Chief of Police II, S. Harkirs, who was as active on the Reform side as Mr. Noland was for the Straightont Ecket. and the public will believe that fair play and not punishment of Democrats is intended by the new administration.

Privatsox in his speech asserted that 60 gallons of whiskey, belonging to the Democrats, had been captured during the recent municipal tight. The fact is, not a drop of whiskey was captured by any one in the hands of Democrats in Asheville, and Duke Pearson knew it, or should have known it, before making such a public atterance. It would be interesting, however, to know what the Pearsonites did with the bog of winskey porties they lett at "The Tom's " on Val lev street last Sunday night.

They held a convention, and in that convention, contrary to pointen usage and precedent no commutions were made. It was probably bared that opposition would develop. Hence the candidate was sunughed through, half concealed in another platform, not Republican, nor Pearson's. Then the resolutions were rushed through with a hurrati-and Mr. Pearson was sent for to make a speech us if he had really been nominated!

It is a carrous performance all around Mr. Pearson's platform resembles nothing on the face of the earth, nothing in the heavens above, nor anything in the waters under the earth. Mr. Pearson's candidacy reminds one of the instory of a useful but not ornate and mal, in that it is of brief ancestry and without hope of posterity Nothing just like it has ever before risen above the political horizon in North Carolina. Neither will it ever be unitated. It has its beginning at exactly the point where it will end. It holds out the hope of nothing, and it will redeem its pledges in that coin. The Republican party "swallowed the dog" yesterday, and the result would probably have been the same it the animal had been four times as big and ten times as nasty. The only doubtful element in the transaction is the retaining powers of the average Republican stom ach.
