TROOPS WITH THE TRAINS

THE CHICAGO SITUATION IM-PROVED

Several Roads Have Trains Moving. Debs to be Arrested. The Keeling at Washington—A Fight in California—One Mob Put to Flight.

CHICAGO, July 5.—Regular troops made their first charge on strikers at the stock yards this morning. Swift & Co. were starting a meat train for New York, but a crowd of 3,000 strikers prevented its departure. Troops were sent for and the detachment under Major Eartz was soon on the ground. Through the crowd the soldiers moved without resistance and the strikers and their sympathizers fled without reforming.

UNION STOCK YARDS, Chicago, July 5.—11:45.—The Michigan Central started its train of live stock under escort of United States troops. When the strikers saw the train moving they rushed up the tracks ahead of the troops toward Halstead street and overturned three box cars on the main line, completely blocking the track. Officials of the stock yard are now at work clearing the obstructions from the track.

Orders have been given by the commanding officer of the regulars to fire upon any person caught attempting to interfere with the cars.

Later—Shortly after 12 o'clock the officials of the stock yards succeeded in clearing the overturned box cars from the tracks and the Michigan Central train, filled with live stock again started for the main line. Cavalry troops K and B led the way along the tracks clearing the mob, while the infantry men were strung out in a line alongside the entire length of track. The train passed down Fortieth street amid the whoops and curses from the mob of men and women who gathered on the street corners.

When the train reaches the main line, the troops will return to the yards and an attempt will be made to take out Nelson, Morris & Co.'s train of dressed beef.

No Alarm! O. No!
CHICAGO, July 5.—President Debs, of the American Railway Union, is quoted as saying: "The first shot fired by the regular soldiers at the mob here will be the signal for a civil war. I believe this as firmly as I believe in the ultimate success of our cause. Bloodshed will follow, and ninety per cent. of the people of the United States will be against the other ten per cent. I would not care to be engaged against the laboring people in the contest, or myself out of the ranks of labor when the struggle is ended. I do not say this as an alarmist, but calmly and thoughtfully."

More Troops to Chicago.
WASHINGTON, July 5.—Without abating their vigilance at the smallest degree the war department officials today are much more hopeful and confident than they have been that the difficulty at Chicago will be settled speedily without bloodshed or serious conflict. They are inclined to believe that the cross has been passed and that there will no longer be any really formidable resistance.

Acting on the decision to keep a reserve of the strike force of 10,000 men at the back of the strike force of 10,000 men last night authorized by the President, through General Schofield to bring eight additional companies of infantry to Chicago. The statement is made at the war department that these troops are to be sent to Fort Sheridan near Chicago to take the place of the companies of the Fifteenth Infantry on duty at the rail road and stock yards. It is not considered good policy, the war department authorities say, to leave Fort Sheridan unguarded, but it is plain that the eight companies will be used as a reserve force and probably assigned to duty at the strike center in and about the city.

The Attorney General telegraphed to United States District Attorney Mitchell at Chicago to have the grand jury convene as soon as possible in order that indictments may be found against President Debs and other officials of the American Railway Union in conformity with the omnibus injunction issued by the United States District court at Chicago.

Had It All Their Own Way.
SAN FRANCISCO, Cal., July 5.—The striking railroad men have placed Oakland under siege. Not a wheel is moving. The strikers accomplished this within an hour and a half, and not a hand was raised against them by the authorities. Several companies of the national guard are under arms, ready to march at a moment's notice.

THE JUNIORS' THANKS

Resolutions Adopted at a Recent Meeting

At the recent meeting of Asheville Council No. 6, Jr. O. U. A. M., the following resolutions were adopted: "Resolved, That we, the members of Asheville Council No. 6, Jr. O. U. A. M., tender our heartfelt thanks to the citizens of Asheville for their kindness toward us in lending their assistance in the reception and entertainment of our guests, the members of the National Council, Jr. O. U. A. M., during their stay in our midst, feeling as we do, that without the cordial help of our warm-hearted citizens a successful termination of the meeting could not have been accomplished; and that the representatives appreciate their treatment has been fully demonstrated in different ways, thus leaving us under an obligation to all who may have in any way contributed to the success of the meeting."

"Resolved, That we extend to Bro. Thomas B. Ivey, Deputy National Council for the Southern States, our thanks for his visit to Asheville, and for his assistance in securing the meeting of the Council in this city, and his untiring efforts in aiding to make the stay of the representatives so pleasant and profitable one."

"Resolved, That we especially thank the citizens for the many favors rendered us, and for the kindness it has always shown us."

"Resolved, That a copy of these resolutions be sent to Brother Ivey and the Council, with the seal of the Council attached, and that they be published in THE CITIZEN and the regular organs of the Order."

A GREAT LECTURE.
REV. JOS. ATKINS, of the Great Cromwell.
Asheville does not patronize baseball as it should, but when it comes to lectures it is much more diligent in a much more important matter.

The lecture of Dr. James Atkins, of Cromwell, at Central M. E. church, South, last evening, had originality of thought and beauty of expression sufficient to have drawn a five thousand audience in Boston, and yet there were many less than as many hundreds heard it.

The services were opened with prayer, and Mrs. Gilbert Bennett sang a solo, "Jesus, Lover of My Soul," in excellent taste.

It would be impossible to do the lecture justice by comment. It covered the whole career of the great man whose life was that of the saint, the seer, the scholar and the statesman, from Hampton to Whitehall. It recites the great foregoing causes that at last brought the English people in conflict with their King. It showed how Cromwell had organized an army invincible in courage, though comparatively inferior in number, and used it in bringing the King and parliament to terms. How he assailed parliaments and dismissed them, how he ruled with them or independent of them. How war was carried into other countries, principally in the case of Ireland, and England was more respected and feared than ever before.

It was a great theme and a great lecture, and should be printed for the information of the public.

STRUCK BY THE TRAIN.
Wm. L. Gash, who lives near Gidger's ford on the Swannanoa river, was struck by the west bound train Tuesday while attempting to cross the railroad track. He had started to Cooper's station with his wagon and team and had nearly crossed the track when the engine struck the wagon. The tract beyond this point is obscured by a hill and the train was not seen until within a few feet of him. His head was badly cut, two ribs broken and he was otherwise seriously injured.

Mr. Gash was brought to Asheville on the train Tuesday and taken to the Glen Rock hotel, where his injuries were treated by Dr. W. D. Hinnard, after which he was sent back to his home by special engine.

SIXTY THOUSAND DOLLARS

THE FRENCH BROAD VALLEY WANTS A RAILWAY

Transylvania Votes By a Small Majority To Issue The Bonds When The Road Is Built And Running If This Occurs By 1897.

The county commissioners of Transylvania county met Monday and canvassed the vote on the proposition to issue bonds to the extent of \$60,000 to build a railroad from Brevard to some point on the line of the Asheville and Spartanburg road, probably either Asheville or Hendersonville.

The total number of voters in the county was 1,163; necessary to carry, 582; votes for bonds, 628; majority, 56. Brevard voted solid for bonds, while at Highback only one vote was cast in favor of the proposition.

The Hendersonville Times says: "The proposition submitted to the citizens of Transylvania county to vote sixty thousand dollars to build the road from the dividing line between that county and Henderson to the town of Brevard, received a majority of 113 of the qualified voters, and the building of the road is now assured."

"The people of both counties have reason to congratulate themselves upon this result, for while it will be the means of making Transylvania county one of the most favored in the State, it will at the same time be of inestimable benefit to Henderson."

"The time has come when we must let the outside world know of the advantages our section of country offers, and to that end the work of construction on this road should be commenced at the earliest possible moment."

Mr. C. C. McNeely, of New York city, representing the Georgia, Central, Railroad company, has been in the vicinity of Hendersonville and Brevard during the past few days, looking after the interests of his company concerning the construction of the new road. Mr. McNeely comes to us with full power and means with which to build the road, and says that he will make his headquarters in Hendersonville, and do good honest work. His company propose to do the grading, lay the ties and rails, and put cars in motion, and until said contracts are carried out, subsequently they ask no money, and as a further guarantee of good faith they will deposit in the State Bank of Commerce \$10,000 or more. Mr. McNeely is an old railroad man, having commenced at the bottom of the ladder and has climbed to the top in official positions by his own energy and ability. In time we shall probably know more about Mr. McNeely."

VIGILANT BEATEN.
31 PATTON AVE.
Bad Management At The International Yacht Race.
CHICAGO, July 5.—When the start was made in the principal race of the regatta of the Mud Hook Yacht club in Clyde this morning, the Britannia was the first to cross the starting line, the Vigilant following a minute later. While the Valkyrie and Satauta were endeavoring to get into position the Satauta's bow struck the Valkyrie and nearly cut her in two. The Valkyrie sank in 25 minutes of water in five minutes. The Satauta was then the only boat left in the race, and by a number of yachts in the starting points, leaving her cramped for room. Vigilant and Britannia preceded in the race and the Britannia won.

Judge Shuford's Candidacy.
FOR THE CIRCUIT: I desire to endorse the letter of W. W. Jones, esp. in your Saturday paper, regarding the nomination of Geo. A. Shuford for Judge of this judicial district.

It will be every just thing to re-nominate Mr. Shuford under the circumstances and I sincerely hope it will not be done.

Mr. G. S. Ferguson is my neighbor and friend and I'd gladly see him promoted later on, but not now in distinction to so worthy a man and efficient a judge as Geo. A. Shuford.

Mr. Carter is also worthy, but he is young and can wait. Yours truly,
H. U. Stringfellow,
