CZAR OF ALL THE RUSSIAS DEAD

DIED AT LIVADIA THIS AFTERNOON.

He Was Occupied With Affairs of State Almost to the Last—Said to Have Been an Attempt on Life of the Czarowitch Already.

LIVADIA, Nov. 1.—The Czar is dead. LONDON, Nov. 1.—According to a special dispatch received here from St. Petersburg, a conspiracy against the life of the Czarowitch, now the Czar, has been discovered there. For several days past the police have been actively engaged in arresting nihilists. Among those arrested are several students. The police have also obtained possession of incriminating documents. The death of the Czar is further confirmed by a dispatch from Livadia to the Westminister Gazette, which paper appears on the streets with turned column rules. St. Petersburg, Nov. 1.—Princess Alix of Hesse-Darmstadt, was received ceremoniously with a guard of honor, and with the military band playing. The meeting of the Czar with Princess Alix, who he had long been craving to see, strongly excited the patient, in spite of the joy which the meeting caused him. During all his illness the Czar, in spite of his suffering, did not neglect State business, but at the urgent instance of his physicians, he handed over documents relating to current affairs and reports requiring considerable examination to the care of the Czarowitch. He, however, decided the most important cases, and signed the State papers. It is semi-officially announced today that all reports regarding the immediate marriage of the Czarowitch to Princess Alix are unfounded. It was never proposed since the illness of the Czar that the marriage should take place hurriedly. VIENNA, Nov. 1.—The St. Petersburg correspondent of Neue Freie Press in a dispatch published in yesterday's evening edition says: Dr. Zacharin and Prof. Leyden had violent quarrels almost over the Czar's death bed, each accusing the other of giving the Czar improper treatment. When Prof. Leyden's opinions were accepted Zacharin declared that he would return at once to Moscow. Gen. Tchernin forbade his leaving Livadia, threatening to detain him by force if necessary. Prof. Wygodzki, a specialist in embalming, has been summoned to Livadia. NOW HERE'S FIGURES. One Set of Them is Correct: Both Cannot Be: Tuesday Will Tell. NEW YORK, Nov. 1.—The Democratic State committee has begun to do some figuring. John Boyd Thacher says that if Hill gets 40,000 majority below the Harlem river he will be elected. If New York, Kings, Queens, Suffolk and Richmond counties give him only this majority his victory is assured, Mr. Thacher says. He expects that Morton's majority above the Harlem will be only 40,000. Senator Hill, he says, would get a majority of 22,000 in Albany and would poll a big vote in Syracuse. These figures, however, do not agree with the statement of Chairman Hackett of the Republican State committee, who says that Morton would come to the Harlem river with at least 100,000 votes to spare. It was said at Democratic State headquarters today that W. Bourke Cochrane, who is umpire of the State for Hill, had broken down and would cancel his engagements. It is said his throat trouble had broken out again. Senator David B. Hill arrived this morning. He will speak at Schenectady tonight, Saturday afternoon at Cortland and at Elmira Saturday night. Monday afternoon he will address a Democratic meeting at Saratoga. He will vote in Albany Tuesday and will receive election returns at the executive chamber with Governor Flower. Gov. Flower started from Rochester yesterday morning and talked his way to Buffalo. He did not mind a little dampness, neither did the people along the road, for good crowds assembled to hear him at every station. Even where no stops were made the governor was cheered as his train whizzed past the crowded stations. He reached Buffalo at 12:10, made a rousing speech from a carriage to a great throng assembled at the depot and departed for Dunkirk at 8 o'clock. There he spoke again. SUES FOR DIVORCE. It Comes From High Life, But Tells of a Very Low Life. CHICAGO, Ill., Nov. 1.—Mrs. Thomas H. Wickes, wife of the second vice-president of the Pullman Palace Car company, has filed a bill for divorce, alleging cruelty. Mrs. Wickes' bill says that she was married to the defendant in St. Louis in 1871, and that during the married life Mr. Wickes has repeatedly beaten, struck and kicked her, at the same time using abusive language. She tells the court that she has not lived with her husband since July, 1893, and says that Mr. Wickes has a large amount of personal property. No answer to the bill has been filed by the defendant. Died of Hydrophobia. ASHEVILLE, Ala., Nov. 1.—Two sons of John Brannon of Henry county, aged 10 and 19 years, were taken sick last Sunday and seemed to be affected with hydrophobia. They would bite and gnaw at everything in their reach. They continued to grow worse and both died Monday within six hours of each other and were buried in one coffin. None of the family knew anything about their having been bitten by any animal. south Carolina's Turn. WASHINGTON, Nov. 1.—Attorney General Olney today appointed John G. Capers of South Carolina an assistant attorney general in the department of justice at a salary of \$2,000. A Dividend. PHILADELPHIA, Nov. 1.—The directors of the Pennsylvania railroad at their meeting this afternoon declared a semi-dividend of 2 1/2 per cent cash.

CHRYSANTHEMUM SHOW.

Witchwood's Attractive Specimens Not a Single Sum For the Hospital.

The chrysanthemum show at Col. C. W. Woolsey's Witchwood yesterday afternoon, tendered the public as a benefit for the Mission Hospital, was a most enjoyable occasion and netted a substantial return to the worthy institution. Visitors were admitted to the park at the turnstile of the southern entrance where carriages and the street cars deposited their occupants and awaited their return. The display of the flowers was made among the squares and along the borders of the rose garden, which forms a court between the conservatories, where the convenient and roomy paths afforded ample room for an admirable arrangement of the plants and permitted a near approach for the close observation of the large number of handsome specimens. The view of the area from the terrace of the garden steps was a charming sight of gracefully swaying bits and masses of crimson, bronze, white and gold that blended beautifully with the reds and browns and vivid greens of the environment of oaks and pines. The exhibit included a goodly lot of the plants of the favorites propagated for the general effect of a mass of bloom as well as those grown with the purpose of greatest possible development in inches and the collection was rich and varied. The section of the display that called continuous admiration from the guests was a border of distinctively choice blossoms having for a central sun a round dozen golden glossy heads of Mrs. M. Simpson and several results of Nivius of remarkable perfection of form and purity of color. Mrs. Fosterman, Moseman, Excellent and Mrs. C. D. Avery showed up in some of the finest forms imaginable. Bunches of Lillian Bird and President Smith were bending under a show of upward of 100 flowers each, and greatly added to the animation of the scene. There were other handsome entries in Gold Finch and Maid Marian. Mrs. C. W. Woolsey and Miss Woolsey were busily engaged in superintending the disposal of mums that opened the purses of buyers and the exhibition gathered for the excellent charity the sum of \$80, largely from the sale of the flowers.

IS HE GUILTY?
Has the French Army a Traitor for Money?
PARIS, Nov. 1.—The arrest of Captain Alfred Dreyfus of the general staff on the charge of treason and espionage on behalf of the triple alliance is the sensation of the hour. The captain was attached to the organizing and mobilizing department of the general staff and in this capacity had access to some of the most important documents relating to the plans for mobilizing the French army. Suspicion against Captain Dreyfus was aroused by his intimacy with an Italian officer, and General Mercier, the minister of war, caused detectives to be sent to Monaco and to Italy with the view of ascertaining if the captain had been in communication with the Italian agent with plans of the numerous fortified positions around Briancon which are connected by underground galleries with the town mentioned. Briancon is a place of the utmost importance, especially in view of the possible advance of the Italian army into France.

THEY MAY BE SLAPPED.
Cowardly Chinese Generals Fear to Face the Emperor.
LONDON, Nov. 1.—The Central News dispatch from Tien Tsin says that Generals Wei and Yeh who were recently disgraced for cowardice at Ping Yang have arrived at Tien Tsin, but are afraid to proceed to Peking because of the anger of the Emperor. The Japanese have placed three bridges across the Yalu river, and 15,000 Japanese soldiers are reported to be in China. A dispatch from Chee Foo says that Admiral Fremantle commanding the British fleet, has returned from Tien Tsin where he paid a visit to Li Hung Chang. The victory greatly offered to buy four warships of the British squadron. When the admiral explained that sale of vessels would be impossible the Viceroy persisted in his offer. The Chinese imagine that Admiral Fremantle is holding off for a higher price.

Guion's Phenomenal Run.
BETHLEHEM, Pa., Nov. 1.—Lehigh won a hotly contested football game from the University of North Carolina here yesterday afternoon by a score of 34 to 6. The gridiron was very muddy and full of water puddles from a hard rain this morning. Guion's phenomenal 80-yard run for the Southerners and the line bucking of Trafton and Thurston were the features of the game. Lehigh's interference was superb.

Dismissed for Neglecting His Bills.
WASHINGTON, Oct. 29.—The President has approved the sentence of dismissal from the service imposed by the court martial which met at Fort Leavenworth, Kan., recently to try Capt. William S. Johnson, retired. He was found guilty on a charge of conduct unbecoming an officer and a gentleman in not paying his bills.

A Public Nuisance.
OKANOCOK, Va., Nov. 1.—Five of the leaders of the Sanitized band on Chincoteague island have been indicted for conspiracy in separating wives from their husbands and for being a public nuisance. Their trial will probably last for a week, as there are nearly 100 witnesses to be examined.

CONDENSED TELEGRAMS.
Drexel, Morgan & Co., have decided not to issue any scrip for fractional lots of new Southern railway certificates. Secretary Graham has filed a protest against Germany's prohibition of American meat products. President Cleveland has proclaimed Nov. 29 as Thanksgiving day. President Cleveland went partridge hunting this morning.

A TRAIN HELD UP AND ROBBED

THE BANDITS GOT LITTLE FOR THEIR WORK.

But It is a Small Matter To Hold Up a Train, And They Can Try Again Some Day—The Conductor Stays Down.

BIRMINGHAM, Ala., Nov. 1.—As passenger train No. 3 on the Kansas City, Memphis and Birmingham railroad pulled out of the station at New Albany, Miss., at 1 o'clock this morning, three masked men jumped on the engine and, entering the cab, covered Engineer Campbell and Fireman Alexander with pistols. The robbers commanded the engineer to stop the train when it had reached a point a half mile from the station. The engineer and fireman were compelled to dismount from the locomotive and under cover of the revolvers were marched back to the express car and ordered to break open the door of the car with a coal pick. The train crew were alarmed at the stopping of the train at this unusual place and Conductor W. B. Leonard went forward to investigate. When he showed up at the express car door, the robbers fired a shot at him. He fled back to the coaches. Then the robbers fired a volley in the air to intimidate the rest of the passengers. Entrance was finally effected into the express car and Messenger Genette was covered with a pistol and forced to hand out the contents of the safe. The robbers then backed out of the car and jumped from the platform, still holding their pistols toward the messenger and engineer. The robbers are believed to be farmers living in the vicinity of the hot tip. The express officials say that the packages secured by the robbers contained only railroad way bills and cheap jewelry, and that they got no money.

AT TRINITY COLLEGE.
President Kilgo to Preach in Asheville—Football—Personal.
TRINITY COLLEGE, Durham, N. C., Oct. 30.—President Kilgo returned from Roxboro yesterday, where he preached Sunday. He will visit Asheville during the month of November to preach. Saturday week our football team will play A. and M. here. Many have expressed their admiration of the exhibit at the State Fair of Mr. Vanderbilt's Buncombe productions. Mrs. Dr. Thrash of Hoiny, who has been visiting her daughter Mrs. Herndon, will leave for her home in a few days. Mr. Harold Turner of Asheville has been laid up for a week with a sprained ankle, his first experience with football. Class distinction is at its highest now. The Seniors with their caps and gowns, the Juniors with their '99 pins, and the Sophomores with their '97 caps, all make it very easy to locate a man. The Freshman needs nothing to distinguish him.

EX-CONGRESSMAN LYNCH COULD NOT PASS.
JACKSON, Miss., Nov. 1.—The Mississippi Supreme court has declined to grant a lawyer's license to John R. Lynch, colored, ex-Congressman and ex-Fourth Auditor of the Treasury, because of his inability to pass the examination required by law. He applied for authority to practice in the Chancery Court of Adams county, where he resides.

To Test Southern Coal.
WASHINGTON, Nov. 1.—Secretary Herbert has ordered the cruiser Montgomery to report at Mobile November 18. The secretary will represent the government on the vessel at Mobile when the city of Montgomery presents a silver service to the vessel. After the ceremony at Mobile, the Montgomery will spend a month in the Gulf testing coal from Southern mines.

Police Blackmatters.
NEW YORK, Nov. 1.—The statement was made at police headquarters today that the grand jury had found indictments against Police Captain Stephen and Warden Glennon, Burns and Smith upon evidence brought out before the Lexow committee. The specific charge, it is said, is blackmail.

They Did Not Stick.
WASHINGTON, Nov. 1.—Third Assistant Postmaster General Craig has ordered the destruction of thousands of the recent first issues of postage stamps turned out by the bureau of engraving and printing. The stamps were unfit for use on account of the lack of mottage on them.

THIMBLES "SPY" NOT FREE.
DARLINGTON, S. C., Nov. 1.—The case against Tillman's "spy" who was charged with murder in the Darlington riots, was nolle prossed because the prosecuting attorney was satisfied from the result of the McLendon trial that no spy would be convicted.

Burned to Death.
STOCKHOLM, Sweden, Oct. 31.—An asylum for the insane at Joenkoping has been destroyed by fire. Fifteen of the inmates were burned to death.

IN THE OLD NORTH STATE.
Secretary Wiley Rush of the Democratic State committee says the First district is certainly more in doubt now than any other in the State, and that unless extra effort is made from now on till election day, it cannot be carried by the Democrats.

The Raleigh Superior court gave a verdict for \$13,000 in the case of Z. W. Haynes against the Raleigh Electric company for \$10,000 damages for killing O. Haynes' son, who touched a live wire.

The trial of ex-Sheriff James Wilcox of Pasquotank, for the murder of John Brothers resulted in Wilcox being held without bail. Jefferson and Atlas Denton, bar keepers of Raleigh, have made an assignment. The liabilities are about \$2,100. The new trouser factory in Raleigh is to begin operations November 15, and its output will be 250 pairs daily. The bird shooting season opened today.
