### PRITCHARD TO SUCCEED VANCE

UNITED STATES SENATOR FROM NORTH CAROLINA TILL 1897.

Ewart was not in it at all—Dockery withdrew And That Settled It—What Will Be Lusk's Reward For Imitating Hood?

RALEIGH, N. C., Jan. 15.—(Special)—Pritchard was nominated to succeed Vance by the Republican caucus last night at 11:40 on the first ballot, the vote standing: Pritchard, 98; Holton, 21.

Dockery's withdrawal in favor of Pritchard early in the afternoon made the latter's election almost certain on the first ballot. Ewart's name was placed before the caucus, but was withdrawn in favor of Pritchard before a vote was reached.

A strong effort was made to have Holton withdrawn, and make it unanimous for Pritchard, but that was not a fight to a finish and demanded a ballot. Lusk presided over the caucus, and but for his red-line rallies the opposition to Pritchard would have filibustered all night.

Pritchard and Holton made speeches. Pritchard said he was cheaply nominated, which meant home rule for the State; for protection for raw materials, and death to "Barbours Democracy."

There has been a great deal of interest manifest on the part of Asheville people in the Senatorial matter, especially since it was known from THE CITIZEN that the question would perhaps be settled last night. Every here inquiry was made this morning as to the result and there was a sigh of relief when the pressure was lifted by THE CITIZEN'S bulletin that J. C. Pritchard had won by a good round majority. The news was generally greeted with pleasure by the Republicans, while numerous Democrats expressed satisfaction at the act of the caucus, since it had to be a Republican "win" to succeed the beloved Vance.

John C. Pritchard is a native of East Tennessee, but is a North Carolinian by right of long residence and service in his party. He has been the "ups and downs" of life, and is what is usually termed a "sea dog." A Tennessee reporter's account of the man who is so soon to be elected to the honorable position of a Senator of the United States, was to the effect that when Pritchard immigrated about into North Carolina he was an orphaned boy, and that as a young man he was in the company of George Brown, a "tourist," who cared for nothing more except seeing the country's sights. The objective point was Bakersville, in Mitchell county. On the way, weary and footsore, the wanderer approached the home of a blockader in whose garden grew a bed of tomato onions. A council of war was held, and the "army" finally decided to beard the moonshiner in his den and ask of him some of the sweetly fragrant ones.

The asking was put on young Pritchard, who, with his heart in his mouth, inquired of the man of the house if he would give two weary travelers some of the onions. The moonshiner, who carried in a satchel by him, as a dog, as he was in the company of George Brown, a "tourist," who cared for nothing more except seeing the country's sights. The objective point was Bakersville, in Mitchell county. On the way, weary and footsore, the wanderer approached the home of a blockader in whose garden grew a bed of tomato onions. A council of war was held, and the "army" finally decided to beard the moonshiner in his den and ask of him some of the sweetly fragrant ones.

We have just received a barrel of this celebrated water from the springs in Virginia. We will be glad to furnish

One gallon or more of the water to any one who may desire to give it a test. For sale only by

### AN OUTLAW CAPTURED.

BILL Cook Landed in Jail by United States Marshals.

ROSWELL, N. M., Jan. 15.—Bill Cook, the Oklahoma outlaw, was landed in jail here yesterday afternoon. He was captured at an isolated cattle ranch a few miles southeast of Old Fort Sumner. The arrest was made by Deputy United States Marshall Perry and two companions. He surrendered quietly. Cowhide thongs were attached from one to the other of his ankles beneath the horse's belly and the lariats placed about his horse's neck. One deputy led the animal while Perry and another deputy rode behind them. Thus the trip to Roswell was made, a distance of 65 miles. Marshall Perry and prisoner left today for Oklahoma.

### WHI BOIT THE CAUCUS.

BOISE CITY, Ind., Jan. 15.—Nineteen caucus Republicans met last night and nominated Willis Sweet, United States Senator. It is said two-thirds of this number will not stand by the result.

### THE INCOME TAX.

Gorman Wants the Law Enforced—The Bond Issues

WASHINGTON, Jan. 15.—In the Senate yesterday Gorman (Dem., Md.) made an address. The pending proposition was, he said, a simple and plain one. An appropriation bill was before the Senate providing for deficiencies, among them one to enable the Secretary of the Treasury to carry out the law for collection of the income tax. It was the duty of Congress to provide money for that purpose. Ordinarily there would not be a single objection in either House of Congress to such a proposition. He quoted from Hill's speech, and referred, approvingly, to Sherman's (Rep., Ohio) assertion that ample provisions now existed for testing the constitutionality of this or any other law.

"But what the Senator from New York desires," Mr. Gorman continued, "is that the Senate should pass a constitutional amendment in this case—a provision that would enable any taxpayer to suspend the income tax—by injunction to reverse the rule, and to prevent money coming into the treasury until every question that might be raised by every unwilling taxpayer should be decided by the Supreme Court of the United States."

"Such an attempt," Gorman declared, "would be wrong, would be beyond the power of the Senate, and would be destructive to the interests of the treasury." He had been opposed to the income tax as a permanent policy but he had accepted it as a part of the compromise of the great reform. He (Gorman) had accepted it as an emergency tax, limited in time and necessary to prevent the issue of interest bearing bonds to meet the current expenses of the government. It was there as a part of the structure for which the Senators were responsible, and was a necessary part of it. The collection, or any prevention of its being collected, simply meant, as the case stood today, striking of the income tax from the tax list. He was not for such a proposition as that. He knew that opposition to taxation furnished an "opportunity for demagogues." But no political party could live that would deliberately put down receipts while it kept up expenses and then issue gold bonds by the hundred millions per annum, to pay the ordinary expenses of government. And yet that was precisely the proposition presented to the Senate and supported by the public press throughout the country.

### THE MEETING AT CENTRAL.

It Means a Great Deal for Asheville—Comments on the Workers.

The meeting of pastors of the city churches and all those concerned in the securing of the next convention of Christian Workers for Asheville, will be held in the lecture room of Central M. E. church, South, at 8 o'clock this evening, and it is requested that every church in Asheville should be represented. The convention can be secured by a little work, and it is something to be very much desired. The coming of the Workers would be of benefit to the city in every respect.

Rev. Mr. Southgate of Worcester, Mass., said: "The convention of Christian Workers at Buffalo did more to deepen my faith in God, in man and in the Gospel, to revive my hope for our country and the coming of the Kingdom than any other six days I ever spent."

The Boston Herald said: "The Workers has our city and suburbs been so deeply and helpfully impressed as by the convention of Christian Workers. The addresses of these men and women who are actually engaged in the salvation of the submerged classes of society are so sincere, earnest and hopeful as to thrill all who listen to them and to make Christianity seem again the real, vital and redemptive force that it pretends to be. They speak very much as Christ and His disciples, as Paul and his co-workers, must have talked."

The Boston Herald said editorially: "The people now with us are too much in earnest to have time to think of themselves, and they are presenting to us some of the best types of thoroughly regenerated Christian manhood and womanhood that the community has seen. They will leave a blessing behind them, because they act and work like those who have the grace of God in their hearts, and who speak and think and act as if the greatest thing in the world was to do good to others."

### AN OVERDUE SHIP.

She Was Bound for Spain and Had Passengers Aboard.

BALTIMORE, Md., Jan. 15.—The ship Norris, Captain C. W. Barstow, sailed from Newport News Oct. 13 for Barcelona, Spain, and has not been heard from since. The voyage to Barcelona should not have occupied more than 40 days, and even allowing for tempestuous weather, the Norris should have reached her destination by Dec. 1. Among the vessel's passengers were Edward Henevinkle of Richmond, who took passage with the hope of recuperating in health. He was accompanied by Dr. J. F. Hubbard of Boston. In addition to the crew there were also on board Captain Barstow's wife, daughter and two nephews, all of Boston.

### RAVAGES OF THE GRIP.

New York a Good Place to Keep A Way From.

NEW YORK, Jan. 15.—The registrar of vital statistics reported 12 deaths from grip this morning. There were only two yesterday and the health official thought the cold weather was playing havoc with the disease. Today's record cast a gloom over the department.

### Echo of An Execution.

PARIS, Jan. 15.—A bomb exploded at midnight last night in Rue Mouton near the residence of the magistrate who was concerned in the Ravachol inquiry. The bomb was filled with nitro and scraps of iron and was charged with dynamite. The explosion did no damage beyond shattering a few windows in the neighborhood.

### Debs' Case at the Top.

WASHINGTON, Jan. 15.—It was determined by the Supreme court yesterday to hear argument on question of the jurisdiction of the court in the Debs case Wednesday.

### Capt. Howgate's Trial.

WASHINGTON, Jan. 15.—Owing to the illness of one of Captain Howgate's attorneys the trial of the ex-army officer has been postponed until Monday, January 28.

### A CITY'S STREET CARS STOPPED

A GREAT TIE-UP IN BROOKLYN, N. Y.

There Was Trouble Yesterday, But the Knights of Labor Will See to It That the Strikers Are Peaceful Hereafter—Would Stop the Mails.

BROOKLYN, Jan. 15.—The strike of trolley car motormen is the greatest one Brooklyn has ever seen. The trolley companies have agents now in Newark, Philadelphia and other cities where trolley lines run, trying to get men to take the places of the strikers.

Plenty of men, the company says 2,000, applied at the city railway company's offices this morning for work. They said they would take out cars if they were guaranteed protection. If the police cannot give it federal marshals and United States troops will be called on. The United States government can be dragged into the quarrel in this way: the railway companies have contracts to carry the mails. If these cars are interfered with, marshals and troops, the companies say, will have a right to co-operate with the police.

The first move the strikers made this morning was to take steps to stop any attempts on the part of the men to use violence to prevent running of cars. Before daylight the executive board of District Assembly No. 75, K. of L., issued orders to the local assemblies that under no circumstances were United States mail cars to be interfered with. As a result the mail cars are making regular trips without the least inconvenience. As another precaution, the executive board instructed the master workmen of local assemblies to be on hand with the strikers belonging to their respective bodies, and restrain any inclination to cause trouble. The result was that the big car station at Twenty-third street and Fifth avenue where a clash between the men and the company took place late yesterday afternoon and where pistols were drawn on strikers, was as peaceful as a country village.

### FELL TO THEIR DEATHS.

Husband and Wife Jump From a Burning Building.

BALTIMORE, Jan. 15.—Thomas Whitridge and his young wife, who lived in West Biddle street, were awakened about four o'clock this morning by a policeman who discovered fire in the rear part of their house. Mr. and Mrs. Whitridge were on the second floor and tried to escape by the stairway, but the smoke and flames drove them back. They stood at a front window waiting the efforts of firemen to raise a ladder for their escape. Their cries could be heard although they were hidden most of the time by dense volumes of smoke.

The firemen worked frantically and ran up a ladder, while others began to stretch rope nets across the sidewalk. Scorched and blinded, Whitridge caught his wife about the waist and grasped the ladder with the other hand before a fireman could mount to the window. In his excitement, or because he could not sustain the combined weight of both, Whitridge released his hold upon the ladder and the two forms fell to the pavement, 20 feet below, striking on their heads. Mrs. Whitridge was instantly killed, and Whitridge died half an hour later without regaining consciousness.

Whitridge was the son of John A. Whitridge, and was associated with his father in the banking and brokerage business. Mrs. Whitridge was formerly Miss Beattie Shoomaker, and was married not quite a year ago.

### THE SUGAR BOUNTY.

Louisiana Sugar Growers Still Want Part of the Bounty.

WASHINGTON, Jan. 15.—The House appropriations committee heard the Louisiana congressional delegation in support of several resolutions providing for the payment of the bounty to producers, given under the McKinley tariff law.

Senators Caffrey and Blanchard, Representatives Boaner and Price claim that the difference between the bounty and the duty should be paid to the producers, as fully half of it was earned before the late tariff became a law.

### ANOTHER DAY LOST.

The Democrats Going Ahead Not Even a Little Bit.

WASHINGTON, Jan. 15.—The Democratic members of the House committee on banking and currency this morning spent two hours in a general discussion of the situation and chance of the passage by the House of some measure as a substitute for the Carlisle or other bill. Adjournment was taken without reaching any conclusion.

### A Bad Judge.

WASHINGTON, Jan. 15.—The impeachment of United States Judge Ricks of Cleveland, O., was strongly recommended by Representative Bailey of Texas at yesterday's meeting of the judiciary committee, which, in November last, investigated the charges of malfeasance in office brought against Judge Ricks.

### Missed His Tank.

WILLIS, Tex., Jan. 15.—Frank Zelino, professional high diver, in making an 80 foot leap yesterday, missed his tank. He turned himself and struck on his feet, breaking both legs.

### IN THE OLD NORTH STATE.

—A cotton mill is to be at once erected at Roanoke Rapids, about five miles from Winston, by Chas. Cohen and W. M. Hableston. This mill will have 12,000 spindles and 400 looms; but a proposition has been made by a party of Northern capitalists to become stockholders and increase its capacity considerably.

—Durham Sun: The Duke Sons & Co., branch of the American Tobacco company made a big foreign shipment on the 10th. It was 5,300,000 cigarettes. There were 105 cases, with 50,000 cigarettes in each case, and they were exported to Shanghai, Stockholm and Singapore.

—Hullfax has water power equal to that of any county in the State and is destined soon to become a great manufacturing county.

—Senator Thomas J. Jarvis has recently made some valuable contributions to the Hickory Library association.

### Straws

Show Which Way The Wind Blows.

Law offices of Burke & Ingersoll, Cleveland, O., Jan. 4, 1895.
