THE CONVENTION'S WORK

ECHOES OF SATURDAY'S GATHERING.

Five Hours of Hard Work—The Senatorial Delegates and a Discussion on Instructions—J. G. Martin County Chairman.

The county Democratic convention Saturday sat for nearly five hours. Some one had moved to adjourn for dinner as soon as an organization had been effected but this was voted down. Perhaps sitting, standing, talking and balloting for five hours with dinner not in sight had a tendency to make the delegates incline toward entering into discussions with a vim and decisiveness that is not always noticeable. The room was full, and it was a good looking, solid body of men, ready to say what it thought whenever the time came. At times, though not frequently, the discussion grew warm and there was some confusion. But there was none of the common wrangle about it; the delegates were good natured, and having won or lost were ready to abide the decision of the majority. Chairman Moore's position was not altogether an easy one. At one time there was a talking among the delegates that no one could be heard. The chairman rapped for order and refused to recognize anyone until all should have resumed their seats and restored quiet. "Mr. Blanton," Chairman Moore said, "if you will lead the way I think the delegates will follow." And business soon proceeded. During the time of it, however, John Lane mounted a bench and made a speech that everybody heard, but could not follow, because of the talking in other portions of the house.

Township Convention.

When the county convention adjourned the Democrats of Asheville township held their convention. Egg D. Carter was selected chairman and assumed the duties of that office with one of the most expressive speeches ever made in the court house. Elevating his voice and assuming a most dramatic air he said:

"Fellow Democrats of Asheville township! We have met here today to do the most important thing that is to be done for this campaign. It is a momentous work we have to do, and the fact will be apparent to every one when I say that business is the nomination of a candidate for constable of Asheville township—a man who in November will wipe up old Mother Earth with Tom Poor."

Mr. Carter's speech was the happiest hit of the day. For the constabulary nomination three men were named: J. J. Nolan, C. C. McCarty and P. L. Bottie. The first vote was: Nolan, 29; McCarty, 16; Bottie, 14; W. H. Young, 8; 80. It required 35 votes for a choice, and eight ballots were taken before a decision was reached. Nolan received on this ballot 29 votes. This was after a motion to release delegates from instructions was passed.

An unfortunate incident marred the proceedings during the voting. The West Ward was in the jury box in a discussion. C. D. Blanton impugned the veracity of T. C. Starnes in a very emphatic expression and there was a cloudy look to things for a moment, but friends interfered and the incident passed, after Chairman Carter had administered a rebuke.

County Chairman.

At a meeting of the county executive committee in the jury room after the convention Col. James G. Martin of Asheville was elected chairman of the committee. Another meeting of the committee is to be held here on the 17th at 12 o'clock.

Note.

Uncle Pleas Isaac's familiar face was part of the convention's make-up.

The body believed in "jokes." There are as nominees John Brooks-hire, John Cathey, John Mackey and John Courtney. The township made it five by naming John Nolan.

John Lane's stentorian "I second that motion" was numerous in evidence.

One delegate wanted to know at one of the confused points if the convention was a "mass meeting."

Chairman Moore had both hands full as presiding officer.

"Joe" Dickerson is just exactly the man for secretary. He handles vulgar and complex fractions with gloves off expeditiously.

There was a question raised as to the vote given by Upper Hominy on one of the ballots, it being at variance with the primary vote published last week in THE CITIZEN. The delegation said THE CITIZEN was correct, but that the difference was caused by the withdrawal of one of the candidates voted for on the 1st of September.

Looking for a Change.

It is coming and Asheville will be benefited.

Railroaders are talking of a change that, it is believed, will soon be made whereby Paint Rock, once the terminus of two divisions of railroads, will be relegated to the position of a flag station. When this is done Asheville will be made a dividing line between the two divisions, trains running through from Knoxville to Asheville and from Salisbury to Asheville, making this city the lay-over point. The change would be of considerable benefit to Asheville, giving the city more importance as a railroad center, and, besides, making this the headquarters of a large number of railroad men who now have to lie over at Paint Rock. The date on which the change is to be made cannot be definitely given, but that it is to be made seems a certainty, and the date is considered not far in the future.

General Manager C. H. Hudson of the western system of the Southern railway, passed through Asheville on No. 12 this afternoon in officers' car No. 99 on his way east.

"THE HOOSIER POET"

James Whitcomb Riley at Kenilworth.

James Whitcomb Riley, the Hoosier Poet, arrived at the Kenilworth Inn Sunday accompanied by his friend, Dr. F. W. Hayes of Indianapolis. The gentlemen will remain some time at Kenilworth, as Dr. Hayes hopes the Asheville air will afford him relief from an attack of hay fever.

Riley was unfortunate in getting a cinder in his eye on the trip to Asheville and was unable to go to Rock Shoals to stay with Dr. Hayes, who is enjoying the entertainment of Bill Nye.

Fire in Roanoke.

ROANOKE, Va., Sept. 10.—Fire in this city Sunday destroyed the Bridgewater building, a large three-story cinder brick structure, and its contents. Loss about \$60,000, with some insurance.

United States Senators by the next General Assembly of North Carolina; and "Whereas, There is a division of opinion among the Democrats of Buncombe county in respect to the persons who should be chosen for those positions, and such division may embarrass the candidates whom we may nominate today, and imperil their election; and "Whereas, It is desirable that every means shall be employed to ascertain the will of the Democratic party and secure harmony in its councils and actions; now, therefore, it is "Resolved, That the executive committee of the Democratic party of Buncombe county is directed to provide for a primary election for two Senators in the Congress of the United States, to be held at every voting place in the county on Tuesday, the 6th day of November next, in which election every voter who shall on that day have voted the Democratic ticket, may vote for two United States Senators, indicating on their ballots the names of the persons preferred for the long term and for the short term.

"That the executive committee is hereby authorized and directed to provide convenient facilities for such election, to appoint clerks and registrars, provide for the ascertainment and publication of the vote, and take such other measures as may be necessary to carry out the purpose desired.

"That all candidates nominated by the Democratic party to the General Assembly shall vote and in every legitimate way shall use their opportunities to carry out the will of the majority of voters at such election, and such election is hereby declared to be an instruction in that respect."

G. A. R. ANNUAL.

A Great Crowd Out in the Ball at Pittsburgh.

PITTSBURGH, Sept. 10.—Lead sky and a drenching downpour that started the colors of the elaborate street decorations ushered in the opening day of the 28th annual encampment of the G. A. R. Jupiter Pluvius, however, evidently gave the matter a second thought, for after breakfast the clouds cleared away and the sun shone brightly for a time. Then intermittent showers made their reappearance.

Nearly a thousand ex-servants, representing some 8,000 members scattered over the country, participated in the seventh annual parade of the national association of naval veterans. It was the largest turnout and the finest in point of appearance in the history of the organization.

The firing of the admiral's salute at 8 o'clock gave the signal for the various local associations to form in line for inspection. It was half past nine when the head of the column received the signal to move. Along the line of march, which extended over three miles, the sidewalks were packed with spectators and the ex-sailors were given repeated ovations.

Transport Wrecked.

A Panic Among Chinese—Boarded a French Ship.

LONDON, Sept. 10.—A dispatch received here from Shanghai says the Chinese transport Chen, while proceeding to Formosa with 1400 troops on board, was wrecked in Che Troup pass. A panic occurred on board when the steamer struck a rock, but all the soldiers and crew of the Chen were safely landed in boats.

Saturday last some Chinese officials boarded the French mail steamer en route to Japan and demanded to search for Japanese officers coming from Europe, who were not to be returning home on board. The captain of the steamer refused to allow his ship to be searched and was obliged to threaten to ask for assistance from a French warship before the officials withdrew.

Inquiries made here today of all Japanese and Chinese legation officials dispute the report that negotiations for an armistice are in progress between China and Japan.

Twelve Killed.

Fearful Accident to the Cologne Express.

PARIS, Sept. 10.—Twelve persons were killed outright and 60 others were injured in an accident to the Cologne express between Noyon and Chauny yesterday. The engineer of the express stuck to his post, and though he escaped death was badly injured. The fireman was killed. His side of the engine and the first three carriages were shattered to pieces. Those engaged in rescuing the wounded found many of them firmly held down by wreckage and their agonizing cries for help could be heard on all sides. One young girl saved insisted upon searching the wrecked train for her father, whose head was found to have been severed from his body.

The Raleigh Sails.

FORT MONROE, Va., Sept. 10.—The cruiser Raleigh sailed at 9 a. m. for a cruise in Chesapeake bay, where she will adjust her compass and test her guns and will then go to Yorkton for target practice.

Destroyed a Town.

MASSILLON, Ohio, Sept. 10.—The little village of Dalton, located nine miles north of here, was almost totally destroyed by fire early this morning. The fire originated in a stable. Loss, \$200,000.

One Mill Running.

NEW BEDFORD, Mass., Sept. 10.—City mill No. 2, started up today at the old rate of wages. About 250 operatives resumed work. There is no other change in the strike situation.

Condition of Cotton.

WASHINGTON, Sept. 10.—The September report of the department of agriculture on cotton shows a decline of 5.9 points from August. The average of North Carolina is 88.

Corbett May Fight Jackson.

NEW YORK, Sept. 8.—Articles were signed this morning for a fight between Corbett and Jackson to take place at Sioux City between May 15 and June 15, 1895.

FIRES BREAK OUT AGAIN

MINNESOTA TOWNS ARE IN DANGER.

The Forests Once More Afame in the Vicinity of the Scene of Last Week's Disaster—Cause of Wind

DULUTH, Minn., Sept. 10.—Forest fires are again raging in the vicinity of the country devastated a week ago and there was a general scare of half a dozen towns on the line of the St. Paul and Duluth and Eastern Minneapolis roads Sunday. Early in the afternoon a strong wind from the southwest sprang up, reaching the velocity of 25 miles an hour and the fires which had been smoldering in the brush were fanned to fierceness.

The northbound St. Paul and Duluth limited train which arrived at 10:20 o'clock last night, nearly four hours late, was stopped at Rush City because of the fire near the tracks in many pieces of woods. At Pine City there was the same pall of smoke and red glow in the heavens that told Duluth of Hinckley's destruction a week ago. The people at Pine City in a body fled to the river and lake in the neighborhood and dragged whatever belongings they could to those places of safety. The fires have not, however, reached the town.

At Kenrick, Barnum and Carlton (the last two places of considerable importance) fire fighting was in progress all day and the southwest gale made the situation exceedingly dangerous.

A change of the wind to northwest in the afternoon has probably saved the towns.
