A FUSS ABOUT A BABY
LIVELY SCENE IN THE HOUSE OF COMMONS.

A Socialist Member Makes The Royal Family For And All-Queen Victoria Has Reigned Not Ruled, He Says

LONDON, June 29.—There was an unexampled scene in the House of Commons last evening when Sir Wm. Harcourt, supported by Mr. Balfour, moved an address of congratulation to the Queen upon the birth of an heir to the Duke of York. The motion was about to be put when, amid exclamations of surprise from all parts of the House, James Keir Hardie, a democrat and a socialist, and probably the most rabid of the labor members of Parliament, arose and said:

"I owe allegiance to no hereditary ruler ('Oh! Oh!'). The motion proposes to raise the importance of an event of every day occurrence. I am delighted to learn that the child is fairly healthy. ('Oh! Oh!'). I shall be pleased to join in the ordinary congratulations if I meet the child's parents. But when the House of Commons, representing the nation, is asked to join in congratulations, then in the interests of the dignity of the House, I protest.

"There is one aspect of the question which concerns the House of Commons. A cabinet minister was required to be present upon this interesting occasion. I submit that such a proceeding is not calculated to enhance the dignity of the House in the eyes of the nation." (Vehement interruptions and cries of "order," "rot.")

"You may say rot," continued Hardie, "but if you mixed with those you represent, you would find that the people view this matter in a different manner. It seems to me that some protest ought to be made in this connection. It is a matter of small concern to me whether the future ruler of this country is a genuine article or a spurious one. The motion was made because the child was born in the royal family, and the House has a right to ask what particular blessing the royal family has conferred upon the nation that at any time. We are told that the Queen has reigned half a century. I beg to correct this by saying that her majesty has reigned and not ruled. There is the Prince of Wales; what special blessing has he conferred upon the nation that we should rejoice with him.

Col. Saunders, the great Orange leader, here interposed, amid a scene of great excitement in the House, and moved that the honorable member from West Hampshire, Hardie, be no longer heard. (Loud cheers.)

Sir Wm. Harcourt said that he hoped Col. Saunders would not press his motion, and Hardie was allowed to continue. He added: "I know nothing in the career of his royal highness which commends itself especially to me. (Loud interruptions.) We are told that a fierce light beams upon the throne, but, some times, we catch glimpses of his royal highness on the race course. (Loud 'Oh's' and cries of 'question.' We know one thing, and that is as the duke of Cornwall he draws 60,000 pounds a year from property in London." The speaker here arose and said that the honorable member must confine himself to discussing the resolution. Mr. Hardie thereupon resumed, saying:

"The house is asked to rejoice because a child is born, but up to the present time there are no means of knowing his qualifications to reign over this great empire. It is strange that people, who have so much to say about the hereditary element in another place should be so willing now to endorse it in this particular instance. The principle is the same in both instances. This child will be surrounded by sycophants and flatterers and will be taught to believe himself superior to creation. In due course of time he will tour the world with rumors of morganatic marriages in his train." (Vociferous cries of dissent.)

"As the House has not found time to vote condole with the widows, orphans and others who are suffering from the terrible calvary in Wales, I protest again at the present nunnery." The motion was then put, Hardie alone protesting, and it was adopted amid loud and prolonged cheering. The budget discussion was then resumed.

IN CONGRESS

Senate Working on Tariff Bill—The House Liberal.

WASHINGTON, June 29.—The Senate, by unanimous consent, has adopted a joint resolution extending the appropriations of the present year until the appropriation bills are passed.

At 10:30 the tariff bill was taken up, the question being on section 104, abrogating the reciprocity treaties. Hale moved to strike out the section, but yielded to West to modify it on the part of the finance committee, which he did by inserting the proviso that nothing contained in the section should be held to abrogate such reciprocity as commercial arrangements between the United States and foreign countries, except where such arrangements are inconsistent with the provision of the act. Hale then argued in favor of a continuance of the reciprocity arrangement. The discussion was participated in by Allison, Sherman and Vest.

In the House several private bills were passed; also resolutions were reported from the committee on accounts, directing payment to the widow and other next heirs of eight deceased employees of the House, each sum equal to six months' salary of the deceased and \$250 for funeral expenses.

A joint resolution was agreed to authorizing the printing of the report of the Secretary of Agriculture for 1894. The report is heretofore printed in two volumes in accordance with the suggestion of the Secretary of Agriculture. Of the first volume containing the routine official matter 3,000 copies are to be printed; of the second volume, containing the reports of investigations by the department, 500,000 are to be printed.

THE TEACHERS' ASSEMBLY.

County Superintendents Congregate—Interesting Addresses.

MOREHEAD CITY, N. C., June 25.—The assembly hall was filled with people this morning desirous of witnessing the musical contest for the assembly gold medal. The contestants were Misses Sophia Martin, Adenton; Jesse Fowler, Statesville; Blanche Murchison, LaGrange. The judges appointed were Prof. D. C. Wynn, Fayetteville; Misses M. Whitaker, Enfield; Daisy Stephens, Henderson. Medal awarded to Miss Fowler by President Melver, Greensboro.

State Superintendent John C. Scarborough came down yesterday and met several county superintendents who were attending the assembly. An interesting meeting of the superintendents was held this morning and those in attendance expressed great satisfaction concerning the result of the conference.

This evening's program was unusually interesting. "How to teach geography" was very efficiently discussed by Miss Dixie Lee Bryant, State Normal and Industrial school, Greensboro. Following this was an interesting address by Rev. I. H. Clewell, Salem Female academy. Much interest is now apparent. New members continue to come. M. L. S.

A KNIFE FOR CRISPI.

An Anarchist Or a Crank After Italy's Premier.

ROME, June 29.—A man in the garb of a working man was observed to shadow Premier Crispi yesterday afternoon, and last evening he was found loitering outside Crispi's residence. When questioned as to his motive for following the Premier and lingering in the vicinity of his house, he declared it was his purpose to "square accounts with him." The man was searched at the police station and a large knife was found upon him.

Old Dominion Boat Ashore.

NEW YORK, June 29.—The Old Dominion Line Steamer Guyandotte, Captain Waker, which left Newport News on the 27th for New York, is ashore on the south end of Romer Shoal, New York Bay. She will probably float at next high water, about 4 o'clock this afternoon.

GEORGIA CENTRAL.

The Plan For Its Reorganization Now Complete.

NEW YORK, June 29.—The plan for the reorganization of the Georgia Central company is completed. It provides for the issue of \$7,000,000 first mortgage, 5 per cent. gold bonds, \$1,300,000 consolidated 5 per cent. bonds, and \$10,000,000 guaranteed bonds to bear interest at 2½ per cent. for two years and increasing at the rate of ½ per cent. yearly until it shall bear 5 per cent. Besides these mortgage bonds there are to be \$15,000,000 in bonds divided into two series, A and B, and \$15,000,000 of common stock.

The plan provides for leasing of the Southern and the Augusta and Savannah roads on 5 per cent. basis. The bonds of the other roads will be redeemed, partly in new guaranteed bonds and partly in new incomes. The bonds to be taken up in this way are these of the Chattanooga, Rome and Columbus, the Savannah and Western, and the Marion and Northern. Holders' certificates of indebtedness as well as holders of Columbus and Rome, and Savannah and Atlantic bonds will receive par value in new A incomes.

Killed By a Railway Conductor.

CHARLESTON, W. Va., June 29.—T. A. Goodwin, conductor on the James river division of the Chesapeake & Ohio railroad, shot and killed H. C. Parsons at Gladis this morning.

The complaint which Parsons had preferred against Goodwin was that he had carried colored women of bad character on his train without collecting their fares, and that some of these women so conveyed had insulted ladies of his (Parsons') family while on the train.

Wiman in a Cool Place.

NEW YORK, June 29.—The application for certificate of reasonable doubt in the case of Brastus Wiman convicted of forgery was to be made before Justice Barrett in supreme court chambers this morning, but by consent of counsel on both sides the application was postponed until July 9 next. Wiman remains in the toms.

NO NEW ISSUE OF BONDS
END OF THE GOLD EXPORTS ABOUT REACHED.

An Official and Satisfactory Statement From the Administration—Reduction in the Deficit Assured Now.

WASHINGTON, June 29.—The statement is made today from an authoritative source that no issue of bonds will be made by the administration during the summer; that the President and Secretary Carlisle are in thorough accord on the financial policy of the treasury, and that the end of the gold exports to Europe is believed to be about reached.

The administration expects the new tariff bill to go into effect by August 1, 1894, and after that date increase of revenues are looked for.

During July the expenditures will probably exceed the receipts by \$15,000,000, which will reduce the available treasury balance to about \$1,000,000.

The present outlook is that, by deferring everything but absolutely essential payments, the treasury deficit for the current fiscal year, which closes Saturday, June 30, will be brought within \$75,000,000. Less than 10 days ago it was estimated that it would reach \$78,000,000.

THE STRIKE SPREADING
UNITED STATES MAILS MUST NOT BE OBSTRUCTED.

So Says The Attorney General of The United States—Wants Fe Men Ordered Out—Chicago Stock Yards Will Be Brought Into The Contest.

CHICAGO, June 29.—The general managers' association comprised 21 roads centering in Chicago will try conclusion with Debs and his union today. They expect to put between 200 and 300 men at work in the yards of the Illinois Central, Fort Wayne and Western Indiana terminal system. They will be protected in the discharge of their duties, and vacancies on other roads will be filled in two or three days by competent railroad men, says the managers.

Notwithstanding the confident assertions made by the railway managers the roads are encountering serious difficulties attempting to fill the places of the strikers. At 9 o'clock this morning an order was issued by President Debs to 1500 men working at the stock yards to strike at 6 this evening. The order is addressed to the switchmen, engineers and firemen employed by union stock yards train company and the result will be the complete tying up of all railroads centering in Chicago so far as work or business is concerned at the yard.

Washington, June 29.—Attorney General Olney this morning confirmed the Chicago dispatch stating that he had instructed United States marshals not to permit the United States mails conveyed in the usual ordinary way to be obstructed. The district attorney, he said, would proceed under these instructions as he deemed best. Several means were at his disposal which he, no doubt, would utilize if, upon evidence, he found that the strikers were interfering with the transit of the United States mails.

KANSAS CITY, June 29.—All the men on the Topka division of the Santa Fe system have been ordered out. This action is the result of a meeting of all branches of employees from trackwalkers to engineers, and it unanimously decided that they remain out till the last. Twelve hundred men are affected. It is claimed by the men that a majority of employees belong to the union and that the tie-up will be most complete. The switchmen have agreed to surrender their charter and join the American Railway union. This repudiates the statement of Grand Chief Barrett of the Switchmen's union who asserted that the men would not lend aid to the Pullman boycott.

NASHVILLE, Tenn., June 29.—Neither the Louisville and Nashville nor the Nashville, Chattanooga and St. Louis railway have experienced any trouble in connection with the boycott on Pullman cars.

BASEBALL BUREAU.
Paragraphs To Interest Lovers Of The Game Here.

Tomorrow comes the game at Allendale between the nines under Captains Lanier and Stephens. The players are picked from Asheville's good baseball material and will make an interesting fight for the mastery. The Lanier colors will be red and the Stephens colors white. Admission, only 15 cents.

Word comes from Spartanburg that Spartanburg defeated Charlotte yesterday by a score of 22 to 10. The Charlottesville made more runs than they made here in two days.

The Charlotte News says of the Asheville-Charlotte first game: "When the Charlotte team started to Asheville, the News warned the better that she would probably sustain her reputation by a big rain knocking the game out. They play the rottenest game imaginable. In fact Charlotte has a way of playing tolerably fair good poor ball. When they wound up yesterday afternoon the score stood: Asheville 27; Charlotte 5. Charlotte was butted all around. She just wasn't in it, that's all. The games will continue tomorrow. Unless the Queen City club gets a move on itself the boys had better take a few lessons in mumble peg."

A Charlotte man who came in on the excursion yesterday gives the first intimation of how the news of the first game with Charlotte here went. He says a large crowd gathered to hear the returns and when they came there was a demoralizing collapse of buoyant hopes.

Election Of Officers At Last Meeting—What The Order Does.

At the last regular meeting of Blue Ridge Lodge No. 1799, Knights and Ladies of Honor, held Tuesday evening, the following officers were elected: P. P., J. H. Slagle; P., T. H. Lindsey; V. P., W. A. James; Sec., J. W. Summers; Treas., J. H. Fitzpatrick; Chaplain, Mrs. J. W. Summers; Guide, R. A. Peal; Guardian, Mrs. Shelton; Sentinel, E. E. Brown.

The Knights and Ladies of Honor is the first benevolent assessment fraternity that ever admitted women to equal privileges with men. It has had 16 years' experience, has now a membership of 77,000, and has paid in death benefits \$8,180,000. It has been found by experience that women risks in insurance are better than those of the men. The order issues \$500, \$1,000, \$2,000 and \$3,000 insurance certificates. This insurance is for the benefit of the family, and cannot be diverted to pay debts of deceased or for any other purpose than is set forth in the certificate.

Three Killed.

READING, Pa., June 29.—Three persons were killed and many more were seriously injured yesterday on the Pennsylvania railroad today. The accident occurred at a bend just above the city. The down express crashed into the rear end of a coal train going in the same direction. The killed are: John Murray, Fireman, Pottsville; George Bear, Hamberg and Wolf Selig, Philadelphia.
