NEW REICHTAG IN AN UPRAOR

THE SOCIALISTS RESENT ONE OF THE EMPEROR'S EXPRESSIONS.

Cheers were called for in favor of Emperor William, but the Social Democrats refused the approval—Corner Stone Laying.

BERLIN, Dec. 6.—After the ceremony in the Rittersall yesterday, at which the Emperor and the young German Princess were also present, Emperor William and the Empress drove to the new Reichstag building. The Empress' carriage was escorted by Queen Victoria's dragons, and that of the Emperor by the guards decorated with flowers. The gangway at the west main entrance, by which the imperial party arrived, was carpeted with purple. On reaching the copulorum of the grand lobby the Emperor and Empress found awaiting them the high personages who had been invited to the ceremonies.

At 1 o'clock Chancellor von Hohenlohe left the dais and read an address to the Emperor. This was deposited in a hollow stone which stands in the center of the lobby under the cupola and will form the corner stone of a statue to Emperor William II. The Bavarian minister handed the trowel to the Emperor and, kneeling, expressed the hope that under the Emperor's powerful protection, wisdom and strength union would prevail. The President of the Bundestag then handed a mallet to the Emperor, remarking that it was some one used by Emperor William I. 10 years ago. Continuing he said:

"May the Kaiser's firm faith, wide foresight and high thought, be with whatever is dated and decided in this house. Our great time has brought what many generations had dreamed and hoped for. The empire's new Rathaus is a sign of Germany united, which may God guard."

The Emperor, wearing the uniform of the garde de corps, with covered head, struck the stone three times with the mallet, saying: "Pro gloria et patria." The empress, who was dressed in mourning and wore the insignia of the black eagle, performed the same action and was followed by the Princes band, which played, "Heil mir im Sieger Krone" and after three cheers for the Emperor had been called for by the Bavarian minister and given with a will the formal memento dispersed. The architect of the building proceeded to escort the Emperor and others around the building and explained the various points of interest.

First sitting of the Reichstag in its new building was held today. President Von Levetzow delivered a brief address in honor of the completion of the building, concluding his remarks with a call for cheers for the Emperor. All the members present, with the exception of the socialists, responded by rising from their seats and cheering heartily. Upon seeing that the socialists retained their seats, other members were greatly excited, howling and shouting at the socialists to get out. These cries, however, had no effect upon the social democratic members, who remained seated. Fully five minutes elapsed before the tumult could be quelled and order restored.

The socialists, during the disorder, retorted by making use of many invectives. They remonstrated fully five minutes elapsed before the tumult could be quelled and order restored.

When order was restored balloting for secretaries began. The socialists claimed the right to the third secretaryship, and nominated for that position Herr Fischer. This nomination was received with many protests from the members of other groups. Herr Von Vesting sternly censured the socialists for not responding to the call for cheers for the Emperor. Herr Singer, socialist leader, replied that the Emperor had been cheering for a man who told his soldiers that at his command they must fire upon their fellow citizens. This declaration of Herr Singer was greeted with cheers by his followers. Fully five minutes elapsed before the tumult could be quelled and order restored.

THANISHED THE NEGRO.

An Imitator of Jackson Put to Sleep in Short Order.

CHICAGO, Dec. 6.—Joe Bertrand, the California bantam, met and soundly thrashed Sid Thompson, colored, who must have weighed 130 pounds, last night. Bertrand dislocated a bone in his right wrist in the fourth round, but kept at work and fairly massacred his man.

Parson Davies left for Detroit last night to join Tommy Ryan, and the party leave for New Orleans tomorrow. Parson received offers from two local theatres to show Tommy Ryan immediately after his fight with Jack Dempsey. If Ryan succeeds in winning, his manager will accept one of the offers, and Ryan will have Joe Choyanski for his sparring partner. During the week Ryan will be fought against any boxer in his class and will forfeit a substantial sum to any one he fails to stop in four rounds.

FROM MARION.

Prisoners Escape—Rebuilding—Insurance Adjusters—Fires.

MARION, N. C., Dec. 5.—Six prisoners, three white and three colored, escaped from the court house here last night. The notorious Robias and "ye confidence man" Prof. Johnson, colored, being of the number. Up to this time the birds have flown beyond recall. The first to break dirt after the fire, will in a few days have his burned brick rooms converted into one brick store building. Blanton has broken ground for a brick store.

The insurance adjusters are here and making ready, satisfactorily, to pay losses. "The Virginia Marine" paid McCull & Conley's policy—\$1000.

Very large areas of the mountains on this side have burned over lately.

CAPT. GILMER WINS THE SUIT.

Application to Set Aside an Assignment Denied.

WINSTON, Dec. 4.—The suit brought in the Superior court here against Captain I. E. Gilmer by the Greensboro National bank was concluded today. The jury returned a verdict in favor of Gilmer, the defendant. The case involved the entire estate of Capt. Gilmer, which is very large. Plaintiffs asked that the assignment which Captain Gilmer made several months ago be set aside on the ground that his deed of trust was void in that it preferred his personal creditors and left out the North State Improvement company, for which he endorsed. Plaintiffs will ask for a new trial. If refused the case will go to the Supreme court.—Charlotte Observer.

Debs Case Continued.

CHICAGO, Dec. 5.—Debs conspiracy case was called in the United States court yesterday morning, but was continued until December 12, owing to the engagements of counsel for the defendant.

COREAN PROMISES.

They Were Made Only to Be Broken, It Appears.

LONDON, Dec. 6.—The Central News correspondent at Tokio telegraphs as follows: The Korean government has broken its promises to follow the advice of Count Inoye, Japanese minister at Seoul, regarding internal reforms. After appearing to comply with Count Inoye's suggestions, the government sent secret messengers through the country for the purpose of exciting risings among the natives. Count Inoye thereupon informed the Korean foreign office that the advice he had previously presented and been revoked and caused to be recalled troops that had been sent to suppress risings. The discovery of their underhand dealings on the part of the authorities has caused a disturbance at the palace. The minister of the interior has tendered his resignation.

SPECULATION.

Sugars Go Up and Down—Hallways Still.

WALL STREET, N. Y., Dec. 6.—There was quite a flurry in sugar at the opening, but after a rise to 90 a reaction to 88 1/2 took place. It was believed in the room that a big long interest was closed out as an advance. Trading in stock after first 10 minutes was on a smaller scale than yesterday, the transactions for first hour amounting to 84,000 shares. A feature of the market was the strength of railway issues, which showed a more bullish feeling, having been engendered through Washington advice that Congress will take favorable action in the matter of railway pooling.

THEY CALL IT GROUP.

St. Louis Doctors Acting Very Strange—ly Just Now.

ST. LOUIS, Mo., Dec. 6.—Diphtheria is raging throughout the city, and in some quarters the disease is assuming such proportions as to be considered epidemic. The Board of Health is indignant at the action of certain physicians in giving the disease a wrong name when filing out death certificates. Nearly all the cases are quoted as "group" or "erythema," when, in reality, they are diphtheria or scarlet fever. There seems to be an agreement between physicians that the truth in regard to the prevalence of the disease should not be made public.

LABOR LEADERS' VACATION.

They are En Route to Colorado and Will Visit the South.

NEW YORK, Dec. 6.—John Burns, M. P., the English labor leader, and Samuel Gompers, president of the federation of labor, and other labor representatives started for Denver, Col., last night to attend the convention of national and international representatives of all trades unions to be held there Monday, December 20. The party will not return to this city until about New Year's day. They expect to make the return trip via a southern route and probably visit St. Louis, New Orleans, Mobile and Florida.

THAT HORRID MAN.

He Does Not Wish the "Fumoles" to Vote in Ohio.

COLUMBUS, O., Nov. 6.—Application has been made to the state supervisor of elections by ex-Secretary of State Daniel Ryan to strike all the names of females from the voters' registers. If he refuses, mandamus proceedings in the Supreme court will be instituted. The action is taken to test the new law giving women the right to vote in school elections. They will vote under it for the first time next spring, and many have already registered.

Gold Hoarded Out.

WASHINGTON, Dec. 6.—Foreign exchange has advanced within the past few days to a point that leads the treasury officials to anticipate that gold may be exported this week. The treasury gold reserve stands at \$111,000,000.

Zola Drew a Blank.

PARIS, Dec. 6.—Henry Housaye, French historian and critic, was this afternoon elected a member of the Academy French. Emile Zola, also a candidate for membership, did not receive a single vote.

Evans Was Elected.

CHATTANOOGA, Dec. 6.—The Times says the official figure of the vote on governor are as follows: H. Clay 508, Evans 492, Taylor 104, 508, Evans 492, Taylor 104.

AT FIRST HE FOUGHT TILLMAN

THEN HE FLOPPED, NOW COMES HIS REWARD.

The Representatives of the Old Regime About Wounded Out By The Tillman Iconoclasts—Only Two Judges Left—Gen. Earle Judge of the Criminal Court.

COLUMBIA, S. C., Dec. 6.—The general assembly in South Carolina in joint session yesterday completed the reorganization of the judiciary of the state begun with the advent of the reform administration four years ago. One by one the judges on the bench in 1890 have been retired. Only the chief justice of the Supreme court and one Circuit judge of the old set have been retained.

The remarkable feature of the elections yesterday was the selection of Gen. Jos. H. Eak, a brilliant attorney, who was attorney general in the administration which Tillman originally began his uprising against, and the man who as a candidate for Governor made the first fight against Tillman and reform in the campaign of 1890. Two years ago he began to confer with the reformers in the movement inaugurated by Tillman. The result is he was made judge of the Eighth circuit today over the present incumbent, Judge Norton, and another strong reform candidate, getting 100 out of the 156 votes cast. The reorganization of the judiciary was made complete by making the young attorney general, O. W. Buchanan, judge of the Third circuit, the incumbent, Judge Frazer, being overwhelmingly defeated.

PENSIONS.

The Appropriation Bill Reported to the House From Committee.

WASHINGTON, Dec. 6.—The pension appropriation bill reported to the house today by O'Neil of Massachusetts carries an appropriation of \$141,587,570, being \$200,000 less than the estimate and \$10,200 below the appropriation for the current fiscal year. The reduction is made in two items: in the payment of pensions and in the fees of examining surgeons. For pensions the bill allows \$140,000,000, a reduction of \$10,000,000 from the year's appropriation, and for surgeon's fees, \$800,000, being a reduction of \$25,000,000 under the amount allowed for the current year. In the report accompanying the bill is a table showing that in 1879 the number of pensioners was 242,755; the annual value of pensions \$25,403,742, and the disbursements on their account, reported by the treasury, \$35,121,482. In 1894 the number of pensioners increased to 969,544, the value of pensions to \$130,000,853 and the disbursements by the treasury to \$141,177,284.

IF WE HAVE MONEY.

Then We Shall Build More Battle Ships For The Navy.

WASHINGTON, Dec. 6.—Representative Geisenbainer of New Jersey, who will be the new chairman of the House Naval committee, expressed himself today as being fully in line with Secretary Herbert's recommendations for a material increase in fighting ships and torpedo boats. "It all depends," said Geisenbainer, "upon the available funds in the treasury. If we have money, I personally shall advocate the purchase of several battle ships and a certain number of torpedo boats. Whatever money we shall appropriate in our bill this session will not be needed for a year subsequent to the present session. It is that the Secretary of the Treasury will have sufficient available funds at that time to meet any draft we shall make upon him for new ships. The sentiment in favor of a navy is growing."

HELLO!

A Highly Moral and Unexpected Document From The Republicans.

WASHINGTON, Dec. 6.—The Republican congressional committee has sent out a significant letter in regard to contested seats in the next Congress. There are upwards of 60 districts wherein the defeated Republicans have indicated their intention of filing contests. The committee has addressed to each of these contestants a statement notifying him that he must not place any reliance on the large Republican majority in the next Congress, but must rest his prospects for success on the merits of the claims he advances. Probable contestants are advised not to file their papers unless able to reinforce them with testimony of most unimpeachable character.

THE RIND ISSUES.

A Vigorous Attack to Be Made Upon Them.

WASHINGTON, Dec. 6.—General Hooker of Mississippi introduced in the House yesterday a bill repealing section 3 of the act providing for the resumption of specie payments. This is the act under which the late bond issue was made, and the object of the bill is to revoke this power. Every indication points to a vigorous attack in the House of Representatives from the South and West upon the recent bond sales of the treasury department.

THE INCOME TAX SAFE.

It Will Not Be Repealed, And It Will Be Put Into Effect.

WASHINGTON, Dec. 6.—Representative McMillin of Tennessee, who was the prime mover for an income tax law, says there is no danger that it will be repealed or that there will be no appropriation for it this year. Chairman Sawyer, of the committee on appropriations, says the income tax will be provided for in the urgency deficiency bill.

It's a Matter of P. M.'s.

WASHINGTON, Dec. 6.—Senators Hutton and Daniel and a number of citizens from Fortness Monroe, Va., saw Postmaster General Biessel today with reference to a postoffice contest there. The delegation was in favor of George Booker, hotel keeper there, being appointed, as against William Jones, who lives at Back River, nine miles distant.

WASHINGTON, Dec. 6.—The President today sent to the senate the following nominations: Postmasters, Virginia, George Booker, Fortness Monroe, Va.; Alabama, John L. Rapier, Mobile. Also the names of 163 postmasters appointed during recess.

Fortifications.

WASHINGTON, Dec. 6.—The House appropriations committee today agreed on the fortifications bill for the next fiscal year. It carries an appropriation of \$1,579,057, being \$5,478,646 below the estimate on which it is based and \$547,946 less than the appropriation for the current fiscal year. The bill authorizes no contracts to be made in excess of the sums appropriated, but simply contains appropriations in continuation of the policy adopted by the 50th, 51st and 52d Congresses and the present Congress at its last session. The bill contains 163 names, including \$5,407 for Fort Monroe.
