From the Charlott State Geologist Holmes remarked in a private conversation yesterday that that State Road conference just adjourned, surpassed in its bona fide membership and its personnel, the National Road congress held at Asbury Park in July The attendance was indeed surprising, and the body would make an admirable State Legislature. It means something when a body of this size, composed of such material and representing territory from Asheville to Newbern, can be gotten together to talk about the public highways and to discuss measures for their improvement. It is indeed the most hopeful sign of the times.

Notice.

ASHEVILLE, N. C., Sept. 3, 1854.

Reliter of The Citizen:—Will you please give space for this notice at my expense from this date until the next election:

Intil recently I did not know that betting on elections was a violation of the law in North Carolina, and: I am sure that this injurious custom has been indulged in, by many good and loyal citizens of our State who love her too well to wilfully disregard her laws. To such persons it is only necessary to refer to Section 2717 of the Code and if will be readily obeyed. Should we unfortunately have among us any person who is so wanting in particisism as to offer or accept a bet upon the result of any election hereafter, to such person I give fair notice that it is both my duty and my pleasure to uphold and enforce all haws of my State, as well as I possibly can, and that disregard of the law referred to in past days will not, after publication of this notice, be taken in any degree as an excuse for a repetition of this offense. Very Respectfully,

T. W. PATTON.

We heartily concur in the above and will lend all the assistance in our power to the enforcement of the law.
