ANOTHER FACTORY.

Skyland Furniture Company Be-The Skyland Furniture company, a

new organization for the purpose of carrying on the business indicated by its name, has begun operations in Asheviile. The company was recently incorporated, with a capital stock of \$32,000, and the privilege of increasing to \$100,000. Its officers are J. P. Sawyer, president; Lewis Maddux, vice-president; W. W. Barnard, secretary and treasurer.

The Skyland company succeeds the company; at least, using the splendid plant formerly in use by the latter com pany. At present the number of men at work is not large, but as the lumber sup-ply is increased the force is to be in-creased until at least 50 men are em-ployed. All classes of furniture, desks, te., are to be manufactured.
H. E. Clements, an experienced man,

s the superintendent of the factory.

The capital stock of the company is poid up, and the business is in the hands of well known Asheville men. There are many reasons why Asheville should be many reasons why Assevine should be a good point for furniture manufactur-ing, and it is expected that the Skyland company will demonstrate the fact in the near future.

Morgan, the man who sent the telegramroast, told Treasurer Bouis Saturday that Greenville had not had fairer umpiring this season than she had on this trip. People who have no interests to subserve by warping a story will say that the decisions of Umpires Wightman and Packard were all right. Mr. Packard has umpired many games here and his fairness was known by all patrons. Mr. Wightman is an umpire of the Arkansas State League, hailing from Little Rock, and his work was very satisfactory to all but Greenville.
