THE CRIMINAL CIRCUIT COURT

PROVISIONS OF THE BILL ESTABLISHING IT.

The Judge Will Receive \$1000 a Year and \$200 a Year for Expenses—The Bond of Buncombe's Clerk is \$10,000—Four Terms a Year for This County.

"The Criminal Circuit Court of Buncombe, Madison, Haywood and Henderson counties" is the title of the new court of record established by the legislature. Judge Thos. A. Jones has shown THE CITIZEN a copy of the bill, which provides that the judge shall be elected by the voters of the four counties, in the same manner as is provided for the election of members of the general assembly. The judge's compensation is to be \$1000 a year and \$200 a year for expenses.

There shall be one solicitor for the four counties, who shall be a resident of one of the counties in the circuit, and shall receive the same fees as now all-wed to the solicitors of the judicial districts. The clerks of the Superior courts of Madison, Haywood and Henderson shall be clerks ex-officio of the criminal courts of their respective counties. There shall be a clerk for the Buncombe court who shall be elected by the voters of this county. This clerk shall give a bond in the sum of \$10,000 to be approved by the County Commissioners, to be renewed annually. He shall receive the same fees and compensation as now allowed by law to the clerks of Superior courts.

The officers of the Four County court chosen by the legislature will hold office until the next general election. Four terms of the court shall be held each year in Buncombe—on the fourth Monday in January, April, July and October. There shall be three terms for Madison county—on the second Monday in June, November and February; two terms in Haywood—on the fourth Monday in June and the second Monday in January; two terms in Henderson—on the second Monday in April and on the second Monday in October. The terms are to be of two weeks' duration if the business thereof shall require. The judge shall have power to extend the terms of the court whenever it shall seem necessary to him to order the same, of which order 14 days of public notice shall be given in the manner to be prescribed by the judge.

The County Commissioners of each county, at least 20 days before the regular terms of the Criminal courts, or 10 days before any special terms, shall draw the names of 36 jurors, under the same rules and regulations as are now required by law, to serve as grand and petit jurors at the next term of the court; and at the said term there shall be drawn by a boy of 10 years of age or under 15, 18 jurors from the 36, who shall constitute a grand jury, 12 of whom shall be sworn in to serve as grand and petit jurors at the next term of the court. The Madison court shall hold its first term on the second Monday in June, 1895; Buncombe, the fourth Monday in April; Haywood, the fourth Monday in June; Henderson, the second Monday in October.

FOUND A BABY ON THE PLAZZA.

A Pretty Girl Lost at Mr. Morris' House in Ramoth.

About 9:30 last night a closed carriage drove up to the front gate at the home of Mr. and Mrs. Benj. Morris in Ramoth. A minute later Mr. and Mrs. Morris heard a noise and the husband stepped through a window and onto the piazza, followed by Mrs. Morris. A basket was noticed by Mr. Morris, and he called to a man whom he saw going toward the carriage to stop. The call went unheeded. Just then Mrs. Morris noticed a bundle on the piazza near the basket. Investigation revealed a baby.

As this discovery was made a man was seen to run from the corner of the house to the carriage, reaching which he sprang in the horses were whipped up and the bundle was whisked off and the man disappeared down the road, no attention having been paid to the calls to stop.

Mr. and Mrs. Morris took the bundle and basket into the house. In the bundle, snugly wrapped about with a shawl, was a pretty girl baby some three or four months old. It was neatly dressed, and the basket contained a number of garments made up for the baby.

There was nothing about the child that could lead to its identification, or that would indicate the names of its parents. In the bundle, however, was a sheet of paper that appeared to have been a part of a child's copy book. On one side of the paper were scribbled a few words in a juvenile hand. There was a line which looked like "118 Roberts street," but there was no signature.

Prof. H. L. King and J. A. Robertson were passing the house, saw the carriage and endeavored to stop it, but no attention was paid to their calls.

It is probable that Mr. and Mrs. Morris will adopt the child.

REDUCTION IN TOLLS.

Southern Bell Phone Rents Are Cheapened Considerably.

There has been a considerable reduction in the tolls of the Southern Bell Telephone company to its Asheville subscribers, beginning the first of March. First of all, the half mile limit has been abolished, and, instead, the city's boundary lines now mark the limit. Under the new schedule business houses will pay \$40 a year, and residences will pay \$30. Formerly the rate to business houses was \$45 and to residences \$36, any where within a radius of a half mile from the square. Outside that limit, the charge was \$5 for each additional fourth of a mile.

In a Special Train.

Frank Thomson, first vice-president of the Pennsylvania railroad, and family came to Asheville yesterday at 11:30 in a special train of three cars. They were on the way home from Florida, and stopped here to see Vanderbilt's and other points about Asheville. This morning at 7 o'clock their special left, going via Salisbury.

A "Yag" and Others in Court.

In Justice Frank Carter's court yesterday Whitson Johnston was sent to the roads for 30 days and costs for an aggravated case of trespass.

Free Tycoon, colored, was given 30 days for vagrancy.

Chas. Hayes, colored, was bound to court on a charge of assault upon Tom Banks.

GOING TO AFRICA.

6,000 Negroes Headed for Their Ancestors' Homes.

MEMPHIS, Tenn., March 7.—Three hundred negroes arrived in Memphis yesterday on railroads leading from Arkansas, Louisiana, Mississippi and Texas, bound for Africa. Today they will take trains for Savannah, whence, on March 9, they will embark on a vessel supplied by the African Steamship company. They are transported by the African Migration society, each having paid \$41, which defrays all the expenses of the trip.

Six thousand negroes are now paying their fares in advance. The negroes who arrived yesterday are mostly farmers, though there are carpenters, blacksmiths and other craftsmen. One half are women and children. Though they met yesterday for the first time, they have agreed to form a colony by themselves.

WILL BE GARROTTED.

How Spain Manages to Keep Cuba Under Her Heel.

NEW YORK, March 7.—Passengers on the steamer Yumuri, from Havana, which arrived yesterday, did not bring any important news of the Cuban insurrection. Almost all action was confined to the Southern part of the island, in the vicinity of Santiago, and at Havana the news received was so distorted as to be ludicrous. It seemed, however, as if the rebels had a right to stand on if the government dispatches could be relied upon.

General Sanguily, who was arrested in Havana February 28, will doubtless be garrotted, according to opinions expressed on the Yumuri.

"There is always more or less discontent in Cuba," said a passenger, "and it is only by intimidation and force of example that quiet is preserved at all. Consequently when the government has reason to suspect any one of teaching revolutionary doctrines, they try to make an example of him in order to deter others. So I think Sanguily's fate is fixed."

A New Society That May Be Formed at Raleigh.

RALEIGH, N. C., March 6.—Things get warmer as the legislature approaches its dissolution. Everybody has a grievance to air, a punctured feeling-bell to soothe, and it is understood that there is a movement on foot to organize a Society for the Administration of Balm to Wounded Feelings. Its existence would not be long, but it is understood that the society's influence would be used to have the last two or three days of the session set apart for five-minute speeches of those desiring to arise to a question of personal privilege.

Rumor has it that the president will be Williams, R. P., the Craven legislator. Lusk, the Buncombe speaker, is slated for the vice-presidency, and Me Too Barnham will probably be the secretary.

If the society is formed there will be some fun. In fact, there will be some fun whether it is organized or not. The galleries must have some side dishes in the banquet of un-union every morning. Great is the Fusion legislature!

WARSHIPS FROZEN IN.

Americans Did Not Forget Christmas in the Far East.

WASHINGTON, March 7.—Secretary Herbert has received a cablegram from Commander Emory of the Petrel under date of New Chwang, March 6, stating that the Japanese commanding general has notified foreigners of his intention to occupy that port at once. The Petrel and the British warships have been frozen in at New Chwang since autumn. They are able to take care of all foreigners in the settlement.

Recent photographs from Commander Emory show the two vessels less than a hundred yards apart enclosed in mud blocks cut in the river banks and surrounded by earthworks of sufficient strength to make them almost impregnable. Inside the works there is room for several hundred refugees, and the guns of the ship sweep the land in all directions. Each masthead of the two vessels was ornamented with a big pine bushel in honor of Christmas day, when the two pictures were taken.

Tobacco Tax.

A telegram received here today from Raleigh states that an amendment to the revenue act was introduced in the legislature this morning, taxing manufacturers of tobacco one-half a cent a pound on manufactured tobacco, both smoking and plug, and 10 cents a thousand on cigars.

An Asheville gentleman conversant with the tobacco business says regarding this amendment that the passage of it would seriously affect the manufacturers.

Our Distinguished Consideration.

WASHINGTON, March 7.—The State department has instructed Minister Hannu Taylor at Madrid to convey assurances to the Spanish government that the United States is taking extraordinary precautions to prevent the organization of expeditions from this country to Cuba. These assurances are intended to indicate the very cordial attitude of the United States to the government at Madrid.

A Bill to Paddle.

ALBANY, N. Y., March 7.—Elbridge T. Gerry of New York city, was put off the Assembly floor in open session by Speaker Fish this morning. Gerry, an opponent of the Children's Societies in New York City, is here in the interest of the whipping post bill which was introduced at his request. The bill provides for the padding of persons assaulting children under 16 years of age.

Our Consul at Cuba Not Wanted.

LONDON, March 7.—A dispatch from Madrid to a London news agency says that the governor general of Cuba having made a demand for the recall of the United States consul general at Havana the cabinet, at a meeting held last evening, decided to support his demand. The province of Santa Clara, in Cuba, has been declared under martial law.

National Bank Statements.

WASHINGTON, March 7.—Comptroller Eckels today issued a call for returns of the condition of the National banks at the close of business Tuesday, March 5.

RUSHING THE BILLS THROUGH

LUSK CHAMPIONS THE CONFEDERATE MONUMENT BILL.

The Raleigh Charter Bill Passes Third Reading—A \$50 Tax on Druggists and One of \$10 on Lawyers—Printing Contract Awarded.

RALEIGH, N. C., March 7.—[Special.]—The Senate last night passed upon second reading the bill to amend the charter of the city of Raleigh. It divides the city into four wards, Fayetteville and Hargett streets quartering the city at the point of intersection. There will be three aldermen to each ward and a mayor elected by the people. Two wards will be Democratic, one Republican and one doubtful.

The House last night passed the revenue act on third reading, including the amendments to place \$50 tax on druggists selling liquor and \$10 tax on lawyers. An amendment was also adopted placing a grade tax on railroad and bank corporations. The House passed the printing committee report awarding the contract to Stewart Brothers of Winston.

Many local bills were rushed through the Senate today, among them: to establish a graded school at Hendersonville; to incorporate the Carolina, Tennessee and Ohio railroad; to amend the charter of Gaston; to allow Mitchell county to levy a special tax.

The Raleigh charter bill passed third reading by a vote of 27 to 15.

The House passed the bill appropriating \$125,000 to the North Carolina insane asylum.

The bill to amend the charter of Wilmington passed second reading in the House. It provides for a police commission to elect city officers.

The House then took up the bill appropriating \$10,000 to the Confederate monument which has passed the Senate. Lusk championed the bill and made an eloquent speech in favor of it.

BLACK MOUNTAIN BUDGET.

Pretty Catholic Chapel to be Erected by R. Guastavino.

BLACK MOUNTAIN, N. C., March 6.—The development of the country of the upper Swannanoa valley continues, the latest enterprise being the erection of a Catholic chapel near this point by R. Guastavino, who is planting his extensive purchases of land into vineyards. The building is to be of stone and brick, its plans showing a substantial and beautiful structure. The site is a commanding one, overlooking the fine views through the valley of the mountains toward Asheville. The chapel will be fitted with chimes and an organ and the furnishings will include statuary and paintings from Barcelona, Spain, the former home of Mr. Guastavino. Other improvements will follow the erection of the chapel.

The hotels and boarding houses anticipated the summer tourist by harvesting a big ice supply during the February "reeze, and nature promises an abundant fruit crop.
