THE PROCESSION KEEPS ON

SECOND GAME WON FROM CHATTANOOGA.

Ford pitched for the visitors and Green for the locals. Home runs by Stephens and Stanley and a sweater by McClung.

Catcher McClung's sweater and the home runs of Stephens and Stanley were prominent features of the second game between Asheville and Chattanooga, played at Allendale yesterday. The sweater, so Oldham says, is so loud that the umpire cannot hear the foul tips. Buck Ford, the old Brooklyn player, was in the box for the visitors, while Jack Green did the tossing act for Asheville. Seiders, McClung and Young officiated in the capacity of receivers. In the fifth McClung's thumb was injured and Young relieved him, Williams going to center field for that inning. McClung after that went to center. Young made a handsome catch of Polbs' fly in the first and Robertson took in a very difficult one from J. Litz. Abe Litz distinguished himself in the eighth by pulling down a drive from Stephens that looked safe for a base or two.

Green opened the chase for Asheville by taking a hit and was the only man to score, coming in on a hit from Stephens. Dickard hit the first offering from Green for two bases and was brought in by Nicklin's hit. Blanks helped nobody for two innings, then Asheville got one run. Stephens bringing himself home on a home run hit over right fence. The Red Legs made six runs in the fifth, while each, the former scoring. Stanley got a distinguished hit in the seventh by lifting one over left fence and didn't get a chance to show his sprinting abilities, but his cap came off. Stephens would have done likewise, but he don't wear a cap. Two of the visitors scored in the eighth, and the running business stopped, the score closing at 10 to 4. Mr. Packard umpired and did it very well. The score:

Bases on called balls—Ford 2, Green 2. Struck out—By Green 4, Ford 3, umpire—Mr. Packard.

Spartanburg "didn't do a thing" yesterday with Greenville. They merely walked away with a score of 27 to 2 and the hearts of the Green boys must be saddened indeed. The Spartans team will arrive in Asheville tonight to begin a series with the Moonshiners, and the home boys are still wearing their batting clothes. With Ramsey in the box the visitors will expect to play something like baseball. Asheville will do the same and a battle of giants may be expected.

DEPORT PCRAPIA

Changes and Rumors of Changes in Railroaders Talk About

There are more rumors in railroad circles to the effect that the vestibuled trains are to be run over the Western North Carolina and that Morristown is to be made the western terminus of this freight division. Some go so far as to state on these points is known yet by the officials here.

Freight business is fair now, with prospects good for an increase. A few nights ago 13 car loads of horses from Louisville consigned to Lynchburg, Va., passed through Asheville. Under the old regime these would have gone by way of Bristol.

Superintendent Ryder has begun to use his axe. Last night he gave orders for the discontinuance of the night telegraph offices at Newton, Hickory, Marion and Biltmore. This reduces the force under Chief Dispatcher Newell by four.

There is talk of a change of schedule on the Murphy branch, whereby people living on that road will be able to come to Asheville, attend to banking and other business and return the same day. If this is done the incoming train will arrive here about noon and leave about 4 p. m.

The "boys" who stay about the dispatcher's office say Mr. Newell is possessed of as fine an eye for counting excursions as anyone could desire.

F. W. Huidekoper, one of the old R. & D. receivers, accompanied by his family, came in yesterday in Superintendent Ryder's car on the way to Turpike, where they will remain a month or two.

NEXT WEEK'S RACES.

Horses Now Here and Many More Coming.
The biggest event in the way of races that Western North Carolina has known will be inaugurated next Tuesday, August 14, closing Thursday. It is the occasion of the races of the French Broad Fair and Racing Association at Carriers' track. Purses amounting to about \$1,200 are offered and will induce a lot of runners and trotters that will delight the lovers of turf sports. Six fine horses from Sweetwater, Tenn., came in today, added to those already arrived, run the total now in training up to 14. By the time of the opening afternoon there will be 40 horses here for the try. Mr. Carrier has just had erected at the track 16 new stalls and more are to be added right away. Excursion tickets are to be sold on the railroads and a large crowd of turfmen from other cities are expected.

Taken By Nicaragua.
WASHINGTON, Aug. 8.—Dr. Guesman, minister from Nicaragua, has received a telegram from Managua officially announcing that the town of Bluefield on the Mosquito coast, has been taken by the Nicaraguan army.

ALL WERE RENOMINATED

RESULT OF THE CONVENTION AT RALEIGH.

Shepherd, Burwell, MacRae, Clark and Tate Named—State Committee Selected—Cleveland Cheered.

RALEIGH, Aug. 8.—The Democratic State convention met at noon today in Metropolitan hall. There was a full convention, nearly every county being represented. State Chairman Simmons called the convention to order and proposed J. C. Buxton of Winston for temporary president.

Buxton made a vigorous and eloquent address that was received with enthusiasm. His eulogistic references to Cleveland were long applauded; also his complimentary mention of Vance, Kansom and Jarvis.

A resolution was adopted that all resolutions regarding the platform be referred to the platform committee without debate. The various committees were appointed, and the State executive committee was chosen.

Governor Carr, Secretary Cole, Walter Henry, Lee S. Overman and A. M. Waddell were called on and spoke.

R. A. Doughton was chosen permanent chairman with W. T. Calas, I. E. Green, A. C. Higgins, J. R. Young, T. C. McNeil, S. J. Pemberton, C. B. Watson, John L. Cunningham and Kope Elias vice-presidents.

Shepherd, MacRae, Burwell and Clark were renominated for the Supreme court by acclamation, as was also Treasurer Tate. No speeches were made, but this was done on motion of R. H. Baffle on behalf of Wake delegation.

WEAVERVILLE WARBLER.

Fine Crops—Rain—Farmers Ice—Political Forebodings.

WEAVERVILLE, N. C., Aug. 8.—As we write the rain falls. This end of the county has been blessed with the best seasons for three weeks that it has had in years. We have travelled over a large portion of the county and have never seen such prospects for good crops, especially corn.

School prospects has never been better at Weaverville. We are looking for a large crowd of young men this year.

Prof. J. J. Reagan is laying plans to rent the hotel of this place for young men who want to school themselves cheaply. They can do their own cooking or hire some one, as they like.

We regret to note the illness of Capt. W. E. Weaver. He was taken very suddenly this morning. Dr. J. A. Reagan was summoned to his relief.

Mrs. N. B. McDowell is visiting relatives and friends in Illinois and Alabama. Col. McElroy has been attending Madison court this week. A daughter-in-law of D. H. and E. A. Reagan is expected Sunday from Tennessee. Prof. G. M. Garrett is on a visit to Upper Hymov. He will begin his school Monday near Weaverville.

Mr. John Davis, W. E. Clark and Taylor Bell of Morgan Hill, N. C., have rented a house of C. P. West for the purpose of sending their children to school this year.

The political period is upon us now, and we would like to make a suggestion: We believe that the farming class ought to be represented in the next legislature, and we can't call to mind a man that would fill that position better than Mr. Doug Weaver. He is a man of the best common sense and a man that understands what the farmers of this country need better or as well as any man who has represented us in years. So give this end of the county Mr. Weaver for one of our representatives.

HIS LEG BROKEN.

Accident to Jack Rumbough Yesterday.

Late yesterday afternoon as Messrs. Jack Rumbough and Carl Reynolds were out riding near the residence of J. E. Rumbough, the horse ridden by Mr. Rumbough became frightened and uncontrollable and started towards the driveway it slipped and fell, catching Mr. Rumbough's leg under its body. The fall was very disastrous to Mr. Rumbough, as both of the bones in his leg were broken at two places below the knee, and his face was badly bruised.

Mr. Rumbough was taken to the house and physician called. The fractures were reduced and today the sufferer is getting along as well as could be expected.

THE LOCKED

A Congressional Contest of Considerable Extent in Texas.

GALVESTON, Aug. 8.—Latest advices received from the congressional contest on at Hallettsville stated that last night at the conclusion of the 1808th ballot, which stood 29 for Gresham and 24 for Lane, the convention adjourned until today. Before the last ballot was taken the Lane delegates stated if the Gresham delegates would withdraw Gresham from the race and nominate Major M. J. Mott of Galveston, they would support him solidly. This the Gresham delegates refused to do and the convention is apparently hopelessly deadlocked.

After American Beef

KANSAS CITY, Mo., Aug. 5.—The Armour Packing company received a cablegram from the Japanese government lately asking the cost of half a million pounds of corned beef for the Japanese army. The company cabled its answer, and pending a reply prepared to go into the business of supplying meat to battling Asiatics on a big scale.

All The Wheels Turning

PITTSBURG, Aug. 8.—The Mahoning Valley iron mills are resuming after a long period of idleness. Coleman and Shields of Miles, O., idle a year, Girard, O., rolling mill, closed six months, and Brown and Bennett of Youngstown, O., shut down in part for a year, are all running in full today.

THEY MAY AGREE TODAY.

IF NOT, THEN SOME OTHER DAY.

No Details as to the Progress of the Conference on the Tariff Bill—The House Caucus Amounts to Nothing.

WASHINGTON, Aug. 8.—Senators Jones and Vest of the tariff conference committee and Senators Gorman and Smith, acting on behalf of the conservative senators, held a meeting today previous to the convening of the conference. It is understood they decided that the time had arrived when the conference should come to an end, either by agreement or disagreement, and that they arranged a program for bringing about this result.

This program as detailed was to have the Senate conferees do their utmost to secure agreement at the morning conference, in the case of failure to urge that a disagreement be reported without further delay, and failing to secure the consent of the House members to this plan, for the Senate conferees to go into the Senate and ask to be discharged from further consideration of the tariff bill in conference.

When Jones was asked as to the truth of the report, he neither confirmed nor contradicted it, but simply said it was impossible to say what might happen.

The conference adjourned for lunch. McMillan says now that there is good prospect for an agreement today or tomorrow.

The Republican steering committee of the Senate held frequent sessions and this morning held one. One main point was practically agreed upon. The Republicans think that it is no time to debate the differences that exist in the Democratic ranks. The proposition that has been made to make sugar free was also discussed this morning, and the hearing would have upon the success of the bill.

The opinion was expressed that by putting sugar on the free list the votes of the Louisiana Senators would be lost to the bill, but that Puffer might vote for it. The Republicans say that if a proposition is made to put sugar on the free list it will receive the support of nearly the entire Republican side.

The House Democratic caucus yesterday lasted an hour and a half and adjourned, after deciding that the House conferees on the tariff bill should not be recommended by instructions of any character from their Democratic associates.

JAPAN STILL WINNING.

England and Russia Cannot Bring About Peace.

SHANGHAI, Aug. 8.—It is officially reported from Tien Tsin that the efforts of Great Britain and Russia to bring about a peaceful settlement of the disputes between China and Japan have failed. China is willing to pay an indemnity, but she refuses to surrender her sovereignty over Korea.

The Chinese government has ordered the island and Takao light-houses on the coast of Formosa.

YOKOHAMA, Aug. 8.—Additional battles have been fought between the Japanese and Chinese and the latter have been defeated. Sakon has been taken by the Japanese with trifling loss. The Chinese in this engagement lost 500 killed, and had in the direction of Koshiu an imperial ordinance, just issued, permits the Chinese to reside in Japan on condition that they engage in peace pursuits.

The greatest excitement prevails here, and at other large towns as a result of the victory of the Japanese troops. Rumors, however, are current that the Japanese naval forces have been defeated in the engagement with the Chinese warships.

TOKYO, Wash., Aug. 8.—Capt. W. R. Bridgman, who has commanded the United States cruiser Baltimore for the last two years, returned here on a two months' leave of absence, having left the cruiser at Chemulpo, Korea, July 12. He regards the oriental war as an unusual contest with the odds greatly favoring Japan, which he says has a splendid navy and an army as well equipped as that of any European country. Japan, he thinks, is sure to win unless China is given time to make war preparations on a gigantic scale. In his opinion the Japanese government has been endeavoring to force the war in order to distract attention by it from internal political dissensions.

What the House is Doing.

WASHINGTON, Aug. 7.—The House today passed by unanimous consent the bill to pay B. D. Greene, surety for Geo. E. Ward, \$1,900 for government work done on the Rappahannock river, Virginia. Immediately afterwards, Catching, from the committee on rules, reported a special order setting aside today for the consideration of bills from the committee on public buildings and grounds and tomorrow for business from the committee on claims. This order was adopted.

Got 'Em Stood.

COWES, Aug. 8.—Although the Vigilant was in readiness for the race scheduled for this morning for her majesty's cup, neither the Britannia nor the Santanta appeared and there was no race.

The Alabama Majority.

MONTGOMERY, Aug. 8.—Complete unofficial but reliable returns from every county in the state except two, make the Democratic majority 26,158.
