**THE BUNCOMBE BAPTISTS COUNTY ASSOCIATION ADJOURNED THURSDAY.**

A Large Attendance And Most Profitable Session—Miss Lottie Price Will Go as a Missionary To China—To Conclude At Antioch In 1895.

The Buncombe County Baptist association, meeting with Fern Hill church, Biltmore, adjourned yesterday afternoon. The attendance was larger than the association has ever had, a great deal of work was done and an extremely interesting, profitable session was the result.

The report of the historian, W. T. Bradley, showed that during the year there had been the following admissions to the churches: By baptism, 232; by letter, 282; by restoration, 35; total, 549.

The report of the committee on home missions, J. H. Tucker, chairman, says that the work of the board of missions in the bounds of the Western convention has been blessed. "The board was fortunate," the report says, "in continuing the services of that tireless and consecrated worker, John P. Morgan, as its corresponding secretary." Rev. W. P. Southern is employed as city missionary in Asheville and D. M. Pressley in Buncombe.

Rev. J. L. White made a very full report on foreign missions, urging that every church should have a woman's missionary society, and that the children should be organized into "Sunbeam" societies.

The following extracts are from the report of the committee on education: "To educate is a Christian duty, and of all people in our State the duty rests most heavily on the Baptists. The masses belong to our churches, or are under our influence, and a large portion of them are illiterate and can never be to the church and to society what they ought to be until they are educated. We ought to have schools under the management of our denomination in which to educate our children and Baptist people ought to patronize their own schools when it is their power to do so." The remainder of the report is devoted to Fairview college, under Prof. A. B. Justice, which during the last term had the most prosperous year of its history. The committee commended the views of Dr. C. E. Taylor in his pamphlet on "How Far Should a State Undertake to Educate?" and recommended the circulation of the pamphlet among the people.

The report of the committee on temperance, signed by Rev. W. P. Southern and J. T. Justice, speaks with no uncertain sound in condemnation of the whisky traffic, and sees a bright side to the growing evil. The thousands of petitions to legislators, signed by millions, showing that they are bound together with one strong purpose to drive the enemy from the land. "It is an interesting fact," the report says, "that our enemies are tearing the trump of this mighty growing army. They will aid and support by ballot and elect by free whisky any party or man who favors their business. . . . The Pope of Rome's representative in America has declared against the great liquor traffic in that he commands the Catholic societies to communicate all members connected with the liquor traffic in any way. This is virtually law. So strong is this that a society of Roman Catholics in Baltimore, numbering 3,000, have very recently declared themselves independent Catholics."

A resolution was adopted authorizing the moderator and clerk to request of the executive committee of both Democratic and Republican parties that they place a box at the polls into which every voter may deposit a ballot, representing his sentiment in favor of or against the license system.

An admirable feature of the meeting was an address by Dr. J. L. M. Curry. Dr. Bryan also made a very interesting address.

The First, West End and Biltmore churches decided to support Miss Lottie Price of Asheville in the China missionary field, and Miss Price will sail from America with Dr. and Mrs. Bryan about the first of October. Miss Fannie J. Jones of Asheville also offered herself for mission work and numerous pledges were made, but not sufficient to insure her support in the field and the matter will left open until the next meeting of the association.

In 1895 the association will meet at Antioch church, on Tuesday before the third Sunday in August. The introductory sermon will be preached by Rev. A. J. Justice or Rev. W. P. Southern as alternate.

**REVIVING INDUSTRIES.**

**Pennsylvania Cotton Mills Must Now Work Full Time**

LANCASTER, Pa., Aug. 17.—Schroeder's cotton mill, employing over 300 hands, will commence running full time on Monday. For the past several months it has been either closed or running only four days a week. The Farnam mills employing over 2000 persons, will continue running two-thirds time, at least until the end of this month when it is expected that they will run full time.

**The Business Outlook.**

BALTIMORE, Aug. 17.—Letters from nearly 200 southern bankers scattered all the way from Maryland to Texas in regard to the prospects and business conditions in the South, are published in this week's issue of the Manufacturer's Review. With but one or two exceptions these letters report an unusually satisfactory outlook for the agricultural and general business interests of the entire South.

**Idaho Democrats**

BOISE CITY, Idaho, Aug. 17.—The Democratic convention has made the following nominations: For governor, ex-Governor E. P. Stevenson; for Congress, James Ballantine; for lieutenant governor, John B. Thacher; for treasurer, J. H. Bush; for auditor, James Stoddard; for supreme judge, J. C. Elder.

**Discharged for Striking**

OMAHA, Neb., Aug. 17.—Over 2,000 men have been formally discharged from the Union Pacific as a result of the great strike and others are being replaced daily. Two hundred and fifty engineers and firemen are included in the list.

**Part of the Southern Railway**

LOUISVILLE, Ky., August 17.—The Louisville Southern railroad was yesterday sold to Drexel, Morgan & Co., for \$1,000,000. The New York firm was the only bidder.

**"OUR GEORGE" IN THE GAME**

**Asheville Quits Traveling Over Queer Street**

KNOXVILLE, Tenn., Aug. 17.—[Special.]—Asheville won the game yesterday in the third inning, when she scored two men. Moore was in the box for the locals, Knoxville was blanked till the fourth, when Seiter's home run saved a complete shutout. In the sixth, with Dobbs on first, Stephens threw wild, and the ball was lost in the weeds. Dobbs was too anxious to get home and was called out for "cutting" second.

Stephens struck overman and got a home run in the eighth over left fence. Flournoy was hit in the back of the head in the ninth, but was not badly hurt.

**Two base hits—**Seiter 1, Home runs—Seiter, Stephens. Base on balls—Stephens 3, of Moore 3. Hit by pitched balls—by Stephens 2. Struck out—by Stephens 10, by Moore 6. Passed balls—(Olham) 1. Time of game—1:40. Umpire—Mr. Deany.

These bits of talk are about the first day's game, from the Tribune:

"Lanier was well supported behind the bat by Pleas McClung, who has caught many a game for Knoxville. Lanier is certainly a hard worker, has good speed and an effective curve, and gave us good exhibition of pitching on the local grounds. The Asheville team has played 54 games this season and lost but 11 of them, a mighty good record for any team. The bleachers had lots of fun with Williams, who, from the looks of his hair, is either a football player or is buying out the barbers. Metz's catch of Jobe's hit over second in the fifth inning was a beauty."

**LADIES SEE A KILLING**

**Casting Man-of-Neck Makes a French Matinee.**

LYONS, Aug. 17.—The execution of Caserio Santo took place at 4:45, before daylight, Thursday. It was witnessed by a great number of people. The windows in the vicinity were crowded with ladies dressed in fashionable attire. The roof tops and all places of vantage were thronged with people. Fabulous prices were paid for places at windows overlooking the execution. The week of the assassination at the last moment was near the junction of two streets, with the prison on one side and the gentlemen's barracks on another. There was a large wall on the third side, while the Rue Smith was barricaded about 70 metres from where the gallows was erected. This barricade was guarded by a squadron of carabonniers and another detachment was stationed in Rue Courmouret. Four hundred soldiers and 500 police and gendarmes formed a cord around the place of execution.

**Bank Examiners' Suicide.**

ATLANTA, Ga., Aug. 17.—Bank Examiner William Miller, who has been working on the accounts of the suspended Second National bank of this city for the past two weeks committed suicide at 4 o'clock yesterday by shooting himself through the head. He had just completed the examination of the affairs of the bank and submitted the result to Washington. Examiner Miller's home was at Mercedes, Pa. He was aged about 45 years and was appointed Examiner about two years ago, succeeding Hugh Young.

**Anarchist's Still Active.**

PARIS, August 17.—The police have frustrated an anarchist plot to assassinate Premier Dupuy. Premier is in Verdun les Bains, not far from the Spanish border. He is accompanied by three Paris detectives, as rumors of a plot against his life have been numerous recently. The anarchists had been warned of their danger by the night before the police expected to arrest them and fled to Spain.

**Moonshiners Attempt Lurching.**

BRISTOL, Tenn., Aug. 16.—A party of moonshiners in Russell county, Virginia, attempted to lurch Deputy Marshal C. E. Clapp, but he escaped and, returning with a force of officers, arrested some of his persecutors, who are now in jail. Clapp was a native of the region and the shiners regard him as renegade because he discharged the duties of his office.

**The Texas Ticket.**

DALLAS, Tex., Aug. 17.—The following ticket was nominated by the Democrats in State convention for governor: C. A. Culberson of Dallas; for lieutenant governor, George T. Lester of Corsicana; and Burke to the South Carolina line. Mr. Bruner says there is only one market for monzane in the United States, and he feels sure the price will drop and the bottom fall out of the present boom.

—The State crop report, based on returns from 1,200 correspondents, was summarized Tuesday. It gives the present condition of crops as follows: Rice, 90%; corn, 100%; cotton, 94%; tobacco, 80%; field peas, 93%; sweet potatoes, 91%; peanuts, 89%; sorghum cane, 90%; turkeys, 94; late Irish potatoes, 80. The condition of fruit is: Grapes, 63; apples, 21; peaches, 15.

—General W. G. Lewis and Colonel Thomas S. Kennon and S. Melb. Tate have returned from Gettysburg, where they actually located the positions of the Sixth and Fort-third North Carolina regiments, and markers were placed at positions occupied each day.

—The Farmers' alliance leaders claim that it will now grow in numbers, though it will never again reach the 100,000 figure, which they regard as an abnormal growth. They also claim that it is yearly getting more out of politics.

—At each of the meetings of the fifty Baptist associations in this State speakers discuss the State appropriation to the university. Rev. Dr. C. Durham and a representative of Wake Forest college make speeches at each meeting.

—The Democratic State central committee meets here next Monday. The new chairman, Mr. James H. Pou bids fair to be a very active man.

—The North Carolina Car Wheel Works at Raleigh which begins work September 1, will employ 42 men.

—There are thirty entries for the August races at the State fair grounds at Raleigh next week.

**POP GUN TARIFF BILLS**

**ALL FIRED INTO THE SENATE TARIFF COMMITTEE.**

**There They Will Probably Be Put To Hoak For All Time—A Successor To Vance On The Finance Committee—No More Tariff Legislation**

WASHINGTON, Aug. 17.—The Senate has referred all four of the "pop gun" tariff bills to the finance committee, by a vote of 35 to 17.

WASHINGTON, Aug. 19.—The Senate finance committee this morning adjourned shortly after meeting without accomplishing anything. The Republicans, who had taken over night to consider the matter, decided that they would permit nothing to be done until the Democrats had filled the vacancy on the committee caused by the death of Senator Vance. The Democrats will consider the matter of filling the vacancy, but the improbability of securing a voting quorum in the Senate renders their success unlikely.

In the Senate today Harris offered a resolution that the vacancy on the finance committee be filled by the selection of White of California. Chandler objected to the resolution and said that under the rule it must go over until tomorrow.

Aldrich called attention to the fact that when the resolution was properly made to appoint Mills it was laid over. The Republicans would, he said, resist any revolutionary proceedings.

Harris said that during the 18 years he had been in the Senate the majority had always controlled the committee and no voice against it was heard on the minority side. The suggestion of Aldrich was, he said, the most revolutionary of all revolutionary proceedings.

Harris' resolution to fill the vacancy went over until tomorrow. Harris then offered a resolution, which goes over until tomorrow, that there shall be no further tariff legislation this session.

**Read With Sound Bv.**

WASHINGTON, Aug. 17.—There is hardly a quorum of the House of Representatives left in town, as the members are leaving on every train. Reed will see the session through. Most of the Democratic leaders are remaining in order to make a quorum in case of an unexpected emergency on the tariff. It is difficult to hold the members, however. The Democratic leaders recognize that it will be impossible to do any business on which a party division might occur.

**Key's Successor Not Confirmed.**

WASHINGTON, Aug. 17.—The Senate committee on judiciary has made an adverse report to the Senate on the nomination of James D. Porter, to be United States Judge of the eastern and middle district of Tennessee. Opposition is based upon the ground that Porter, while a resident of the State, lives outside the district over which he was appointed to preside.

**The President.**

BRIZARD'S BAY, Mass., Aug. 17.—President Cleveland arrived at Gray Gables in the light house under John Rogers, at 9:15 o'clock this morning.

**RIVER AND HARBOR BILL.**

**The Question Is, Will The President Sign It?**

WASHINGTON, Aug. 17.—It will be necessary for the President to be back in Washington by Tuesday next. The resolution continuing the appropriations expires Monday, but the sundry civil bill has not been signed and all appropriations carried by it for the last year will cease Monday unless the President gives the bill for the current year his approval.

The river and harbor bill also awaits the action of the President, and there is much speculation as to whether he will approve it or not. Many of the appropriations carried by it will cease if it is not approved by Tuesday.

**Wellman and Party in Norway.**

BROMSE, Norway, Aug. 15.—Walter Wellman and party have arrived here from the Arctic regions, where their steamer, the Kagnvold Jarl, was recently crushed in the ice, compelling them to abandon their attempt to reach the north pole.

**OUTSIDE OF BUNCOMBE.**

—In the gold district, or belt comprising Mecklenburg, Cabarrus, Union, Montgomery and Stanly, matters are quite lively. There is considerable inquiry for mining properties. The mica mines are at work from McDowell and Burke to the South Carolina line. Mr. Bruner says there is only one market for monzane in the United States, and he feels sure the price will drop and the bottom fall out of the present boom.
