## CONGRESS QUITS TUESDAY

THE SENATE AND HOUSE AGREE TO THAT.

There are to be no more speeches in the Senate, and not much remains for the House to do.

WASHINGTON, Aug. 24.—A resolution for final adjournment next Thursday, the 28th, at 2 o'clock, has been adopted by the House.

The Senators have reached an agreement about procedure in the Senate. Harris, representing the Democratic side, and Manderson representing the Republicans, had an understanding before the Senate met today. The Senate went immediately into executive session on assembling, to clear up all nominations possible. Some of the contested nominations will go over, which is equivalent to rejection as a reappointment is required if the President desires to retain the candidate in office. After the executive calendar is cleared up the Senate will consider bills to which there is objection, but no other business will be taken up. The agreement also means that no speeches are to be made and this is one of the points that the Republicans have been contending for. The bill to amend the alcohol schedule of the tariff bill will not be considered.

The Senate has adopted the House resolution providing for adjournment sine die Tuesday at 2 o'clock.

At 12:05 p. m., after remaining in executive session over one hour, the Senate adjourned until Monday.

Immediately after the reading of the journal in the House, Catchings, from the Committee on Rules, offered a joint resolution for a sine die adjournment next Tuesday at 2 o'clock. Adopted without division.

Catchings then moved that when the House adjourned it be to meet Monday next. Loud resisted the motion, making the point of no quorum on a rising vote which resulted 75 to 149. He subsequently withdrew the point, however, and the motion was agreed to. The House then adjourned until Monday.

## HIGH HANDED PROCEEDINGS

A Nicaraguan Minister Orders Americans Under Arrest.

BLUEFIELDS, Nicaragua, Aug. 17.—The greater part of the Nicaraguan troops were to sail at 7 o'clock in the evening of the 16th on the Yula, a snatching steamer, and Minister Madrid decided to send with them those persons whom he thought were guilty of firing on the Nicaraguan flag. Accordingly he arrested Consul Hatch, the British representative, a Mr. Lampton, Harry Brown, an Englishman captain; G. B. Willbanks, the American who accepted the position of judge under the Mosquito government, and several Mosquito creoles. A note was immediately sent to the English cruiser and the news spread along the foreign quarter.

United States Consul Sent was notified and he called on Madrid. The latter said those persons were going to the interior to stand trial. He could not get evidence to convict them now, but he was sure they were implicated. Consul Sent then sent dispatches to Columbia and at 2:30 o'clock a tug was steaming towards the bluff.

What the charges are Madrid does not say. He has not even informed the American or English consuls. The latter, it is believed, is charged with having incited the Jamaicans to riot and bloodshed. The owners of the Yula when told of the arrest, stated that their boat should not leave and that the only transport which could stand the sea is taken from them. The commander of the Columbia is expected before nightfall and the English commander also. The American population is greatly excited, and were it not that they have confidence in their country's agents, the bullet-riddled buildings would suffer another attack.

## TOO MUCH TALK.

More Addresses on the Fourth's Resources.

WASHINGTON, Aug. 24.—A practical attempt to develop the resources of the South will be initiated in Washington on next Thursday. Its basis is a convention of Southern business men which will begin on that day, and which is supplemental to a meeting of the Governors of Southern States in Richmond last year. Several of the executives who attended that meeting will be present at the convention, and scores of the most prominent men will lead their co-operation to make the affair a success.

The programme will include addresses on the necessity for a public building in Washington for a permanent exhibit of the resources of all States, consideration of the resources of the southern forests and mines; the agricultural resources of the South; transportation facilities; immigration, trade and manufactures and good roads.

Senator Patrick Walsh, Gov. Elias Carr of North Carolina, Inter-State Commerce Commissioner Clements and other prominent southerners will deliver addresses.

## RODE ROUGH WOOD.

Women and Children Knocked Down by a U. S. Officer.

MERIDIAN, Miss., Aug. 24.—Fully 10,000 persons assembled at the encampment grounds yesterday afternoon to witness a sham battle by the State National guards. Several serious accidents occurred, caused, it is said, by the recklessness of Capt. R. K. Stevens of the United States army. This officer, mounted, endeavored to rush the crowd of spectators back by riding at full speed over them. Women and children were knocked down and trampled upon by his horse. Efforts were made to dismount him, but he succeeded in escaping. Orders were issued by the city authorities to arrest him at once, and he will be made to answer for reckless riding.

## Put Up For Sacrifice.

WINSTON, N. C., Aug. 24.—The Republicans of the Eighth Congressional district met at Wilkesboro and nominated R. Z. Lincey of Alexander county for Congress.

## THIS IS FOUR STRAIGHT.

Asheville Takes Another From The Low Country Boys.

The smallest attendance of the season witnessed a very close game between Asheville and Greenville at Allendale yesterday. The feature of the game was the heavy hitting of both teams, that by Powell and Stanley especially.

When the game was called at 4:30 by Umpire Wightman, Young flew out to Craig, Stephens to Beiers and Green went out from Beiers to Powell. For Greenville Powell got a two base hit and Gibson a home run over left fence. Cain went out from Lanier to Green, Morgan struck once center and Young happened to be there. Beiers struck out.

In the second Oldham got a hit as did also Stanley and Metz, the latter being a two bagger. Oldham and Stanley scored. Lanier flew out to Sullivan, Robertson went out from Coppedge to Powell and Williams struck out. In the visitors' half Craig struck out. McDavid got base on balls, but was put out at second from Lanier to Metz. Sullivan went out from Robertson to Green.

Young was out in the third, by being hit by a batted ball. Stephens flew out to Coppedge and Green went out from Morgan to Powell. Powell, Cain and Gibson got hits and Cain scored, Gibson being caught on second and Powell ditto on third. Morgan flew out to Stephens.

The first three men went out in the fourth. Greenville did likewise, Craig, McDavid and Coppedge going out in one, two, three order. In the fifth Robertson got a hit, stole second and scored on Stephens' hit. Williams struck out. Young knocked a foul fly to Gibson, and Green went out at first. Powell got another hit, but was caught at second on Cain's hit. Sullivan flew out to Stephens. Cain got a hit, stole second and then stole third, but couldn't score. Gibson flew out to Young.

Oldham in the sixth got first on Coppedge's error. Stanley got a hit, stole second and he and Oldham scored on a hit made by Lanier. Metz then made a hit on which Lanier scored, but he was caught at third. Craig crashed at Robertson's fly and McDavid did likewise for Stephens. For Greenville Beiers got a three-base hit and scored on a hit by Craig, who was put out at second. Morgan went out from Robertson to Green. McDavid was caught trying to steal second.

Only three men batted for each team in the seventh. Green went out from Cain to Powell, Oldham out from Beiers to Powell and Stanley struck out. Coppedge flew out to Young, Sullivan struck out and Powell out for no running. In the eighth Lanier knocked a hot one to short stop who couldn't get it and made first. Metz got first on Morgan's error, Robertson did the same on Beiers error but was caught at home plate, before which Lanier and Metz scored. Young got first on an error and scored on Stephens' hit. Williams struck out and Green went out to Craig. The first three up for Greenville went down Cain going out from Robertson to Green. "Sly" caught Gibson's foul fly and Morgan struck out.

Asheville got nothing in the ninth, but Greenville did and four of them at that. Oldham went out to Cain, Stanley to Coppedge and Lanier from Beiers to Powell. For Greenville Beiers and Craig got hits and scored on a hit by Coppedge. McDavid got first on an error and also scored. Powell made still another. Coppedge went out at third, Sullivan flew out to Young. In this inning a ball knocked to Stephens was thrown to Stanley who threw it to Oldham. It then went to Metz and from him to Green who threw it to Robertson and finally succeeded in putting Cain out at third, and thus closed the game, Asheville 9, Greenville 8.

## Base Ball Notes

Young made a fine catch of Gibson's fly to center.

Greenville plays here today and again tomorrow.

Stanley got four hits out of five times at the bat yesterday.

"Sly" Robertson had his eye open yesterday and took everything that came his way.

Augusta will cross bats with Asheville at Allendale in a series of games beginning next Monday.

Powell, the slugger from Greenville, got base hits the first three times at the bat yesterday.

"Dead" McClung and Jack Green will be in the box for Asheville today, with Oldham behind the bat.

Knoxville will be here the latter part of next week with a brand new team and expects to play ball.

## ARMOR PLATE FRAUDS

THE CARNEGIE COMPANY SCORED.

Both it and The United States Government Blamed For Allowing Inferior Material To Get Into Our Battle Ships.

WASHINGTON, Aug. 24.—The special committee of the House which has been investigating the charges affecting the reliability of the material for the new ships furnished by the Carnegie company of Pittsburgh, has laid their report before the House. The report criticises severely both the United States and the contractors. The inspectors, it says, were not corrupt, but the work of inspection was negligent and defective. The inspectors assumed that the company was watching its superintendents and employees. The company on the other hand, relied upon the inspectors, asking in this connection "what they were there for?"

The inspectors were on duty eight hours a day. Their inspection covered only forty-eight out of 168 hours a week. The frauds are characterized by the committee as crimes, for which no fine or money compensation can adequately atone. The committee did not feel the necessity of drafting a criminal statute, but the interest of the treasury, the lives of seamen and the safety of the nation demands that such acts shall be severely punished in all persons connected with them. "The efforts of the company and its superintendents, chief clerks and stewards," the report concludes, "have been to satisfy the committee that the armor plate is up to the requirements of the contract, notwithstanding the false reports to inspectors, doctoring of specimens, plugging of plates, etc." The unblushing character of the frauds to which these men have been parties, and the disregard of truth and honesty which they have shown before the committee, render them unworthy of credence.

## HEX DON'T AGREE.

Jury Locked Up For Two and a Half Days.

Passers by on North Court Place have become familiar with a number of faces hanging out of the south windows of the jury room on the second floor of the court house. The faces, which are beginning to wear a tired, bored expression, are those of a jury that was at one time chosen for the case of the Asheville Tobacco and Improvement company vs. W. C. Sprinkle, and who have been hung up for two and a half days. They are likely to remain locked up until, until the end of this session of court if they do not agree before that time. The following persons comprise the jury: T. D. Brittain, T. J. Pattillo, J. E. Penland, jr., P. M. Lovin, E. C. Morgan, H. R. Cook, W. H. Jump, G. W. Jones, John M. Davidson, W. H. Weaver, John W. Clark, C. F. Boyd.
