Election of Autonomists Postponed—Wrecking Tug—The Oregon Will Stay on the Pacific Coast.
KEY WEST, Feb. 28.—The United States court of inquiry into the loss of the battleship Maine in the harbor of Havana February 15, began its sessions here this morning. These officers and reports from Havana, believed the court had already decided that the loss of the Maine was due to treachery, have apparently changed their minds, for today the universal question is, "What has the court found out?" while yesterday one heard all around "When will war be declared?"
Brought face to face with the court. The citizens here realize, for the first time, how unlikely it is for the court to allow any inkling of its conclusions to be known out of due season.
An unusual bustle pervaded this little town from early morning hours. The torpedo boat "Cushing" went over to the New York and brought to shore Captains Sampson and Chadwick and Lieutenant Commander Porter. The judge advocate of the inquiry, who is staying on the island with Commander Forsythe, was already at the Federal building, directing preparation of the United States district court for the sessions of the court of inquiry.
A small crowd gathered outside, eagerly watching for developments. Long before the officers were ready to go to the court room the enlisted men saved at the ill-fated vessel were waiting at their temporary home in the barracks. It is not known whether any of them will be called.
SPANISH DIVERS AT THE MAINE
HAVANA, Feb. 28.—The day promises well for the divers who are at work securing bodies from the wreck of the Maine and making salvage there. Including the Spanish divers there are probably eight men below water simultaneously.
Great preparations are on foot among the Spaniards here to give a hearty welcome to the cruise of the Vizcaya, which is expected to arrive at this port today. General Weyler street is arched with bunting and the casino is gay with color.
It is believed that the election of autonomist delegates, set for March 20, will be postponed until April 25, to correspond with the election for deputies to the cortes.
Another big boom is to be expected from the north at any time.
COURT OF INQUIRY'S REPORT
WASHINGTON, Feb. 28.—Nobody at the Navy Department has any information whatever as to whether the Maine court of inquiry will return to Havana from Key West, and in fact the plans of the court are absolutely unknown here. For this reason it is said at this point at this time, as it is believed that the work so far done, aside from that relating to the recovery of the dead bodies and the personal property, has been scarcely more than preliminary.
TO DEFEND ATLANTIC PORTS.
NEW YORK, Feb. 28.—It has been decided by the navy department to keep on the Pacific coast the full force of naval vessels now there, says the Washington correspondent of the Herald. Department officials recognize that the strength of the Atlantic squadron would be greatly increased by attaching to it the best of the Oregon and Admiral Sigsbee's command, but they appreciate, too, the danger of leaving the Pacific coast without a vessel of this class, and therefore have decided in preference of defending the ports of the Atlantic coast vessels of the monitor type.
SOLEMN MASS FOR THE DEAD.
BALTIMORE, Feb. 28.—A solemn requiem mass for the repose of the souls of those who lost their lives with the destruction of the battleship Maine, was celebrated at the cathedral here this morning. Cardinal Gibbons made the address and read the services for the dead.
The Cardinal said in part: "We do not realize how ardently we love our country until some crisis occurs which awakens our devotion to her and arouses our admiration and gratitude for those who have died in her service."
The Cardinal praised the self-restraint of the President and his administration and of the members of Congress, and condemned the utterances of sensational newspapers. He said: "This nation is too brave, too strong, too powerful, too just to engage in an unjust or precipitate war. Let us remember that the eyes of the world are on us, whose judgment we cannot despise, and we will gain more applause and credit for ourselves by calm deliberation in order to embolden our nation by recourse to arms."
"I hope and believe, for the honor of humanity, that the destruction of the Maine was caused by an accident, and in that case Spain cannot be responsible. But suppose some fiendish Cuban had occasioned this fearful loss of life in the waters of the United States with his mother country. In that case Spain should not be held responsible. And even had some fanatical Spaniard perpetrated this atrocious crime, there would be no necessity for recourse to the arbitrament of the sword."

CASE OF CLERK WILLIAMS
HE FLATLY DENIES THE COLLECTOR'S CHARGE.
Brought to the Attention of Judge Ewart.
CAPT. PATTON'S REPORT
"THIS STATE OF THINGS IS A DISGRACE."
Judge Ewart Shows the Grand Jury Its Duty in Case There Has Been Misconduct by the Officials.
Buncombe Circuit court convened this morning, Judge H. G. Ewart presiding. In preparing for the work of the term, the following grand jurors were selected: J. G. Anders, W. H. Peck, S. R. Gudgeon, T. J. Carter, C. E. Chambers, G. W. Lindsey, T. L. Taylor, G. W. Justice, Sr., Julius Whitcane, C. C. Lanning R. Lee, C. E. Duckett, D. A. Shope, G. B. Buckner, J. S. T. Baird, J. H. Jenkins, W. L. Wilson, T. H. Miller.
Judge Ewart's charge to the grand jury was not an elaborate one, being devoted mainly to calling attention to what constituted certain crimes. In closing Judge Ewart read a report submitted to the court by Capt. T. W. Patton, visitor of prisons of Buncombe county by appointment of the court. In this report Capt. Patton says as to the condition of the jail is deplorable. There are 60 prisoners in the jail. Capt. Patton recommends that the women in the jail be transferred to the city reformatory prison in Asheville. To this arrangement the Mayor and Board of Aldermen of the city have consented, on terms which were proposed by the chairman of the Board of County Commissioners, but for some unexplained reason it has never been put into effect. Capt. Patton also recommends that a change be made in the place of confinement of insane persons, and a padded cell be provided for any insane persons who may be temporarily placed in the county jail.
As to convict camp No. 2, Capt. Patton says that it is under the superintendence of Matthew Black, who is said to be "an honorable and humane man," and that the 23 prisoners quartered in it, and an enlargement of the quarters is recommended.
As to convict camp No. 1, Capt. Patton says that in a tent 18x40 feet 59 men are being quarantined, and an immediate enlargement of the tent is recommended.
A SERIOUS STATE.
"I feel it incumbent upon me as your appointee, to draw your Honor's attention to a very serious state of things at this camp. Your Honor will doubtless hold that the prime object of all punitive institutions is for the punishment and reformation of all evil doers, and that the objects of your Honor's duty well as well." A short time since it was stated in the public print of this city, that one King, who was steward at this camp, had been charged with the crime of seduction, left the camp and met one or more women in one of the public school houses in this county. . . . I was informed by the county commissioners that said King had acknowledged the truth of this charge. Notwithstanding this, said King is still employed by the county, and is in charge as steward of this convict camp. I do most respectfully represent to your Honor that this state of things is a disgrace to the county, and in charge of this honorable court to promote and encourage. For these reasons I feel it to be my imperative though painful duty to call your Honor's attention to it."
JUDGE'S COMMENTS.
In commenting upon Capt. Patton's report, Judge Ewart said that he had no personal knowledge as to the correctness of Capt. Patton's sources of information, but if true it showed a lamentable state of affairs in the county chain gang, and that it was the duty of the grand jury to thoroughly investigate the matter, and if any official, whether he be county commissioner or otherwise, should be found to have been guilty of misconduct in his official duties, it was the duty of the grand jury to see that bills of indictment were brought against all persons having so official a position.

WALKER HILL'S CASE.
In the case of Walker Hill, the Indian medicine man, who was charged with slandering Miss Mattie Keith, and the prosecution in the case by paying the attorneys' fees, and by entering a retraxit and pleading guilty to the charge of slander. The court thereupon, the solicitor consenting, suspended judgment on Hill's paying all costs in the case, some \$300. The proceeding against his bondsman, C. H. Miller, on account of Hill's departing the court without leave, was discharged upon his paying the costs of the act.
The jury acquitted Will Neighbors, who was charged with carrying a concealed weapon, but was charged with assault with a knife, and was charged with assault with a knife. Ewart discharged him.
The case against J. G. Lindsey for alleged embezzlement and the case against Wheeler, charged with assault with deadly weapon, will not be called before Thursday of the second week of court.

CASE OF CLERK WILLIAMS

CAPT. PATTON'S REPORT
"THIS STATE OF THINGS IS A DISGRACE."
Judge Ewart Shows the Grand Jury Its Duty in Case There Has Been Misconduct by the Officials.
Buncombe Circuit court convened this morning, Judge H. G. Ewart presiding. In preparing for the work of the term, the following grand jurors were selected: J. G. Anders, W. H. Peck, S. R. Gudgeon, T. J. Carter, C. E. Chambers, G. W. Lindsey, T. L. Taylor, G. W. Justice, Sr., Julius Whitcane, C. C. Lanning R. Lee, C. E. Duckett, D. A. Shope, G. B. Buckner, J. S. T. Baird, J. H. Jenkins, W. L. Wilson, T. H. Miller.
Judge Ewart's charge to the grand jury was not an elaborate one, being devoted mainly to calling attention to what constituted certain crimes. In closing Judge Ewart read a report submitted to the court by Capt. T. W. Patton, visitor of prisons of Buncombe county by appointment of the court. In this report Capt. Patton says as to the condition of the jail is deplorable. There are 60 prisoners in the jail. Capt. Patton recommends that the women in the jail be transferred to the city reformatory prison in Asheville. To this arrangement the Mayor and Board of Aldermen of the city have consented, on terms which were proposed by the chairman of the Board of County Commissioners, but for some unexplained reason it has never been put into effect. Capt. Patton also recommends that a change be made in the place of confinement of insane persons, and a padded cell be provided for any insane persons who may be temporarily placed in the county jail.
As to convict camp No. 2, Capt. Patton says that it is under the superintendence of Matthew Black, who is said to be "an honorable and humane man," and that the 23 prisoners quartered in it, and an enlargement of the quarters is recommended.
As to convict camp No. 1, Capt. Patton says that in a tent 18x40 feet 59 men are being quarantined, and an immediate enlargement of the tent is recommended.
A SERIOUS STATE.
"I feel it incumbent upon me as your appointee, to draw your Honor's attention to a very serious state of things at this camp. Your Honor will doubtless hold that the prime object of all punitive institutions is for the punishment and reformation of all evil doers, and that the objects of your Honor's duty well as well." A short time since it was stated in the public print of this city, that one King, who was steward at this camp, had been charged with the crime of seduction, left the camp and met one or more women in one of the public school houses in this county. . . . I was informed by the county commissioners that said King had acknowledged the truth of this charge. Notwithstanding this, said King is still employed by the county, and is in charge as steward of this convict camp. I do most respectfully represent to your Honor that this state of things is a disgrace to the county, and in charge of this honorable court to promote and encourage. For these reasons I feel it to be my imperative though painful duty to call your Honor's attention to it."
