## ANOTHER FOR THE SOUTH

A MONSTER MEETING TO BE HELD IN NEW YORK

Some of the Best Men of the Metropolitan Back of This Movement—A General Invitation to Attend.

NEW YORK, June 13.—A meeting of significance to the interests of the whole South will be held at the Fifth Avenue Hotel, New York, Thursday, June 21st. It is a direct outgrowth of the many conventions held of recent years in the South to induce capital, industrial plants and desirable immigration to that section.

The general invitation to this New York meeting is made at the request of Senator Patrick Walsh, Col. D. H. Dyer of Augusta, Ga., R. H. Edmonds, editor of the Manufacturers' Record, and others, and fifty New Yorkers who have investments in the South, and of Southerners who now live in New York but whose interests are South.

These 50 names directly own or represent not less than one thousand million dollars of capital. The paper is signed by a splendid and most complimentary list of names of famous mercantile concerns of New York. Men representing not simply millions, but hundreds of millions, who recognize the fact that the advantages and resources of the South only need to be fully known to the world to bring about a great increase in population and wealth, have united in asking others interested in the South and its future to meet them in New York in order to have a general interchange of views from a purely business standpoint as to the best means of advancing the prosperity of the South.

The invitation is general. It is extended to all business men, whether they be farmers, transportation officials, bankers, merchants and manufacturers or property owners interested in the South. As the notice of this meeting is necessarily brief, all business men who desire to attend can receive all particulars by addressing by mail or telegraph, R. H. Edmonds, editor of the Manufacturers' Record, Baltimore, Md.

## GREAT RACES.

Fine Horses to be Here to Run and Trot Next Week.

On the third page of THE CITIZEN today will be found an advertisement of the races to be held at Carrier's track June 21 and 22, Thursday and Friday of next week. These races are to be under the auspices of the French Broad Fair and Racing association, and will be the first of a monthly series. It is expected that the summer races will be followed by a fair in the fall.

The prizes in next week's races will aggregate \$540, and the event promises to be the most interesting ever held here. Twenty-five standard and thoroughbred horses are expected to be here. Messrs. Mason & Booker of Abingdon, Va., arrived yesterday with four horses to begin training for the races. The horses are Reckoner, bay stallion, trotter, and Volunteer, Mill Boy and Gaiter, runners. McInturf & Rutledge of Sweetwater, Tenn., will ship seven runners tomorrow; Mr. White of Bristol, Tenn., will have a racer, and Mr. Frayley of Salisbury will bring four horses early next week. Prince Lenoir and the sows at C. Cowan & Doggett's stables will also be in the races.

The track is being put in proper racing condition and 10 additional stalls are to be erected for the use of the racers.

## FREIGHT TALK.

No Reduction on Eastern Rates Yet—Business Compared.

A very decided reduction in freight rates from Asheville to prominent Southern points has been made recently on certain lines of goods. On smoking tobacco, for instance, the rate to Atlanta was formerly 84 cents; it is now 29 cents. On cotton mill goods, also, a reduction of about 60 per cent. has been made. There has as yet, however, been no reduction in rates from Eastern cities to Asheville, but the buyers are hoping for better things by and by.

Freight Agent Henry I. Olive tells THE CITIZEN his weekly comparative statements show that the freight business is as good as it was at this time last year. There has been an increase in large lot shipments and some falling off in smaller shipments, and the business is thus kept up to last year's level. Among the large shippers Mr. Olive mentioned the Asheville Milling company and Mustin, Fakes & Co. The former company ships on an average about a carload of its goods a day.

An increase in through freight facilities recently has enabled the merchants here to receive goods from the east in a much shorter time than formerly.

## THE SITUATION IN MOROCCO.

Pain After Money—Germany Will Not Grab Without Warning

MADRID, June 14.—A Spanish troop ship conveying a force of armed men, sailed for Tangier today having on board the cashier of the Spanish treasury who goes to Morocco to demand the first installment of indemnity due in accordance with the treaty concluded between General Martinez de Campos and the late Sultan Muley Hassan.

BERLIN, June 14.—Chancellor Von Caprivi has informed the Spanish government that Germany will take no action in Morocco without giving due notice to Spain.

## Stirring Times in Corea.

NEW YORK, June 14.—A dispatch from Shanghai says: Seoul, the capital of Corea, has been captured by the rebels. The king is a refugee and foreign troops have been landed to protect life and property.

WASHINGTON, June 14.—The Korean legation has received a cablegram today from Seoul, capital of Corea, stating that everything is quiet in Corea, that the rebels have been overcome and that peace has been restored.

## Five Women Fight.

HUNTINGTON, W. Va., June 11.—At Bredon, 40 miles south of here, five young women got into a fight last evening and in the melee knives and pistols were used. Mrs. Lizzie Maynard was killed and Jennie Morris mortally wounded. It is thought that the affair originated from jealousy.

## HAVEMEYER DID NOT GIVE

SENATE BILL REDUCES SUGAR TRUST PROFITS.

The McKinley Bill Was of Great Benefit To The Trust—Refining Company in Politics—Fall and Fair Statement's.

WASHINGTON, June 14.—Havemyer was before the sugar trust committee again today, being on the stand about half an hour. He made only one important statement that was new; most of his testimony being a repetition of what he said Tuesday. He declined to state the amount of money the American sugar refining company had contributed to state and local campaign funds and asserted that this was a matter over which the community had no jurisdiction.

In this connection Havemyer reaffirmed his statement that the refining company, which, Havemyer says, is "misnamed a trust," had contributed nothing to any campaign fund. With reference to the question as to how much money the so-called trust had made in profits that could be attributed directly to the McKinley act, he made a rather ambiguous answer that the profits that would be made under the tariff bill now before the Senate would be about one-fourth of those made under the McKinley law.

Havemyer was excused at the conclusion of his testimony. It is understood that the committee has no authority to make Havemyer tell how much money the refining company contributed for state and local campaign purposes. Members of the committee are much gratified at the full and free statements made by Havemyer. They say that they believe he was entirely frank in what he said.

## STOCKTON—MCDOWELL.

Pretty Wedding at The First Presbyterian Today

A pretty church wedding was that which occurred at the First Presbyterian this afternoon at 1:30, when Miss Maggie Martha Stockton, daughter of Mrs. Corinna Stockton, was married to Edward E. McDowell. A number of relatives and friends gathered to witness the ceremony. The bride, attired in a Rosedale traveling dress, entered the church on the arm of her brother, M. M. Stockton, and the groom with his best man, Mr. K. Heston, to the strains of the march from Lohengrin, played by Mrs. E. E. Logan. Arriving at the altar the party met and there the marriage ceremony was performed by Pastor R. F. Campbell. The ushers were Messrs. Lucius B. Alexander, Frank Smith, John Wagner and Arthur Rankin.

After the ceremony the wedding party entered carriages and were driven to the depot where Mr. and Mrs. McDowell took the eastbound train for Washington and cities in Virginia for a tour of two weeks. They will then return to Asheville and will be at home, 347 South Main street, after July 1.

Mr. McDowell, the groom, is a member of the mercantile firm of McDowell & Johnson on South Main. He is a son of the late Maj. W. W. McDowell, is an active young business man and well liked by all his acquaintances here, of whom he has many. The bride is an estimable young lady, probably best known through her efficient work in Asheville's Free Kindergartens, in which she has taught for two years. She was one of the class of eight to graduate from the Kindergarten training school (which was by the way, the first graduating class in this work in the South), and is the first of this class to marry. She is highly esteemed among a large circle of friends.

## NOT IN RIVERSIDE

The First Mrs. Vance's Remains Never Removed.

In THE CITIZEN'S account last Monday of the removal of Senator Vance's remains, the statement was made that they were replaced in the grave where they were first interred, by the side of the Senator's first wife. This statement was made on what was thought good authority—in fact it has been popularly believed that the first Mrs. Vance's remains were in Riverside. It is learned, however, that Mrs. Vance's body has never been removed to Riverside. It was interred in the Presbyterian graveyard on Church street, and the grave cannot now be exactly located readily, the monument having been removed.

The CITIZEN'S prints with regret, because of the form in which it is cast, the following card:

EDITOR THE CITIZEN: The card and other statements coming from Charles Vance I pronounce to be simply malicious falsehoods or the outgivings of a disordered brain, and I wish you to make this statement.

Mrs. Vance.  
Washington, D. C., June 13.

## LOSS OF \$3,000,000

Big Fire in Panama—Five Thousand People Homeless.

PANAMA, June 14.—The greatest calamity that has ever befallen this city was a fire which started yesterday and burned for nine hours. At 2 o'clock this morning the flames were subdued after having destroyed over 300 buildings in the most thickly populated section of the city. The loss of property amounts to nearly \$3,000,000; insurance about \$2,000,000. One-third of the area of the city was devastated and 5,000 persons are homeless.

## Counterfeiter Ulrich Nabbed.

CINCINNATI, O., June 14.—It developed here today that one of the three Americans under arrest in Hamburg, Germany, on the charge of counterfeiting is Charles Ulrich, one of the best known criminals in America, who has served long terms both in the Ohio and New Jersey penitentiaries. Chief Murphy, says he is the finest engraver of counterfeit currency ever known in America.

## Chimpanzee Mrs. Rooney Dead.

CINCINNATI, June 11.—"Mrs. Rooney," widow of the famous chimpanzee "Pat Rooney," died at the Zoological Garden yesterday. She seemed to be in fair health up to the time of Pat's death, three months ago, but soon after began to show signs of illness.

## STILL BURNING BRIDGES

FIGHT BETWEEN MINERS AND STRIKERS.

The Coal Strike Seems No Nearer Settlement in Ohio Than Before—Miners Broke Their Word—A Midnight Attack.

MASSILLON, O., June 14.—Two Wheeling and Lake Erie bridges at Sherrodsville were burned yesterday. The company notified the miners in advance of this intention to move 27 carloads of West Virginia coal for engine use, and on the strength of assurance that no opposition would be offered did so. When the train passed through Sherrodsville, the company's track walker was held up, while 100 men completed the work of destruction.

BEACH CITY, O., June 14.—The miners were fired upon by Barclay Dulbs' pickets, second platoon Logan rifles, stationed one mile below this city this morning. The fire was returned. A patrol was quickly formed under Lieut. Perkins and there search was made, but no one was captured.

The first attack was made about midnight and the second at 3 a. m. An attack was made on company A Fourteenth regiment, stationed at the second bridge below here. An attempt was made to destroy the railroad bridge at Beach City, but owing to good picket duty of the first platoon no damage was done.

No shot took effect on the militia. It is expected the strikers will try to draw attention away from the bridges and then destroy them.

## STOPPED BY WOOL.

The Senate Making Little Or No Headway.

WASHINGTON, June 14.—Leading Republican members of the finance committee of the Senate says it is probable the tariff bill will be finished and pass the Senate about two weeks from next Saturday. All day yesterday and today negotiations have been going on among leaders on both sides looking to progress up on the bill. Some modifications may be made including the dropping of the administrative portion of the bill.

It is said that the Republican managers have made definite proposals to Senator Harris to vote upon the bill on the 25th of June and that Harris declared as he believed the bill could be passed sooner than that date. Yet there are other Democratic Senators still negotiating and it may be possible that a date can be fixed.

It is possible that the Democratic steering committee will ask the Senate to remain in session until the wool schedule is disposed of.

In the Senate today the tariff bill was taken up at 10:30, the first paragraph in the wool schedule being the one under consideration. Lodge made an argument against placing wool on the free list. Teller said he also was opposed to free wool.

## HAMIL DUKE'S STAND

He Will Stump Ashland Against Breckinridge.

LEXINGTON, Ky., June 14.—The sensation in political circles here today is the published statement that Gen. Basil Duke of Louisville, editor of the Southern Magazine, and brother-in-law and chief-of-staff of Gen. John Morgan, the famous Confederate raider, has assured Major Henry Clay McDowell that he will stump Ashland district for him and against Col. Breckinridge, if the latter is renominated.

Major McDowell resides at Ashland, Henry Clay's estate, his wife being a grand-daughter of Clay, and he has practically consented to be the Republican candidate if Breckinridge is re-nominated. Gen. Duke is a stalwart Democrat.

## THE PRESIDENT'S HEALTH.

Necessary For Him To Take a Little Outing.

WASHINGTON, June 14.—By the advice of his physician, President Cleveland has about decided to take a short outing down Chesapeake bay. An attack of summer complaint that has kept Mr. Cleveland confined to his room during the last few days has yielded to treatment, and with the exception of a slight weakness he is quite himself again. His physicians think that a four or five days' trip down to salt water will entirely restore his usual vigor.

## THREATS OF INCENDIARISM.

Canton Chinese Aroused By a Hong Kong Proclamation.

HONG KONG, June 14.—A thousand placards have been posted in the streets of Canton, giving notice that if the governor of Hong Kong carries out his expressed intention of destroying the Chinese quarter in that city to prevent the spread of cholera, the English settlement in Canton will be burned.

The health authorities reported 82 deaths from the plague today.

## Miss Colquitt Married.

ATLANTA, June 14.—Miss Laura Warren Colquitt, daughter of the late Senator Colquitt, was married at the First Methodist church at 10 o'clock today to George Howard, a prominent young lawyer of Augusta, Ga.

## An American Honored.

LONDON, June 14.—The University of Cambridge will, on June 28, confer the degree of L.L. D. on Captain Fred T. Mahan, commander United States cruiser Chicago.

## Hanged.

MIFFLINTOWN, Pa., June 14.—James Carpenter was hanged at 10:53 a. m. for the brutal murder of his father at Port Royal, Juniata Co., Dec. 10, 1893.
