PRICE 5 CENTS.

Just to Draw Attention

A gentleman who returned this week from Asheville, North Carolina, brings us an interesting item: He was walking along one of the business streets in Asheville, when one of the first objects that attracted his attention was an enamel plate sign, in blue and white, bearing this legend: "Agency for Chase & Sanborn's famous Boston coffees." This sign was at the store of A. D. Cooper, dealer in staple and fancy groceries, corner of Main and College streets. Mr. Cooper stated that they sold a great deal of these celebrated coffees, and that they have customers who buy it, even if they have nothing else. This speaks highly for the superior quality and high grades, so well and honorably maintained, of Chase & Sanborn's coffees, and it is, moreover, a compliment to Boston which we cannot allow to pass unrecorded.—New England Grocer, Boston.

ALL FRANCE IS STIRRED

MAKING WAR ON THE ITALIANS EVERYWHERE.

Prompt Action Taken by Italy—The Royal Standard of King Humbert at Half Mast—Mobs in Lyons Hack Italian Homes.

PARIS, June 26.—The special train conveying the body of the late President Carnot from Lyons to Paris, arrived here at 3:10 this morning. The casket was at once placed in an ordinary hearse, and driven to the Palace Elysee, followed by five carriages containing the widow and her sons and the members of the president's immediate household. At a respectable distance behind these vehicles were 30 cabs containing newspaper reporters.

LYONS, June 26.—The disorders here and at other places in France resulting from the indignation of the people at the assassination of President Carnot, continued throughout the night. Crowds of rioters paraded the streets of the city from the time the late President's remains left Lyons until this morning, and in spite of the efforts of the police and military, the mob snatched Italian houses and taverns and after throwing their contents into the streets made bonfires of everything burnable.

Santo, the anarchist assassin of President Sadi Carnot, was again brought up this morning for examination before the examining magistrate, Benoit. The prisoner declared himself to be an anarchist and to be strongly in favor of a policy of violence. Replying to further questions Santo said he acted upon his own initiative and had not been engaged in any conspiracy to murder the President.

The authorities, however, believe Santo was the agent of anarchists and that he was entrusted with the task of murdering President Carnot.

La France newspaper declares that France ought not to tolerate the presence of Italian workmen. The same feeling is reflected by telegrams from Bordeaux, Havre, Algiers, Lyons and other places.

ROME, June 26.—In the course of his remarks in the Senate yesterday on the assassination of President Carnot, Premier Crispi said the murderer belonged to an infamous set that recognized neither country nor family and against whom every nation ought to give its active reprobation. The President of the Senate expressed his indignation at the idea that any approbation should attach to Italy through M. Carnot's assassination. He hoped on the contrary, that the pledge of unity through the mutual sorrow of France and Italy. The Senate adjourned as a mark of respect to the memory of M. Carnot. All of the Italian bourees were closed yesterday.

ENGLAND SOOTHENS GERMANY

The Unpleasantness Over Central Africa is Settled.

BERLIN, June 23.—The friction caused between England and Germany by the Anglo-Belgian agreement was finally removed yesterday. For two weeks or more Chancellor von Caprivi and Sir Edward Malet, British Ambassador, have been at work upon the protocol which was signed last evening. As far as England and Germany are concerned, therefore, the Congo dispute is settled.

By the terms of the protocol, England, with the assent of the Congo State, abandons the lease of the 25-kilometer strip which, extending from Lake Albert Edward to Tanganyika, was to connect her possessions in the north with those in the south, and was to separate the German colonies from their neutral neighbor. England retains merely the right to erect telegraphs and build railroads on the strip in question. Similar privileges are granted to Germany for the country from the River Swakob to British South Africa. The arrangement, of course, will not satisfy France, but it affords a happy relief of the tension between the London and Berlin Foreign offices.—N. Y. Sun.

FOUR SEASONS CLOSED

The Hotel Did Not Pay Expenses, It Means

KNOXVILLE, Tenn., July 26.—The great Four Seasons hotel has been closed. The announcement of the closing was not made until late Sunday afternoon, and there was a lively packing of trunks preparatory to departure. The cause of the closing was the lack of funds. The hotel never has paid expenses and has been in the hands of a receiver for several months.

The hotel is one of the finest in the South and cost more than a half million dollars. Close to the hotel is a sanitarium which cost nearly a hundred thousand dollars, but it has been, if anything, more of a failure than the hotel. One seems to know what will be the future of the Four Seasons, but as it now stands, it is deeply in debt, there are no guests, and all efforts to make a success seem to fail.

Evans Withdraws

ATLANTA, Ga., June 23.—Gen. Evans, Confederate Veterans' candidate for Governor, has withdrawn from the race. This leaves Atkinson as the only Democratic candidate. The Populist candidate, Hines, is making an active canvass and the race between him and Atkinson will be fierce and close.

Prendergast Jurors Selected

CHICAGO, June 23.—The jury which is to determine whether Prendergast, the murderer of Mayor Harrison, is insane, was completed today. It has been decided that as the burden of proof rests with the defendant his attorney shall now make the opening and closing arguments.

Who Was He?

CHICAGO, June 26.—Mrs. Carrie Reed, a pretty brunette, twenty-four years of age, was shot and killed yesterday afternoon by an unknown man, who immediately turned his pistol upon himself with fatal results.

HILL'S AMENDMENTS

They Don't Get The Support Of Democrats.

WASHINGTON, June 26.—When the tariff bill was taken up in the Senate today Hill withdrew the amendment he had offered Saturday to strike out the provision exempting interest on United States bonds from the operation of the tax. Hill said his object in offering the amendment was to call attention of country to the fact the \$365,000,000 of property in government bonds were necessarily exempt from the operation of the income tax under the law. Although the ostensible purpose of the income tax here was an enormous investment capital which the income could not reach. Hill then moved to exempt state, county and municipal bonds. He argued that the taxation of state bonds by the federal government would be a direct attack upon the administration of the states.

After an hour and a half of discussion Hill's amendment was rejected, yeas 23, nays 30.

Two Democratic Senators (Gray and Pugh) voted with Hill. Irby voted against the amendment, and the solid Populist Senators, Allen, Peffer, Kyle and Smith were paired with Republicans.

VIOLENT DEATH AT 103

Mrs. Henry Was Chipped, But She Fell Out Of A Window.

PHILADELPHIA, June 23.—There seemed to be something cruel in fate for Elizabeth Henry, who, after passing through the ordinary trials of life for 103 years, fell out of a third-story window late last night and met her death. Mrs. Henry came to this country from Ireland when a slip of a girl of 15 summers, surviving a terrific storm at sea, in a sailing ship. She had always been cheerful, bright, active and possessed of a fine memory. She resided with a daughter at 2,324 Geiss street, in the Kensington district, where she was quite a famous local character. She had been ill scarcely a day in her life, and required no attention from others.

Last night the old woman was walking about the house with a light, seeking some relief from the stifling heat. She mistook a low window for a door in the hall, stepped out and fell down three stories to a brick pavement. She was hurried to a hospital, where it was found that her left arm, jaw and nose had been broken. She died soon after reaching the hospital.—N. Y. Sun.

HELD UP THE TRAIN

The Southern Express Co.'s Safe Robbed Of All It Contained.

SAVANNAH, Ga., June 26.—Train No. 6 on the Savannah, Florida and Western railroad was held up near Norville, 126 miles from Savannah and near the Florida line, at 2 o'clock, this morning. The train was brought to a stand still by a danger signal and was boarded by half a dozen men armed with rifles. The Southern Express company's safe was blown open with dynamite and all its contents taken. The value is not known. Engineer Jenkins was then forced to cut the engine from the train and carry the robbers about eleven miles. It is supposed they have gone into Okfenoke swamp to hide until the search lets up. A posse with blood hounds is on their track.

The Fourth at Knoxville.

KNOXVILLE, Tenn., June 26.—The Centennial City will celebrate the glorious Fourth as it was never before celebrated in this section. There will be excursions and picnics and patriotic speeches. The greatest event will be the first race meeting of the Knoxville jockey club, beginning July 4th, and continuing four days. There will be 100 carter running horses entered in the several events. On the Fourth, the Knoxville derby will be a purse of \$500 to the winner will be run, and on the 5th, the Merchants' handicap purse, the same will be the event of the day.

Lockjaw Caused by Lightning.

MIDDLETON, N. Y., June 23.—George W. Shephard, a horticulturist of this city, died last night at Thrall hospital. Last Saturday, during a thunder storm, lightning struck near him and he felt a slight shock. Sunday he complained of pains in the jaw and consulted a physician who told him he was suffering from lockjaw. He gradually grew worse until he died.

Norfolk Takes Water In Herds.

NORFOLK, Va., June 26.—The British steamship Mexican, reported by telegraph a few days ago as drawing 25 feet of water when she sailed from Port Royal, S. C., for Liverpool, is now in this harbor to complete her cargo. She will take on a deck load of cattle here, which will increase her draft by about 18 inches.

A North Carolina Appointment.

WASHINGTON, June 26.—The President today sent to the Senate the following nominations: Charles DeKay, New York, consul general at Berlin, Germany; W. M. Little, North Carolina, consul at Tegucigalpa, Honduras.

Another Big Miners' Strike.

EDINBURGH, June 26.—The strike of Scottish coal miners began this morning, 60,000 men ceasing work. Twenty thousand steel workers are thrown out of work by this strike.

YESTERDAY'S BASEBALL GAMES.

THE NATIONAL CREDIT

THE PRESIDENT WILL PROTECT IT AT ALL HAZARDS.

The New York Banks Willing To Help With Their Gold. And There Is a Balance In Our Favor—Favorable Features.

WASHINGTON, June 26.—The President in speaking last night of the financial situation said: "The offer of certain of the New York banks to replace from their vaults gold drawn from the government treasury for shipment abroad is certainly thoughtful and patriotic. It not only tends to maintain the treasury's gold reserve in good condition, but it adds to the stock of popular confidence which is at all times important."

"The elements which make up our actual situation do not justify any apprehension; and the administration still adheres to its pledge and determination to protect our national credit at all hazards and to keep the quality of our money equal to the best, so far as the limits of executive power permit."

"Of course, croaking and the spread of disquieting tales is calculated to injure the strongest financial conditions. I assume, however, that there is too much patriotism among our people and too much familiarity with our resources and capabilities to permit our reserve force and financial vigor to be discredited. When the last government bonds were issued to replenish our stock of gold it was nearly as low as now, while outside of our gold we had as available money to pay ordinary expenses of the government only about \$19,000,000. We have now besides our gold and in money applicable to government expenses more than \$53,000,000. I understand that it is changed in certain quarters that the payment of matured obligations is postponed to the amount of \$50,000,000 or \$75,000,000. This is not true. We are paying as we go in the usual way. Last year up to June 1, the balance against us arising from the export and import of merchandise, including gold and silver, was \$64,432,046. The balance in our favor for the same period this year was \$62,960,562, representing a change in our favor of \$127,512,608. These conditions, taken in connection with the willingness of our banks to help the treasury during any temporary and unusual drain of gold, ought to satisfy the most conservative of our safety."

THEY WERE AT CHURCH.

Hence the Bomb Did Them No Harm.

BIRMINGHAM, Ala., June 26.—At the Mabel mines Sunday night an unknown person hurled dynamite bombs at the house of Benjamin Moore, a striker who recently returned to work. The bomb was aimed at a window and doubtless was intended to be exploded in the house so as to kill the occupants, but it struck the window sill, exploding outside and wrecking the building. It happened that Moore and his family were at church. No one was injured. This is the second house dynamited in that locality within five days, six non-union miners having been wounded the first time.

A Tramp With Leprosy.

NIAGARA FALLS, N. Y., June 26.—Thos. Sheehan, a tramp, who appeared to be suffering from some horrible skin disease, was returned to Canada from this city last Thursday by the Government officials on the ground of his being a pauper.

Before he was sent back he had visited some houses here and begged a meal. The Canadian physicians have since had him confined in the pest house of Clifton, Ontario, and now declare that his is a case of leprosy. The authorities at Ottawa have been notified.

Think They Saw a Mirage.

COLUMBUS, Ind., June 23.—One of the most beautiful sights that were ever witnessed by the inhabitants of this part of the State lasted for 30 minutes last night. It was a mirage of some distant city, believed to have been St. Louis. It appeared at angle of about 45 degrees and a little north of west. The streets of the city could easily be seen, as could the church spires and a river.

"Uncle George" Smathers Dead

CANTON, N. C., June 26.—"Uncle George" Smathers, who lived at the high treble near here died last night. Mrs. Smathers died only a few months ago, they having lived together more than 60 years without serious illness. Their descendants number more than 300. John C. Smathers of Turnpike is their oldest child.

CONDENSED TELEGRAMS.

The will of the late Lord Chief Justice Coleridge disinherits his eldest son, Bernard Coleridge, and will be contested by the latter on the ground of undue influence on the part of his stepmother, between whom and the members of Lord Coleridge's family an unfriendly feeling existed.

The American vessel, Jassamore, from Havana, with one case on board and two deaths during the voyage of yellow fever, is quarantined at Galveston, and the British brigantine, Albatros, with two cases on board, is quarantined near Key West Fla.

Wm. Singler, proprietor of the Philadelphia Record, will be nominated for Governor of Pennsylvania without opposition at the Democratic State convention at Harrisburg Wednesday.

Of the 3,000 anarchists now under arrest in Paris and other cities in France only thirty-seven will be prosecuted, owing to the scarcity of convicting evidence.

At noon today the boycott of the American Railway Union against the Pullmans began. Pullman employees at St. Louis and Ludlow, Ky., have struck.

Mr. Wilkie, the manager of Low's exchange, London, says that up to date the registration of Americans abroad is the greatest ever known.

The Senate, on motion of Mr. Hill, exempted the President's salary from the operation of the income tax.
