## THE CONGRESSIONAL CAMPAIGN

**IT OPENS AT THE YANCEY COUNTY CAPITAL.**

Hon. W. T. Crawford Arraigns the Republican Party and Touches Up Pearson's Record—Joseph S. Adams Outlines His Position.

BURNSVILLE, N. C., May 18.—The Congressional campaign of 1896, in the Ninth Congressional district, which promises to be, in many respects, the most remarkable in the history of Western North Carolina since the war, opened here today with the thermometer registering 89° in the shade.

One of the largest crowds ever seen in this town at a political speaking was present to hear Hon. W. T. Crawford speak, and to pledge their votes to Joseph S. Adams at the coming election. Every eye and ear was turned to Mitchell's peak to follow the speaker as he descended the hill to the county capital, and when Judge Brown adjourned court at 12 o'clock, and the bell announced that the speaking was to begin, the court house was packed to overflowing in a few minutes.

J. S. Adams made a short speech outlining his position on the questions of the day, and concluded by introducing Hon. W. T. Crawford.

Mr. Crawford spoke for nearly two hours, commanding the closest attention, and exciting the enthusiastic applause of the crowd throughout. He showed how the Republican party had failed to make good its pledges made to the people two years ago, both in national and state affairs. He held up the record of Richmond Pearson in Congress, and showed the record of the Democratic speaker and thereby urged the House so as to make it impossible for legislation to be passed whereby the people could hope for relief along the lines laid down by Mr. Pearson in his campaign in 1894.

He showed that the Democratic measure had passed the House which promised the people the relief they sought and which they had a right to expect at the hands of Pearson.

Mr. Crawford's arraignment of the last legislature was most scathing. He showed how it had violated every pledge made the people and disregarded every promise made in the campaign of two years ago.

He urged the people to remember the promises made by the R-publican party, and compare them with its performance when placed in power, and that it was again entitled to their confidence or their votes.

It was conceded by every one present that Mr. Crawford made one of the best efforts of his life, and that the Democratic party in Yancey was never in better fighting trim than now.

It looks as though Joseph S. Adams would not only get all the Democratic and Populist votes in this county, but very many Republican votes. Yancey is Mr. Adams' native county, and all the people, irrespective of party, have the greatest regard for him as a man, and it will not be surprising if his majority in this county at the November election will largely exceed that given any Democratic candidate since the war.

**CHAS. F. FENNER.**  
A Former Asheville Hero of the Hour in Louisiana.

The New Orleans papers of the 15th print the speech of Senator Charles F. Fenner of that city at Baton Rouge before the General Assembly in the Governorship contest. The States has an editorial referring to Senator Fenner, heading it "A Noble Youth," and complimenting him very highly. A special in the Times-Journal says Mr. Fenner is the lion of Baton Rouge to-day, and it is doubtful if any speech ever made here produced such an effect. The Picayune's account says Mr. Fenner was a great hero, and a very noble man. "Wherever he went he was congratulated," the report concludes.

The States has a special with a quarter column heading, beginning with "New Star Has Risen—Young Fenner the Hero of the Hour—His Speech a Masterpiece of Eloquence." The article follows: "If Charles Fenner were 35 years of age he would be a senatorial situation here today. In other words the deadlock would be broken quicker than it takes to write these lines and Mr. Fenner would be the next senator from Louisiana." Mr. Fenner is not old enough to succeed Mr. Blanchard and cannot be considered in the Senatorial race. It is rare that a young man wins success so sudden as that young Fenner won here last night. Now and then a Grady with his eloquence bursts upon the public; but it is rarer still that a man comes forward to solve a complicated situation such as that which was presented here last night. Standing before one of the finest audiences that has ever gathered in a legislative hall of this state he captured his audience before he had spoken half a dozen moments and from that time forward he moved his hearers as if he had been an experienced orator of many years.

Senator Fenner is a son of Judge Chas. E. Fenner, and is very well known in Asheville, having spent a number of years here. He is an exceedingly bright young man, and his many friends here will be gratified to learn of his taking such a high place in Louisiana's affairs.

## THE LAURADA'S CARGO LANDED

**MOST IMPORTANT OF ALL CUBAN EXPEDITIONS.**

It Cost \$120,000, and the Spanish Would Have Been Glad to Have Captured It—It Means Arms for the Insurgents.

NEW YORK, May 19.—The Sun says this morning: Official news of the fate of the Laurada is momentarily expected by the Cubans in New York. A telegram was received yesterday by a prominent member of the Junta, giving news of the safe landing of the expedition, but, as usual in such cases, neither Senor Estrada Palma nor Dr. Castillo liked to confirm the report until they received a cable from the manager of the expedition dated from the port from which the will proceed after leaving her cargo in the hands of the patriot army.

The Laurada expedition is considered by Cubans, as well as by the Spanish, to be the most important which has sailed from this country to aid the patriots. It is now an open secret that the Spanish consul Baidasano sent a long despatch to Gen. Weyler when the expedition sailed in which he stated that it was formidable, and that he had been prevented from detaining the steamer at New York by the fact that it was Sunday and he could not obtain a warrant. The Laurada expedition cost Junta \$120,000.

**ALL SERENE ONCE MORE.**

The Republican Club Moves Along the Even Tenor of Its Way.

The Republican club meeting last evening was not so eventful as the one of last Monday. President E. D. Carter was there and effectively exercised the same characteristic tranquillizing powers with which he averted a riot at the Republican State convention. "Hesh" was there, and assumed a meekness that would have done credit to a cooing dove, and no one thought of renewing hostilities. All shillies were concealed, and no threat of libel suits were heard.

The Democratic press was requested to make reports of the meeting only when invited to do so. A resolution to this effect was discussed and carried without a dissenting voice. This resolution is, of course, the result of THE CITIZEN'S report of the club's performance last Monday evening.

On motion of H. A. Guderger a committee of three was appointed to arrange for the ratification meeting to be held in the court house Thursday evening. Mr. Smathers, P. A. Cummings and Hunter Arnold form the committee. This meeting is for the purpose of ratifying the recently nominated State Republican ticket.

Invitations were extended to Geo. H. Smathers and I. M. Moody, of Haywood; W. H. Anderson of Henderson; I. A. Hendricks of Madison and Col. V. S. Lusk to address the meeting.

H. A. Guderger and E. D. Carter spoke during the evening.

When President Carter was informed this afternoon that the ratification meeting would conflict with the production of "Emerald" in the A. L. J. armory at the court house Thursday evening, he said the meeting would probably be postponed until next Monday evening. The committee later decided to postpone to that date.

**FIRE IN WASHINGTON.**  
Four Men Burned to Death or Receive Fatal Injuries.

WASHINGTON, May 19.—A conflagration which resulted in the loss of a quarter of a million dollars occurred in this city about 8 o'clock last night. The burned district consists almost entirely of commission and wholesale jobbing houses in the square bounded by B Street, Louisiana avenue, Ninth and Tenth streets.

The list of fatalities was increased to four today when Fireman Joseph Mulhall died at Providence hospital from burns received early last evening.

**DEATH OF AN ARCHDUKE.**  
Principal Celebration of Hungary's Millennium Postponed.

VIENNA, May 19.—Archduke Charles Louis of Austria, brother of Emperor Francis Joseph, died this morning. His death cast a shadow over the celebration of Hungary's millennium, the principal of which, to take place June 8, has been postponed and a period of mourning officially ordered.

Archduke Charles Louis, second son of Archduke Otto Francis Joseph, is now regarded as the heir to the Austria-Hungarian throne.

**BUILDINGS BLOWN OVER.**  
The Cyclone Seeking Whom It May Devour in Kansas.

HIAWATHA, Kas., May 19.—Word has been received here that a cyclone struck the towns of Reserve and Falls City about 8 o'clock last night. The wires are all down at these points. Six persons and several helpers have gone to Reserve, where 10 people are known to be hurt, and a dozen buildings blown over. Two farmers in from Reserve say the damage is frightful.

**150 ARE DEAD.**  
A Million Dollars' Worth of Property Destroyed.

DENISON, Tex., May 19.—The number of dead in Sherman is 100, and the number of wounded 150. The loss of property was placed at \$175,000. The number of the dead in this and adjoining counties is 250. The entire loss of property, estimated in Texas and Indian Territory, is \$1,000,000.

## HAVE ELECTED TWO NEW BISHOPS

**WORK OF THE NORTHERN METHODIST CONFERENCE.**

An Attempt to Postpone Voting Till Stronger Timber Comes Into Sight Only Spurred the Conference to Immediate Action.

CLEVELAND, May 19.—Bishop Bowman, the venerable senior Bishop of the Methodist church, presided over the general conference, probably for the last time this morning. This was the 16th day of the conference. None of the great questions to be settled by the conference have yet been discussed on the floor. The great question of time limit, lay representation, amusements, temperance, recognition of the Methodist Christian Endeavor societies, foreign Episcopal residences, location of Episcopal residences in the United States, and many other equally important questions are yet to come up.

Rev. Chas. L. Stafford put the conference in a great uproar by moving that the election of bishops be indefinitely postponed. "I am satisfied," he said, "that we do not need these bishops, and the vote of the last few days looks as though the conference thought so. Any 10 bishops in good health could attend all the work, and we have 14, besides two who have been declared non-effective."

Rev. Dr. Buckley said: "Are you sure that the remedy offered is good for the patient? What is our situation? Three men have already had a majority of the votes cast, and one man came within 30 or 40 votes of being elected. To postpone this election would make this conference and our great church ridiculous in the eyes of the world."

"One of the dioceses of the Protestant Episcopal church they have taken 50 and 60 ballots, and then adjourned for six months to think over it, without an election. And yet the election of a Methodist bishop carries with it more power than a dozen Protestant diocesan bishops. The remedy is this: Let the voting go on until we elect a bishop or until it becomes plainly apparent that we cannot elect anybody."

The convention took this view of it, and on the 16th ballot Chaplain J. C. McCabe was elected bishop, and then Earl Cranston was also elected bishop.

**PLEGGED AGAINST MCKINLEY.**  
Some of the A. P. A. Men Will Fight Him Till the End.

WASHINGTON, May 19.—A condemnation meeting of delegates of the American Protective association, claiming to represent 20 States, was held after the adjournment of the convention yesterday. The resolutions were adopted: "Resolved, that the delegates in condemnation meeting assembled denounce the unwarranted interference of the paid McKinley lobby with the affairs of the publication of the Chicago Associated Press news in the State of Georgia to two afternoon papers."

**OUTRAGE ON A NEGRO.**  
Killed by Whitecaps and His House Burned Down.

PINE BLUFF, Ark., May 19.—The house of Raymond Jones, a prosperous negro farmer near Tamo, was entered Sunday night by three masked whitecaps, and Jones was shot and killed by one of them. Jones' wife and children, by threats of violence, were forced to leave the house, after which the building was burned with the remains. Officers were sent from this city yesterday to track the fiends.

**McKINLEY, McKINLEY, McKINLEY**  
He's Got It! He's Got It! He's Got It! He Seems to Have It.

WASHINGTON, May 19.—All the delegates to the Republican national convention have been elected. Maj. McKinley is fifteen votes of a majority. There seem to be no doubts but he will get the lacking votes without difficulty. In short, he will be nominated on the first roll-call, provided he be not nominated by acclamation.

**War Nearly Over.**  
St. Louis, Mo., May 19.—It is not at all unlikely that the fight between the warring cigarette makers and the plug tobacco manufacturers will be called off at an early date.
