CONSIDERING THE METER THE ALDERMEN IN WEEKLY SESSION.

Discussion On The Question Of Water Meters For General Use—A New Balance Application Rejected.
The Board of Aldermen held its regular monthly meeting in the council chamber yesterday afternoon with every member present.
The liquor license heretofore held by C. H. Southwick for the Berkeley bar was renewed in the name of L. P. McLeod, assignee, upon presentation of his application by Duff Merrick, esq., H. L. Gudger voting no.

C. E. Moody asked that the special tax on ice dealers be reduced in his case, but the Board took no action.
Redmon & Bro. asked a reduction of the rental of their meat stall in Central market, and the request was referred to the market house committee.
The street committee, in the matter of the wall in front of Mrs. Lee's property, on Flint street, that had been affected by the grading of the street, recommended that the city pay for rebuilding such proportion of the wall as was affected by the grading, which, according to an estimate by City Engineer Lee, would be about \$30. Adopted.

On the tender by C. E. Graham of two streets, Pineland and Gaston, leading south from Southside avenue, the street committee recommended the acceptance of the first named and that the last name be not accepted now. As Asheville already has a Pineland, J. M. Gudger moved to change Pineland to Victoria street, in honor of the town to which the street leads. The report and the new name were adopted.
The finance committee recommended a short extension of time on the notes of N. A. Reynolds, ex-city tax collector. Adopted.

Tax Collector Fagg submitted a list of those property owners on paved streets who had neither paid the principal or interest of their paving assessments. The finance committee sent a report with this list, saying that a majority of the property owners had taken advantage of the extension given by consent of the bondholders, and that in justice to all the matter should be acted upon, recommending that the law be enforced after July 10. The report was adopted.
A petition from residents of Sney street for the grading and sidewalking of the street between East and North Main was referred to the street committee.

The Mayor and City Clerk were instructed to arrange with Blair & Co., New York, for the care of the city's semi-annual interest on the improvement bonds.
A complaint from Maj. S. B. Erwin of damage to property on McDowell street was referred to the street committee.
Col. A. T. Davidson presented a petition for a plank walk on the west side of Charlotte street from Chestnut to Baird. Col. Davidson asked the extension of the newly ordered work on Baird street to Charlotte. The first request was granted and the last went to the street committee.

H. B. Stevens, esq., presented an application for Marshall Orr to open a saloon at 23 South Main street in the building now occupied by G. A. Sorrells. Mr. Orr moved to grant the application, seconded by J. M. Gudger. The vote was aye, Jones and J. M. Gudger, no, Blair, Redwood, H. L. Gudger and Hull, and the license was refused. Mr. Hull voted against it because the saloon was wanted on South Main. If it had been on another street he would have made the vote a tie. Mr. Stevens said, in hearing the result, he supposed it would be that way.
The Board had a lengthy discussion on the water question. It was stated that the filters were covered on account of the amount of water in the city, thus being unable to thoroughly filter the water, which has been muddy for a week or more. W. B. Gwyn was called in to consult with the Board on the meter question, and a decided sentiment favoring the introduction of meters in all houses in the city was referred to the water committee and may be considered by a special meeting.

The following bills were ordered paid: street payroll, \$109.45; water payroll, \$11.75; sanitary payroll, \$97.00; Mrs. I. W. Walker, \$30.50; Bayce & Burton, \$8.70; I. C. Brown, \$13; Kelly & Elliott, \$33.18; Penman Bros., \$19.70; H. G. Hunt, \$1.25; W. C. Templeton, \$42.25; Brown, Northrup & Co., \$21.62; J. B. Sams, \$6; Asheville Foundry and Machine works, \$6; Carolina Coal Co., \$81; Gamewell Fire Alarm Co., \$6.25; G. McDowell, \$8; W. H. Westall, \$60; Asheville Clothing Co., \$321.95.
The Board then entered upon an executive session.

SHOT AT THE FAIR.
Shooting Affair on Hill Street Yesterday.
Nathan Kuykendall, who lives on Hill street and conducts a store in the Buttrick block, was one of the principals in a shooting affair yesterday. According to the report given the police of the affair Kuykendall went yesterday afternoon to the house of Wm. Guest, opposite the Kuykendall residence, where he found Mrs. Kuykendall and James Brown in conversation. Kuykendall drew a revolver and fired several shots at Brown, who at once fled the scene. The husband then fired one shot at Mrs. Kuykendall. None of the shots took effect, although the first report was that Kuykendall was seriously wounded. Kuykendall then went to his store and locked up and left before he could be arrested.

Opened Only a Bridge.
LONDON, June 30.—The great tower bridge was formally opened today by the Prince of Wales in the name of the Queen. The weather was blazing hot and the scene was a magnificent one. Ten thousand people lined the route of the royal procession and the streets were gaily decked with flags and bunting. The ceremony took place at noon.
YESTERDAY'S BASEBALL GAMES.
National League—Brooklyn 7, Pittsburgh 5; New York 14, Chicago 8; Boston 13, St. Louis 4; Louisville 13, Philadelphia 5; Baltimore 9, Cleveland 6; Cincinnati 6, Washington 4.

IT'S A BIG TIE-UP.
But The Locomotive Engineers Will Not Aid It.

BLOOMINGTON, Ill., June 29.—A conference of Superintendent Gray of the Chicago and Alton with the representatives of the men last night came to naught. The members of the American Railway Union last night decided not to go into a strike. They received a message last night from Arthur saying, "Stick to your engines" and they will stick. All passenger trains of the Alton will run today and with Pullmans unless the unexpected shall occur. There will be no freight trains. When freight traffic will be resumed no one can predict.

MINNEAPOLIS, Minn., June 30.—A meeting of the American Railway Union men in this city this morning decided to call out the men at the Minneapolis transfer and on the Minneapolis railway transfer. If these men go out it will result in shutting down all the flour mills in this city.
KANSAS CITY, Mo., June 30.—Twelve hundred Santa Fe men are out in Argentine. Superintendent Roarkback has issued a notice to strikers that they do not return to work by noon Monday they may consider themselves discharged.
SALIDA, Col., June 30.—The American Railway Union has decided not to handle Pullman cars. A complete blockade of the Ro Grande may result.

MEMPHIS, Tenn., June 30.—The Southern Pacific wires the general managers' association, "Not a wheel is turning on our system."
DUBUQUE, Iowa, June 30.—The Chicago Great Western railway is tied up at this point.
ST. LOUIS, Mo., June 30.—The American Railway Union director, Geo. H. Kern, has been arrested on complaint of General Manager Ramsey, of the terminal association upon a charge of disturbing the peace. This is thought to preface a grave charge.

MEMPHIS, Tenn., June 30.—The railroads running north out of Memphis have practically suspended freight traffic on account of the strike at Cairo and at other points above here. No attempt has been made to enforce the boycott against Pullman cars entering Memphis and none is expected by the railroad officials. Both the Mobile and the Ohio and Illinois Central have given notice that perishable freight will not be received. This means to fruit and vegetable growers a loss of thousands of dollars.
POMEROY, O., June 30.—All freight crews on the river division of the Columbus, Hocking Valley and Toledo railway struck this morning in obedience to orders from headquarters. The mail trains are still running.

CINCINNATI, O., June 30.—All shopmen employed by the Cincinnati, New Orleans and Texas Pacific railroad at Ludlow, to the number of 600, went out on a strike this morning in sympathy with the Pullman boycott. At a secret meeting of the members of the A. R. U. held in Ludlow last night, it was decided to call out the trainmen at 11 o'clock this morning. This included the engineers, firemen, brakemen and conductors. This order will, if obeyed, paralyze traffic.

FAVORABLE PROSPECTS.
The Present Reality, However, Not Very Bright.
NEW YORK, June 30.—Ira's street says: While there is no actual improvement in business throughout the country there are favorable prospects and better feeling among merchants, with an increase in the number of instances where trade has been stimulated.
The end of the great bituminous coal strike is promptly followed by a sympathetic strike of railroad employes which threatens disastrous effects on business by reason of interference with the distribution of travel. Other unfavorable features include a conference of Rhode Island mill owners as to the advisability of shutting down, owing to the accumulation of stocks; heavy arrivals of wool at Eastern markets, where stocks are already large; delay in settling the coal strike, which prevents many industrial establishments from starting up; and extremely restricted volume of business among wholesale dealers, and a sharp restriction in the volume of general trade at Chicago, where the railroad strike centres.

Dun says: The resumption of work in mines and mills has made good progress, but the demand for the product is not so small and less urgent than was expected. Buyers apparently wait for lower prices of iron and steel products, which manufacturers are slow to give, in view of the increased cost of materials and production.
THE SHOCKING RALEIGH.
That Curious Accident at the Norfolk Navy Yard.
WASHINGTON, June 30.—The curious electrical phenomenon at the Norfolk navy yard last week when two men were killed and a number of others stunned, continues to excite great interest among naval officials, and it is likely that a modification of the regulations relative to docking the ships will be made as a result of the pending investigations.

It is now conceded that a question of considerable gravity has arisen and that precautions should hereafter be taken to ensure thorough "grounding" of the metal on ships when under repairs on land. From reports from officers of the Raleigh there is no doubt that the vessel, which rested on dry wood blocks above shallow water in the dock, was insulated, and that her 3000 tons of steel constituted the most enormous electrical conductor ever known. The men working on her bottom formed a connection with the earth, and the electricity stored in the vessel was readily conducted through their bodies when they stood on the wet dock floor and touched the bottom of the Raleigh. The commander of the vessel says three distinct shocks were felt. The ship's surgeon made ineffectual efforts to resuscitate the injured men, but they had been instantly killed and another lingered only a few hours.

CONDENSED TELEGRAMS.
The New York Prohibition Convention nominated a ticket headed by Francis E. Halliwell, of Elmira, and declared for woman suffrage and against sectarian appropriations.
Judge Colt, of the United States Court at Boston, decides that Japanese, equally with the Chinese, are debarred from naturalization by our statutes.
The President will probably go to Bazzard's Bay for the Fourth.

SENATE BILL FINISHED AND THE HOUSE WILL NEVER AGREE TO IT.

The Representatives Will Stand Out For The Wilson Bill As They Let It—No Surrender To The Senate Amendments, in The Motto Now.
WASHINGTON, June 30.—Many amendments to the tariff bill were suggested by various Senators yesterday afternoon, but they went over to be considered in the Senate. The bill was then reported for the committee of the whole of the Senate and it was ordered that the bill and amendments be printed.
While there has been no formal meeting of the committee on ways and means and no resolution has been passed defining the programme of procedure to be followed when the tariff bill is returned to the House, yet the committee is agreed on two principal points. These are: First, that the bill shall be sent to conference without any preliminary effort to secure an agreement in whole or in part in the House. Second, the determination of the committee is to make the ultimate tariff act as near like the original Wilson bill as it left the House, as time, persistence and endurance will allow. There is no disposition to surrender in any degree to the Senate amendments.

BASEBALL NEXT WEEK
Knoxville Coming Here To Play Four Games.
There will be enough of baseball here next week to satisfy the cranks. Knoxville, smarting under the memory of three straight, is coming back reinforced and it is possible she hopes to win back some of her laurels. The visitors will be here three days—Tuesday, Wednesday and Thursday—and Wednesday, the Fourth, there will be a morning and afternoon game.
Charlotte News: Come home, come home! You can't play with Asheville, and your city is in tears for your slaughter. The game with Asheville yesterday resulted in a defeat, 11 to 3 in favor of Asheville. The Charlotte team was simply not in it. They are in Spartanburg today and it is hoped that they will come out better than they did in Asheville. If they do not, the cranks here will change Captain McGinnis' name to "McGinty."

Salisbury Herald: Charlotte got another licking in the ball game at Asheville yesterday. The score was 11 to 3. These Asheville boys are phenomenal players and seem to be invincible.
The news received here today about the Charlotte-Spartanburg game yesterday is to the effect that another kick was made against Empire Thompson's decisions. In the fourth inning the score stood 4 to 3 in favor of Spartanburg when the Charlottes raised an objection to what they considered rankly unfair decisions and finally withdrew from the field. While Charlotte was here it was understood they decided not to play a game under Mr. Thompson's umpiring. Jack Green came back from Spartanburg last night.

IN THE CHURCHES.
Special Services At Home Of Them Tomorrow.
Rev. J. L. White, pastor of the First Baptist church, will preach tomorrow morning on "The Lord's Supper." Evening, 8:30, "Immortality—Eternal Life and Eternal Death in Contrast." The public cordially invited.

At the Christian church at 11 a. m. tomorrow, Pastor McReynolds will preach on "Sanctification of the Lord's Day" at 8:15 p. m., "The Scriptures Alone the Only Authorized Rule of Faith and Practice."
Rev. Henry A. Westall, pastor of the Unitarian church, will conduct religious and patriotic services tomorrow at Hilliard hall, 35 South Main street, at 11 a. m. Subject: "Wanted—A New Declaration of Independence."
Rev. C. W. Byrd, D. D., presiding elder of the Asheville district, will preach at Central M. E. church, South, tomorrow at 11 a. m. and 8:15 p. m. The public cordially invited.
Rev. Dr. H. F. Chreitberg will preach at Mt. Pleasant church, Weaverville circuit, tomorrow at 11 a. m.
Services at Riverside M. E. church, South, tomorrow morning and evening by the pastor, Rev. J. W. Roberts. Rev. Dr. Byrd, presiding elder, will give a missionary address at 4:30 p. m.

Only the House in Session.
WASHINGTON, June 30.—The House of Representatives was the only legislative body in session at the capitol this morning, the Senate having adjourned till Monday.
Smoothing Perier's Way.
PARIS, June 30.—It is officially announced that, contrary to expectations, there will be no change in the Dupuy cabinet.

NORTH CAROLINA NEWS
—Thursday afternoon the News and Observer Publishing company confessed judgment for \$4,200 to A. F. Morris & Son of Durham. The papers filed in the case state that at a meeting of the stockholders May 28, last, in view of the insolvency of the company, it was resolved that Capt. Ashe, its president, apply for the appointment of a receiver. The motion for such appointment was argued before Judge Whitaker at chambers and he appointed William C. Holman receiver. Publication will continue.
—A correspondent writes the Raleigh News that there is no truth in the statement that eight men are to be hanged in Montgomery county next month. There is not one on the list of that distinction. There hasn't been a hanging in Montgomery in 25 years.
—There are 36 postoffices of the post-dential class in North Carolina. The salaries of some are changed. Increased, Charlotte \$2,600 to \$2,700; Concord, \$1,500 to \$1,600; Shelby, \$1,000 to \$1,100; Statesville, \$1,700 to \$1,800.
—Little Willie, the three-year-old son of Mr. John F. Love, secretary and treasurer of the Gastonia Cotton Manufacturing company, fell into a tub of boiling hot soap and died from the burn, at 5:30.

Soaps! Soaps!

If you want to try the nicest toilet soap on the market, go to Raysor & Smith's and ask for Colgate & Co.'s new brand.
