LITTLE CHANGE IN STRIKE SITUATION

Trains on the Southern Railway Running Much as Usual

Wires Along the Line Continue To Work By Spasms.

REV. LEN G. BROUGHTON OF ATLANTA PLACES HIS INFLUENCE AND PURSE AT DISPOSAL OF STRIKERS.

Today the telegraphers' strike situation remains practically unchanged. Trains are now being run much as usual, and all wires continue to work intermittently. No. 35, the delayed train from Salisbury, arrived here at 3:20 Saturday afternoon. It was then learned that the delay had been caused by a forged order bearing the signature of G. R. Loyall, directing the train to meet another at Drexel. After waiting for several hours at Drexel, No. 35 flagged into Morganton and waited there until the arrival of the wrecking train with orders.

Superintendent Loyall said today that communications are being constantly received from operators asking for work and that strikers are asking to be taken back, saying that they and their families are ruined.

In regard to the report which has been circulated that the Southern is having wires cut in order to arouse public indignation against the strikers, Mr. Loyall said: "The idea is of course absurd. It is not to our interest, to impute the wire cutting to strikers. On the other hand, we would be glad to be able to state that we suffer no inconvenience whatever."

Telegram from the officials at Washington, Mr. President Powell's representations to agents that the Southern is tied up, and says that not a train of any description, not even a passenger train, has been annulled during the past week.

Mr. Loyall's report to the Washington office today contained the following:

Asheville, N. C., April 16.—J. Barrett, Washington, Passenger Train No. 11 on time last night. Freight moving in good shape. No wires east since Saturday evening. The only trouble is interference with the wires, G. R. Loyall.

The forged order to No. 35 has not yet been traced to its source, but it is said to lie between three known men. The offense is a very serious one. In order to prevent further trouble of this nature, training in this division will not be allowed in future to take any orders except at Asheville.

Railroad men say the strike cannot succeed unless more men go out. There is a rumor that among those who failed to go out are men who are in active sympathy with the strikers, and that some of the trouble with wires is caused by them.

A building gang of nine men arrived here today from Richmond and are assisting the linemen in looking after the wires. Three men have been jailed in Knoxville for tampering with wires, and Master Drakford of the Western Union office said today that he expected to have some in jail in Asheville in less than 24 hours. Nearly every wire running into the city was working at some time yesterday. The greatest interference with the wires usually begins about 9:30 p. m. Mr. Drakford said this morning that he expected to have all wires working within a few hours.

"The Order of Railroad Telegraphers to April 15 was federated with several other orders of railroad men. Had the federation continued, these orders would doubtless have been involved in the strike."

The following telegram was received in Asheville this morning: "Atlanta, April 15.—Len G. Broughton, the noted Baptist minister, preached a strong sermon tonight in favor of the Southern railway telegraphers. He just came in this evening from Washington, and says the Southern railway is in a bad shape. He says his purse and influence are at the disposal of the telegraphers to help them in this fight. W. V. Powell."

This is another day on which the strike is responsible for The Citizen's failure to receive its Associated Press report. The first page of the report came in reasonably early. But in the midst of the thrilling cotton report, the break occurred and the incident was closed.

INVITATION TO THE SOUTHERN BAPTISTS

EXTENDED BY THE FIRST BAPTIST CHURCH FOR THE GREAT CONVENTION NEXT YEAR.

At the evening service at the First Baptist church yesterday, Pastor Vines stated that at a meeting of the board of deacons of the church it had been decided to extend an invitation to the Southern Baptist convention to meet in Asheville a year from next month. The invitation will be extended by the Asheville delegation to the convention. Mr. Vines stated, however, that it would be useless to extend the invitation unless there will be an auditorium in which to hold the meetings. From information in his possession, he deemed the auditorium an assured fact and did not think there would be any difficulty on that score.

J. H. Tucker, who was appointed a committee to confer with a committee of the board of trade, and a committee of the board of aldermen to be appointed in regard to the method of extending the invitation.

Several Baptist church papers have published articles favoring Asheville as the place for holding the convention.

The coming convention will be held at Hot Springs. The Asheville delegation will be composed of all the members of the church who will attend. Those who have already decided to go are Rev. W. M. Vines, J. M. Stoner, J. H. Tucker and W. J. Slayton.

THE GREAT CONVENTION.

It Was Composed of the Best Classes of Citizens of the State.

In discussing the proceedings of the state Democratic convention with The Citizen, Executive Committee-man J. Y. Jordan said that such a good attendance had not been had at a state political convention in many years. "The convention was full of enthusiasm and good humor," said Mr. Jordan. "Nothing occurred to mar the goodwill of the delegates. The convention was one of the most orderly in political history. Not a member of the convention was drunk or under the influence of whisky. There were no dilatory motions and no speeches except those bearing strictly on the business of the convention. The convention was composed of the best classes of citizens, including a number of pillars of the leading candidates was the unanimous opinion of the delegates. The ticket is composed of the very best men in the state, men with clean records. The amendment would carry by 50,000."

The reports sent out by the Republican and Democratic newspapers and the orderly mob are absolutely untrue. The convention was one of the most orderly bodies of men that ever assembled in Asheville. The membership included many church members of all denominations, and a christian spirit was displayed, which did and should control all political conventions, where the peace, happiness and dignity of the state are concerned."

MYSTERY NO LONGER.

Chunn's Cove Citizens Discover the Animal That Has Been Killing Hogs.

A mystery that has been hanging over the residents of Chunn's cove for a long time has at last been solved. Some animal had been visiting the hogpens in the neighborhood and killing the hogs and pigs in a manner different from any ever before known. The hogs' throats would be cut and the bodies would be found hanging from the trees. The animal was a large, spotted and was about the size of a dog. It was seen by one of the residents, J. W. Crenshaw, who is employed at the Rackett store, and who lives in Chunn's cove, heard his pigs squealing and running about the cove. He shot and, being joined by Caney Luna-ford, Mr. Ledbetter and Mr. Smith, he hurriedly shot the animal. There they found the unknown beast. To their utmost astonishment it proved to be a huge bulldog. It was killed with a single shot. The pistol shots had been fired at it, which had no effect whatever. Another large black bulldog ran from the pen before it could be killed.

A dog with such ferocious traits had never been known before. It killed five hogs and six pigs. The owners, Mr. Carroll and six at Mr. Taylor's.

Governor Refuses.

Will Not Revoke Warrant of Extradition in Shemwell Case.

Governor Russell has refused to revoke the extradition warrant issued by the governor of Tennessee for the arrest of Baxter Shemwell, on a charge of obtaining money under false pretenses. A request for his release was made in Raleigh about three weeks ago, when Mr. Shemwell, through his attorney, Locke Craig, esq., made affidavit that the prosecution had stated that if the amount claimed should be paid the case would be dropped.

The bank officials denied this. Governor Russell decided that the case was a proper one for requisition and declined the motion for revocation.

The habeas corpus proceedings remain undecided, and these will be taken up at some date in the future. These have to do with the question of the legality of the proceedings and if everything is found to be regular it is probable that Mr. Shemwell will go to Tennessee to have the matter finally adjudicated.

AT MARS HILL.

Mr. Craig Speaks to a Large Audience on the Amendment.

In the college hall at Mars Hill Saturday, Hon. Locke Craig spoke to a large and enthusiastic audience on the constitutional amendment. An overwhelming sentiment in favor of the amendment was found to exist in the neighborhood. The hall, though large, was not large enough to accommodate the crowd. Mr. Craig spoke for over two hours and was applauded to the echo. T. J. Murray considered his speech one of the finest Mr. Craig has ever delivered.

The people in that section are greatly interested in the speaking to be held at Asheville next Thursday, and a large number announced their intention of being present.

ASHEVILLE CLUB LIKELY TO MOVE

Committee Has Been Appointed To Receive Propositions.

Differences Between Club and Owners of Drhumcr.

RUMOR THAT COLONEL FRANK COXE WILL BUILD A CLUB HOUSE ON BATTERY PARK HILL.

The Asheville club had an executive meeting Saturday evening to consider the report of the committee appointed to endeavor to adjust differences between the club and the owners of the club rooms. No satisfactory agreement had been reached.

Two propositions were submitted to the club—one an offer of the old club rooms on South Main, and the other an offer of the old Swannanoa Country club house, near the Battery Park. A committee was appointed to receive other propositions, and report to an adjourned meeting to be held on the 23rd.

It is practically certain that the club will move from its present quarters, unless the demands of the owners of the property are greatly modified.

The club appointed on the committee to receive propositions from property owners in regard to a new location the following: Haywood Parker, chairman; J. A. Tennent and John A. Campbell.

It is understood that several more propositions will be made to the committee. Among others it is reported that Colonel Coxe will offer to construct a building especially for the use of the club on Battery Park hill. It is also possible that the differences with the owners of the Drhumcr building, where the club rooms now are, will be adjusted, and the location remain the same.

The difficulty in regard to the present quarters is said to arise from the refusal of one of the owners of the building to recognize the validity of the lease which was made for the use of the club. The owner refused to be kept in good working order all the time, incurring unavoidable accidents. A penalty was provided for every day that it did not run. The elevator has been out of order a number of times, and one day it was broken down for almost equalled the rent. The owner referred to objected to the allowance of this amount. As the club rooms are located on the third floor, the elevator was considered a very important adjunct.

AT THE CONVICT CAMP.

Gospel Services Conducted Sunday Morning by Mr. Vredenberg.

It is doubtful whether there is in this community an audience that gives more respectful attention and that enters more heartily into the services than the prisoners at the convict camp at West Asheville, where a gospel meeting is held each Sunday morning. The guards were very attentive and perfect order outside the camp during the meeting and the monotony of the long, tedious hours of Sunday is broken by this hour devoted to gospel work among the men, which seems to be thoroughly appreciated by them.

Yesterday morning a guest of the Battery Park hotel, J. S. Vredenberg of Springfield, Ill., who is specially interested in the redemption of prisoners, visited the camp and gave the men a gospel message which, it is believed, will have a lasting effect upon them.

Vredenberg is a most impressive speaker and won the hearts of the men immediately. A stranger coming out among the prisoners, he would be willing to get down where they were, share with them their labor, their food and their chains. Perhaps, by the grace of God, he could endure such an experience temporarily if by so doing he could be instrumental in winning them for Christ. "But do you know, men, that's just what God did?"

An evidence that effort in behalf of the men is not entirely fruitless among the inmates of the camp, was time at the close of the meetings which indicate a deeper interest than those who imagine who are disposed to be skeptical as to results among the criminal class, and with a sincerity that is unmistakable.

Among the inquiries on yesterday was one concerning the significance of Easter. Mr. Vredenberg explained that as while some churches laid special stress upon one day in the year, and that to celebrate the resurrection of Christ, that there were 62 Easters every year for every Sunday of the year was a day commemorative of the resurrection of our Lord Jesus Christ. In the conviction it may be noted that the late Dr. Moody, especially in recent years, was an enthusiastic advocate of gospel work among the criminal class, and secured numerous trophies of the grace of God from among the most hardened in northern prisons.

WEPENER REPORTS ARE CONFLICTING

London Gets No Definite News From the Front.

3000 Horses Landed at Capetown in Last Three Days.

VILLIERS, THE VETERAN WAR CORRESPONDENT, SAYS HE BELIEVES THE WORST PART OF THE WAR IS OVER.

London, April 16.—Conflicting reports regarding conditions at Wepener continue. At this hour there is no definite news from the front.

A Capetown dispatch says nearly 3000 horses have been landed there since April 13, which indicates that every effort is being made to remedy the defect in British organization.

Chief Boer Delegate Fischer, accompanied by Dr. Leyds, visited the president of the Dutch cabinet today at The Hague, but the doings of the delegates create little speculation in England.

Frederick Villiers, the veteran war correspondent, who arrived today from the front, said he believed the worst of the war is over, but that guerrilla warfare would continue for some time.

An official bulletin issued at Pretoria April 13 reports that the burghers captured 500 slaughter oxen at Wepener, and General Jeronman the same day defeated the British, causing them to fly in the direction of Wepener. An Irish-American ambulance arrived at Pretoria April 13. The Boers report no casualties during the recent fighting at Wepener.

DR. CAMPBELL ON SHELDON'S BOOK

PRONOUNCES "IN HIS STEPS" IRREVERENT AND FULL OF FALSE THEOLOGY.

In his sermon at the First Presbyterian church last evening, Rev. Dr. R. F. Campbell had something to say of a book that has created wide-spread interest. He said:

"No book of modern times has created a greater sensation than 'In His Steps,' a book that purports to tell what Jesus would do if situated as we are. A great many people have objected to the title. I do not object to it, but I do object to the book on several accounts.

"It is objectionable on account of its irreverent and sensational treatment of Christ's example, and because it is full of false theology. There are parts of the book that might be beneficial to evangelical Christians, and it may have done good to some people. If it has, I am very glad of it.

"Christ was intended to be an example to us in some respects, but not in that which Chairman F. M. Simmons has called Him in every thing He did—His miracles, for instance. The important thing is to follow Christ where He tells us what to do. The evil of the book is not so much in what it says as what it doesn't say, and the great defect of it is that it doesn't tell what Jesus did do."

STATE COMMITTEE.

Another Meeting to be Held in Raleigh to Arrange Campaign Details.

J. Y. Jordan, who was elected executive committee-man at the state Democratic convention at Raleigh, states that another meeting of the committee will be held in Raleigh in a very short time. Some important details of the coming campaign will be arranged for at this meeting.

Mr. Jordan was very much pleased at the result of the meeting in Raleigh last week, which Chairman F. M. Simmons was re-elected, as he regards Mr. Simmons as the most competent leader and organizer the state has ever produced.

PHYSICAL TRAINING.

On the 15th of April Dr. M. Kuepper of the Quisiana Sanitarium will open a class in the Swedish system of physical training, and will also be prepared to give medical gymnastics to those too weak to do the regular class work or such as may need the medical gymnastics for special troubles. This training is highly beneficial to all those who through sedentary occupations have contracted the evils of round shoulders and hollow chests. It is particularly corrective for school children after the confinement of the school hours and stooping over books.

For particulars, terms, etc., apply to Dr. Minna Kuepper, Quisiana Sanitarium, 167 French Broad ave., phone No. 421.
