
