VOLUME X.—NO. 20.

ASHEVILLE, N. C., SATURDAY EVENING, MAY 26, 1894.

PRICE 5 CENTS.

Taking Another Piece

is both agreeable and safe if it is cooked with Cottolene, the delicious vegetable shortening. No ill effects ever follow the eating of food cooked with Cottolene, as is the case with lard and inferior butter. Odor, grease and dyspepsia are remembered only as things that have been in the homes where

COTTOLENE

is used. Being composed of refined cotton seed oil and the choicest beef suet, it represents the most acceptable product ever offered to the lovers of good food. Try Cottolene yourself and you will add your praise to that of the many thousands who have forsaken lard forever. The genuine is sold in 3 and 5 pound pails by

Wm. Kroger.

MR. HILL TO MR. GORMAN

THE LATTER EXCEEDED HIS AUTHORITY

Hill Says Free Raw Material Is the Platform of the Party—The Party Not a Unity—Consistent Democrats Wanted

WASHINGTON, May 26.—After some unimportant morning business the tariff bill was taken up in the Senate at 10.30. The first question being on the paragraph as to iron or steel wheels which had been reserved yesterday. The duty on the House bill was fixed at 30 per cent. ad valorem, and Vest, in behalf of the finance committee, moved to make it 11 cents per pound. Agreed to.

The leadore paragraph was then taken up and an amendment offered by Dubois to add the words "method of sampling and assaying to be that usually adopted for commercial purposes by the public sampling works in the United States" was accepted by Mr. Jones.

Hill moved to place lead ores on the free list. The bill, he said, was not satisfactory to him, but he was now, and always had been, in favor of its prompt disposition. He said Mr. Gorman had exceeded his authority when he said the Democratic party was united on the present bill, and denied that there was absolute unity in the party. The bill was satisfactory to very few Senators and could not be satisfactory to him so long as there was a remnant of populist income tax in it.

In explanation of his vote against tabling the bill a few days he said that such a motion would have killed the bill. The country demanded action on the bill, it ought to be perfected and then passed. He said he would vote against any motion to table the bill so long as the Senate was engaged in the business of attempting to amend the bill and make it better. In putting a duty of 3 of a cent a pound on lead ore, Hill wanted to know what became of the speeches of Democrats and what of the record made in the other House. Free raw material was the platform of the party. It would go on record, he said, in favor of free raw materials. It was because he wanted Democrats to be consistent that he made this motion.

BUSINESS AT THE SOUTH

Increasing Activity in the Organization of Industrials.

BALTIMORE, May 25.—The Manufacturer's Record, in its weekly review of the business conditions of the South, says: A general review of the business situation in the South shows increasing activity in the organization of industrial enterprises, and some especially large operations in connection with timber properties for development. Quite a number of short lines of railroad for reaching mineral and timber districts are projected, in addition to those already under construction. In Baltimore a \$1,000,000 trust company for financing southern enterprises has been fully organized, and subscriptions are now being taken to two others which will probably soon be in operation.

Some of the important new industries reported during the week were marine ways, and a \$30,000 stove works in Alabama; a \$50,000 musical instrument company, a \$50,000 printing establishment, a \$10,000 telephone system, a \$25,000 electric light plant, a \$10,000 water works company, saw mills, etc., in Florida; a \$12,000 terra cotta company, a \$18,000 land company, a \$100,000 real estate company in Georgia; a 100-ton cotton seed oil mill and refinery, an electric light plant, and a cannery in Mississippi; a quarry, a gold mine, and tobacco works in North Carolina; a cotton seed oil mill, a \$10,000 mercantile company and a ginery in South Carolina; a distillery, a cannery, iron and machine works, saw mills, and an electric light plant in Tennessee; a \$10,000 cold storage company, brick works, etc., in Virginia.

THE BRYAN'S GET BADGES

Exercises at The State Normal and Industrial School

GREENSBORO, N. C., May 24.—Mrs. Bryan, wife of Congressman Bryan, delivered a bright and sensible address to the Young Women of the State Normal and Industrial school. At the close Mr. and Mrs. Bryan were each presented with a gold badge adopted by the school. The badge is in the shape of the State of North Carolina, and has the letters S. A. and I. engraved on it.

The annual sermon was preached by the eminent Bishop Rondthaler, of the Moravian church at Winston-Salem, subject, "Discipline."

Dr. Reed of the Greensboro Female college, opened the exercises with an earnest prayer.

Dr. McIver presented the diplomas to the members of the graduating class, after which the Rev. Jesse Page of Morganton presented the Bibles. Dr. McIver then announced that he had prevailed upon General Gordon, who was present, to make a short talk, which he did, capturing the entire audience with his wit and eloquence.—Richmond Dispatch.

TRAIN TAKEN BY A MOB

700 of Them Get a Free Ride—Guns Await Them

PARIS, Ill., May 26.—Trainmaster Neel of the Big Four railroad wires that a mob of 700 mine strikers from Indiana has possession of the train at Terre Haute and that the company has been compelled to take them to Paris.

Every citizen is armed with a gun or revolver. A severe conflict is eminent if the mob arrives.

TERRE HAUTE, Ind., May 26.—The train taken by the 800 miners is side-tracked and will not be moved while the strikers are on it.

They Are Considering.

WASHINGTON, May 26.—The Senate sugar trust investigation committee was in secret session today considering what action to take in relation to newspaper correspondents Edwards, Shriver and Walker, who refused to answer questions of the committee as to who gave them certain information printed in their dispatches.

"THE BREAD OF LIFE"

Dr. Broughton's Sermon at The First Baptist.

Another good meeting was had at the First Baptist church last evening. Dr. Broughton took his text from the 35th verse of the 6th chapter of John: "I am the bread of life."

"This was," the minister said, "a very interesting time in the life of Christ. He was preaching about Galilee and great multitudes of people were following Him. It was about meal time and the people were hungry and the disciples did not know where to procure food for them. But Christ told them to have the people sit down, and then took the bread and fishes and told them to give every one as much as they wanted. And after they were through eating they gathered up 12 baskets of fragments. After this He moved to the other side of the sea, and the people were hungry again. The disciples asked Christ where they would get bread for them. Then it was that He said, 'I am the bread of life.' He that eats of the bread of life will never hunger. Would to God every man, woman and child would feast on this bread! There would still be plenty left and room in the everlasting kingdom.

"If we go into every calling and profession in life we will find people unsatisfied. It is the course of nature. But the bread of life that Christ gives will satisfy every one. There is but one cure for sin, and that is to believe in Jesus Christ. I want to say to you tonight, sinner, that the blood that is shed from His side will save you from your sins and you will be satisfied. I thank God that man in whatever condition he may be, can be saved through Jesus Christ. When we come to die there is a comfort in knowing that we have Christ with us in our dying hours, and that he will take us to his heavenly mansion. Let every sinner in this house give himself to Christ tonight."

Pastor White announced that there would be no service this evening, but tomorrow there would be service, in morning and evening, and he would then make an announcement about the meetings next week.

Quite a number made profession and several were admitted to the church. Dr. Broughton left this afternoon for his home in Roanoke, Va., where he is followed by the good wishes of all the Christian people of Asheville.

DECORATION DAY.

Correspondence Received By Commander Deaver.

Commander W. H. Deaver of the G. A. R., in reply to a request made of the school committee, that the school children be allowed to take a part in the march from the square to Newton cemetery on Decoration day, the 30th, has received a letter from Secretary Randolph to the effect that the committee regrets its inability to comply with the request, as the children are in their summer vacation and therefore out of control of the committee. The committee suggests that an appeal of the children might secure this attendance.

Mr. Deaver has received a letter from W. B. Ferguson, commander of the Confederate Veterans' association of Western N. C., accepting an invitation to participate in the exercises on the 30th.

Mr. Ferguson expresses the hope that many veterans will attend. Veterans can come in from Waynesville on the afternoon of the 30th in time for the exercises and return next morning. There will be no special rates on the railroads.

Mr. Deaver requests all who will furnish flowers for decorating the graves of the soldiers to leave them at Powell & Snider's.

ADVISED PEACE.

And the Miners Were Ready to Take the Advice.

LASALLE, ILL., May 26.—Mayor Matthews presided at a mass meeting of miners and addressed them, counselling peace and order. He advised that the miners, instead of using violence to liberate the imprisoned miners, appoint a committee to visit the city attorney and take legal steps to secure their release, as any other policy, if attempted in the presence of the State militia, must result disastrously for the miners.

The advice was greeted with cheers and a committee was sent to the city attorney. The militia arrived at 10.30, and is now at Rockwell, just east of the city limits, in the vicinity of the Lasalle coal shaft.

Auditor David Gore, Springfield, is in the city and attended the miners' mass meeting in company with Mayor Matthews.

A NET BATTLE.

One Miner Killed and Several Wounded—Deputies Shot.

CRIPPLE CREEK, CO., May 26.—One miner was killed and several were wounded before dawn this morning in an attack made by the miners upon a train containing deputy sheriffs. The miners fired from behind buildings, the deputies from the coach windows giving battle in earnest. The miners retreated with their wounded. The loss to the deputies is not known, but the miners claim fifteen have been killed and wounded.

DEMOCRATS GOT THE MAYOR.

But They Lost Some of The Other Offices.

ROANOKE, Va., May 26.—Jones, Democrat for Mayor, was elected yesterday by ten majority over Edgely, Republican. The Democratic loss is the Commissioner of Revenue. The remainder of the ticket is elected by 600 to 800.

Jones' vote was only 25 behind that of O'Ferrall last fall. The City Council stands 13 Democrats, and 7 Republicans, a gain of two for the Republicans.

Mrs. Lease Still Very Sick.

OLATHE, Kan., May 23.—While it is given out that Mrs. Mary E. Lease is improving, she is really no better, and her condition is regarded as critical. She has sciatica. She has cancelled all her May and June dates to speak.

YESTERDAY'S BASEBALL GAMES.

National League—Boston 10, Washington 7, Cleveland 5, Pittsburgh, 2, New York 12, Brooklyn, 7, Philadelphia 13, Baltimore, no game.

A FAVORABLE COMPARISON

DEMOCRATIC TARIFF BILL WILL PASS IN JUNE.

The McKinley Bill Was Dragging Itself Along All Summer—Reductions Made By The Present Bills.

WASHINGTON, May 26.—Mr. H. H. Evans, the Treasury statistician, who has performed all similar work for the Ways and Means Committee of the House and the Finance Committee of the Senate for the last twenty years, has, under the direction of the Finance Committee, made a comparison between the McKinley, Mills, Wilson and Senate bill as amended. It shows that the reduction from the McKinley bill by the Wilson bill was 28.35 per cent, and the reduction from the McKinley bill by the Senate bill as amended is 25.70 per cent. The reduction which would have been made by the Mills bill, upon the same basis of calculation, would only have been 14.52 per cent.

As considerable comment has been made charging delay in the passage of the present tariff bill, it is but fair to give the dates when the several bills during the last 50 years have passed the Senate. Walker tariff, 1846; passed Senate July 28, 1846, and was approved by the President July 30, 1846. Morrill tariff 1861, reported to the House March 12, 1860, passed the Senate February 20, 1861, and was approved March 2, 1861. Tariff bill of 1863 passed the Senate June 20, 1863. Tariff bill of 1883, passed the House June 27, 1882, passed the Senate February 20, 1883, and was approved March 3, 1883. The McKinley tariff bill passed the Senate September 10, 1890, and was approved by the President October 1, 1890.

It seems to be the consensus of opinion by leaders upon both sides that the tariff bill will pass the Senate about the middle of June.

A. P. A.

Striking Up The Animals In Missouri and Kentucky.

ST. LOUIS, Mo., May 25.—A newspaper published under the auspices of the American Protective Association has been pouring its entire editorial broadsides into Governor Stone since the recent Democratic State convention. These charges him with being the author of the anti-A. P. A. platform, and advise all their members to vote against him. Governor Stone, in speaking of the matter, said:

"I care nothing about all this twaddle. In the first place I did not write or direct the so-called A. P. A. resolution in the State platform. I heartily endorse it, however. I am positively and unqualifiedly opposed to the effort the A. P. A. is making in political affairs. I am opposed to making religious tests of citizens."

LEXINGTON, Ky., May 26.—Rev. J. M. Talbott of Covington attempted to deliver an A. P. A. lecture last night, but the meeting was broken up by a shower of stones and rotten eggs. The greatest excitement prevailed for a time.

COLEMAN WILL BE HANGED.

Gov. Carr Will Fix The Date For The Execution.

LOUISBURG, N. C., May 24.—In the case of Tom and Cal. Coley, who were convicted in the January term of the Superior court of the murder of Samuel Tucker, and who appealed to the Supreme court, the court on Tuesday handed down an opinion, in which the judgment of the lower court was affirmed. The Governor will now set the day for the execution of the criminals. This is the case in which so much interest was manifested at the trial in January. The murdered man was a Jewish pedlar, and was most foully murdered and his body laid in the woods. The finding of the bones more than 18 months after the murder led to the discovery of the murderers and their conviction.

The murdered man's bones were interred in the cemetery of the Sir Moses Montefiore congregation, in Richmond.—Richmond Dispatch.

2ND COMMENCEMENT

Exercises of the Salem Female Academy.

WINSTON, N. C., May 26.—[Special.]—The ninety-second annual commencement exercises of Salem Female Academy, the oldest educational institution in the South for women, opened last night with a grand vocal concert by the pupils of that department. It was witnessed by a large audience, patrons of the school from this and other States.

An entertainment will be given this evening by the education department. Among those who will take part in the program is Miss Carrie Rollins, a member of the graduating class, who will recite a selection entitled "The Flight of Little Emile."

The baccalaureate sermon will be preached to the 29 young ladies composing the senior class by Rev. Dr. Pritchard of Charlotte at 11 a. m. tomorrow, the exercises being held in the Moravian home church.

THEY FACE THE MILITARY.

Conference at Birmingham To Settle The strike.

BIRMINGHAM, Ala., May 26.—The Birmingham military and striking miners are here to-day. Fourteen companies, second regiment State troops, are gathering here to go into camp at Ensley City, so as to be on hand in case they are needed. Over one thousand strikers marched in from the Pratt mines this morning to attend the citizens' meeting assembled for the purpose of endeavoring to settle the strike. All is quiet.

CONDENSED TELEGRAMS.

Joe Gules was hanged at San Antonio, Texas, for the murder of Frank Martin. He was strangled, living 23 minutes, and the horrible scene caused some spectators to faint.

The French Republic has commenced suit against the World's Columbian Exposition for \$1,000,000 damages to goods of French exhibitors by fire.

Breckinridge secured control of the Congressional committee in his district. Primaries are fixed for September 15.

The Prohibition Independent Democratic-Republican ticket was elected in Norfolk, Va.
