HERE'S ANOTHER ISSUE OF BONDS

IT WILL BE FOR \$50,000,000 AT FIVE PER CENT.

The New York Banks Are All Ready To Enrich Themselves By Taking The Bonds and Selling Them.

WASHINGTON, Nov. 13.—There is no longer any doubt that an issue of bonds has been definitely decided upon, and it can be stated on authority that a circular asking for bids will be issued during the present week and probably tonight or tomorrow. It is fully realized that the gold reserve has now reached a point where it could be completely wiped out by a few heavy shipments, and it is thought to be the part of wisdom not to wait until gold in the treasury is practically exhausted before making an effort to recoup it.

Wednesday last Mr. Carlisle, after several consultations with the President, wrote to President Stewart of the United States Loan and Trust company of New York, reciting the law as to the issue of bonds, and asking his opinion as to which class of bonds could be placed at this time to the greatest advantage to the government. The result of this correspondence was that the President and Mr. Carlisle decided to make the forthcoming issue the same in amount and rate and in nearly all other important particulars same as the February issue.

Later—it is semi-officially announced at the treasury department that a circular, similar in all material respects to the last one, inviting bids for \$50,000,000, 5 per cent. bonds on a 3 per cent. basis will be issued by Secretary Carlisle within the next 48 hours.

New York, Nov. 13.—Five presidents of national banks, who are regarded as the leaders of the bank presidents in New York city, met in the office of Henry W. Cannon, president of the Chase National bank yesterday. They were: Mr. Cannon, President Nash of the Corn Exchange National bank; Tappan, of the Gallatin National; Tappan, of the Fourth National; and Williams, of the Chemical National.

These gentlemen gathered to discuss the impending government loan. The consensus of opinion was that the bankers of New York would give up the large amount of gold for the purchase of the new issue of government bonds. It is expected that investors will subscribe largely for the new bonds and the banks will furnish to depositors freely the gold necessary to take the bonds.

The decision is of importance as the informal conference with the Union Trust and the United States and Central Trust companies hold the bulk of gold in New York. Presidents King, Stewart and Olcott of the trust companies mentioned have already extended to the administration their assurance that the new issue will be taken care of.

When the February issue was made, depositors had difficulty in taking the gold from banks, and many only secured legal tenders which were presented at the sub-treasury to obtain the gold. The government thus failed to obtain over \$18,000,000 gold for the \$28,000,000 netted by the sale of the \$50,000,000 bonds. The decision of the bankers to give up their gold freely will consequently net a larger amount of gold to the government as the result of the forthcoming \$50,000,000 bond issue.

GEORGIA CENTRAL REORGANIZED

The New President Will Be W. G. Oakman—Spencer Is In It, Too.

New York, Nov. 13.—The reorganization plan of the Georgia Central railroad is now likely to be announced at any moment. The syndicate that takes the new \$7,000,000 first mortgage was completed yesterday. It consists of Kuhn, Jobl and company, the Mercantile Trust company, the New York Guaranty and Indemnity company and Drexel, Morgan and company. The first two will take \$2,200,000 each.

It is understood that W. G. Oakman, former president of the Georgia Central terminal company, will become president of the new Georgia Central company after the reorganization, and that Samuel Spencer, president of the Southern company, which retains control of the stock of the new company, will be director.

Savannah, Ga., Nov. 13.—Dispatches received in this city this morning leave no doubt that H. M. Comer will continue president of the Georgia Central railway after the reorganization. Comer has been assured by the representatives of every interest connected with the property in New York that he will be retained.

CZAR'S BODY IN ST. PETERSBURG.

The Preparations Hardly Equal Those Made at Moscow.

ST. PETERSBURG, Nov. 13.—Preparations for the reception of the body of Alexander III. in this city were hardly equal to those in Moscow, and in consequence of a thaw, followed by fog and heavy snow fall, it is likely the procession will have to march through deep slush. The hotels are crowded to their full capacity with visitors, and windows along the route of procession have been rented readily at 100 roubles. Preceding the ceremony of removing the body from Nicholas station to the fortress three guns will be fired. After the third gun, the church bells will begin to toll, and throughout the day the minute guns will be fired. The navy will supply a guard of honor at the railway station.

CAN PUT SUGAR QUESTIONS.

WASHINGTON, Nov. 13.—In the Criminal court this morning Judge Cole overruled the demurrer to the indictment against Macarney & Chapman, stock brokers, who refused to answer questions put by the Senate sugar investigation committee. The court held that the indictment was all right and the committee was authorized to ask the questions.

Gathering of the Learned.

CHARLESTON, S. C., Nov. 13.—The seventh annual convention of the Southern Surgical and Gynecological association met here today with a fair attendance of members. Upwards of 100 papers are to be read on various subjects.

Stetson's \$4.00 hat, latest blocks, as good as any \$5.00 hat on the market, at the Men's Outfitter, Hotel Berkeley.

THE WHISKEY WAS FOUND.

But the Charge of Embezzlement Wasn't Sustained.

An interesting case was heard yesterday in Justice Frank Carter's court, in which E. R. Hunter charged Harrison L. Lindsey with embezzlement. The case was returned before Justice J. M. Israel but was removed to Justice Carter on affidavit. It appeared that Hunter and Lindsey quite a while ago were engaged in a sort of blind tiger business on Newfound creek. Officers discovered the game and Hunter was arrested, tried and sent to the county roads for a year. Lindsey went to Tennessee but returned, dead guilty and was punished for his part in the affair.

Hunter brought the charge of embezzlement on the ground that Lindsey had not turned over all of the receipts from the partnership. And here the funny part of the case developed. It seems that when Hunter was arrested Lindsey had 120 gallons of the whiskey in the woods. The news got out in the settlement and there was a vigorous search for the wet goods. The stuff was finally found and the hunters proceeded to have a jollification, it is said, such as is well known. There was a search about the heads of the casks, Justice Carter adjudged that there had been no embezzlement, discharged Lindsey and taxed the prosecutor with the costs, which amounted to nearly \$75. Lotter & Stevens appeared for the State, and Chas. A. Moore for the defendant.

GOOD FOR NEWFOUND!

The Unterrified Are Going to Organize a Club And Go to Work.

Some of the Democrats are still agitating on the great surprise of last Tuesday's election, and figuring as to the causes therefor. But, although the Democrats of the Newfound neighborhood, this county, are also discussing the reasons for the beat, they are doing more; they propose to organize at once for the fight two years hence.

A staunch Democrat met Locke Craig, here yesterday and accosted him with:

"Mr. Craig, we are going to organize a Democratic club on Newfound next Saturday night, and want you to me out and make a speech for us. We are going to begin the fight now and will keep it up all the next election on."

Mr. Craig promised that if nothing occurred to prevent he would be on hand.

WHAT WILL THEY DO?

Members of the State Guard Interested in the Next Legislature.

No class of citizens is more interested in the capture of the legislature by the Republicans and Unionists than the members of the State Guard. It is feared that among the many changes expected to be made will be the abolition of the Guard, or, at least, the withdrawal of the annual appropriation given the companies of the State. The Republicans, it is believed, will vote against the appropriation, if the remarks in the past of some of their leaders be taken in earnest.

The amount received each year by the Asheville Light Infantry is \$250. In addition, the United States furnishes a certain amount of cloth for uniforms. And moreover, it is believed that whatever the legislation on the matter, the Asheville people will see to it that their company does not disband.

TO MACON FIRST CHURCH.

Rev. J. L. White of Asheville Called to a New Field as Pastor.

Rev. J. L. White, pastor of the First Baptist church of Asheville, left yesterday for Louisville, Ky., where he goes to hold a meeting at the Broadway church. He will be absent two weeks.

Mr. White has received a call to the pastorate of the First church of Macon, Ga., and now has it under consideration, although it is insisted by his congregation and friends here that he will not accept. They will do all in their power to have him continue his ministrations to the large flock in Asheville. Mr. White, however, will return by way of Macon and will survey the field and make his decision as to the call then.

Interesting Contest.

The first gathering of the present session of Skyland institute has closed. A contest in written spelling for the quarter resulted as follows: Of those who were present all the time, on Miss Hester Moore's side, Miss Bessie Lee was first; Miss Bessie Johnson and Sam James tied for second, and Miss Edith McCrea, third. Of those who were present a part of the term, Miss Annie Haynes was first, and Miss Maude Wells second. In the primary room, Willard North-up's side was victorious, with little Annie Wright first. Of the opposing side, Jerry Cooke was first. In the same room, the map-drawing contest resulted as follows: Miss Bessie Lee, first; Miss Annie Lee second, and Leonard Levy third. The maps would do credit to much older pupils.

This Is Too Bad.

The restoration of the double daily passenger service over the main line of the Southern, which has been so anxiously awaited by the Asheville people, is not to come Sunday after all. The schedules had been made out, but last night notice came from headquarters resuming the order for the improved service, and now it is not known when the extra trains will be put on. A slight change in the present schedule of the passenger train will go into effect Sunday, but the exact figures are not obtainable.

To Study a Year at Vanderbilt's.

Frederick Law Olmsted, the eminent landscape architect, accompanied by his wife and daughter, will leave for home tomorrow. His son, Frederick Law Olmsted, jr., who is perfecting himself in the branches in which the father has become so eminent, will remain here, studying in the Vanderbilt nursery and arboretum for a year. Mr. Olmsted, senior, prefers this school of practical instruction to anything of the kind with which he is acquainted.

Suits made to order for \$12.50 up, pants for \$3.00 up, fit guaranteed, at the Men's Outfitter, Hotel Berkeley.

JAPAN IS ABOUT READY TO QUIT

OTHERWISE THE POWERS WOULD INTERFERE.

President Cleveland's Offer to Mediate Received In Good Part by Japan, as it Gives That Nation a Way Out—What China Expects.

WASHINGTON, Nov. 13.—Although formal acceptance by Japan of American mediation already agreed upon by China has not yet reached the Department of State, no doubt whatever is entertained in diplomatic circles that it will be forthcoming as promptly as the Japanese government can act without sacrificing its honor and avoiding undue haste. The reply to the proposition of President Cleveland is momentarily expected.

The reason for this unusual degree of confidence is due to the knowledge that Japan practically has but a single alternative either to accept this proposition or to consider an ultimatum from Great Britain and the allied powers.

It is understood that while President Cleveland's offer to mediate simply represented a general proposition, without details as to procedure, Japan has been made aware that China concedes in advance most of the Japanese probable claims as far as cash indemnity and Korean independence is concerned, but doesn't expect that any partition of a portion of her territory will be involved.

A "FRAUD ORDER."

An Atlanta Company Wants It Revoked And Mail Delivered.

WASHINGTON, Nov. 13.—Judge John L. Thomas, assistant attorney general for the post-office department, left here today for Atlanta, Ga., where he will represent the government in a suit to be brought by the Equitable Loan and Security company against the postmaster at Atlanta. The case will be heard in the United States District court, and is the application by the company for a mandamus to compel the postmaster to forward its mail. The postmaster refused to do so on the ground that the business of the company was a lottery scheme. It was so decided by Thomas, and the postmaster general issued an order known as a "fraud order" against the company, prohibiting it from using the mails and declaring its business to be a lottery.

END OF THE TEXAS COTTON CROP

A Hard Frost Kills the Plants—Next Year a Much Less Area.

DALLAS, Tex., Nov. 13.—The cotton crop is ended. The thermometer was at 32 at daylight this morning. The fields are black, the stalks are dead, bolls, blooms, squares and all. Not one pound more can be made this year. Half the patches have been picked clean; the other half will yield a little more, possibly. The planters are unanimous upon one point, not to plant more than half the present area next year. Hundreds have determined to plant none at all, for the good and sufficient reason, it don't pay.

Five Democratic Congressmen.

ST. LOUIS, Nov. 13.—Official returns from many Congress districts and semi-official returns from the others show the election of 10 Republican and five Democratic Congressmen from Missouri. At 1 p. m. today semi-official returns from the second district give Hall (Dem.) a plurality of 1,375 votes over Loumie. In the Third district Dockery (Dem.) is elected by 262 plurality. In the Sixth district D'Armond (Dem.) has 520 plurality, and in the Ninth district Treloar (Rep.) has 132 plurality.

Turney Won't Give Up.

NASHVILLE, Tenn., Nov. 13.—Notwithstanding the fact that the face of the returns are against him, Governor Turney is still confident and declares that he did not believe he was defeated. "I shall wait," said he, "until the official returns are canvassed and the vote investigated wherever there is any unfairness charged. I believe the official returns will elect me."

Parts of Old England Afloat.

LONDON, Nov. 13.—There are floods in various parts of England. In Buckingham the houses in the lower portion of the town are flooded, and the roads blocked. Avon has overflowed its banks at Bath and thousands of persons are consequently imprisoned in the upper stories of factories and dwellings.

Rewarding the Faithful.

WASHINGTON, Nov. 13.—The President today made the following appointments: John Karel of Illinois, to be Consul General of the United States at St. Petersburg; Charles Jones of Wisconsin, to be consul general of the United States at Prague, Bohemia; S. D. Percall, postmaster, Summit, Miss.

Owens Is Ahead.

FRANKFORT, Ky., Nov. 13.—The official vote in the 7th district, compared by the secretary of state, gives Owens, Democrat, a plurality of 101 votes. Total vote cast: Owens (Dem.), 13,677; Davis (Rep.), 13,576; Johnson (Pop.), 262; Finley (Pro.), 554.

A Gold Day for Florida.

PENSACOLA, Fla., Nov. 13.—A cold wave spread over this section Sunday, and Sunday night the mercury went down to 20. Ice was plentiful Monday morning. The oldest inhabitants do not remember a freeze so early.

Sugar Refineries Start.

PHILADELPHIA, Nov. 13.—The sugar refineries started a boom in business today, the Franklin resuming with nearly a full force of men, and Spreckles making preparations for an immediate resumption.

Killed Twenty Miners.

DRESDEN, Nov. 13.—An explosion of fire damp occurred in Pluto colliery at Wiesa, Saxony, yesterday noon, killing 20 miners and injuring a great many more.

Assignment.

NEW YORK, Nov. 13.—Caldwell and Banker, brokers, No. 18 New street have assigned without preference.

Seriven's drawers, half hose in wool merino and cotton at the Men's Outfitter, Hotel Berkeley.

A CARD

TO MEN AND BOYS.

I have about 1000 pairs of men's and boys' shoes on hand. I have too many, too much money invested in my shoe stock. For a short time I offer every pair at cut rate prices. Prices cut from 10% per cent. to 35% per cent. on entire stock. A great opportunity. Will you take advantage of it? It remains for you to say. You will find it exactly as advertised.
