BREAD MAKERS!

LOOK HERE.

At this season of the year there is always more or less trouble with flour, owing to the fact that millers are beginning to use new wheat. There will be no new wheat used in making "Millbury's Best" for months.

Always the Cheapest.

THAT'S ABOUT THE SIZE OF IT!

We don't worry much about "hard times," because we adopt our trade conditions as they exist.

Always the Cheapest.

Means that you get the very most for your dollar, not that the "groceries" are cheap, the value is in the quality and in price at one and the same time. That rule is the standard by which we govern our business. Lowest in price and best in quality.

THEY ARE AGAINST FUSION

SO THE POPULIST COMMITTEE RESOLVED.

A Meeting Held Here Monday in Which the Executive Committee Declares Against Coalition in the Ninth District.

A meeting of the executive committee of the People's party was held in the court house Saturday, at which the following resolutions were adopted: "Resolved, That we are in favor of temperance reform to the extent of total prohibition as rapidly as the people will adopt it, and also we are in favor of the abolition of all licenses, revenue or special taxes from the manufacture and sale of intoxicating drinks, so as to destroy the money power that is now attached to it.

Resolved, That we are in favor of the Australian ballot law with provisions preventing the disfranchisement of those who cannot read or write.

Resolved, That we are in favor of reform in county government so as to make all offices elective.

Resolved, That we are opposed to coalition with the Republican party in the Ninth district, as is advocated by some, and we hereby instruct our delegates to the State, Congressional and Judicial conventions to oppose it by every honorable means.

Wm. L. Henry, chairman, and Samuel Archer, secretary, were appointed delegates to the State convention with Geo. E. Boggs alternate, Jones Morgan and Samuel Archer were made delegates to the Congressional convention; to the Judicial convention, J. Jarvis and D. M. Gudger.

A resolution that the proceedings be furnished THE CITIZEN and other papers subject to the call of the chairman.

Messrs. Archer and Boggs left this afternoon for Raleigh, to attend the State convention which will meet Wednesday. They are determined to fight fusion "to the last ditch."

THEY CAN'T AGREE.

Tariff Conference on Far Apart as Ever.

WASHINGTON, July 30.—The Democratic conference of the Senate and House were in session this morning trying to adjust existing differences, and they met the Republican conferees of both houses at 1 o'clock.

Chairman of the conferees committee Hoffman said this morning that much would depend upon the result of today's meeting of the conferees on the tariff bill. If the representatives of the two houses succeed in settling their differences to any extent at today's meeting, the caucus will be at least postponed in order not to hamper the House conferees. If, on the other hand, at the close of today's session the committees are still far apart, then in Hoffman's judgment, a caucus will be held, but probably not tomorrow.

The Democratic conferees on the tariff bill discussed the situation this morning for more than an hour, but when they adjourned, pending the arrival of their Republican colleagues at 1 o'clock they were as far apart as ever on the main items over which the deadlock between the two houses resulted. The whole situation was considered in a very frank manner and there appeared to be no resentment over the debate in the Senate last week. Neither side was willing to give in on the three items of coal, iron ore and sugar, and absolutely nothing looking to the coming together of the two houses was accomplished.

The full conferees committee on the tariff met shortly after 1 o'clock and on the suggestion of Mr. Wilson it was decided to adjourn to meet at the call of the chairman, the statement being made that the Democrats were unable to agree among themselves as yet and that further conference of the full committee would avail nothing.

Springer, after consultation with McCree and other Democrats, decided to postpone the caucus to Thursday afternoon.

FIVE CAPITAL CASES.

Alleged House Breaker Arrested—Court in Session.

MARSHALL, N. C., July 30.—[Special]—On Wednesday night last some persons broke into the dwelling house of Pearce Cody, on Doe branch, in this county. On Friday Geo. Cody, Wm. Cody and John Landers were tried before Barnett Forner, Justice of the Peace, for being implicated in the matter, and were held to court without bail on a charge of burglary. They have retained Gudger & Pritchard and J. M. Gudger, jr., to defend them in court which meets here this week.

There are five capital cases on the docket for trial at this term.

A NEW ENGLAND CYCLONE.

Buildings Wrecked and Telegraphic Wires Blown Down

MANCHESTER, N. H., July 30.—From five o'clock yesterday afternoon until this morning this city was entirely cut off from the outside world by telegraph and telephone, the result of the most disastrous storm that has visited this section in years. At Lake Massabesic, four miles from the city, a cyclone wrecked buildings, blew down large trees, and destroyed much other valuable property. As far as learned no lives were lost, although several persons were severely injured.

NO TROUBLE AT ALL

Knoxville Defeated in The Third Game Here.

Saturday's game between the Asheville and Knoxville only emphasized the fact that the boys from the ancient city where the time is an hour behind that of Asheville are themselves farther than that behind the locals in ball playing ability. They mean to play and some of them play as grittily as one could; but they are overmatched in a contest with the home team. When the last game was played the visiting nine was crippled by the departure of Crawley and the indisposition of Moore. In order that the team might be able to play, the home club, as a courtesy and in order to see the series concluded, let Williams play with the visitors, and he covered first through the game. There was not much animation in the struggle, and the attendance was small. The Asheville took advantage of the occasion to look after their percentage in the race for the prize. Green whipped up the band wagon in the first and McClung took a brace of bases, and the pair scored on a hit by Young down the line that first didn't pick up. Lanier doubled, but was left at second. Moffett was a hitter for Knoxville and after getting to third was brought in by Spence's single. One was added by Asheville in the second, in which Green looked safe for perhaps a triple but it was pretty unaccompanied by Perry. In the third Stephens began the sun dance with a double and before the song stopped three pairs of red legs besides his had come in. Moffett broke his hit getting a hit and being caught off first was tried for a rundown between bases. Five players gathered around and the most exciting event of the day ensued. In spite of the warm surroundings Moffett got back to first. Then some one asked the question: "If five men can't put three women out?"

Moffett relieved Taylor in the fourth and two were added to the heavy column on the blackboard. The fifth was fruitless but there were three in the basket for Asheville in the sixth, Metz and Lanier taking two bases each. McClung featured the seventh by limping the ball over right leg for a home run, so much to the surprise of Perry that he threw his glove after the flying ball. The scoring stopped then and there. One of the pretty plays of the day was Flannoy's catch of McClung's fly in the ninth. The score by innings:

Asheville	1	2	3	4	5	6	7	8	9
Knoxville	2	1	4	2	0	3	1	0	0

Pop.

And Hit-the-Ball Haynes is expected.

Have you heard the Moonshiner quartet?

Greenville 14, Spartanburg 4; Saturday's game.

The Asheville boys are fast becoming good judges of ice cream.

The home team left this morning for Spartanburg to play three games. They will return Wednesday night.

There promises to be a great crowd out to the games with Greenville, beginning Thursday. Asheville, you must win.

THE CITIZEN promised not to tell that Manager Redwood left before the game closed, to seek something more interesting.

CRIMINAL COURT.

The Mill of Justice Continues to Grind Aways.

In Criminal court Saturday Fred Lawrence, colored, charged with the larceny of a large lot of clothing from the Baltimore Clothing, Shoe and Dry Goods company, was found guilty. Today he was sentenced to four years on the county farm.

George Fairfield, colored, was convicted of stealing flour, etc., from R. B. Noland & Son. Fairfield claimed he had played cards for two weeks in rear of the store and won every day, the loser paying in kind and other costs. He admitted playing the game, but that he held the other hand knew nothing of the game. Fairfield was sent to the roads for one year.

Thos. Jackson, heretofore convicted of assault, was fined a penny and costs.

Today the case of State vs. D. L. Reynolds, embezzlement, was removed to the Superior court.

State vs. Wais Harris, assault with deadly weapon; on trial.

LAY THE AXE TO THE ROOF.

Ordinance Against the Tree of Heaven to be Enforced.

Acting under instructions from the Mayor, Chief of Police Harkins says that section 337 of the City Code is to be rigidly enforced from this date. The section referred to is as follows: "The tree known as Atlantus tree or Tree of Heaven, is hereby declared to be a public nuisance, and any person owning or occupying any lot in the city of Asheville, and allowing said tree or any sprout therefrom to grow on the same, shall on conviction pay a fine of ten dollars."

Section 338 says it is the duty of the policemen to give notice for the destruction of all such trees, and this they will begin to do at once.

Rev. Dr. Myers' Funeral.

Funeral services over the remains of the late Rev. Dr. Thos. Myers were held yesterday morning at the residence of J. Norris Myers, conducted by Rev. Dr. Christy, assisted by Rev. J. R. Cannon. The remains were taken to Baltimore for interment, leaving on the 2:30 train. The funeral services were held today at Strawbridge church, and the interment was in the family plot in Greenwood cemetery.

A GREAT CONFLAGRATION

4500 PERSONS ARE WITHOUT HOMES.

Only 37 Out Of 800 Buildings Remain Of The Town Of Phillips, Wis.—Forest Fire The Cause—Relief At Hand

PHILLIPS, Wis., July 30.—At daybreak yesterday morning a dense smoke covered an area of forest of 100 miles square and the centre was this desolate, fire-swept little city. More than 2,500 persons have fled to the forest or to the village near by.

The town this morning was a heap of ruins, and the smoke was so dense that the height of a locomotive could not be seen 50 feet away. Three relief trains reached Phillips soon after 4 o'clock in the morning. One was in charge of Gov. Peck and his staff.

The loss by the great conflagration is difficult to estimate. Out of 800 buildings in the town only 37 remain. B. W. Davis of the Davis Lumber company estimates the total loss at \$1,500,000, with scarcely half of the full amount covered by insurance. The Davis Lumber company lost \$500,000, fully insured. The next largest loss is that of the Fayette Shaw Tannery company, \$200,000.

There is no way of estimating the number of lives lost in the fire. It is known that 16 persons perished on a raft that burned in the bayou. A bridge or trestle crossed the bayou and when the supports of the bridge were burned away it fell. Women and children were crossing at the time and some must have perished.

As the fire swept towards the bridge a number of children were seen to take refuge in the big lumber yard. Their cries were heard by others who fled toward the water, but the children have never been found.

Supplies are being liberally distributed.

NEAR 2,000 DROWNED.

Another Account of the Sinking of the Kow Shing.

SHANGHAI, July 29.—The following is the latest Chinese version of the sinking of the troopship Kow Shing: "When the Kow Shing was overhauled by the Japanese cruiser the latter sent a boat alongside the transport with a prize crew to convey her to Japan. The Japanese boarded the Kow Shing, and ordered her commander, Captain Galsworthy, an Englishman, to proceed to Japan. Captain Galsworthy refused to obey the order and the Japanese withdrew to report to the commander of their cruiser.

Later they opened fire upon the transport, using machine guns mounted in the tower of the Japanese ship. This fire was so well directed that it soon cleared the Kow Shing's decks. The cruiser then discharged two torpedoes at the transport, sinking her and drowning nearly all of about 2,000 souls on board."

Col. Von Hannekin, a German, formerly the Viceroys' aide-de-camp, and a number of other foreign officers, were among those killed by the fire from the cruiser before torpedoes were discharged.

LEANSIDE, July 30.—The consensus of official opinion is that a prolonged war between China and Japan is at hand, and that European efforts to restore peace will be futile. This is the opinion of diplomatsists best acquainted with Eastern politics.

AN IDEAL SUMMER RESORT.

Judge Archibald Writes His Opinion of Asheville.

From a recent number of the Florida Times-Union, Jacksonville, the following words of praise of Asheville are taken: "Judge R. B. Archibald, who is with his family at Asheville, N. C., spending the summer, writes that it has been cool and pleasant since they have been up there (July 2). The mercury has ranged from 65 to 75 degrees, and ordinary winter clothing is worn with comfort. The judge says that the scenery is simply beautiful, and that the Oakland Heights hotel is the most comfortable and pleasant place at which he ever stopped. He thinks that, if the people of Florida knew what an ideal summer resort Asheville is, many of them would spend several weeks there every season."

Referred To The Rules.

WASHINGTON, July 30.—In the House today Talbert, South Carolina, after the reading of the journal tried to learn from the Speaker whether or not the committee on coinage, weights and measures and on banking and currency had the right to pigeonhole his resolutions directing them to report a bill for the free coinage of silver at the ratio of 16 to 1, and the bill providing a new financial system, but was not successful. The Speaker referred him to rules for information desired.
