

Asheville Daily Citizen.

VOLUME X.—NO. 43.

ASHEVILLE, N. C., FRIDAY EVENING, JUNE 22 1894.

PRICE 5 CENTS.

A gentleman who returned this week from Asheville, North Carolina, brings us an interesting item: He was walking along one of the business streets in Asheville, when one of the first objects that attracted his attention was an enamel plate sign, in blue and white, bearing this legend: "Agency for Chase & Sanborn's famous Boston coffee." This sign was at the store of A. D. Cooper, dealer in staple and fancy groceries, corner of Main and College streets. Mr. Cooper stated that they sold a great deal of these celebrated coffees, and that they have customers who buy it, even if they have nothing else. This speaks highly for the superior quality and high grades, so well and honorably maintained, of Chase & Sanborn's coffees, and it is, moreover, a compliment to Boston which we cannot allow to pass unrecorded.—New England Grocer, Boston.

Yesterday was the busiest day of the session of the National Council, Junior Order United American Mechanics. The body reconvened at 3 o'clock p. m., National Vice Councilor Richter presiding.

The report of the committee on Revision of Laws was taken up and occupied the entire session, being under consideration at 7 o'clock, the body adjourned until 8:30.

National Vice Councilor Richter rapped the body to order at 8:45 o'clock. The report of the committee on Revision of the Ritual was taken up, and when an adjournment was had at 12:50 this morning, had not been finally adopted.

National Councilor Kibbe called the body to order at the usual hour this morning, when the consideration of the revised laws was resumed, and occupied the session.

During the session the Credential committee reported the arrival of a delegate from South Carolina, who was admitted in due form.

Representative Smith of Missouri, who was to leave for home, made farewell to the body in a few feeling remarks, which evoked applause.

The attendance has been only slightly diminished.

A BIG BOYCOTT.

One Likely to be Started Against Pullman Cars.

CHICAGO, June 22.—Unless the Pullman Palace Car company consents within five days to arbitrate its differences with its late employees now on a strike at Pullman, a boycott will be declared by the American Railway union on every Pullman car on railroads where the union has an organization. This assertion was made last night by President Debs and Vice-President Howard of the union.

This action was decided on at the last session of the officers who have the matter of procedure entrusted to them. It was resolved by the union in convention to levy an assessment of five cents a week on all members of the union for relief of the Pullman strikers.

President Debs said that the Illinois Central and the Missouri roads would gladly cut off all Pullman cars, and that all the large cities of states west of the Alleghenies and east of the Rockies would join in the boycott.

THE INCOME TAX BILL.

Important Changes By The Senate Finance Committee.

WASHINGTON, June 22.—Senator Vest, on behalf of the finance committee, has given notice of several amendments to the income tax sections of the tariff bill. The two most important of them are a reduction of the exemption from \$4000 to \$3000 and an allowance to banks, railroads and other corporations, of deductions from their annual gains of actual operating expenses and interest on their bonded indebtedness.

The Senate has passed the bill incorporating the supreme lodge Knights of Pythias and the bill making the first Monday in September (labor day) a legal holiday every year.

At 10:30 the tariff bill was taken up and Kyle made an argument in favor of the principles of the income tax.

Teller then spoke in favor of the income tax and Sherman against it.

NOT GUILTY.

The Case of Henry Foster Who Killed John B. Morgan.

MEMPHIS, June 22.—At Waterville, Miss., this morning, the jury in the case of Henry Foster, charged with the murder of ex-Congressman John Bright Morgan, returned a verdict of not guilty.

This was the second trial of the case, the jury in the first instance finding the defendant guilty of murder in the first degree. The United States court on appeal granted a new trial on the ground that the entire court did not view the locality of the homicide, the railroad car in which the killing occurred.

The killing was done on the Illinois Central train three years ago and grew out of a beating inflicted upon Foster by Morgan at Hernando, Miss., where both lived.

GRAND LODGE K. O. P.

E. Holton of Greensboro, Grand Chancellor; Chas. A. Webb of Asheville, Grand Vice Chancellor; W. W. Wilson of Raleigh, Grand Prelate. A banquet was given the Knights last night.

Death of John W. Hall.

WASHINGTON, June 22.—John W. Hall, treasurer of the Richmond and Danville railroad company, and recently elected treasurer of the new Southern Railway company died suddenly at his residence on Rhode Island avenue, this city, at half past five this morning. The cause of his death is thought to have been heart disease. Hall came here from Richmond, Va., and was widely known throughout the South.

Forgot The Women.

WACO, Tex., June 22.—The Populists in convention yesterday nominated F. Nugent for governor. The platform adopted is in line with the Omaha document, but nothing is said of equal suffrage.

BLOOD SPOTS ON HIM

MURDER ATTEMPTED IN WAKE COUNTY.

A Man Suspected Of Assaulting His Niece And Then Covering The Crime With a Story That Doesn't Hang Together.

RALEIGH, N. C., June 22.—George Mills and his niece, Miss Wimberly, left the girl's home at Apex last evening intending to go to a neighbor's a mile distant for some flowers. Mills returned at midnight, and said they were attacked by two men who assaulted the girl and ordered him to leave, which he did.

Search began at once, but without success, until about daylight this morning, when Miss Wimberly was found in an unoccupied house, her head badly cut and skull fractured in several places. She was still alive at last accounts, but unconscious.

Suspicion was directed towards Mills from the fact that he did not inform the girl's parents of what happened, until several hours had elapsed, and from the fact that blood spots have been found on his shirt.

CRISP NO BETTER.

To Increase Mexican War Pensioners—Anti-Optim.

WASHINGTON, June 22.—Speaker Crisp was still unable this morning to come to the capitol and Bailey again took the chair.

Favorable reports were made on the bills to establish a national park on the battlefield of Shiloh and to increase the pensions of the survivors of the Mexican and the Indian wars and their widows.

The House then went into committee of the whole on the Hatch anti-optimum bill, two hours being reserved for amendments and discussion under the five minutes rule and one hour for the author of the bill in which to close debate.

A caucus of members of the House committee on election was present at the meeting today and by a vote of 5 to 3, the committee voted to recommend that Moore, (Dem.) be seated for the 2nd Kansas district in place of Funston, (Rep.) the sitting member. The report will not be made until McCall, who made the report in favor of Funston, returns from Massachusetts.

An amendment offered by Aldrich, Ills., to include four in the list of articles that may not be dealt in under the bill was agreed to, 98 to 33.

GLADSTONE WON'T COME.

More Reason Now Than Years Ago Why.

LONDON, June 19.—It having been reported in the newspapers that Mr. Gladstone had again received an invitation to visit the United States, the retreat of the ex-premier at Dollis Hill was besieged with reporters today anxious to obtain information on the subject. They were informed that Mr. Gladstone had received no such information, and beyond what he had seen in the newspapers knew of no movement in that direction.

Mr. Gladstone said he had, several years ago, declined an invitation to visit the United States for obvious reasons, the principal one of which was his advanced age. As this condition of things was impossible of improvement, such an undertaking was out of the question. He presumed that in the circumstances, the invitation, if such a thing were contemplated, was merely intended to be complimentary.—N. Y. Sun.

WHY HE TOOK THEM.

Tillman Tells Why He Let Butler Insult Him.

LANCASTER, S. C., June 22.—In his speech here yesterday Tillman said that at Chester he had not opened his mouth in reply to the indignities heaped upon him by General Butler, which were fouler and blacker than had been made against any man.

Yancy Shervard, who was out in the crowd, cried out, "You took them!" "You took them," Tillman shouted back in reply: "Yes, I'll tell you, you cowardly hound, why I took them, and I'll meet you whenever you want to. I took them, because, as Governor of the State, could not afford to create a row at a public gathering and have our people murder each other like dogs."

Shervard answered, but his answer could not be heard.
