The New Patton Ave. Grocery Store.

Is now always rushed, and it is packed and jammed with all the nicest and freshest goods the market affords. Just received a large lot of confectionaries direct from factory at wholesale. Hard work night and day. Careful and polite attention is what makes our store attractive. Prices cut in two in the middle and set on fire at both ends, as I have no one to compete with me. I am doing the funny thing of under selling myself. My tobacco and cigar department is a great attraction, which is complete. No time to mention brands. Come and see 'em. No use going up town. I have what you want. All goods fresh and first class in every respect. No old stale stock. Try my Omega flour. This is the best flour on the market, but I keep all kinds. Also hay, horse and cow feed. In fact everything that man or beast could eat. I keep 1 rectree H. & S. candles direct from factory every week. Drink Kop's Beer, not intoxicating, pure and healthful; substitute for beer, Kop's Extra for stout. Doctors are prescribing it for invalids and weak persons. Goods delivered to any part of the city free. No trouble to show goods.

THE NEWS AT WASHINGTON

THE PRESIDENT WILL NOT SIGN THE TARIFF BILL.

But It Will Become a Law Without His Signature—Some Nice Technical Points, As To Duties Under The Old And The New Tariff Laws

WASHINGTON, Aug. 22.—Chairman Wilson of the ways and means committee will probably make a trip to Europe after the adjournment of Congress. He will remain a week in London, returning to the United States about 20 days after his departure. He said this morning that he felt more fatigued today than he has at any time for two months. It is his purpose to enter the campaign in his district immediately upon his return from Europe. He may speak in other districts, but he does not expect to go outside of the State.

Mr. Wilson was asked today what action the President would take regarding the tariff bill. He replied that he had not seen Mr. Cleveland for some days, but in his opinion, the bill would probably become a law without the executive signature. Should Mr. Wilson's surmise be correct, an adjournment of Congress will not occur before Tuesday next we k. Private Secretary Thurber expects the President to return to the White House on Thursday. He may reach here Thursday morning.

Congress is scheduled to adjourn next week and the President will probably return at once to Gray Gables and spend the month of September there. He will not allow any but the most urgent public business to interfere with his month of vacation and will insist that the privacy of his seashore cottage be respected during that time. Office seekers and people with any sort of axes to grind will be expected to keep away from Buzzard's Bay and save their energies for fall campaigns at the White House, to which the President's family will return the second week of October.

Imported goods now in bonded warehouses and placed on the free list by the new tariff bill, are to be assessed at the rates prescribed by the McKinley law, while goods in the bonded warehouses on which the duty is lessened by the Senate bills but are not placed on the free list are to have the lower rates. This seemingly inconsistent construction of the tariff bill has been made at the treasury department as the result of conversations between Secretary Carlisle and the attorney general. The bill provides that goods imported under the McKinley law and placed in bonded warehouses may be withdrawn for consumption at the lower rates of the Senate measure. The benefit thus conferred was undoubtedly intended to apply to the free list, but fortunately for the importers a direct provision of that character is not in the bill. The intent of Congress, in the matter, is so plain that it is expected the courts would construe the benefits of the tariff bill to apply to the importer, but the treasury department is anxious to avoid legal complications.

GAVE NEGROES SEATS

And the Lilly Whites Got up and Left.

NASHVILLE, TENN., August 23.—After an all night session of row and wrangle over the color line question, raised in the Davidson county delegation, the Republican State convention at 4 o'clock this morning decided in favor of seating negroes. The Lilly Whites, as they have been denominated, were in high dudgeon when the vote unseating them was announced.

"Are we to understand by this that white Republicans of Davidson county are to be disfranchised?" howled Col. Elijah Ashcroft, standing in his seat. "It means that you are to leave the floor of the convention," replied the speaker.

The Lilly Whites then filed out under derisive jeers. On passing through the doors one of them turned and, shaking his fist behind, said: "Yes, and we will 'v' e 'g' just you no more."

The convention then adjourned until 10 o'clock this morning without having effected permanent organization.

PHOSPHATE AND RIFLES.

Cargo of a British Vessel For Route to Japan.

NEW YORK, Aug. 23.—The British steamer ship Cain, Captain Mathias, which arrived here from Charleston with phosphate for Japan will also carry a large consignment of arms and ammunition. The vessel is to sail about September 4. Her agents in this city refused to say who were the shippers of eight tons of cartridges and fifty tons of rifles which have been accepted for shipment to Yokohama. As the vessel has a capacity of 3,000 tons and is only loaded with 1,000 tons of phosphate, it is expected that the remainder of her cargo will be made up of arms and ammunition. The Cain flies the British flag, so that it is not expected she will have any difficulty in reaching her destination.

CORBETT-JACKSON.

The Howards May Yet Get Together.

SIoux CITY, Ia., Aug. 23.—Corbett's manager, William A. Brady, has telegraphed his acceptance of the Sioux City Athletic club's \$25,000 offer for the Corbett-Jackson fight. Jackson accepted if training expenses were guaranteed him, provided the fight did not take place. The guarantee was made. The club is composed of 40 of the leading business and professional men who have jointly signed a note for the \$25,000 to be taken up and the cash deposited with the articles when signed.

Double Daily Service.

A correspondent of the Raleigh News and Observer who seems to know what he is talking about, writes that paper: "It is perhaps a little unfortunate that the Western road from Salisbury runs only one train each day. This transportation does not begin to accommodate the traveling public that we are told that very soon the Southern railway will run its through trains to the great West over the Western North Carolina and the East Tennessee, Virginia and Georgia railroads, which will give a double daily service each way."

BASEBALL AT ALLANDALE:

Asheville Takes the Second Game From Greenville.

The Greenville ball players were made monkeys in yesterday's game. They put up Bamberg to pitch, and when he was batted out of the box Cain went in and the Asheville's kept right on pounding him. The visitors could not find Captain Lanier worth a cent, and but for a juggle by Robertson at third and a lucky two-bagger by Powell they would have been goose-egged all the way through.

Green led off the first inning with a hit to right, and scored before the side retired. In the second Metz smashed one into left field that was good for three bags. Robertson got a hit and Williams had three strikes called on him. Gibson dropped the ball and Williams started to first. The best catcher threw wild to Morgan and Williams got as far as third. The third inning was a blank, although the visitors got two men on bases by hits. Metz opened the fireworks in the fourth by saing on a muff by Sullivan. Robertson and Oldham hit for two bases each and Young a single, so that four runners were scored. For Greenville, Powell made first on Robertson's error, but a minute later he was wiped off the slate on a double play by Stanley, Metz and Green on Morgan's hit.

In the fifth Bamberg and Cain exchanged positions, and Bamberg, at once showed the improvement by hitting two very difficult flies. There was nothing to speak of until the seventh, when Stanley rapped a triple to right and had the whole thing spoiled by being called out for cutting second. Lanier doubled and Metz got a safe around the pair and scored on a passed ball. The eighth was a good one for hitting, Green and Young singling and Stephens and Stanley taking doubles, making three earned runs. Poor coaching lost a runner here. Lanier flew out to Cain, and Stanley, supposing it would be the third out, ran home. But it was only the second, and Stanley went out for running on a fly.

Beiers, Powell and Morgan worked a double on Metz and Robertson in the ninth. The visitors came to bat for the last time and Cain went down on Robertson's error, but was chopped off on Gibson's hit. Powell, who is from Spartanburg, hit hard into left and Gibson should have scored, but was afraid to take the risk. Morgan hit one to Robertson, who fumbled it to Gibson. The score, the score winding up 12 to 1. It was another one of "Babe's heady games, and it was clear the visitors were outclassed when the game opened. The score:

CORN IS HIGH

Selling at The Rate of \$100 Per Bushel Down The Road.

BLACK MOUNTAIN, N. C., Aug. 23.—Our little town is lively now. Mr. Sprague, proprietor of Mt. Mitchell hotel, has about 75 guests at present. Mr. Sprague is a thorough gentleman and knows how to run a hotel successfully.

The corn crop in this section is good, and should the price remain at the figures it is now bringing the farmers will have no trouble in realizing good profits from their year's labor.

A few days ago a party of eight young men and a corresponding number of young ladies who had been traveling over Western North Carolina in wagons and hacks, viewing the beauties of our mountain country, stopped at Black Mountain to cook dinner. Pretty soon a man (I will not say gentleman) swore out a warrant for the entire party, charging them with stealing corn. Upon investigation by the managers and older members of the party, it was found that some small boys in the party had taken a few ears of corn from his field. Now, anyone who has ever been a boy does not need to have this explained. The boys, of course, took the corn with no criminal intention. But the owner of the corn was out by money and forced the parties to pay him at the rate of \$100 per bushel for the corn.

ON A SLOW TRACK.

Wonderful Performance of a New Trotter.

CHICAGO, Aug. 22.—Alix, Monroe Salisbury's wonderful little mare, created a sensation at Washington Park yesterday afternoon by turning the track in 2:05 1/4 in an attempt to beat the record for the course, 2:06 1/4, made by Nancy Hawks in 1892. The consensus of opinion among well known horsemen after the race was that the performance was the greatest ever accomplished by a trotter, as the track was fully two seconds slow and the day hardly well adapted for record smashing.

New York Populists

NEW YORK, Aug. 23.—The Populists of the city of New York have determined to nominate their own city and county ticket and have asked organized labor to enter the field of politics and unite forces under their standard. The Populists of the State will also hold a convention and put a State ticket in the field. The State convention has been called to meet in Saratoga, September 11th.

TO GUDGER FROM RANSON

A \$2,400 PLACE IN THE DEPARTMENT OF JUSTICE.

Mr. Gudger Will Remain in Asheville Except When the Duties of His New Work Call Him Away to Investigate Cases for the Government.

WASHINGTON, Aug. 22.—[Special.]—Hon. H. A. Gudger of Asheville arrived in the city this morning and is stopping at the Metropolitan hotel.

It is understood here that Senator Ransom, on his own motion and without consultation with Mr. Gudger, has secured and tendered him a position in the Department of Justice, at a salary of \$2,400 per year and expenses.

The duties of the position are in the line of Mr. Gudger's profession, being the investigation of cases in which the government is interested in various parts of the country.

Mr. Gudger's headquarters will be in Asheville.

ALAN, POOR COXEY.

Not Wanted Even By the Indiana Populists.

INDIANAPOLIS, Ind., Aug. 22.—The Populists have renounced affiliation with "General" J. S. Coxe. Some leaders of the party here have the impression that Coxe is running a kind of side show in connection with the People's party. He charged the other day at Verdersburg the well for his speech at Verdersburg the other day, and now it is announced that he will speak to the people of DeKalb county "at ten cents a head." Members of the party who have been investigating his methods have recommended that he be not employed by the State committee to make speeches.

THE CHOLERA.

Army Surgeons Stopped Quarantine Against Russia.

ST. PETERSBURG, Aug. 22.—The czar has countermanded orders for a holiday of army maneuvers at Smolensk, owing to the prevalence of cholera in that vicinity.

BERLIN, Aug. 22.—The imperial health commission has been notified of five new cases of cholera at Danzing. The disease has made its appearance at Kattowitz in Prussian Silesia, and the governor of that district has ordered that strict quarantine be established along the Russian frontier.

The Suffring at Pullman

CHICAGO, Aug. 22.—Governor Adgeld this morning sent a letter to George M. Pullman, in which he outlined the desperate condition of affairs among the strikers at Pullman and invited Mr. Pullman to help devise means of relief for the 1,000 starving families in his town. As yet the governor has received no reply from Mr. Pullman. The Pullman relief committee was informed by the governor that immediate aid was at hand for the sufferers but he declined to name its source.

In For a Long Strike.

NEW BEDFORD, Mass., Aug. 23.—The great strike of the textile operatives has developed into a period of dogged and determined activity on both sides and there are no new developments of interest. As yet the governor has received no reply from Mr. Pullman. The Pullman relief committee was informed by the governor that immediate aid was at hand for the sufferers but he declined to name its source.

Railway Rate War Ended.

WACO, TEXAS, Aug. 22.—The rate war between the railroads out of this place to St. Louis and Washington is at an end. By the cut made, the purchaser of an excursion ticket to Washington could, at St. Louis, get a rebate, but there was no stipulation as to his return, and his fare back to Waco would cost him nearly as much as the original ticket.

The King of Corea Heard From

LONDON, Aug. 22.—A dispatch states that the King of Corea has declared himself independent of the Chinese government, and has appealed to Japan for assistance to expel the Chinese from the country.

Mayor Callahan Guilty.

NEW ORLEANS, Aug. 22.—The jury in the case of Mayor Callahan brought in a verdict of guilty this morning.
