FOR THE A. L. I.'S BENEFIT
THE FAIR AT THE FARMERS' WAREHOUSE
It drew out a large attendance and was in every way a success—more than \$150 to help the boys to encampment.
The Asheville Light Infantry must have been exceedingly proud of the evidences of the good will of the people of Asheville as given by the attendance upon the company's fair at the Farmers' warehouse last evening. The occasion was a success every way. The ladies, always quick to respond to calls for their aid in affairs of this kind, had been most liberal in their response to the request for donations for which the dimes of the people might be exchanged for good purpose, and there was enough and to spare. The business firms, too, no less ready to evince their interest in the upbuilding and sustaining of the local military organization, had generously given prizes to be voted away in such a manner and value as to eclipse anything of a similar character here. And the ladies' committee entered into the preparations for the event and took part in the fair after it was opened with such zest as to leave no doubt of the unqualified success of the undertaking.
Early in the evening the entertainment began. Electric lights made the interior of the big warehouse almost light as day and revealed a pretty scene to the eyes of those there. Attractive booths were arranged about the sides of the building, presided over by more attractive young ladies who were ever anxious to look after the wants of the numerous customers. Tables at which ice cream, cake, etc., were offered occupied the central space and were continually patronized. Here again the work of women was in evidence, as the pretty waitresses hurried to and fro, receiving and filling orders. Among the crowd the ladies moved with their ballot boxes and voters paid a dime to cast a ballot that would assist their friends toward the securing of some prize offered. Little flower girls, with baskets, started hither and yon dispensing their wares, and in a pavilion toward the rear music was rendered by Prof. Chandler and his orchestra.
During the evening Capt. Smith's soldiers gave a drill to add to the pleasure of the crowd in attendance. It was after midnight when the entertainment closed and everybody went away happy; but none more so than the company, once more assured of the good feeling that prevails toward them on the part of Asheville's people.
The voting contests were lively and resulted as follows:
Five o'clock tea table, donated by W. B. Williamson & Co., voted to Miss Leslie Atkins as most popular lady in Asheville.
Baseball sweater, donated by H. Redwood & Co., baseball stockings donated by Blumberg, baseball shoes donated by J. Spangenberg, voted to T. Lanier as the most popular baseball player in Asheville.
Bicycle lamp, donated by Edison Photograph and Typewriter Co., voted to Mrs. E. E. Eagan as the most graceful belle in Asheville.
Sack of flour, donated by Asheville Milling Co., voted to Lieut. R. S. Stewart as the ugliest man in the A. L. I.
Umbrella stand, donated by Thad. W. Thrash & Bro., voted to Capt. White G. Smith as the handsomest man in the A. L. I.
Etching, donated by J. H. Law, voted to Mrs. W. G. Smith as the most popular lady in Asheville.
Suit pattern, donated by J. W. Schartzle, voted to "Jimmy" Young as the most popular man in Asheville.
Sack of flour, donated by D. G. Nolan, voted to Dr. G. O. Roberts as the ugliest man in Asheville.
Prizes were awarded as follows:
Ladies' silk vest pattern, donated by J. W. Schartzle, won by Miss Berta Smith, she having taken in the largest amount of money for votes.
Longfellow's poems, donated by J. N. Morgan, won by Miss Leslie Atkins, for second largest amount of money for votes.
Jewelry case, donated by B. H. Cosby, won by Miss Aurelia Lee, for taking in largest amount of money for refreshments.
Aluminum cup, donated by Raysor & Smith, won by Miss Bessie Smith, she having taken in second largest amount for refreshments.
Hat rack, donated by A. M. Field, won by Mrs. Starr in the drawing by members of the ladies' committee.
Sold at auction—Trousers pattern, donated by J. W. Schartzle; half dozen neckties, by C. D. Blanton; trousers pattern, by J. I. Foller; 3½ pounds candy, by Wm. Kroger; 1000 cigarettes; by Asheville Tobacco Works and Cigarette Co.; Gladstone scarf, by F. B. Mitchell; cigars, by Frank O'Donnell; G. L. McDonald; John O'Donnell; J. J. Yates; caddy of tea, by Powell & Snider; 30 pounds cottolene, by N. K. Fairbanks Co.
A rocking chair donated by W. A. Blair; cigarette holder, by Clarence P. Ray; are to be drawn for during the week at Raysor & Smith's, as not enough chances were taken.
A feature of the evening's pleasure was the music furnished by Chandler's orchestra composed of H. G. Chandler, leader; Elmer Westall, F. A. Hamrick, T. C. Westall, Jr., C. N. Webster, P. A. Smith, G. O. Roberts and Mr. Hadlow. It was the orchestra's first appearance in public, and its part was well carried out and was a very enjoyable feature of the evening's entertainment.
The following young ladies presided at the booths and tables and added no small part to the success of the occasion: Misses Harkins, Randolph, Moore, Stepp, Ware, McDonald, Fitzpatrick, Sue Powell, Berta Smith, Gussie Hill, Anna Smith, Willie Schartzle, Louise Smith, Annie Kerr, Maggie Smith, Grace Rankin, Annie Scott, Gussie Smith, Sadie Scott, Oren and Craves committee.
The executive committee and the company entire desire to return thanks to the ladies and merchants, to the orchestra and the people generally who contributed to make the affair so successful.
The company's account has not yet been balanced, but it is thought the fair netted from \$150 to \$175.

A Coal Famine.
JACKSON, Tenn., June 7.—Owing to the scarcity of coal from the great coal strike, the Mobile & Ohio railroad shops have laid off thirty-five men. Two or three trains have also been taken off. The Jackson water works are mixing wood and coal. The Illinois Central railroad is hauling out its coal stored along the Southern division to the Chicago divisions. Factories are finding it difficult to get coal.

STATE BANK TAX STANDS
THE HOUSE REFUSES TO REPEAL IT BY A BIG VOTE.
All Votes For Repeal Were Cast By Democrats—The Populists And Seventy-Five Democrats Help Republicans To Defeat It.
WASHINGTON, June 7.—The Brawley bill to suspend the operation of the 10 per cent. tax on clearing house certificates issued last summer, the substitute for it, and the Cox amendment repealing the tax were defeated in the House yesterday by a vote of 102 to 170.
The debate closed at 2:10 o'clock and the vote was taken on the Cox amendment to repeal the ten per cent. tax outright. The vote was announced as yeas 102, nays 170. The announcement was received with slight applause. The substitute of the committee on banking and currency for the original Brawley bill, suspended the operation of the ten per cent. tax as to the issue of certificates, etc., by clearing houses and other organizations last year, merely changing the verbiage so as to make it more explicit, was defeated on a viva voce vote. Then the original bill was lost. This was the end of the 10 days' debate and a result that occasioned some surprise and the announcement was received amid much confusion and applause.
The 102 votes cast for the Cox amendment were all Democrats. Of the 170 nay votes, 89 were Republicans, 75 Democrats and 8 Populists. Messrs. Houck and Taylor of Tennessee voted nay.
Commissioner Miller said today that the defeat of the Brawley bill to relieve certain Southern corporations from penalties incurred in the issue of "scrip" or so-called money certificates during the financial stringency last summer and fall, would not result disastrously to any one or to the government.
The attorney general rendered an opinion last fall on samples of alleged money submitted to him, that they were not subject to tax and on that state of the case, all efforts on the part of officers to collect tax or to ascertain how much of the so-called money certificates or scrip has been issued ceased. No such alleged money is now in use anywhere.

AT THE HARBOR ENTRANCE
Revenue Cutter Bear on the Rocks at Sitka.
SAN FRANCISCO, Cal., June 7.—The U. S. revenue cutter Bear is almost a total wreck, and possibly by this time is battered to pieces. That is the information received in San Francisco last night from a dispatch of officers of this well known vessel which says she is fast on the rocks at the entrance to the harbor at Sitka.
The steamer was plowing her way into the harbor at good speed on the night of May 29, when she struck on a rock and all efforts to get her off were unavailing. She went on at high water and the officers state in their brief dispatch that they have very little hope of ever getting her off.
The Bear left San Francisco about six weeks ago to join Bering Strait fleets. In her hold she had about 200 tons of freight for naval supply stations at Point Clarence and Point Barry and if it should be necessary she would have to be short of supplies unless another vessel is sent up with the necessary cargo. No lives are reported lost.
DEATH ON THE RAIL.
Dastardly Act of Would Be Train Robbers.
ST. LOUIS, June 7.—Passenger train No. 7 of the Mobile and Ohio railroad, which left here at 8:30 last night was derailed at Swiss Junction, 12 miles south of here at 9:45 o'clock. The wreck was due to the dastardly work of a gang of scoundrels whose evident purpose was robbery. A rail had been torn loose and removed from the ties. The train was running at a high rate of speed when it struck. The engine was thrown down a 25-foot embankment and the baggage and express cars were broken in pieces. Robert Collins, fireman, was crushed to death on his locomotive. No passengers were injured. The police have arrested Richard Nangle of this city on suspicion of causing the wreck. He was seen at the wreck acting in a suspicious manner. He claims to have discovered the removed rail while walking along the track and did everything in his power to flag the train.
BLOODY WORK IN OHIO.
Miners Precipitate Trouble Near Ironton.
IRONTON, O., June 7.—At midnight last night an attack was made upon the guards and track walkers on a trestle running over Lyck creek, five miles from Ironton, by a large number of miners. The track walkers and guards were knocked down with stones, the guards were overpowered and their lanterns smashed to pieces.
A freight train sidetracked its load and the guards saw a number of strangers hanging around the bridge trying to get on and they opened fire upon them. The guards are positive some dead bodies are lying around, but none have been found. There were between 50 and 100 shots fired last evening at this point. The guards expect another bloody attack this evening, but they will be supplied with Winchester and a larger force of men.
WANTS GATLING GUNS.
Gov. O'Ferrall Determined to Fight For His Oysters.
WASHINGTON, June 7.—Governor O'Ferrall of Virginia, has been in Washington making ready to conduct a vigorous campaign against the Maryland oyster and crab pirates. He sought to buy or borrow one or two Hotchkiss guns from the Navy Department, but Acting-Secretary McAdoo was obliged to deny the application, because the law does not permit such transactions, and the Governor announced his intention to get the arms from private parties.

GUTEIRREZ IS PRESIDENT
UNITED STATES FORCES PLAY A PROMINENT PART.
The Republic of Salvador is Now Practically Under Control of The United States Steamship Bennington.
NEW YORK, June 7.—The Herald's special cable dispatch from La Libertad, says General Guteirrez has been proclaimed President of the Republic of Salvador after a night and day of excitement in which forces from the U. S. S. Bennington played a prominent part.
The American Consulate parlor is a refuge for crowds of women and children. All Salvador officials fled Friday night, giving the town in charge of Lieut. Coffin, U. S. Navy.
General Calceco at the head of five hundred men arrived yesterday morning, and looted the barracks and shelled the woods. Another force arrived 2 o'clock, and began pillaging houses when the American sailors landed and stopped them. Colonel Mora with 300 men arrived at 4:30 and assumed control of the city and proclaimed Gen. Guteirrez President. The town is now quiet.
AN INCUBATOR INFANT.
The Remarkable Experience of A New York Baby Helms.
NEW YORK, June 7.—Having lain dormant in her wire cradle in the Robinson incubator exactly three months, the baby heiress of Edward Clarence Haight has now been removed, placed in swaddling clothes and turned over to the manipulations of her trained nurse. Little Miss Haight, it will be remembered, was prematurely born on February 24th. She arrived three months earlier than was expected, and her mother, nee Florence Hedden Granger, died in giving her birth, after Dr. Carleton and his assistants had exhausted their scientific resources to save the mother's life.
Dr. Carleton determined to try to save the infant, and sent a hurried note to the W. F. Ford Surgical Instrument company. Mr. Ford telegraphed to William G. Robinson, tinsmith, the inventor and maker of baby incubators. Robinson hurriedly drove up to the eighth mansion with his apparatus and the fragile, feeble and almost inanimate infant was placed inside.
There she has remained for three months, having been taken out but twice or three daily for a moment while her toilet was hastily made. The young lady was fed upon medicated milk. Yeading eyes watched her day and night. As she grew older and stronger she stretched her little limbs, shrugged her wee shoulders and yawned—wondering, no doubt, what all this fuss was about.
Under ordinary circumstances she should have been born May 24th, instead of three months ago, but she commenced her natural life with a three months novel experience. Soon she will be christened. She looks very comfortable in her new clothes.
WHERE ARE THE KEYS?
This Important Matter Should Be Looked Into.
When the fire on Ann street was discovered Wednesday morning, Mr. McCausland, who lives near, ran to the nearest fire alarm box on Patton avenue, near French Broad, intending to turn in an alarm from there. He went to the residence at the northeast corner of the avenues where the key was formerly kept, but it could not be found and finally the alarm had to be turned in from 462, on the square, occasioning considerable delay. Alarms are turned in from this box often, although the fire may be in a remote portion of the city. It seems that there should be a regular examination by some of the fire department officials to see that key to the boxes can readily be found.

WATSON DOWNED.
Republicans and Democrats Both Vote Against Him.
WASHINGTON, June 7.—The Watson-Black contested election case from the 10th district of Georgia has been disposed of. The committee by a unanimous vote decided that Black, the sitting member, was entitled to his seat. Of the nine members present, four were Republicans, namely, Daniels, New York; Wheeler, Illinois; McCaul, Massachusetts, and Waugh, Indiana.
CONDENSED TELEGRAMS.
Gen. Schofield, commanding the army has detailed Major Joseph G. Ramsay, with Lieuts. Geo. T. Bartlett and Elmer W. Hubbard to attend the camp of the Alabama National Guard at Ensley near Birmingham.
Attorney General Olney has filed a bill for \$15,000,000 against the Stanford estate to enforce the government's claims against the original holders of the Central Pacific grant.
The Georgia Bankers' association adopted resolutions endorsing the financial legislation of the present Congress.
At 11:30 this morning the House went into committee of the whole on the Indian appropriation bill.
The Kansas Republican State convention nominated Congressman E. N. Morrill for Governor.
The American Sugar company has declared a quarterly dividend of 3 per cent.
It is said that no further loss of life will occur at Cripple Creek.
Gov. Tillman says he will have Senator Butler's seat.
Cholera is on the increase in Warsaw, Russia.

HOW TO KEEP COOL?
