Strike News Not Exciting Today—Sacramento Strikers Not So Very Bloodthirsty After All—Sovereign's Order Ignored

CHICAGO, Ill., July 11.—The general strike which was to have been inaugurated last night to force the arbitration of the Pullman strike failed to materialize today. Throughout the city this morning there was little evidence of the business paralysis which has been so confidently predicted by the labor leaders. Every street car line in the city was running, the elevated roads carried the usual number of trains and the early morning crowds of workmen on the way to their shops and business seemed undiminished. The seamen, cigarmakers and carpenters were the only unions which signified their intention of stopping work today. Reports from these trades were awaited, but their action one way or another was regarded as only a drop in the bucket.

According to the labor leaders, more than 100,000 men in this city will be out on a strike by Saturday. That was settled at a meeting held by a dozen or more local unions late last night. The trades and great council at a late hour last night passed the following resolution:

"Resolved that it is the sense of this council to strike and that the organizations already out remain out and that the remainder are to be out not later than Saturday morning; that the council give its fullest support to all organizations affiliated. We request all members to keep away from railroad property and if martial law be declared to remain in their homes."

The building and trades council is the most powerful single labor body in Chicago.

UNION STOCK YARDS, July 11.—The trains are moving in and out of the stock yards this morning without interference.

Debs & Co. Arrested.

Eugene V. Debs and other officers of the American Railway Union were all indicted by the grand jury for conspiring to interfere with the United States mail, and placed under arrest yesterday.

The Senate a Unit.

WASHINGTON, July 11.—In the Senate today the following was adopted without division:

"Resolved, That the Senate endorses the prompt and vigorous measures adopted by the President of the United States and members of his administration to repulse and repress by military force the interference of lawless men with the due process of the laws of the United States, and with the commerce among states. The action of the President and his administration has the full sympathy and support of the law-abiding masses of the people of the United States, and he will be supported by all departments of the Government and by the power and resources of the entire nation."

They Won't Strike.

PITTSBURGH, July 11.—The representatives in this district of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen, the Brotherhood of Railway Trainmen, the Switchmen's Mutual Aid Association and the Order of Railway Telegraphers held a meeting last night and decided not to participate in the strike now being waged by the American Railway Union.

Going Back to Work.

HENDERSON, Ky., July 11.—The switchmen and yard hands on the Louisville and Nashville, who struck last Thursday, have already resumed work. Passenger trains hauling Pullman sleepers have continued running about on time. It had been nearly a week since a freight train passed this point on the Louisville and Nashville.

Did Not Go Out.

WASHINGTON, D. C., July 11.—Dispatches from Baltimore, New York, Minneapolis, St. Paul, Topeka, Duluth, Boston, Buffalo, Milwaukee, St. Joseph, St. Louis, Omaha, Detroit, Cleveland and other cities, say that there has been no strike of the Knights of Labor organizations in compliance with Sovereign's request.

Tied Up.

MINNEAPOLIS, Minn., July 11.—Switchmen on the Soo road failed to show up this morning and a general tie up of the road is threatened.

To Investigate.

WASHINGTON, July 11.—The House committee on interstate and foreign commerce has decided to recommend the appointment of a committee to investigate the present labor trouble.

Chicago to Quiet.

WASHINGTON, D. C., July 11.—General Miles reported to the President this morning that everything in Chicago was quiet. There were few idle people about the railroad yards and streets of Chicago this morning.

Negro Workmen Fired At.

SCOTTDALE, Penn., July 11.—This morning a body of imported negro coke working men were fired into by strikers at Summit. It is reported that eight men were shot.

No War in California.

SACRAMENTO, Cal., July 11.—The regular troops this morning took possession of the depot, and no violence was offered.

Strike Over At Cleveland

CLEVELAND, O., July 11.—The employees of the Erie railway here have decided to go back to work.

Only Mail Trains Running.

MASSILON, O., July 11.—The freight and passenger service has been abandoned except the mail trains which are still running.

ENTICING SERVANT.

Probably The First Case Of The Kind In The State.

How many people in Asheville were aware that the following law is in the North Carolina code? Sec. 3119: "If any person shall entice, persuade and procure any servant by indenture, or any servant who shall have contracted in writing or orally to serve his employer to unlawfully leave the service of his master or employer; or if any person shall knowingly and unlawfully harbor and detain in his own service and from the service of his master or employer, any servant who shall unlawfully leave the service of such master or employer, then, in either case, such person and servant, if sued, singly or jointly, by the master, and, on recovery, he shall have judgment for the actual double value of the damages."

"Sec. 3120. In addition to the remedy given in the preceding section against the person and servant violating the preceding section, such a person and servant shall also pay a penalty of one hundred dollars to any person suing for the same, singly or jointly, one half to his use and the other to the use of the poor of the county where suit is brought, and the offender shall be guilty of a misdemeanor and fined not exceeding one hundred dollars or imprisoned not exceeding six months."

On the 10th of this law a suit was brought a few days ago in Justice Frank Carter's court. The ground of the suit was that one party had hired a maid servant before the expiration of service with the prosecutor. Suit was brought against the employer and employee. The defendant who had employed the woman claimed that she had asked the woman to get her a girl, and received for reply an offer from the servant to undertake the job, as she had already given notice to her employer of her intention to leave. The plaintiff insisted on the witness stand, and the Justice dismissed the case for lack of evidence of criminal intent. All parties in the suit were prominent people, the maid servant being temporarily made so by the suit in question.

FROM FAIRVIEW.

Money Order—New House—Personal—Address—Political.

FAIRVIEW, N. C., July 10.—Fairview postoffice has recently been established as a domestic money order office.

J. F. Bland is erecting a nice dwelling. The new dwelling of J. L. Ashworth will soon be ready for occupancy. J. F. Toms, who has been quite sick, is fast convalescing.

Among our recent visitors was Mrs. Payne, mother of Mrs. Jason Ashworth. Mrs. John A. McDonald is visiting her daughter, Mrs. J. Will Jones. Mrs. R. L. Moore of Columbia, S. C., is visiting her mother, Mrs. G. E. Fullbright. After a two months' visit to Kutherford county, Miss Bettie Lay's friends welcome her return.

Miss Price of Asheville delivered a very interesting address on the subject of Foreign Missions under the management of the Ladies Missionary Society of this place.

Interest in the political arena is increasing, the general verdict being a prediction of success for the Democratic party. Only one demand is made by our citizens who are Democrats and that is that only men of good moral and sober characters be put forward for the various offices.

JUDGE GUDGER'S WORK

He Is Turning The Rascals Out On To The Roads

MARSHALL, N. C., July 11.—(Special.) The inferior court has been in session this week, H. A. Gudger judge presiding and P. A. McIlroy, solicitor. These gentlemen are giving entire satisfaction to our people. Quite a number of cases have been disposed of and several convictions had; among others two notorious outlaws from the Hot Springs and Point Rock vicinity. Among them is John Bryant, colored, who is said to be a member of the Knights of the Ku Klux Klan. He was tried for attempting to burn the guard house and convicted and sentenced to work on the public roads for two years. The other, Frank Lumb, a white man, was convicted for an assault on a deputy of the name of Landers and sentenced to work on the roads 12 months.

Our commissioners have adopted the system of working prisoners on public roads. Judge Gudger has shown himself to be a gentleman of ability and firmness on the bench, and his method of dealing with evil doers will have much to do with suppressing crime.

AT TRINITY.

Work Of The Episcopal Convocation Proceeding Smoothly.

The services at Trinity church this morning at 10 o'clock were conducted by Rev. Mr. Deal, dean of the convocation, and Rev. McNeely Dubose, rector, immediately after the services there was an informal meeting of the congregation to meet Bishop Cheshire.

The convocation held an informal session in the forenoon and discussed matters of general interest. The work among the colored people received special notice.

At 3 o'clock this afternoon the convocation met for formal discussion. The question of the erection of the western part of North Carolina as a missionary jurisdiction will receive attention this afternoon and tonight.

The last meeting occurs at 8:30 tonight, and the opinion of the clergy and laymen in regard to the division and what claims it has on the general church for special appropriation, will be given.

CONDENSED TELEGRAMS.

A fierce fire raged for five hours among the harbor docks at Hamburg today. An immense stock of coffee and tobacco was destroyed; loss, \$375,000.

Phillip Crosby Tucker, grand commander of the Scottish Rite Masons, of the Southern Jurisdiction, died at Washington.

The President today sent the nomination of C. M. Farlow, jr., postmaster, Madison, Ga., to the Senate.

Nothing was accomplished at the first day's meeting of the tariff bill conference.

Speaker Crisp has been called home by sickness in his family.

The Senate passed the naval appropriation bill.

OUR EYES ARE DIMMED,

OUR VOICE IS LOW, O, WHY DID

They To S. C. Go?—They Muffed And Mumbled, They Failed To Hit, They Could Not Play a Little Bit.

Asheville must have been in the throes of night-mare yesterday evening at Spartanburg. "Rattled" does not begin to express it, as the news reaches Asheville.

The third inning started it on a miff by Stephens and a bad decision at third base.

In the first inning Spartanburg was shut out and Asheville had the game in her own hands with three runs to begin with. Spartanburg took one in the second and crowded Asheville out. And the third inning—well, it was awful!

Stephens—Stephens, mind you!—muffed a pop fly that fell into his hands. The sun was in his face and that will have to serve as an excuse. But the boys went to pieces when the umpire declared a clear out at third as safe, and then declared the same man out at home plate and then changed his decision. Spartanburg piled up seven runs and then gave Asheville a pill.

It was nothing in the fourth and fifth, and one for Asheville in the sixth. The seventh inning tallied three for the Spartans and one for Asheville. In the eighth it was one for Spartanburg against an egg for the Asheville boys, and the Spartan boys rubbed it in again by making two to Asheville's none. But here's the score, and there isn't even an atom of consolation in it.

Very Foul Tips

Bennett put the ball over right field fence.

John A. Nichols was reported as feeling very badly last night.

Metz's playing was a bright spot in the surrounding darkness.

It was painful to see how Lanier's great playing came to naught for lack of support.

The Spartanburg grounds are small and very heavy with sand. The left field faces the sun.

Lanier in the seventh batted the ball to the corner of the left fence. It just missed an "over."

Jim Young muffed a beautiful ball in centre field, but redeemed himself by picking the ball up and putting it to second in time to kill a forced run from first.

Struck a Pole

Another runaway on Patton avenue stirred up some excitement yesterday afternoon. C. E. Graham's team was standing near Hotel Berkeley when a bicycle passed, frightening one of the horses. The driver drew the reins so suddenly that they snapped and the tongue broke. This started the horses to kicking, and they then started down the street at a dashing gait. Reaching the postoffice one of them struck an electric light pole, which laid him out for some time. Wiley Brown finally persuaded him to get up, and the horse, badly injured, was led to the stable. This started a report that Brown's team had run away.

NORTH CAROLINA NEWS.

—Jonah White writes the Raleigh News and Observer from Chimney Rock: It is now an assured fact that an electric railway will be built from Rutherfordton to Chimney Rock, at a distance of seventeen miles. The track will be laid with heavy rails and will run through their valley of the French Broad river, with lofty mountains on each hand and the most picturesque scenery east of the Rockies.

—John Randolph, night watchman at the Elizabeth City shingle mills, had been missing several days. His body was found floating in the river, the head crushed, the throat cut, the jawbone broken. The coroner's jury has returned a verdict of murder, but many people think Randolph committed suicide.

—Applications for pensions are now being received quite rapidly by the State Auditor. It is the belief of the officials that there will be an increase in the number of pensioners this year.

—At Kowland last Saturday John B. McCormac shot and killed Thomas Smith. Both are white men. It is said McCormac was drunk. Smith is the second man he has killed.

—The date of the State fair is made one week later—that is, from October 23 to 26, inclusive—in order that exhibits may be brought here from the Virginia State Fair.

—Bob Madkins, the young negro who assaulted Mrs. Phillips of Burlington last month has been taken from Raleigh to Graham for trial at a special term of court.

—Governor Carr offers \$100 reward for Edward S. Hart, wanted in Craven county for arson.

—Mr. Jarvis, who has been seriously ill, is now very much improved.

—Mrs. Z. B. Vance is in North Carolina.

Limes! Limeades!!
