WITH THE UMPIRE'S AID

KNOXVILLE TAKES THE GAME FRIDAY

A Story That Shows Something Wrong—Williams and Lanier on the Home Run List—Babe Fans Out Ten Reds.

KNOXVILLE, Tenn., Aug. 18.—[Special.]—Empire Denny's reputation for fair umpiring received a black eye in yesterday's game. His decisions during the first two games were entirely fair and impartial, but in the last were so rank as to be noticeable to the most indifferent observer.

In the first inning Jobe got a two-base hit, Dobbs flew out to Stanley and Litz struck out. Moffett hit to Stanley, who threw a little wild to Green at first, causing him to step off the base to get the ball. On this play Jobe attempted to score. He was put out by Oldham by three feet, but was called safe by the umpire. Setters got a home run, scoring Moffett. In Asheville's first Stanley got a hit, stole second and was scored on by Oldham's two-base hit. Knoxville was shut out in the second with two men on bases. Stephens made the one run for Asheville in the second.

In the fourth Flournoy was thrown out at first by six feet but was called safe by the umpire. Two runs were made in this inning. Asheville was goose-eegged till the seventh. In this inning Robertson got base on balls. Williams lined a ball over left fence as straight as a shot, the ball continuing to the alter running the fence. Green hit for three bases and scored on Stanley's fly to center. Lanier struck out three men in the eighth, only twelve balls being pitched, two being balls, one a foul tip and nine strikes.

In the ninth with two men on bases and two out Setters knocked a ball over left fence, which was foul by at least 10 feet. The umpire said he did not see it, the ball, and first called it foul and then fair. The Asheville boys kicked and started to leave the field. Denny went over to the benches which face left field and asked several spectators about the ball. The majority said it was a foul, but the umpire stuck to his last decision. In Asheville's half "Babe" lined a ball over left center fence, making the score 6 to 8. Knoxville did not get a run that was not given them on a bad decision of the umpire. Two of the Knoxville players said that they were "obliged" to have the game or baseball would be dead in Knoxville.

Melton pitched two innings, but was hit out of the box.

Before the game was called Carey Spence and Stanley ran 100 yards. Spence got 10 feet start of Stanley, but the champion base stealer was out three feet behind at the finish. The score:

SAFE HITS

Notes That The Baseball Lovers Will Read.

The management of the Asheville Baseball club hope earnestly that letting at the grounds may be no more seen this evil, which has been commented on by THE CITIZEN heretofore, as affecting the game seriously; so much so, that many most desirable patrons, among whom are a number of ladies and several ministers, have decided that they must forego the pleasure of seeing the good play because of so unpleasant surroundings. If the letting is not discontinued Asheville will be heard in the early future. The management feel proud to have furnished so good, clean ball this season, although it has been done at great cost to their time.

Asheville's baseball season will probably extend to the 15th of September, and before that time the home team, which has made such an excellent record for the season, will play some of the strongest teams that it has tackled. For instance, Greenville will be here Monday, the 20th, to begin a series. The team will doubtless be strengthened by players from the distant Spartanburg team, making altogether the strongest team yet brought here. The Asheville people hope, however, that the additions to Greenville will improve the manners of the team on the field. They want no more exhibitions such as were seen on Greenville's last trip.

The Spartanburgs disbanded this week. Cause, insufficient financial support from the public. The Herald in an article on the disbanded says the team won eight of 12 games from Asheville. This is a glaring error. The teams won six games each. The Herald also says Chattanooga was the only team beating them in a series, taking two out of three. Why, Asheville won three straight off the Spartanburgs in one series here.

Augusta, Ga., and Knoxville will be here the week beginning August 27. The Augustas have notified Asheville that they are not "tin pan" players, but play the genuine article. It is good in them to let the team know this. Asheville is not bragging this year, preferring to do her work on the diamond, and if Augusta win it will be by playing every bit of ball she knows how to play. She has, however, a team of great strength and will give Asheville some fine games. Knoxville will be very strong with probable additions from Chattanooga. All of these games are sure to attract large crowds.

Secretary J. M. Oldham has called a meeting of the Baseball club for Monday evening at 8:30 at the Hotel Berkeley.

NO MORE TARIFF TALK

THE SENATE SETTLES THAT TODAY

There Will Be No More Legislation This Session On That Subject. And Congress Will Soon Adjourn—The Sugar Bill.

WASHINGTON, Aug. 18.—In the Senate at 12:15 the resolution of Harris, providing for the appointment of Senator White, as a member of the finance committee in place of Vance, was laid before the Senate and agreed to without division. Murphy's resolution, declaring it to be the judgement of the Senate, in view of Secretary Carlisle's letter to Senator Harris as to the effect upon the revenues of the passage of the free sugar bill, that no further tariff legislation should be passed at this session of Congress, was then laid before the Senate. At the request of Gorman, however, it was passed over temporarily.

The vice President laid before the Senate the resolution of Gray, directing the committee on finance to report forth with the bill providing for the free importation of sugar, with an amendment providing for a revenue duty on sugar without any differential on refined sugar. Mansfield moved to amend by directing the committee to report the bill with an amendment restoring the bounty provisions of the McKinley law. Mansfield's motion received 21 affirmative votes and 20 negative votes. The vice president announced the result, stating that no quorum had voted. A call of the roll ensued, showing 54 Senators present, more than a quorum.

Gorman, stating that the vote just taken showed the sentiment of the Senate on this question, but despairing of getting a quorum to vote today, asked that the resolution go over until Monday without losing its place.

At the suggestion of Aldrich, the request was amended so as to call up the resolution in an hour, and in that shape it was agreed to.

Murphy's resolution, opposing further tariff legislation, was then taken up and Murphy offered a substitute, on the basis of which it was the sense of the Senate that no further tariff legislation should be enacted, and that Congress should adjourn.

On the amended form of the resolution the yeas and nays were called, the vote standing yeas 27, nays 16.

S. C. PROHIBITIONISTS

They Elected Officers to Committee Represented The Saloon

GREENSBORO, N. C., Aug. 15.—At 10 o'clock this morning the State Prohibition assembly assembled in Rogers' hall. About 30 counties were present. Rev. Jesse Cunningham was called to the chair, and Rev. G. P. Strimling was secretary.

D. Atkins of the North Carolina Christian Advocate stated the object of the meeting and presented strong pro-tem resolutions to the convention, which were unanimously adopted. A committee on plan of organization was appointed and while the committee was out a stirring speech was made by Rev. B. H. Tuttle on the necessity of voting only for men who are opposed to the saloon.

Mr. J. H. S. delegate read the prohibition law in force in Mississippi, and made a motion that the Executive Committee be instructed to present some resolutions to the next Legislature. This provoked a great deal of discussion, but was finally and unanimously endorsed by the convention. A committee on nominations reported the following names for officers for the ensuing year: President, Rev. D. H. Tuttle; Charles H. Strimling, Secretary; J. J. Carder, Chandler; Recording Secretary, C. H. Ireland; Greensboro Corresponding Secretary, Dr. D. Atkins; Greensboro Treasurer, Dr. D. W. C. Bonlow; Greensboro Executive committee, J. A. D. Greer, Greensboro; Chairman, Dr. C. D. McIver; Greensboro; J. A. Bates; Fayetteville; P. S. Blair; Raleigh; Richmond Dispatch.

BUSINESS MEN HURRIED OUT

MEMPHIS, Aug. 18.—The business portion of Bartlett, Tenn., was destroyed by fire at midnight. Loss \$50,000.

NORTH CAROLINA NEWS

The Chronicle says that Bill Woods, colored, of Wilkesboro, went home late one night recently and endeavored to have some fun out of his wife by playing "four square." So he made a noise as of some one trying to break into the house, when his wife left to drive at him with a wedge, which he held for a while. He squealed, who he was to save himself a further assault, and wouldn't play "four square" any more.

The best University student last term has put in time during vacation painting the University buildings. He gets \$1.75 a day and is very clever with the brush. With the money thus well earned, and with a little help from the Deems fund, he will pay his expenses next term. He is studying for the ministry and will become a Baptist preacher.

Last spring the State Board of Public Charities decided that in each county board there should be two lady members. This new departure is successful. Secretary C. B. Jensen of the State Board says that thus far 50 ladies have become members. They show great interest in the work.

At Goldsboro a series of entertainments are in progress to obtain funds for a monument to the graves of the Confederate soldiers who are buried at Bentonville, the last battle-ground of General Joseph E. Johnston's army.

Colonel Rufus Amis, who was left out in the cold in the Fifth Congressional Republican convention, announces his determination to run for Congress as an Independent Republican.

President Winston of the University says that over 500 students will be in attendance at the next term. He has received three as many applications for admission as ever before.

Mr. William C. Stronach of Raleigh, has been re-elected chairman of the Fourth District Democratic Executive committee.

At Burlington, Wednesday, Bertha Thomas aged 11, was killed by lightning and at Ayden, Pitt county, two children were killed.

The Wilkesboro Chronicle says that its county has already contributed over \$100 to the Vance monument fund.

BETTER DEMAND ALREADY

A DEFINITE BASIS FOR BUSINESS NOW.

NEW YORK, August 18.—R. G. Dana & Co.'s weekly review of trade says: The new tariff bill, if signed by the President, as expected, provides a definite basis for business. No supplemental legislation is thought possible until next year at least. Large improvement has been expected from any settlement, and more because of a vast amount of business deferred from week to week in the hope of more definite conditions. While it is not wise to look for a great "boom" there is warrant for a reasonable and prudent hopefulness. It is too early to look for effects from the new tariff in the great industries, but the gradual recovery which has appeared for some time is seen in a better demand for products.

CAN'T FIND JAPAN'S FEET

Chinese Side With Japan—The Chinese Lead In Germany

LONDON, Aug. 18.—The Times correspondent of the Times says that the North Chinese squadron has searched the Gulf of Pechili for the Japanese fleet but without success. The admiral has reported that the Japanese have left those waters.

Fall Mid Gutzke has this dispatched from Seoul: "My special order of their king, a number of Koreans accompanied the Japanese troops to Yashan and took part in the fight. Some of the Koreans fled, but most of them fought bravely. The fact that they took part in the fight is remarked on as showing that the Korean King sides with Japan against China."

A despatch from Berlin says that the Vossische Zeitung warns German financiers against taking any part of the proposed Chinese loan. It contributes to the Chinese war fund, says the editor, is to support the cause of barbarism.

The report that Germany might side with England, giving positive moral support to China, is not regarded with favor in Berlin. It is believed to be unfounded in fact, as the German foreign office is following scrupulously the policy of absolute neutrality.

THAT BANK "SUICIDE"

A Mysterious Case Follows a Big Shortage

WASHINGTON, Aug. 18.—O. P. Tucker, deputy controller of the currency, today received a telegram from a government official at Altoona, Pa., stating that it was very doubtful whether Bank Examiner Miller committed suicide as reported. A report will be made to arrive at a solution of the mystery. It was understood that Miller's report showed that the bank was practically without assets and that the shortage is traceable to speculations of absconded Cashier Gardner, will amount to approximately \$100,000.

Burned to the Water.

NEW YORK, Aug. 18.—The ship, General Knox, of Boston, loaded with a full cargo of general merchandise, including some inflammable material, burned almost to the water's edge at her dock, foot of Maiden lane, early this morning. The loss is expected to reach \$200,000.

Taking Whiskies Out Of Bond.

WASHINGTON, Aug. 18.—Today's phenomenal internal revenue reports of over three and a quarter million dollars cover delayed returns from three of the great distillery centres of the country. Heavy returns are confidently expected during the whole of next week.

Will Cut Wages

WORCESTER, Mass., Aug. 18.—It is generally believed in Clinton that the Lancaster Mills, employing between 3,000 and 4,000 hands, and one of the largest gingham mills in the world, is to begin a general cut down of 10 per cent. on wages.
