CAUSED A LOSS OF A MILLION

AWFUL EFFECT OF A CYCLONE IN LITTLE ROCK.

Persons Killed and Injured—Houses Demolished in a Second—Part of Insane Asylum Wrecked—Buried in the Ruins.

LITTLE ROCK, Ark., Oct. 3.—A terrible cyclone struck this city at 7:30 o'clock last evening and almost devastated the business portion of the city. Several people are known to have been killed and injured. The main portion of the business center, bounded by the south by Third street, on the north by the river front, on the west by Center street, is practically ruined and the damage is incalculable. The total property loss will probably approximate a half million dollars. The cyclone was accompanied by a terrific rain storm and the stocks of goods in the business houses which were unroofed, though not otherwise wrecked were destroyed by water.

News from the Arkansas State insane asylum says a tornado devastated that vicinity last evening. All the male department was razed to the ground, the four floors falling in a mass. Dr. Ingate, formerly of Mobile, Ala., and two patients were instantly killed, and four other patients were seriously and perhaps fatally injured.

The destruction in the residence part of the city in the vicinity of the penitentiary is great. State Senator Vest's daughter, who lived in that neighborhood was injured by a falling roof. The house was blown down and everything in it was destroyed. The other occupants escaped serious injury. State Engineer Eggleston's house in the same neighborhood was unroofed. The Dibley home, one of the oldest buildings in this city, located at Parkham street and Broadway, was demolished. Young's grocery and the Presbyterian church were unroofed. Abraham Olleneimer's residence was wrecked. The damage to residential property in the west and will exceed \$50,000.

At the penitentiary Griffin, two guards, Smith and Witt, were badly injured, one convict was killed and seven trusty prisoners were seriously hurt. The property loss to the state there is \$20,000. Dr. J. T. Ingate, Mobile, Ala.; two insane asylum patients, Convict Griffin, Jack Boyd and baby, colored. The injured are State Representative Eleet C. T. Monroe, probably fatally; John Eaton, fatally hurt; Capt. S. O. Smith, hurt on head; Mrs. Ranko, fatally injured; Fritz Feis, seriously injured; John Fourtronsow, fatally injured; James Swift, injured in the head. Guards Smith and Witt badly injured. Many others were injured whose names were not learned. Several children were covered with debris in the ruins of the St. Charles hotel, but they have all been accounted for. The bell tower of the Torrent engine house, weighing 700 pounds, fell into the street and demolished the engine house. The entire south half of the main building of the insane asylum, three miles west of the city, was demolished. All but 20 of the inmates have been discovered. The loss to the asylum will reach \$150,000.

The path of the tornado was more than 200 yards wide and its course was zigzag. Its duration was not over three minutes, though the rain continued to pour afterward for an hour. The damage caused by the tornado will undoubtedly reach \$1,000,000.

TURBULENT DAYS IN CHINA.

Foreigners Not Safe in Peking—Japanese Troops Landed.

LONDON, Oct. 3.—N. P. O'Connor, British minister at Peking, has cabled to the Earl of Kimberly, secretary of state for foreign affairs, urging upon him the necessity for taking steps to protect the lives and property of the British residents in Peking and Tientsin.

A Central News dispatch from Shanghai says that Han Keo province has been depleted of troops. The Viceroy, in anticipation of a rebellion, is causing the construction of fortifications at Woo Chang. The British consul advises that all women and children be sent to places of safety. A volunteer corps has been formed in Kan Keo for the protection of the city should trouble come.

SHANGHAI, Oct. 3.—Great consternation prevails among the Chinese in Kiro, a province of Manchuria, in consequence of the Japanese troops landing near Han Chung. The government has levied a heavy tax on merchants for war purposes.

JUSTICE CARTER'S COURT.

A Turkey Killing Case and a Robbery on the Book.

Quite recently Will and Thomas Ward killed a couple of turkeys belonging to Walter Sorrella, just east of Beaumont. Sorrella had the Wards before Justice Frank Carter today to answer for the killing. But the evidence tended to show that the turkeys had a habit of visiting the fields of the neighbors, and that the Wards had warned the owner to keep the birds off their place. Therefore, the defendants were discharged and the prosecutor was taxed the costs.

Will Tague, white, was committed to jail by Justice Carter today in default of \$200 bond, after investigation of the charge that Tague had stolen a pair of trousers from Walter Sorrella. Tague had traded the trousers to a third person and they were robbed within a couple of hours after the robbery.

A Brace of Jolly Gridironers.

R. M. Lerner, "Bob" for short, Washington correspondent of the New York Sun and Charleston News and Courier, and prominent member of the famous Gridiron club, who is known to many who formed his acquaintance during the club's visit to Asheville, came in this afternoon for a week's visit to Manager McKisick of the Battery Park. Harry L. West, city editor of the Washington Post, another Gridironer, will arrive tomorrow on a visit to Mr. McKisick. If these jolly good fellows do not have a good time in Asheville it will be a wonder.

France and England Getting Together.
LONDON, Oct. 3.—The Pall Mall Gazette, commenting upon the fact that meetings of the British and French cabinets are called for the same date, says mutual proposals have been made for the settlement of numerous differences existing between the two nations that require immediate consideration.

WHAT FOR DESSERT?

Satisfactory solutions at the Cooking School—Friday's Program.

About 30 ladies, eager for new solutions of that daily problem, What shall we have for dessert? were seated in front of Miss Clarke at the cooking school yesterday afternoon. The solutions were novel and satisfactory, comprising a caramel rice pudding with caramel sauce, a sweet purée of chestnuts with whipped cream, and an ice cold wheat farina pudding, served in hot plates with a boiling sauce. These desserts were all delicious and the last certainly a charming novelty, and 30 Asheville husbands may prepare to "blow hot, blow cold," for the cooking class pupils will be sure in the near future to try this surprising and delightful dessert. Hunter's soup and gluten wafers were also served and enjoyed.

The class is very chatty and sociable. Miss Clarke has an ever ready answer, often witty and always to the point, and the general hints she gives that are carefully noted by the class, will, by themselves, make a useful little reference book.

Today's program promises a prepared and served model breakfast, including coffee, different hot breads, a wheatflake breakfast dish, a meat dish and breakfast potatoes. Miss Clarke gave also a general talk on the subject of perfect breakfasts.

Scraps from the table of the cooking class: Flavoring extracts that are too high priced and unusual to be kept by the grocer, may be found in the barrooms, as men will demand in their mixed drinks flavorings they would consider it imprudent to purchase for their wives to buy. There is an infallible test to show when a soft boiled custard sauce is done, viz: When every bit of froth disappears from the surface. A soft boiled custard dessert is done when it completely masks the stirring spoon as it is removed from the mixture. One may take one's almond paste and canned goods as one does flour, on trust, relying upon the universal carelessness and cleanliness of the factors. Pigeon bones, remnants of gravy and bread sauce make a delicious soup if rigidly put together. Olive oil is preferred for greasing muffin molds. Program for Thursday, 3:30 p. m.: Soup stock, steamed chicken, salsify, fruit charlotte. Friday 3:30 p. m.: Fish-fruit soup, baked fish with sauce, oysters, bread.

Typewritten copies of all the recipes are furnished pupils daily. Ladies who wish to enter tomorrow for the rest of the term can do so to advantage.

SEND THEM IN.

The Flower Mission Will Receive Clothes for Winter Distribution.

The season has again rolled around when winter wardrobes are being overhauled, and the Flower Mission wishes to remind the housekeepers of Asheville to remember their empurium of second-hand clothing and such articles garments that can be spared for distribution during the winter months. The members of the "Needlework Guild" are also requested to send in their two new garments as early as convenient. The secretary of the Central office of the Flower Mission in the City Hall will receive all garments and records names of the guild members who send their annual offering. Ward superintendents are requested to send all orders for groceries during the month to Mr. Webb on North Main street, and prescriptions to be filled at C. W. DeVault's on north Court Place.

HE SAW IT IN "THE CITIZEN."

Of Course It Was So, But He Knew Naught of It Before.

There were numerous expressions of surprise yesterday when it became known through THE CITIZEN that the 50 per cent. rise in Swannanoa water had occurred. Some demurred, while others thought the move was a good one, holding that the people of Asheville had been paying very small water rents heretofore.

Geo. S. Powell is a member of the water committee of the Board of Aldermen. When asked about the increase he said he had no idea the increase was to be made, and the first intimation of it was when he saw the article in THE CITIZEN. He thinks it a wise thing, at least so far as the general consumers are concerned, but he does not think the rates to hotels should have been increased. In his opinion it would have been more in proportion if their rates had been allowed to remain as they were.

THE MYSTERY CLEARED UP.

Body Found in River Near Hot Springs Was That of Grant Wild.

A letter received by W. B. Wild of this city from his father, G. Wild, of Big Pine Creek, Madison county, clears up the mystery which has surrounded the finding of a body in the river near Hot Springs September 17. The letter, which was written on the 29th, says the body of Grant Wild, who is a cousin of W. B. Wild, was found in the river, and it was supposed that he had been murdered. The last time he had been seen he was in company with four men, who were later seen returning without Wild. He was believed to have had about \$50 in his pockets. The remains were buried at Hot Springs.

After Chestnuts.

Geo. C. Sanderson, representing W. H. Michael & Son, Philadelphia, came in yesterday and has set about shipping chestnuts from this section to his house. He can be found at the Southern express office and is prepared to handle the entire crop if it can be done. Mr. Sanderson says up to a few years ago the earliest chestnuts came from North Carolina, but they now come from Virginia.

Child Dead; Mother Very Ill.

THE CITIZEN'S correspondent at Fairview writes under date of Tuesday that Mrs. Causey, who was injured by her drunken husband last Friday, is still alive, although in a very critical condition. The child lived only a few hours. The citizens of the vicinity are rendering every assistance possible for the relief of the wife and five children.

Prohibition Rally.

The Prohibition rally will take place in the court house tomorrow. There will be speaking at 11 o'clock a. m., and at 8 o'clock p. m., and there will also be good music. All are cordially invited to attend. Special attention will be paid to the comfort of the ladies.

GEORGIA GOING DEMOCRATIC

HOW THE ELECTION IS PROCEEDING.

The Populists Reported as Making Some Gains, But the Day is Safe—Democratic Official Assaulted.

ATLANTA, Ga., Oct. 3.—There is beautiful weather in all parts of the State, and a heavy vote is being polled. The Populists will probably increase their vote over that of two years ago.

Atkinson, Democratic nominee, is being badly scratched in some localities by Confederate veterans.

A leading negro Populist in Hancock county shot Democratic Election Manager Dougherty, but the wound is not serious. The negro fled and a posse is in pursuit.

The State will go Democratic by a safe majority.

POPE'S WORLD'S FAIR EXHIBIT.

Only Now Being Started on the Return to Italy.

WASHINGTON, Oct. 3.—The cruiser Machias will not return the Spanish and papal loan collections to their owners as was at first announced; the duty will fall to the Detroit in fulfillment of the promise made by the navy department to send the exhibits by the first available vessel. It has been found that the Machias will be delayed at the New York yard for at least two weeks longer and as the Detroit will be ready to sail from Norfolk by the end of this week, the State department has been notified to deliver the boxes to the ship. The collection will leave Washington Thursday, in all probability, under a guard of marines or regular army soldiers and will be delivered to the commander of the Detroit together with letters of thanks from the President to the King of Spain and to the Pope, instructions having already been forwarded by the State department to the American ministers at Madrid and Rome to assist in the safe return of the articles. The Detroit will sail directly for Cadiz where the Spanish loans will be landed. It is expected she will reach Italy November 1 and that she will meet the Machias at Suez about November 15, after which time the two vessels will keep company on the voyage to China.

THE STORY IS FISHY.

The Emperor of China Has Probably Not Lost His Job Yet.

WASHINGTON, Oct. 3.—The officials of the Chinese legation are very incredulous over the reports from Shanghai that the Chinese emperor is about to be deposed and his place occupied by a son of Prince Kung. If any such coup d'etat is contemplated no intimation of it has come here. On the contrary all official communications show that Viceroy Li Hung Chang is still conducting affairs, although it is not doubted that his efforts in the present emergency are interfered with by his opponents. Prince Kung has been in retirement so long and his son is so little known in political affairs that there is no reasonable basis for crediting such an internal revolution as the overthrow of the emperor.

STOLE HER CHILDREN.

A Sensational Outcome of a Washington Divorce Case.

WASHINGTON, Oct. 3.—The two children of Dr. and Mrs. A. P. Glennan were forcibly taken from their mother's home at 1 o'clock yesterday morning by four men. Mrs. Glennan says her husband was one of the gang. Dr. Glennan is a surgeon in the marine hospital service. Three years ago he sued his wife for divorce. The suit was finally settled by a decision that Dr. Glennan should pay his wife \$75 per month alimony and that she should retain possession of their two boys. Mrs. Glennan was Miss Susie Raynor daughter of Joseph Kenneth Raynor, ex-Congressman from North Carolina, and solicitor of the treasury under President Arthur.

The Southern Railway Reorganization.

RICHMOND, Va., Oct. 3.—The stockholders and directors of the Southern Railway company, in pursuance of the plan of reorganization, unanimously authorized and the president and secretary executed the two mortgages specified in a notice of the meeting of the stockholders, namely the East Tennessee reorganization mortgage for \$4,500,000 and the first consolidated mortgage for \$20,000,000. The annual meeting of the company will be held in the city of Richmond Tuesday Oct. 23.

Boosted.

WASHINGTON, Oct. 3.—Horace Lee Washington, at present confidential clerk to third assistant secretary of state, has been appointed vice and deputy consul general at Cairo, Egypt, in place of Libbeus H. Mitchell, New York.

A Strike Leader's Villainy.

FORT WORTH, Tex., Oct. 3.—Martin Irons, the noted strike leader of 1886, was arrested Sunday night by the police on charge of attempted criminal assault on a seven years old girl. He was transferred to the county jail. He denies his guilt, contradicting two eye witnesses.

Murdered by a Negro.

DOTHAN, Ala., Oct. 3.—While on her way to school yesterday, Miss Lena McArdle, aged 16, was attacked by an unknown negro who attempted to assault her. When she screamed he shot her and ran. The bullet entered her breast, producing a fatal wound.

CONDENSED TELEGRAMS.

Cardinal Gibbons preached Sunday on labor, and said strikes had caused a loss of \$78,000,000 in eight years to employees, while employers lost only one-half this amount.

Sporting men in New York City generally agree that Corbett should accept a bona-fide challenge from Fitzsimmons. "Sattoli will certainly be recalled," a high ecclesiastical authority in Rome tells a New York World correspondent.

Ben Price, a clerk in the Cook county, Ill., jail, has fallen heir to an estate worth from \$500,000 to \$1,000,000.

WILL CLOSE
My place of business every evening during the winter, beginning Monday, Oct. 1, at

Comparative Sales Of

Buffalo Londonderry

Harris' Lithia Water

FOR THE PAST 16 MONTHS.

In May, 1893, we were solicited to take the agency for Harris' Lithia Water in Asheville. We compile the sales of each since then to show the people how Harris' Lithia stands in competition with the two oldest Lithia waters on the market.

In the past 16 months sold 30 cases Londonderry; sold 40 cases Buffalo; sold 92 cases Harris' Lithia water.

Harris' Lithia water \$4.50 per case, \$1.50 rate for return of bottles and case.
