KNOXVILLE DEFEATED IN THE FIRST OF THE SERIES.

The Home Team Starts in To "Get Even" For Last Year's Games With The Tennesseans—Oldham and Stanley Here

Asheville yesterday took occasion to wipe out one of the scores remaining from last season to the credit of the Knoxville baseball team. The sluggers from East Tennessee, with their left handed pitcher, McDonald, tried hard to "get in the game" but the home team wouldn't allow it, although they made errors now and then at ticklish points. Oldham and Stanley, Asheville's new catch and shortstop, arrived on the train from the east and played with the team. Oldham's catching is A1 and his right is all right, as those who died at second can testify. Stanley's base running was something for the onlookers to talk about a long time. Green pitched a good game.

It was 4-45 when Roy Williams (who umpired a splendid up-to-date game) put the ball in play and Asheville took the ins. Young, first to bat, with a good eye took four, McClung went down on McDonald's error, Stephens' eye was good for a base and Oldham was hit by a pitched ball, forcing Young home. Green started off on McClung's fore out at home. Lanier flew over Moffett, but Stanley got a nice hit to center, and Stephens and Oldham scored. Lewis was hit by a batted ball and retired his side. Leaky was Knoxville's first and he went along on an error by Stanley, but was put out by a beautiful throw to second by Oldham. Crawley struck out and Moffett took a two baser, Collier and Flournoy following with singles. The latter died on first, however, by another good throw from Oldham. The visitors scored one this inning.

In the second Asheville rushed Young over the plate, after he went as far as second on a bad throw of McDonald. Williams flew out to third, McClung got a hit, but was thrown out at first and Stephens went out on a splendid fly catch by Collier. For Knoxville McDonald got first on Lanier's error, but there was a shut out. Moore flew to Stanley, Fogarty missed first and Perry's fly went to McClung.

Oldham in the third outed from Leaky to Moore and Green did likewise. His hot ball was handsomely stopped with the left hand of the man who, though his name be Dennis, plays ball just the same. Four base hits were taken in succession. Williams' timely center fielder bringing in two before Young struck out. Leaky opened with a two bagger for Asheville but it went for nothing as the flies were nabbed, Williams making a good taking in for the third.

In the fourth there were blanks for both sides. Two men got to first for Knoxville, one on Lewis' error. The fifth for Asheville was another shut out. Crawley for the visitors got a hit but was foolish enough to try to outrun Oldham's chain lightning to second. Moffett and Flournoy scored. Collier's two bagger did him no good, as he played off and Lanier and Lewis got him. Moore died driving. Goose eggs ruled in the sixth and seventh. In this for Knoxville the bases were filled because of errors, but McDonald's infield fly went to Oldham who put it to Lanier, catching Moffett and making a double. Moore flew out to Stephens.

In the eighth Stanley got to first on a passed ball and gave an exhibition of base running that was an eye opener. Three men scored this time, and as many got in for Knoxville. In Asheville's ninth Green and Stanley visited all the bases and came in before Knoxville had a try at catching up. But two outs could be scored before three were out and the first of the series was ended. The score:

How's This?

A special to the Knoxville Tribune concerning yesterday's baseball game here says: "Knoxville outfielded and outbattled the locals, but lost the game nevertheless." Further on the special says Asheville got 12 hits and Knoxville 6. The Tribune's sporting editor must have been put a-thinking by these statements.

OVER A CENTURY.

A Brace of Old Burke County Pistols.

Walter Greenlee brought to THE CITIZEN office today some interesting relics in the shape of a pair of old time flintlock "boss" pistols, enclosed in the holsters. The outfit originally belonged to Sheriff Duck of Burke county, one of the first, if not the first, sheriffs Burke had and had been handed from one generation to another until some time ago it was bought by a Morganton man at a sale, and from him the present owner purchased it. One pistol was made in 1780 and the other in 1790, each over 100 years old. The weapons are rusty and the nails are gone.

TROOPS TO CAMP WITH STRIKERS.

BALTIMORE, June 8.—Governor Brown has ordered the Maryland troops at Frostburg to go into camp for an indefinite period. This will break the backbone of the strike. Those willing to work were afraid to resume because of threats of harm to come as soon as the troops shall be withdrawn.

THE SALVADOR TROUBLE

Ezeta, the Refugee President Badly Wounded

WASHINGTON, June 8.—The State department has received a cablegram from Consul-General Viquin at Panama, announcing the arrival at that port this morning of Ezeta, the refugee President of Salvador. The Navy department about the same time had a cablegram that General Ezeta, Vice President, and a brother of the President is on board the cruiser Hennington where he was granted asylum. He arrived on the coast badly wounded and Commander Thomas decided with the approval of the department, to save him from the rebels who would have killed him in spite of his condition. It is not thought that General Ezeta will live, although he is receiving the best surgical treatment. Several other generals accompanying the vice-president were also granted asylum and as soon as the Hennington can safely leave La Libertad she will take the party to Panama. General Ezeta was reported dead three weeks ago but was hiding on account of his wounds.

TRUST CONFERENCE

A Witness Remembers Names But Cannot Fix Dates

WASHINGTON, June 8.—H. L. Terrill of Cleveland, Ohio, a member of the sugar trust was before the Senate investigating committee today. Terrill admitted that there had been a conference at the Arlington hotel, in his rooms, at which Senators Bruce and Smith and Mr. Havemeyer and himself were present, but he was unable to fix any dates and did not connect it in any manner with the meeting which disturbed the slumbers of Mr. Gaston. He said, however, that at no time did the events related in the Press article take place. Terrill said he attended a meeting in Senator Camden's room. There were present besides Havemeyer, Senator Camden and Senator Jones, chairman of the sugar committee. He said the sugar schedule was being considered in the committee and Havemeyer desired to explain the matters referred to in the schedule and the rates under discussion. That was the sole purpose of his interviews with Camden and Jones.

TROUBLE IN OHIO

Gov McKinley Orders Out The State Troops

COLUMBUS, O., June 8.—Upon receipt of a telegram from the sheriff of Belmont county yesterday, Governor McKinley decided to call out the second regiment of infantry also, as a reserve support to those already in the field. The telegram said a mob of 600 strikers had seized the R. & O. railway at St. Clairsville Junction and had stopped all traffic. Another mob of about 1500, mostly foreigners, had seized the Cleveland, Lorain and Wheeling railway at a point near Martin's Ferry and practically stopped all traffic. A telegram to McGary, at headquarters here states that the first body of State troops ordered out, 8th, 16th and 17th regiments, are still at Cambridge.

AN OUTLAW KILLED

A Virginian and Kentucky Special Put Out of the Way

WASHINGTON, June 8.—A special from Knoxville, Tenn., says: Pat Cox, the noted outlaw of Southwest Virginia, was killed Wednesday night near Wise county house, while resisting arrest.

He had been the terror of the people of Kentucky and Virginia for years and identified with at least a dozen murders. A few weeks ago he killed one of his own cousins and fatally wounded another. He went to Mexico but was located there and driven back.

Wednesday Deputy Sheriff Grear with a posse surrounded him near an illicit still. The outlaw at once opened fire on his pursuers, and seriously wounded two before being shot and killed.

Spiller was visited in his cell at 7:30 this morning by newspaper men who remained in the room twenty-seven minutes. He looked very tired and cheerful and told the reporters he was perfectly reconciled to go. A number of colored friends and ministers and white persons interested in him were also present. There was almost continual singing and praying. Spiller ate a hearty breakfast this morning with evident enjoyment.

WORK OF STRIKING MINERS

THEY'RE DESTROYING MUCH RAILROAD PROPERTY.

Roads Are Blocked And Can Hope To Move Trains Only By The Help Of Military—Railroad Bridge Burned.

MASSILLON, O., June 8.—The Cleveland, Lorain and Wheeling railroads made another nominal effort early this morning to send out two trains from Wheeling Creek with 12 United States marshals on board, both trains for Bridgeport. Superintendent Bruner says the only thing to do now is to bring on the troops which are concentrated within easy reach of Wheeling Creek and fight the trains through.

One of the bridges just out of Wheeling has been burned. Yardmaster Dunbar, at Massillon, has orders to be prepared to leave with his crew and all available passenger coaches to transport militia. The new Philadelphia militia company is still surrounded by miners at Canal Dover and prevented from joining its regiment at Cambridge.

Wheeling creek miners have posted notices warning the public to remain away and threatening newspaper reporters with ducking in the river. They are organized into three watches, and have small arms and a hundred pounds of dynamite.

COLORADO SPRINGS, Colo., June 8.—Arrangements have been made for Sheriff Bowers to enter Altman on Bull hill this morning. The sheriff will be at the head of a detachment of militia while the remainder will stay in camp with deputies at Gillette. Two miners were shot and wounded last night in a skirmish near Gillette by sharpshooters. There has been firing all night.

BIRMINGHAM, Ala., June 8.—News arrived here at 11 tonight that 500 miners had gathered at Blue Creek for the purpose of blowing up the mines and doing bodily harm to the miners who had replaced the strikers. A special train was ordered out and sent to Camp Forney at Ensley City where the first regiment of Alabama State troops are encamped. Gov. Thos. G. Jones who is at camp wired as soon as notified that the special was coming and that 200 soldiers would be in readiness. The troops will go at once to Blue Creek and the miners do any acts of depredation death will be the end.

LATER.—All quiet at Blue Creek. Troops returned at 6 o'clock this morning.

COLUMBUS, O., June 8.—Gov. McKinley this morning received a telegram from Sheriff Scott of Belmont county again, and more urgently appealing for troops at Bridgeport. The sheriff says the bridge on the C., L. and W. railway near there is now being burned by miners and great loss of life and damage to property threatened unless military aid is furnished at once. This telegram was forwarded to General Howe at Barnesville by the Governor.

Gov. McKinley says he will order the 5th regiment of Cleveland under arms if Adjutant-General Howe thinks the force now in Belmont county is inadequate.

The Governor issued orders to the 16th regiment infantry and battery of artillery of Toledo to report here at once. Trouble is feared along the Norfolk and Western railway at any time and troops are desired to be held in reserve.

DENVER, Col., June 8.—Cripple Creek special says: The miners are demoralized and fleeing from Bull hill. The militia is inactive and the sheriff has ordered his deputies to go up on Bull hill and make arrests.

LATER.—Deputies are moving in squads of 300 and have so far met with no resistance. The only danger seems to be that the strikers may explode some hidden dynamite under them, but resistance is doubted. Governor Waite is violently angry at the inactivity of the militia. He does not deny that he sent it to aid the strikers.

The Five Minute Rule

WASHINGTON, June 8.—At the suggestion of Washburn, Minnesota, it was agreed that the further discussion of the Agricultural select shall be under the five-minute rule and Harris gave notice that when that schedule was disposed of he would ask the same rule to be applied to the three succeeding schedules until the wool schedule is reached.
