Pictures and frames in large variety. Old pictures cleaned, framed and made to look like new art.

## ESTABROOK'S,

27 South Main Street. Asheville, N. C.

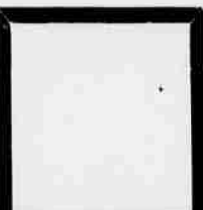

102

## The New Patton Ave. Grocery Store.

Is now always rushed, and it is packed and jammed with all the nicest and freshest goods the market affords. Just received a large lot of confectionaries direct from factory at wholesale. Hard work night and day. Careful and polite attention is what makes our store attractive. Prices cut in two in the middle and set on fire at both ends, as I have no one to compete with me. I am doing the funny thing of under selling myself. My tobacco and cigar department is a great attraction, which is complete. No time to mention brands. Come and see 'em. No use going up town. I have what you want. All goods fresh and first class in every respect. No old stock. Try my Omega flour. This is the best flour on the market, but I keep all kinds. Also hay, horse and cow feed. In fact everything that man or beast could eat I keep. I receive H. & S. candles direct from factory every week. Drink Kopy's Cheer, non intoxicating, pure and healthful; substitute for beer. Kopy's Extra for stout. Doctors are prescribing it for invalids and weak persons. Goods delivered to any part of the city free. No trouble to show goods.

## Jas. W. Hollingsworth.

## See That Square?

If your name were in it, it would be an advertisement.

## See the Point?

Now you can't say that persons do not read the advertising columns of THE CITIZEN.

## NEW GOODS

—AT THE—

## Crystal Palace.

Our midsummer importations are arriving now and all the fine and pretty things from the pottery districts of France and Germany will soon be displayed on our counters, then the visitors and home folks as well, will now have an opportunity of buying as fine goods as in the large cities. We pay the freight to any city in the United States on purchases amounting to \$20.00 or more.

## HESTON'S,

26 South Main Street.

## A GREAT CROWD COMING

### THE ANNUAL MEETING OF THE A. P. A. HERE

Five Hundred Pharmacists and Friends From All Parts of the Union Expected Here The First Week In September.

Do the people of Asheville realize that during the first week of September 500 of the leading druggists, physicians and chemists from all parts of the United States will be in the city?

"Certainly they do not," says Secretary Rogers of the Citizens' Entertainment Committee, "else the apparent apathy, so far as interest in this event is concerned, would not be. Every one should be interested in the occasion of the 42nd annual convention of the American Pharmaceutical Association to be held at the Battery Park hotel September 3 to 8, inclusive. It means that we will have brought here into this glorious mountain atmosphere, into this unusual climate which has no equal upon the face of the earth, hundreds of those who are thrown directly among that class of health and pleasure seekers who, once having Asheville brought to their notice and realizing its advantages and benefits as a resort, will surely make it an objective point. And is such an opportunity as this to be neglected? No! Let every one come up and take a hand in dispensing the hospitality of the 'Old North State' and of the 'Queen City of the Mountains,' that our visitors may leave us with hearts overflowing with thanks and their lips the words of the immortal Lee: 'God bless old North Carolina.' For this is a State as much as a local affair. At the last meeting of the A. P. A. held in Chicago, Hot Springs, Ark., and Montreal, Canada, made strong bids for this year's convention. Hot Springs was in the lead—in fact, it had almost been decided to hold the convention of '94 in that city. But patriotic sons of North Carolina were there and how it happened they themselves can best tell you when you meet them here next month, the convention was wrested from Hot Springs and given to North Carolina—and North Carolina, when a convention is to be held, means Asheville."

Capt. Whiteford G. Smith, the only member of the A. P. A. in this city, is appointed local secretary. Early in the summer a citizens' committee, with Mayor Patton as chairman and Nat. S. Rogers as secretary, was organized and preparations for the entertainment of the convention have been actively engaged in. The week's entertainment provided for comprises an informal reception at the Battery Park hotel; an entertainment tendered by Polk Miller of Richmond, Va., famous in his impressions of the "Plantation Darkey," assisted by local talent; a carriage drive to Vanderbilt's, Kenilworth, the Swan and Henrichel; and a reception by special train to Hot Springs, where a lunch will be served and some complimentary reception tendered the visitors by Lyman Rhoades, proprietor of Kenilworth Inn.

Is this not a program which will please the visitors and make their hour of departure one of regret? The committee has thoroughly advertised the convention in every state of the union. New England will send 200 delegates by special train from Boston, North and South Carolina will send us many more. Arrangements have been made for 500, but it now looks as if the accommodations will be inadequate if reports as to the number intending to come are true. One thing is certain, and that is that Asheville never failed to take care of every one who came within her gates and to send them on their way rejoicing with a heart full of pleasant recollections of the "Land of the Sky."

## AN OBJECT LESSON.

### Dr. Christ's Illustration Talk at Central Church.

The rules of the Methodist church require that each pastor shall set apart some or more Sundays in every year for special services for the children of his congregation. Yesterday was children's day at Central M. E. church, South, and the multitude was packed to hear Pastor Christ's sermon.

The discourse was illustrated by the use of a magnet and tacks and nails of various sizes and conditions. The magnet represented Christ, and the small tacks represented the little children. A city of these tacks would adhere to the magnet at one time, which indicated that Christ had a great attraction for the little ones.

The test of the magnet was applied to the various sized nails from the tack to the great twenty penny, and as the nails became larger the fewer of them the magnet would hold. So with mankind; the older and larger people become, the less power Christ had to attract them. At the last came the rusty railroad spike, which had been battered and abused. The magnet could hold only one of these. And then came the little, which represented the infidel, upon which the magnet had no effect whatever. Old and young were apparently alike interested in the discourse.

## SUPERIOR COURT

### Five Divorces Granted Saturday in an Hour.

The divorce case record for a Buncombe court was broken by the Superior court Saturday afternoon when five suits for divorce were heard and decided within less than an hour. Divorce was granted in the following cases: Andrew Anderson vs. Hattie Anderson; E. W. Morgan vs. Annie Morgan; M. M. Owenby vs. Katie Owenby; S. J. Calloway vs. Wm. Calloway; Moses Lord vs. Delia Lord.

The case of the Troy Laundry Machinery company vs. S. Schiffman, resulted in a verdict in favor of the plaintiff to the amount of about \$600 with interest.

In the D. L. Reynolds case a motion to quash the bill on affidavits, was denied and the case was set for hearing Thursday of this week.

The case of the National Bank of Asheville vs. J. S. Bradley, suit on a note, is being heard today.

## Tennessee Republicans.

NASHVILLE, Tenn., Aug. 20.—In regard to the gubernatorial convention of Republicans which begins here tomorrow, the impression seems to be that J. W. Baker of Davidson will be named for Governor.

## THE NATIONAL GAME

### Greenville Here in Play Some and With Possible Success.

The Greenville ball tossers, lean and hungry for a go with the Moonshiners, came in last night. The series opened today. This is the force as given by the Greenville News, and the News is certain enough to say the team will take a large majority of the games played here: "Behne, Cain, Ramsey, pitchers; Gibson, catcher; Morgan, first and third base; Conledge, second; Heers, short; McDavid, right field; Craig, center and first base; Sullivan, left field. This is a world beating aggregation."

Knoxville is a great town. Everybody knows that. She is away ahead of most towns when it comes to rules and regulations to keep mankind straight and protect the peace and dignity of the borough. One afternoon while the Asheville team was there Will Williams and the remainder of the players were in front of the Schubert waiting for a car. To relieve the oppressiveness of the dullness "Billy" whaled away the time by tossing the ball. But such things cannot always be and by and by a burly policeman (all policemen in Knoxville are doubtless burly) came up and placed Williams under arrest for ball tossing on a public street, fornicating the statute. The big player went with the officer to police headquarters, where "Jack" Atkins, the big-hearted chief of police, who has a warm feeling for Asheville people, interested himself in the case, with the result that Williams was allowed to go with the injunction that the law against throwing balls in the street was very strict and he must not do so any more. The Sentinel says there was a cheer from the crowd as Chief Atkins gave his verdict. As before stated Knoxville is a great town.

The Sentinel says: "Asheville has undoubtedly one of the best teams in the South. Several of the members of the team are college boys, and are in training for the football season. One of them swears a solid gold medal awarding him the first prize in the school of oratory at the University of Virginia. He is Williams, the pitcher, arrested Thursday for tossing a baseball in front of the New Schubert hotel. Another member of the team is an ordained minister, but believes that football and baseball are the best educators next to the pulpit."

Metz went to Knoxville to play pure ball, as he says to get over some errors he made here recently. He accepted everything and came through errorless. Crawley, of the defunct Spartans, came up Saturday night to see this week's games.

Pleas McClung returned from Knoxville this afternoon. He was accompanied by "Dead" McClung, who pitched here last year for Knoxville.

## COTTON OPERATIVES STRIKE

### 11,000 of Them Ready For a Prolonged Run.

NEW BEDFORD, Mass., Aug. 20.—This morning the cotton operatives inaugurated a general strike and nearly 11,000 are idle. The machinery of but five of 27 mills in the city is in motion, and it is thought these mills will soon be shut down. The manufacturers have nothing to say, but the notices of reduction against which the help rebel are still posted.

Secretary Ross of the Spinners' Union stated this morning that the members of his union have lined up for a long struggle and confidently expect that it will be of six months' duration.

Boston, Aug. 20.—The executive committee of the National Spinners' union met yesterday and decided that the action of the New Bedford spinners in striking was just, as was also that of the Fall River spinners in voting to accept a reduction and support them. It was voted to assess all spinners in the country 50 cents a week for three weeks, and at the end of that time, if a settlement was not reached, to call a convention of male spinners in Boston.

## SHOT HIMSELF.

### A Treasurer Employee Becomes a Suicide.

WASHINGTON, Aug. 20.—Capt. E. N. Nicholson, sup-rintendent of the United States treasury stable, committed suicide here yesterday by shooting himself in the breast. The wound did not cause immediate death and he was taken to the Emergency hospital where he died a few hours later. The deceased was from Indiana, his son, Meredith Nicholson, being an editorial writer on the Washington News. He was a brother-in-law of Capt. Meredith of Chicago, formerly chief of the bureau of printing and engraving. The only cause that can be assigned for the act was dependency.

## NEARLY BURIED ALIVE.

### Narrow Escape of a Victim of Too Great Heat.

MADISONVILLE, Tex., Aug. 20.—At Midway in this county, Mrs. Lucinda Allen was seized with colic, and physicians and nurses after six hours attention pronounced her dead. She was dressed and placed in her coffin, and just as the cortege was about to start to the graveyard a neighbor asked for a last look at her. She thought she discovered signs of animation. The suspected corpse was taken from the coffin, placed in a tub of water and soon revived, thus escaping being buried alive.

## Gov. Alged at Pullman.

SPRINGFIELD, Ill., Aug. 20.—Gov. Alged has received a letter from a committee of Pullman citizens, asking assistance in feeding 1600 families unable to get work there. The Pullman company, it is alleged, is importing men from all over the country to come to Pullman, and turning many old hands out on the street. The Governor will for Chicago west night and will investigate the situation at Pullman today.

## The Tiresome Coxe.

MASSILON, Ohio, Aug. 20.—Coxey announces that the proposed labor day communique dem-nstration in Washington has been abandoned and that the next attack on the capitol will be made in December, when congress reassembles. Prison stripe uniform has been adopted for the "army" and Browne is now wearing it.

## Atlanta's \$200,000 is Now Here.

WASHINGTON, Aug. 20.—The bill appropriating \$200,000 for the Cotton States and International exposition was signed Saturday at Gray Gables.

## CONGRESS NOT ADJOURNED

### BUT THE END IS NOW IN SIGHT.

The Free Bills Come Back From the Financiers Amended—River and Harbor Bill a Law—No Action on Tariff Bill.

WASHINGTON, Aug. 20.—Speaker Crisp returned today from several days' rest at Old Point Comfort, Va. He says there is no program for the week. The House is merely waiting for the President's action on the tariff bill. Adjournment could be had by Wednesday, Crisp says, if the President should act upon the bill.

The only legislative matter pending on which action is hoped for is the alcohol bill now before the Senate, but this appears to be postponed by the Murphy resolution postponing all tariff legislation, and in any event the House would not be likely to defer adjournment for it.

The members of the ways and means committee say they do not think the President will let the tariff bill become a law until the last moment, in order that the custom officers may have all information possible before putting the act into effect. This would give until midnight of Monday next, so that an adjournment could not come until Tuesday.

In the Senate today Harris, from the finance committee, reported back to the Senate, the free sugar bill, amended so as to provide a duty of 40 per cent. flat on \$2000.

The committee did not report back any of the amendments, and several senators who had previously given notice of amendments reserved them. The free coal bill was reported back amended, so as to provide for reciprocal free coal. The iron ore bill was reported back with amendments. The lumber fence wire bill was amended so as to make barbed wire free, the house making free only the material from which it was made. The finance committee decided to report these bills at its meeting this morning by a strict party vote. White, Kentucky, Calhoun, acting with the committee for first time. The bills went to the calendar and can now be called up by a majority vote only.

The Senate agreed that when it adjourns today it will be until Wednesday. In the House this morning less than 50 members were present. There were the usual indications that Congress was on the eve of adjournment.

## IN THE COAL REGION.

### Another Struggle Coming Between Miners and Operators.

PITTSBURG, Pa., Aug. 20.—Trouble some times is in prospect for the coal miners in the Pittsburgh district, and the fall and winter season may witness a repetition of the experiences of last winter. Several night companies show a disposition to repudiate the Columbus, O., agreement. To meet the threatening emergency the miners' national organization has opened a permanent headquarters at Pittsburgh, and national officials will be in constant attendance.

The construction of extensive barracks for the accommodation of the new men now at work at the Turtle Creek mines in the New York and Cleveland Gas Coal company, tend to confirm reports of an aggressive move by that company.

A non-union mine in the vicinity of California on the Monongahela river are idle to account of the Hanchard laborers refusing a reduction in wages. Work on other parts of the district is greatly restricted by reason of a car famine. Discrimination is openly charged against the railroads in the allotment of cars.

## DROWNED IN THE BURE.

### Five of a Crew of Nine are Missing.

COSTA, Wash., Aug. 20.—Saturday morning, while making a landing through the surf at Joe Creek, 15 miles north of Gray's harbor, a whaleboat and crew of nine men in command of Lieutenant Freeman H. Crosby, United States navy, of the United States coast survey steamer McArthur, was capsized and five men are missing: Lieut. Crosby, John Freyer, John Gammis, Wm. Nelson and Alexander Smith.

## Such Devilishness.

LEXINGTON, Ky., Aug. 20.—Some mischief created a switch at Bramton, on the Cincinnati Southern road, six miles south of here Saturday night, and when the midnight Florida special came along it ran through it, demolishing the engine, derailing five coaches and seriously injuring the engineer and fireman, Ed. and John Bradley of Cincinnati. The passengers escaped injury.

## Starting Up Again.

MANCHESTER, N. H., Aug. 18.—The Amoskeag corporation announces today that on Monday, August 27th, all the machinery of the company now idle will be started up with a full complement of help, and the entire plant will run 60 hours a week. Places will be reserved for old employes as long as possible. These mills employ nearly 10,000 persons.

## Rife With The Jingo Spirit.

TOKYO, Japan, Aug. 20.—The international war loan is being subscribed to with great enthusiasm.

Railroad men concede that the passage of the entire Queen & Crescent system into the hands of the Southern Railway Company is a matter of a short time only.

Cars every half hour to Sulphur Springs from postoffice without charge from 8 a. m. to 7 p. m.

## Concerning Cigars.
