CONGRESS HAS ADJOURNED

AND THE TARIFF BILL IS NOW A LAW.

Great Pressure Brought To Bear On The President, But He Remained Firm To The Last—Ransom's Visit To Grover.

WASHINGTON, Aug. 28.—The new tariff law became operative today and all imports will now be subject to its provisions. There was more or less doubt up to a late hour yesterday as to just what action the President would take upon the bill, but his letter of yesterday's date to Representative Catchings authoritatively settled the matter, and the letter, which addressed to an individual, was virtually a message to the people, in which the President very clearly defines his views, and replies to some of the strongest arguments presented to him by his opponents during the past 10 days.

Up to the last minute great pressure was upon the President to induce him to affix his signature to the measure. The future of the party, the necessity of a division of the responsibility, and the possible immediate effect upon the pending campaign were all urged upon Mr. Cleveland with great persistence. Even the Democrats who have stood by the President through thick and thin were disposed to question the wisdom of his refusing to sign his name to the measure, but he added their appeals, but in vain.

Today the galleries of the House were packed to overflowing with visiting Pythians and their families drawn hither to witness the closing scene of the session. The attendance on the floor was very light, however, as the great majority of the members had already gone to their homes. The resignation of Representative Oates, recently elected Governor of Alabama, to take effect December 30, was laid before the House. In accordance with the usual custom, Wilson, West Virginia, offered a resolution, which was adopted without division, for appointment of a committee of three members of the House to meet a similar committee of the Senate and wait on the President and inform him that Congress was ready to adjourn and ascertain if he had any further communication to make. The speaker appointed Wilson, Holman and Hepburn.

Richardson called up the resolution reported by him yesterday providing for the printing of 60,000 copies of the tariff bill with comparisons of rates in similar previous laws. The vote on the passage of the resolution was 71 to 3. Johnson, Ohio, made the point of no quorum. There was no prospect of a quorum appearing and the House took a recess until 1:45 when Mr. Richardson withdrew his resolution and stated that members could get copies of the publication at the government printing office at 10 cents apiece.

The committee appointed to wait on the President was announced, and Mr. Wilson reported that the duty devolved upon him and his associates had been discharged. "And we are charged by him," Wilson continued, "in response to say that the President has no further communication to make. He congratulates the Congress upon the successful conclusion of its business, and to each member individually he wishes a prosperous vacation."

At 2 p. m. the House adjourned sine die. An immense crowd gathered in the Senate galleries before the hour of noon today, eager to witness the closing scene of the session. Senators on the floor were few and far between. After the reading of yesterday's journal a resolution was offered by Ransom and agreed to for the appointment of two Senators to join a like committee on the part of the Senate to wait upon the President and inform him that, unless he may have some further communication to make, the two houses were now ready to adjourn. Ransom and Marsden were appointed on the part of the Senate.

At 12:17 the Senate took a recess until 12:45. The session was resumed at 12:45. A message was received from the House reciting among other matters the death of Representative Shaw of Wisconsin. The usual resolutions were agreed and a committee was appointed to attend the funeral. At 12:55 another recess was taken until 1:30.

After recess was closed a report was made by the Senators who had been appointed to wait upon the President and who informed the Senate that the positive reply was that he had no further communication to make to Congress.

Then a resolution was offered by Mr. Quay, unanimously adopted, tendering the thanks of the Senate to Vice President Stevenson for the ability, dignity, courtesy and impartiality with which he had presided over its deliberations; and a resolution, similar, worded in laudation of Senator Harris, President of the Senate pro tem, was offered by Mr. Mansson and was adopted with the same unanimity.

A third and final recess was taken till 1:50 when the Vice-President formally closed the session of the Senate.

WAITING ON THE MARKET.

Crowds of Idle Men on The Fall River Streets.

FALL RIVER, MASS., Aug. 28.—Today the streets of the city were filled with large crowds of idle operatives, discussing the action of the carders' and spinners' unions last night in voting to forego all benefits pending a settlement of the present troubles. The impression is abroad in town that the spinners and carders are preserving their funds to make a fight with when the four weeks vacation is at an end and the course of the manufacturers' association will be made known. As matters now stand there is nothing to be done but await developments in the market.

Royalty Fired On.

GENEVA, Aug. 28.—Fire started in a building near the hotel Victoria at St. Moritz this morning and spread so rapidly as to create a panic among the guests at the hotel, which included the Duchess of York, the Duchess of Teck and the Duke of Aosta. All of the guests either left the hotel or got ready to leave in the event of the building taking fire. Several buildings were destroyed.

THAT WAYNESVILLE GAME

Lanier and McClung in It—Local Baseball Gossip.

McGinnis came over from Waynesville yesterday with a thrilling account of the ball game Saturday between the Springs nine and the Waynesville team, in which Captain Lanier and Pleas McClung officiated as the battery for the Springs boys. This team won by the score of 10 to 4. For four innings "Bebe" struck out every man to the bat, pitching only nine balls each inning. His total number of strike outs was 20. Of the 10 runs, Lanier made four and McClung four. It was a memorable game. It is said that McGinnis and Fitzgerald were picked out as Stephens and Oldham, and there was a great flutter in baseball circles.

The Greenville boys are playing this week with the Harmony Grove, Ga., team, which has a one-armed pitcher. To the disappointment of baseball patrons, the Augusta, Ga., team has failed to appear, nor has it replied to an inquiry by telegram sent yesterday morning. The team's conduct is extraordinary, as the Asheville boys were assured they were a specially nice lot of fellows.

Knoxville comes up tomorrow, Wednesday, for three games, the 29th, 30th and 31st, which, it is hoped, will not be three drubbings for Asheville after having made so good a record up to this time (about 46 victories out of 60 games). The Tennesseans, however, are strong, playing besides the best men on the team lately here, Smith, late of the Memphis league; Alexander, late of the Lexington, Ky., team; Jobe, late of Richmond, Crawley, and perhaps Leiby. The Moonshiners may be relied on to give them the very best there is in the "band" and don't allow it to escape your memory."

Jack Green and Jim Young went hat shooting yesterday. What they got wouldn't make a long story. Metz, the boy who plays second to the top notch, has an offer to play next season with the Houston team of the Texas State league. He will probably sign.

THE A. P. A.

A Great Convention To Be Held Here Next Week.

The Chicago delegation to the convention of the American Pharmaceutical association, which is to be held in Asheville next week, will leave the Chicago depot, Illinois Central, at 9 a. m. Saturday, Sept. 1, via the Big Four route for Cincinnati, arriving there in time for the evening train of the Queen and Crescent, which is due at Asheville Sunday afternoon at 2. En route they will be joined at Indianapolis by the delegations from St. Louis, Peoria, and at Cincinnati the train will be a special for Asheville.

The August number of the Boston New England Druggist has a great deal of matter concerning the A. P. A. convention. The Druggist's excursion will leave Providence depot, Boston, Friday afternoon, August 31, arriving here Sunday afternoon. The cost of the round trip will be \$70. The Druggist also has a picture of the Battery Park, which will be convenient to members, program of the body's work and the various forms of entertainment devised for the delegates. The R. D. "Land of the Sky" matter is included in the Druggist's pages.

The meeting of the druggists will be one of the most important ever held here, and will doubtless be the largest in point of attendance. It will be a meeting of great benefit to Asheville and one of unparalleled enjoyment to the delegates.

The North Carolina Pharmaceutical association will hold its annual session here Monday. This convention will be preceded by a meeting on Saturday of the State Board of Pharmacy, for the examination of applicants for license as pharmacists. The board is composed of E. V. Zoller, president; Wm. Simpson, secretary; O. M. Rostyer, W. H. Wearn, P. W. Vaughan.

Handsome programs for the national convention are being prepared in the job rooms of the Randolph-Kerr Printing company.

REVENUE NOTES.

The New Whiskey Tax—Be Careful About Your "Deck"

A telegram received by Collector Carter last night from Commissioner Miller indicated plainly that the tariff bill would become a law at last midnight.

The telegram gave instructions that beginning today the \$1.10 tax on spirits should be collected instead of the old 90 cents tax.

This morning a customer entered Cashier Brenizer's office in the government building and called for stamps for about 500 gallons of spirits. "Are you prepared to pay \$110?" Mr. Brenizer asked. "W-h-a-t?" the customer, "has the new tax gone into effect?" And then Mr. Brenizer informed him that 90 cents had died at midnight and \$1.10 was born at the same time.

Circulars are being prepared to be sent out from the revenue office giving instructions as to the collection of the 2-cent tax on playing cards. Stamps have been ordered, Chief Clerk Rogers says, and as soon as these are received every pack of cards in the district must be stamped. Dealers selling these un-stamped cards are liable to a \$50 fine.

A LEVEE CAVES IN.

Had It Happened Earlier There Would Have Been a Tragedy.

NEW ORLEANS, La., Aug. 28.—Late last night the levee at the head of Paul street caved into the river for a distance of about 250 feet. The levee has for years stood apparently firm and sound and was regarded by the levee board as one of the most substantial that protected the city from inundation. There had been a large crowd at the very spot early in the day to see a balloon ascension, and had the caving occurred six hours earlier there would probably have been a heavy loss of life.

CUT TO PIECES.

A French "Fortie Par y Killed in Africa By Natives.

PARIS, Aug. 28.—According to a report received here at noon the French garrison at Timbuctoo, Africa, after three days of desperate fighting with the Tauraga and other hostile tribes which have been investing that city for a long time, made a sortie. The beleaguering forces were overwhelmed in number, and fell upon the sortie party, fairly annihilating it.

GREAT PYTHIAN PARADE

THE PRESIDENT REVIEWS THE KNIGHTS.

Tremendous Crowds on Principal Avenues of Washington—The Supreme Lodge in Session—Capital Crowded.

WASHINGTON, Aug. 28.—This was the day of the great Pythian parade and the Knights were up early this morning over in Camp Washington, giving an extra polish to their arms and accoutrements. Any doubt that the President would review the parade was dispelled by the erection of a small stand in front of the White House under the direction of Col. John M. Wilson, U. S. A.

People from the near-by country districts came into town in droves to witness the parade and swelled the throngs on Pennsylvania avenue and the other principal thoroughfares. The crowd was out early and enjoyed itself at a rate that gave excellent prospects of an epidemic of "that tired feeling" before the starting of the procession which was set for four o'clock this afternoon. The Supreme Lodge began its session this morning at 10 o'clock at the Builders' Exchange. It has very important business to transact, and sessions will be held every day during the encampment, which will end Saturday with the award of prizes to the winners of the prize drills.

The capitol was crowded all day with thousands of visitors and the closing sessions of the Senate and House were witnessed with packed galleries.

PEARSON AT MARSHALL.

Colloquing With Jeter Pritchard—A Curiosity.

MARSHALL, N. C., Aug. 24.—Our little town is crowded with delegates for the convention, among them Will Bailey, John McElroy and Tom Murray of Mars Hill. Dr. James K. Hardwick went to Sandy Bottom Saturday on professional business. Mrs. Moody and Miss Moody of Greenville, Tenn., are guests at the Wilbur house. Mr. C. W. Tweed went to Asheville Saturday. Mr. Riley Shelton of Laurel is in town.

Mr. Richmond Pearson came in on No. 11 Sunday and will be the guest of J. C. Pritchard while in town.

Miss Nannie West of "Cloverdale" is visiting her aunt Mrs. W. B. Ramsey. Mr. Everett Chaudley, wife and children, who have been visiting relatives here and at Flag Pond, Tenn., for several weeks, returned to their home in Asheville last week. Miss Mary Guider of Ripley, Tenn., was the guest of the Messrs. Hardwick Wednesday. Mrs. J. B. Craigmiles went to Asheville yesterday to attend the funeral of her brother-in-law Capt. Nat Atkinson. Mr. Ed. Keacok of Washington, D. C., is here visiting his sister Mrs. Frank Roberts.

Dr. Durham of Raleigh preached an excellent sermon at the court house Saturday evening from the subject, "The Word of God." He is an intelligent and polished gentleman.

Marshall was well represented at Turkey creek campmeeting Sunday. They report the largest crowd that was ever there.

Mr. D. F. Lawson of Newport, Tenn., and Mr. Tom Lawson of Hot Springs, are in town today.

THE PULLMAN STRIKE.

Starving Families Point To Failure And Disaster.

CHICAGO, Aug. 28.—A mass meeting of Pullman strikers was held at Turner hall, Kensington, last night to discuss the advisability of calling off the strike. No vote was taken, but the local unions agreed to call a special meeting at once and vote for a delegate from each union to meet with the central union and decide the matter. There has been a growing feeling among the men and some of the leaders that it was highly detrimental to fight the Pullman company while the families were starving and there was no possibility of succeeding.

THE PRESIDENT

He Will Stay at Gray Gables Till Early in October.

WASHINGTON, Aug. 28.—The President expects to leave Washington tomorrow morning for Gray Gables. Private Secretary Thurber will accompany him, joining his own family in the cottage they now occupy. The President and Thurber do not anticipate returning to Washington until early in October. Secretary Lamont will go as far as New York with the President and the members of his family and children at Bay Shore, Long Island.

NORTH CAROLINA NEWS.

—North Carolina Teacher: The secretary has received two cordial invitations for the Teachers' Assembly to hold its next sessions in the mountains. These propositions will be considered by the executive committee at its regular meeting in December, and one of the invitations may be accepted for the session of 1895, as there seems to be a desire on the part of the eastern teachers to visit the charming mountain section of our State.

—Marion Record: J. H. Belk & Bro., lumbermen in Rutherford county, sawed the largest pine tree in the county a few days ago. It made 3661 feet of lumber. They got 64 feet off of the tree to the limbs. It was 38 inches in diameter at the top where the last log was taken off.—Mr. J. G. Grant, having exposed himself to the cool night air while trying to keep the cows from eating up his corn, has been quite ill with a cold.

—Charlotte News: Bequire H. C. Sever has returned from the Rock Springs camp meeting, and reports that on Sunday there were 5,000 people present. This camp meeting was established 63 years ago and is one of the largest in the whole country. A feature of Sunday's exercises was a sermon by the Rev. Mr. Ivey, who has preached there for 43 years consecutively.

—It is said that Halifax county will raise enough corn this season to do two years.

—There will be another student from Japan at the University this fall.

—A butter and cheese factory is to be established at Murphy.

Concerning Cigars.

IF YOU HAVE NEVER SMOKED THEM...

It's your own fault, it's the nicest 5c. cigar we have sold for a long time. A trial only will convince the most skeptical. To those who have tried them, it's a great favorite.
