PRINTED DAILY (EXCEPT SUNDAY) AND WEEKLY... SUBSCRIPTION RATES: One Year, \$3.00; Six Months, \$1.80; Three Months, \$1.00; One Month, 50c...

MONDAY, JUNE 11, 1894.

DEMOCRACY IS IMMORTAL. THE WORD DEMOCRAT STANDS FOR HUMAN LIBERTY AND HUMAN FREEDOM AND CANNOT DIE.

THE CITIZEN is glad that its brief reference to the abundance of betting on the Allendale ball ground has had its effect. The betters have become quieter, even if the betting is none the less. There is still room for improvement, and we hope it will come.

THROATS are out in great numbers in several states and the miners' riots will probably be put down with or without bloodshed. But a mistake was made when the very first disturbance and every succeeding one was not met with a county or state force sufficient to crush the outbreak at its beginning.

An investigation of the New York police force before an Assembly committee is revealing an amount of rottenness that would be startling if it had not been foreshadowed by Dr. Parkhurst's investigations some months ago. It appears from the testimony that keepers of saloons and disorderly houses have been allowed to run openly, with or without a license, if lunacy money was paid the police regularly in set amounts.

SADIE MEANS CASE.

A Point Settled By The Presbyterian General Assembly. The case of Sadie Means, the Columbia, S. C. telephone girl will be recalled, and the general assembly of the Southern Presbyterian church decides that attending calls and switches in a telephone exchange on Sunday comes under the head of works of charity or necessity, and therefore is permissible in a church member.

Three Great Victories. It is almost a certainty now that Mr. Crawford will for the third time get the Democratic nomination to Congress from this district.

REAL ESTATE. What is transpiring in the way of real estate transactions. The following deeds have been filed in Register Muecke's office: R. P. Foster and wife to J. F. Woodbury, property in Shelby Park, \$3,000.

Big Moonshine Is Destroyed. CHARLOTTE, June 8.—The biggest raid since the late 1880s was destroyed by revenue officers on Wednesday night, after many weeks of search for it. It was in Concordia mountain, in Pelk county, in a wild and picturesque spot, upon the verge of a precipice and beneath overhanging cliffs. There was only one way to get up and down to it, and this was perilous to life. The moonshiners were not at home when the officers arrived. Three thousand gallons of beer and many gallons of whiskey were poured on the ground and all the paraphernalia destroyed.

Had Times in the Orient. SAN FRANCISCO, June 8.—Ex-Secretary of State Foster, who arrived Wednesday from India, says: "I found general and widespread business depression throughout India, the Straits Settlements, and wherever British merchants and commerce extended in the East. The cause is the heavy decline in silver, which is the single currency of the countries of Asia, and this decline, it is there believed, has been brought about by the closing of the India mints and the repeal of the Sherman act."

Harrison to Sell the Gift Cottage. CAPE MAY, N. J., June 8.—Ex-President Harrison has put his \$10,000 gift cottage here in the hands of a real estate agent for sale. The price he asks is \$7,500, and it is probable that it will not even bring that figure. It is a fine cottage, nicely built, but too far away from the others to be desirable. When it was erected and placed in the midst of a lot of proposed building sites it was supposed that these lots would sell, but they did not.

ALL OVER THE GLOBE. Dr. Pierce's Pleasant Pellets are far more effective in all cases of constipation, biliousness, indigestion, and all other ailments of the bowels. It is required while using them. Professor Hogwood of Oxford will, at the next meeting of the trustees of Wake Forest college, offer a resolution looking to the co-education of women there. Rev. Dr. W. W. Staley, the new president of Elm college, is a native of this State, but has for some years been pastor of the Christian church at Suffolk.

Third, the School of Biology, at Beaufort, Tuition \$10. Session begins June 14. For details address President Winston, Chapel Hill, F. C.

The literary address at Trinity College was to be delivered by Senator George Gray of Delaware. After his appointment as chairman of the Senate Investigating Committee, he was compelled to withdraw his engagement on that account. A most admirable alternate has been secured in no less a celebrity than the Rev. Dr. W. H. Milburn, the chaplain of the United States Senate. Senator Ransom regards him as the most eloquent man in Washington. This is another rare treat in store for the people of North Carolina at this commencement season. Dr. Milburn will speak on Wednesday evening in Stokes Hall. The subject will be announced later.

Solicitor J. D. McIver of the Twelfth district writes Gov. Carr that two men named Hall and Hadley were convicted of the murder of one Bryson. They were appealed to the Supreme court because Bryson was, when shot, in Tennessee, while they were in North Carolina. The Supreme court said if this were true, it had no jurisdiction. The solicitor then entered a nolle prosequi, and the defendants were discharged. They were, however, at once re-arrested, on a warrant charging them with being fugitives from Tennessee justice, a magistrate issuing the warrant. They petitioned for habeas corpus, alleging that they are citizens of North Carolina, and had not been in Tennessee, hence were not fugitives from that State. Solicitor McIver granted the writ. The defendants were remanded on appeal to the Supreme court, and he ordered the sheriff to hold them. He asks the Governor if they are subject to extradition.

M. Clark to the P. K. Petron, 15 acres in Leicester township, 200.

Asheville Will Be In It. Editor THE CITIZEN:—Friend McCape is right. You do not know what real hard times are in Asheville, and may you never. Canada was congratulating her about as bad here as anywhere. All the world is awaiting action at Washington. There are better times ahead. Asheville will be in it. We long for our mountain home, beautiful air and grand scenery. Kind regards, W. H. Weir, Montreal, June 7.

Prophecy Fulfilled. From the Richmond Dispatch. "The day is not far distant, dear, when we will fly. He is the inventive progress clear To his mind's eye. About an hour succeeding that Her father grew Contiguous, and from the flat Horrid flew.

Dr. Pierce's Pleasant Pellets are far more effective in all cases of constipation, biliousness, indigestion, and all other ailments of the bowels. It is required while using them. They cure biliousness, sick headache, constipation, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

A DOUBLE WEDDING.

That is, The Same Couple Married Twice In Nashville. Miss Kitty Chatham, who will be remembered by Asheville thetregors as appearing here last season in "Jane," was married in Nashville, Tenn., Saturday afternoon to W. H. Thompson of Liverpool. Telegraphic accounts of the ceremony say Bishop Chas. Todd Quintard, who is known in Asheville, could not collect himself and appeared under the influence of strong excitement or illness. After he concluded the ceremony the bridegroom demanded to be married in better style and Rev. J. D. Barbee, a Methodist minister, performed the second ceremony. Bishop Quintard's friends say he had been very weak for some time and had been taking a great deal of morphine for rheumatism, which was the sole cause of the trouble.
