THE New York Tribune in a recent number advised farmers to turn their attention to sheep raising, "even it they had to give away the wool, because of the victim. there was more money in mutton than in almost any other farm product." Hello! What does this mean? Every sheep in the United States was supposed to have been drive a out of existence by the Democratic tariff law. This may be the warning cry heard some night, and whether it refers to your store, office or residence, it means that all of your valuable account books, securities, deeds, insurance policies, notes, receipts, mortgages, etc., will be destroyed if not protected by a fire-proof safe. Can you afford to run this hazardous risk? The loss of an insurance policy alone in nine cases out of ten would cause you endless trouble and expense in going to law to secure a settlement, and then your chance of coming to a satisfactory adjustment with insurance company would indeed be very slim. It is a duty you owe to your business, to your family and to yourself to protect these things against both fire and thieves. That old tin box or drawer in which you have been in the habit of keeping your papers. would be of no service whatever in ease of fire.

Relitor of The Citizen:—Will you please give space for this notice at my expense from this date until the next election:

Until recently I did not know that betting on elections was a violation of the law in North Carolina, and I am sure that this injurious custom has been indulged in, by many good and loyal citizens of our State who love her too well to wilfully disregard her laws. To such persons it is only necessary to refer to Section 2:17 of the Code and it will be readily obeyed. Should we unfortunately have among us any person who is so wanting in patriotism as to ofter or accept a bet upon the result of any election hereafter, to such person I give fair notice that it is both my duty and my pleasure to uphold and enforce all laws of my State, as well as I possibly can, and that disregard of the law referred to in past days will not, after publication of this notice, be taken in any degree as an excuse for a repetition of this offense. Very Respectfully.
