OFFICIAL RETURNS OF BUNCOMBE

CRAWFORD'S MAJORITY IN THE COUNTY IS 75.

Brookshire Led the Ticket With a Majority of 443, While the Smallest Majority Was That of Treasurer Courtney—The Result Officially Announced.

Buncombe county's vote in the last election has been officially passed upon by the board of canvassers, the body completing its work about 4:30 yesterday. It would have concluded in much less time than it did had it not been for Richmond Pearson, who interposed objections to Democratic wards. But he must have learned a few things about a possibility of some Republican precincts being "under suspicion," for his objections were withdrawn, and, of course, when he came off his perch the smaller fry under him took a hop, too.

Crawford's majority in the county is 75. The Citizens figured it at 64. This calculation was made with the figures from French Broad showing Pearson's vote as 129, instead of the correct figure, 119. Lusk and Burnham are elected, while every official on the Democratic county ticket is elected.

At the session of the board yesterday afternoon Swannanoa objections did not present themselves and this box was counted. When the first ward returns were called up, Chairman Webb said that while acting as judge at the polls of this ward a colored man giving his name as Harvey Jasper came up and handed in his ballot. Mr. Webb understood Registrar James to say "registered," and deposited the ballot, but later the man's name could not be found on the book. Registrar James made the statement that he had examined the book that day and the man's name was found, properly recorded. This fixed the matter and the first ward was counted.

The second ward elicited no kick, and its good Democratic majority was put down for future generations to look at. The "bloody fourth" was called next. The objections had flown away on Republican wings, and its vote was allowed to go on the abstract.

And lastly, Biltmore came up for disposal. There were no objections, and with this precinct the official reading of Buncombe's vote by the canvassing board was finished, whereupon Chairman Webb announced that was what the shoemaker killed his wife with.

Then began the work of casting up the columns of figures. Each sheet was taken by someone proficient in figuring, and the proceeding was watched with the greatest interest. Once it was given out that Clerk Cathey had been defeated, and the long face went round, but this was found to be an error. Then Dr. L. B. McBrayer was said to be defeated for coroner, but a second adding showed this to be a false alarm.

Will Jones moved to accept the count as the official returns of Buncombe. This was carried, and the board ended its official existence by adjourning.

The result was proclaimed from the court house steps by Sheriff Brookshire in a happy voice, and the election of '94 was settled in Buncombe.

THE CZAR'S FUNERAL.

Moscow Covered With Emblems of Mourning—Impressive Ceremonies. Moscow, Nov. 10.—The city has been so generally covered with emblems of mourning that the streets present a most lugubrious appearance. Black and white flags are flying from houses, lamp posts, etc., everywhere.

All of the residents of the city have voluntarily decorated their houses and the municipalities have voted 50,000 roubles to decorate the public buildings. The imperial convoy is in readiness at Khar'koff to accompany the body to St. Petersburg. The progress of the funeral train was very impressive. The people along the route turning out en masse to do honor to the memory of the dead czar. During the period that the body will be in the monasteries of Moscow will give dinners to the poor of the city. While the body is being taken through the streets to the cathedral of Archangel and back to the railway station the gas lamps in the streets will be draped in black and lighted.

THE TONE OF THE MARKET.

It is Considered Favorable, For Which Many Thank.

New York, Nov. 10.—R. G. Dun & Co.'s weekly review of trade says: "In speculative markets there has been scarcely any movement and nothing favorable to holders."

"The output of the pig iron was larger by 7731 tons November 1 (when it was 158,866 tons weekly) than it was October 1 and larger than a year ago, but it is still down 13 per cent. below the output last May before the great depression began."

"It is noted that nearly all the furnaces in the region depending on Connellville coke and lake ore, are now in operation with an output of 98,000 tons weekly out of a maximum in that region of 94,000 tons. At the same time there is a decided improvement in the tone of the market and general confidence that the business will now improve."

NEGROES LEAVING THE COUNTRY.

The Republican Victory Apparently Too Much for Them. Birmingham, Ala., Nov. 10.—An advance guard of negro emigrants left Birmingham yesterday enroute to Liberia via New York and Liverpool. They go as a committee to make arrangements for emigration of several thousand of their countrymen who have paid the necessary money to the International Migration society, and only await perfected plans to leave. The President of Liberia has sent encouraging letters, and promises 25 acres of land and a temporary abode to each emigrant. As soon as the advance guard has gotten things mapped out in Africa, the rest of their countrymen will follow by steamer. Reliable railroad agents here say they have more inquiries from negroes anxious to go to Liberia than they can answer.

SETTLE SENDS A TELEGRAM.

He Says the Combination Will Have a Clear Majority in the Legislature. Washington, Nov. 10.—Chairman Babcock has received the following dispatch from Representative Settle (Rep.) of North Carolina last night at Greensboro, N. C.: "The fight is about over. The Democrats surrendered this evening. A number of canvassing boards are still in session, but not enough to change the result even should all decide against us. They counted us out in four out of five counties. We will have a clear working majority in both branches of the legislature."

GOOD CLIMATE NOT TO BE IN.

What New England Suffered in Its Last Blizzard. Boston, Nov. 7.—Delayed mails, paralyzed telephone and trolley wires, train hours behind time, horses killed by electric shocks received from wires blown in the street, vessels in the throes of the storm and fears that many have been lost with the lives of some of those on board, vast destruction of property, a wintry temperature and snow several inches in depth, such are the salient features of New England's meteorological experience of the last three days.

Passed By Miles.

Washington, Nov. 10.—Brigadier General Alexander McDowell McCook has been appointed major general of the United States army, vice-General Howard, retired, and Col. Jas. W. Forsyth, of the seventh cavalry, has been appointed brigadier general to succeed McCook.

One Democrat Elected.

Chicago, Nov. 10.—The revised count of the vote in the 16th Illinois congressional district elects Finis E. Downing (Dem.) by 69 majority over John I. Fisher (Rep.). This makes the Illinois delegation stand, Republicans 21, Democrats 1.

Will Contest Owen's Seat.

Lexington, Ky., Nov. 10.—The official count gives Owens, Democrat, 101 plurality over Denny, Republican, in the Ashland district. Judge Denny alleges that hundreds of Republicans were denied the right to register in Lexington.

VICE-PRESIDENT STEVENSON HERE

ARRIVED ON THEIR O'CLOCK TRAIN TODAY.

The Great Democrat Comes to Asheville For a Rest And to be With His Wife And Daughter, Who Have Been Here Some Time.

There is at least one great Democrat who, in this time of political suffering, has his head 'way above water—and that one is Adlai E. Stevenson, Vice-President of the United States. Moreover, that Democrat is, as the expression goes, "in our midst."

The Vice-President arrived in Asheville this afternoon on the 2 o'clock train, coming from Cincinnati, where he stopped yesterday to attend the marriage of a relative. He comes to Asheville for a rest after his arduous campaign work, and to be with Mrs. Stevenson and their daughter, who have been at the Battery Park hotel several weeks, Miss Stevenson having come here for the benefit of her health.

The people of Asheville are glad to have this big Democrat here.

A POP. MAYOR.

He Will Head San Francisco's Government For a Time. SAN FRANCISCO, Cal., Nov. 10.—Complete returns from all precincts of San Francisco give Adolph Sutro, Populist candidate for mayor a plurality of 18,000 in a total vote of 60,000. Opposed to him were five other candidates and he has polled a clear majority of 2,000 over his opponent. Sutro was elected on a platform opposing the Southern Pacific railroad and the funding bill.

He projected the famous Sutro tunnel in Nevada, and has just completed the largest public bath in the world. Sutro is the most extensive property holder in San Francisco, owning one-tenth of the real estate in the city and county.

WANTS THE TARIFF RAISED.

Ex-Chairman Jones Puts in a Back Claim on the Business Increase. PITTSBURGH, Nov. 10.—B. F. Jones, iron manufacturer and ex-Chairman of the Republican National committee, in discussing the Republican landslide said: "It was a foregone conclusion, and I think this accounts for the increase in business the last six weeks. I do not expect a sudden resumption of the industries. The change will be gradual. Changes should be made in the tariff wherever the existing duties are not protective. The country cannot become prosperous until the people are employed at liberal wages so that they may become liberal consumers."

THE COTTON CROP.

An Improvement in Condition as Compared With September. WASHINGTON, Nov. 10.—The cotton returns of the Department of Agriculture for the month of November shows an improvement of prospects as compared with the returns last month. The indications are the average yield per acre for the entire cotton belt will be 191.7 pounds, distributed by states as follows: North Carolina, 210; South Carolina, 168; Georgia, 155; Florida, 110; Alabama, 160; Mississippi, 195; Louisiana, 230; Texas, 235; Arkansas, 203; Tennessee, 157; all other states and territories 200.

Port Arthur Falls.

LONDON, Nov. 10.—The Pall Mall Gazette's dispatch from Chee Foo says Port Arthur has been captured. Five Chinese torpedo boats passed Chee Foo at an early hour yesterday morning steaming in the direction of Wei Hai Wei.

A Big Tobacco Smoke.

LONDON, Nov. 10.—Five large warehouses in Minories, London, filled with tea, tobacco and other goods, burned at an early hour this morning. Loss, estimated, \$200,000.

More Bonds.

New York, Nov. 10.—It was stated on Wall street today that there would be an issue of \$50,000,000 or \$100,000,000 five per cent. bonds before congress again assembles.

Well, Well.

New York, Nov. 10.—George E. Santon announced his failure on the consolidated exchange this morning.

And the Next Day It Snowed.

The first snow of the season fell in Asheville this afternoon. It was a fitful, blowing fall, and nobody got a snowball out of it.

CONDENSED TELEGRAMS.

Five employees of the New York, New Haven and Hartford railroad company were sent to jail at Plymouth, Mass., for inciting to riot during a controversy with a street railway in Abington in August, 1893.

Upon the basis of the latest returns the House of Representatives in the fifty-fourth Congress will consist of 245 Republicans, 91 Democrats and 20 Populists.

The Japanese say the three men from America arrested in Kobe had a contract with China to destroy Japan's navy in eight weeks with torpedoes.

Gen. O. O. Howard, having reached the age of 64, retired Thursday from the army.
