## THE UNITED STATES SENATORSHIP

WHO WILL SECURE THE LATE SENATOR VANCE'S PLACE?

There is going to be a hard fight among the Republicans for the big plum—Will it be Mott, Pritchard or Dockery?

"Who will be chosen for the seat in the United States Senate that was for years filled by the beloved Vance?" is a question that North Carolinians are asking, some of the chiefs in the Republican wigwag especially.

It is already settled that Mary Ann Butler, the leader who dictates to his followers and has his wishes obeyed implicitly, is to be rewarded with one of the Senatorships as a part of the alliance between the Reps. and Pops. The remaining Senatorship, of course, will be given to a Republican, and here is where the worry among the "truly loyal" comes. A plum like this is as big as a load of hay to a North Carolina Republican, aside from the honor connected with the place. This being the case, there will naturally be a scramble and a party fight for it.

If one looks over the campaign, as he thinks upon this matter, the conclusion will be reached that Jeter C. Pritchard of Madison county would be the man. While the fight was on, Pritchard was constantly named as the man who would go from the West, and the fight was made partly, at least, on him; so that it would naturally seem as good as settled that Pritchard would get it. But candidates are springing up like flies about a molasses barrel. The oily Dr. Mott is mentioned strongly now that the election is over, along with Holton, Waler, Pearson, yes Pearson, Dockery and Ewart, who announced himself some time ago. Pearson, however, need not be considered in it, he says, as he could not try for the place without being treacherous to Pritchard. Holton, too, is understood to be indebted to Pritchard for past favors and is not to be seriously thought of; it he comes fair. But Dr. Mott—ay, there comes the rub, and Pritchard may well gird on his armor.

A prominent Democrat in a talk with THE CITIZEN was inclined to think that the prize would after all be awarded to Dockery. This, he thought, would be as a reward for party service, in memory of the hopeless fight Dockery has waged for the Republicans.

The speakership of the State House of Representatives, for which Col. Lusk has announced himself, may not be allowed by Butler to go into the hands of the Republicans at all, it being said that Butler wants the place for one of his Pops. In any event, Col. Lusk will be heard from. Burham will attend.

It is a lie among the lawyers here that, when the Republicans get to work at Raleigh, instead of the Buncombe Criminal or a criminal case, it will be set on foot, composed of Buncombe, Haywood, Madison and Henderson counties. Each county will elect its clerk, while the judge and solicitor will be chosen by the four counties.

Whatever befall, this will be an interesting winter at the State capital.

THEY HAVE PORT ARTHUR.

A short bombardment and then the Chinese gave up.

LONDON, Nov. 12.—A despatch from Shanghai to the Central News, under today's date, says it is reported there that Port Arthur was taken by the Japanese Sunday without resistance. The Japanese, after bombarding the place for a short time, made a land assault upon the enemy's works, when the Chinese surrendered. The general in command and the other chief officers of the Chinese forces at Port Arthur had abandoned the forts on November 6 and disappeared.

A portion of the Chinese fleet is at Taku. Several European ministers are preparing to leave Peking.

WASHINGTON, Nov. 12.—Official confirmation of the capture of Kin Chow and Taku Wan by Japanese troops was received at the legation this morning.

OFFICERS NOT INDICTED.

Federal Grand Jury Dismisses the Charge of Imposition of Currency.

JACKSON, Miss., Nov. 9.—The Federal Grand jury by a vote of more than two to one refused to indict the governor, treasurer and auditor of the state in the matter of the printing of the Mississippi state warrants, it being alleged by chief Hazen, supported by Secretary Carlisle and Attorney General Olney, that they were designed in violation of the law, "being in likeness and similitude of United States currency and national bank notes."

The State officials were arraigned several months ago on affidavits sworn out by W. J. Burns of the United States secret service bureau.

COXEY TRIES TO MAKE AMENDS.

Farm Work for His Followers—Got Over 8,000 Votes for Congress.

MASSILLON, O., Nov. 10.—"Gen." J. S. Coxey today offered employment, at fair wages, to the remnant of his "Commonwealth" followers, now here in a destitute condition. Twenty-one have accepted.

EAST LIVERPOOL, O., Nov. 9.—The official count for the Eighteenth district complete gave Taylor (Rep.) 20,835, Raff (Dem.) 10,006, Coxey (Pop.) 8,538. Gen. Coxey's vote exceeds the estimate of the Republican and Democratic committee by 5,000.

At Trinity.

TRINITY COLLEGE, DURHAM, N. C. Nov. 10.—Trinity defeated the A. and M. college on Trinity's grounds today by a score of 6 to 0. It was hotly contested on both sides.

President Kilgo leaves next Friday for the South Carolina conference. On his return he will spend a week at the Western North Carolina conference. Prof. Pegram will fill his place as chairman of the faculty during his absence.

The new Havens telephone are now in operation in Durham. This telephone was put in by live Durham men and will cost considerably less than the old one, something like \$15 in price.

Evans is Elected.

NASHVILLE, Nov. 12.—The American says that on the face of the returns H. Clay Evans is elected governor of Tennessee.

## THE ST. LOUIS LAUNCHED.

The Wife of the President Does the Champagne Act.

WASHINGTON, Nov. 12.—The special train bearing the Washington guests to witness the launch of the St. Louis left Washington over the Pennsylvania railroad at 8:15 this morning and will run direct to Cramp's ship yard where the launching is to take place. The party consisted of President and Mrs. Cleveland, Secretary and Mrs. Thurber, Secretary and Mrs. Carlisle, Mrs. Gresham, Mrs. Lamont, Attorney General Olney and Secretary Herbert and son and daughter and Ambassador and Mrs. Bayard.

PHILADELPHIA, Pa., Nov. 12.—The special train having aboard President Cleveland, Mrs. Cleveland and their party to attend the launching of the international live steamship St. Louis, arrived at Cramp's ship yard at 12:10 p. m. After the christening party arrived the gates were thrown open and the waiting crowd thronged in. There was a rush to find points of vantage from which to view the launch, and the ends of the piers adjoining the place where the steamship stood were soon black with people.

Fully 2,500 people were in the yard when the launching took place, at 1:02 p. m. Mrs. Cleveland christened the vessel, using a bottle of champagne.

MAY BE PEACEMAKER.

The United States That China and Japan Quit Fighting.

TOKIO, Nov. 12.—United States Minister Dunn has communicated to the ministry the substance of an important cipher cablegram proposition received from Secretary Gredham at Washington. It suggested that if Japan will join China in requesting the President of the United States to act as a mediator in settling the war, he will exercise his good offices in that capacity. A similar proposition has been sent to China.

The cablegram was received by Minister Dunn on Friday and was presented to a special meeting of the ministry. An address has not yet been sent. The proposition presents a grave question to the ministry. They are urged on one hand by popular sentiment to continue the war and crush China. On the other hand European powers are threatening to intervene. As between these conflicting influences the ministry had great difficulty in reaching a decision on the American proposition, but the prospect is that it will be accepted. It is learned that four days ago France made a proposition to the United States to intervene.

WHAT KIND OF A CAR IS HE?

Russia Does Not Know How She Is to be Ruled.

LONDON, Nov. 12.—The Daily News hears from Odessa: "Another and more important manifesto from the czar is expected after the funeral. I gather from all sides that the regret for the deceased czar is materially qualified by a certain feeling of relief that his iron control has been removed. Anyhow the momentary popular mind hovers between hope and fear whether Nicholas II. will load the press with equal weight or relieve it of its more grievous burdens."

NO BOND ISSUE.

Report That There Is to Be One Denied at the Treasury Department.

WASHINGTON, Nov. 9.—The report that Secretary Carlisle will announce at the Chamber of Commerce dinner in New York his intention to make a new bond issue is emphatically denied at the Treasury.

Mr. Carlisle refused to talk, saying he is too busy on his annual report to be seen on any subject.

It was said at the department that an issue of bonds was not necessary and was not being contemplated.—N. Y. World.

GROOM BLACK-BRIDE WHITE.

Bridget Mahoney the Second White Woman to Marry Alexander Harris.

KINGSTON, N. Y., Nov. 10.—Alexander Harris, colored, a widower, 70 years old, has married Bridget Mahoney, a white woman. She is a widow, much younger than her husband.

Harris' first wife was a white woman. She died a few years ago, leaving three sons. They are living in New York. Harris is a grocer and has considerable property.—N. Y. World.

Catholic Teachers in Public Schools.

PITTSBURGH, Pa., Nov. 12.—The supreme court this morning rendered an opinion in the Galitzin school case, affirming the decision of the lower court. The court refuses to restrain by injunction members of the order of St. Joseph (Catholic sisters) from teaching in the public schools in the garb of their order or school directors from employing or permitting them to act in that capacity.

Set \$100 to a Cent and Won \$1,500.

BINGHAMTON, N. Y., Nov. 9.—A bet of \$100 to a cent was made between two citizens that Morlon would defeat Hill, with the proviso that for every vote Morlon received in excess of Hill the Democrat should pay one cent to the Republican. As Morlon's plurality is now over 150,000, the Democrat stands to lose over \$1,500. The winner insists on being paid.

MILLS TO START.

ROCKVILLE, Conn., Nov. 12.—Cheney Bros., the big silk manufacturers of South Manchester, announced Saturday that they would on Monday next start a number of important departments of their mills on full time. The mill employs 2,500 hands.

Bavaria Will Eat No American Beef.

LONDON, Nov. 10.—A Berlin dispatch states that Bavaria has prohibited the importation of American cattle in order to prevent any evasion of the imperial decree.

CONDENSED TELEGRAMS.

It having been demonstrated that the woman's vote in Denver in Tuesday's election was 55 per cent. of the total vote, the leading women have formed a State organization of their own for the next national campaign. The purpose is to increase their political power and importance.

All doubt on the question of rebuilding the Brooklyn Tabernacle may now be considered at an end. The project has been abandoned, and the Rev. Dr. T. De Witt Talmage has sent in his resignation as pastor, which has been accepted.

WILL JOURNAL ON WAITE

NO MORE WILD-EYED SOCIALISTS WANTED IN COLORADO.

Late Pence Makes an Attack on the Governor That Renders Him Speechless—The Sunday Political Meetings Abandoned.

DENVER, Nov. 12.—Governor Waite received a dressing down in his own chamber Saturday night by the conservative men of his party. Nearly all the Populist State ticket were present and each in turn sailed into the old man rough shod. Each man declared himself a true believer in the party principles, but that henceforth he wanted to hear no more from the man for whom they were sacrificed.

Late Pence, congressman from the First district was the principal speaker. He denounced the Governor and his following in unmeasured terms, telling him to get himself off into the wilderness as soon as possible after January 1st and there bury himself from the sight of men. "We want no more long-haired, wild-eyed anarchists and socialists in the party," he exclaimed with warmth, "and the quicker you and your office-grabbing friends take yourselves away, the better you will be liked."

The conservatives were so forceful that for the first time since coming to Denver the Governor was speechless. Following this conference it was decided to abandon all Sunday political meetings which caused so much scandal and incurred the enmity of the churchmen, and organize on the basis of good government.

VANDERBILT'S MONGOOSE.

It is Not a Desirable Addition to Our Society.

WASHINGTON, Nov. 12.—Consul Eckford at Kingston, having heard that Vanderbilt has imported a mongoose for his estate near Asheville, N. C., says he will endeavor to have our government prohibit the importation of the mongoose into the United States.

When the mongoose was introduced into Jamaica to destroy rats which infected sugar and coffee plantations they did the work so well and increased so rapidly that their natural food supply was soon exhausted, and they began to prey upon small living creatures. All ground birds were wiped out; all snakes and toads and land crabs. Newly born calves, young pigs, puppies, game, turtles—all fell victims to the mongoose, which became much worse a pest than the English sparrow in America and the rabbit in Australia.

Only the Pops Gained.

MILWAUKEE, Wis., Nov. 12.—The Populist party in Wisconsin was the only one of the four, according to State Chairman Schilling, that gained any votes. The gain is estimated at 45,000, about four times the vote cast in 1892, and the Democratic loss was evenly divided between stay-at-homes and deserters to the Populists.

Arlington Inn Destroyed.

FORT WORTH, Tex., Nov. 12.—Fire yesterday morning at 3 o'clock destroyed the Arlington Inn, one of the best hotels in Texas. Being located at Arlington Heights, three miles from the city, the fire department was unable to stay the flames. The building and contents cost, two years ago, \$125,000, and was fully covered by insurance.

IN THE OLD NORTH STATE.

A pretty little romance, in which two lovers were happily united, has just been brought to light at Salisbury. The scene was Rutherford College and the parties Mr. P. M. Rutherford of Knoxville, Tenn., postal clerk between Salisbury and Knoxville, and Miss Anna L. Abernethy, assistant postmistress at Rutherford College and a daughter of Rev. Dr. Abernethy of that place. The marriage was celebrated on the evening of October 21, Rev. Dr. Abernethy officiating.

—Early Saturday morning Lewis O. Longer, treasurer of Wake county, died at his home in Raleigh. He was about 45 years of age, and had for four years held the office. He was for years a valued member of Raleigh Typographical Union. Six months ago he married a young lady of Durham. He died of pleurisy and was sick only 24 hours.

—Maj. Wilson, chairman of the railroad commission, has received a letter from Traffic Manager Culp, saying that the "100 pound rate" on freight had been rescinded, and that the charge on packages from any point on the Southern railway will be only 25 cents. Hereafter all packages have been charged as of 100 pounds weight.

—Chairman Marion Butler, of the Populist State committee, says the true cause of the defeat of the Democrats in this State is that they had to fight with a superior organization, for the first time. He declares he knew perfectly well he would win, and that could not be deceived as to his views.

—Following are the delegates from this State to the Cotton Growers' Congress at Montgomery, Ala.; R. C. Brown, Tarboro; J. W. Myatt, Polenta; I. Sol. Reed, Maesey; George W. Norwood, Wake county; M. T. Lench, Raleigh; J. W. McGregory, Lilesville.

—The result of the primaries for United States Senators, held in Mecklenburg county, as between Ransom and Jarvis is announced. Jarvis's majority was 40. This was the only county in which primaries were held.

—There may be a contest as to the State Treasurer, based on the fact that the fusion tickets bore the words "State Treasurer" instead of "Treasurer" simply.

—The registered whiskey distillery of J. M. Sloan at Jonesboro, was seized Saturday by Deputy Revenue Collector W. C. Troy for irregularities.

—Democrats do not now question the fact the fusionists have 10 to 12 majority in the Senate and 30 in the lower house.

—Governor Carr has appointed W. N. Mebane Judge Graves' successor.

—The majority of W. F. Stroud, fusion nominee for Congress, is 4,291.

—Alfred Barrier (colored), aged over 100, died at Concord Tuesday.

—The Tuckasee Democrat has quit.
