DON'T TELL PRITCHAR

The Raleigh State Journal s again, after a suspension. It appears as a white supremacy R amendpaper. It is in favor of ment. Perhaps Pritchard when he hears the news,

The Journal says that publican state convention has not yet assembled and declared against the amendment, "we are satisfied from present indications that it will do so, and we wish we could see our way clear to abide by its decision on this question" Editor Js. M. Allen says that since going to Ral-igh in 1897 to take a position under the fusion administration he has had an opportun-Hy to observe and study eastern conditions and has become convinced that there is something radically he has about made up his mind that wrong in the east. While the amendment will not cure all our ills, it heads present conditions."

Consequently, says the Journal, "from now until the election we shall battle for what we believe is right, regardless of the consequences, This is a question that should be above party.' Very truly does the Journal say that the Republican party cannot hope for any standing in this state until the a is out of politics; for until that Carolina can never be anything more than a black-and-tan aggregation "When asked why we support the amendment " says the Journal. will disfranchise the ignorant voters, and thereby create intolligen white Republican voters."

If the Journal keeps on at this rate during the remainder of ti paign it will be a mighty in paper. It will be particularly interest ing to such eminent Republicans as Lusk, Luther, Pritchard and Patton. not to mention the smaller fry.

As Colonel Lusk took copious notes of Mr. Aycock's speech we me peet a long letter on the amendmen question from Captain Patton in a

it considers the Nebraska platform was a native of Hendersonville, utterance on trusts a strong one No. Ninth district, and a son of Mi ulterance on trusts a strong one. No: It is not a strong utterance. For the We believe that private monopolies

are indefensible and intolerable and we condemn the national administraent law against the trusts or to recommend a more effective law. We favor a state constitution which will prohibit the organization of a monopoly within the state and also prevent a very interesting and picturesque eda monopoly organized elsewhere from doing business within the state; but Me., and by birth is a Maine man. He we further believe that congress should has been at the university of Chicago tor several years, where he has been a supplement the efforts of the state by professor in the sociological depart legislation which will require every ment. Dr. Small is a very ardent Bap corporation, before engaging in interstate commerce, to show that it has no water in its stock and that it has neither attempted in the past nor is attempting to monopolize any branch of business or the production of any

That is a weak plank; it is vague, inconclusive, indefinite, leading to nothing tangible. It lacks directness and strength. It reads as if it were written to avoid and befog the real question; as if some one's courage failed him, oozing at the tip of the pen as if what had been a conviction ceased to be such; as if a sturdy moral also follows that the Republican perforce had gone down before expediency; as if attack had been turned

We hope that no such colorless, weak and evasive plank will be framed by the Kansas City convention. If private monopolies are intolerable and indefensible, why temporize with them? Highwaymen and pirates are intolerable; do we temporize with them? If indefensible, why do the Nebraska Democrats talk about "regulating" them? Do we attempt to "regulate" burglary, arson, grand larceny and other intolerable things? The way to deal with trusts is to repeal all laws that promote and shelter trusts by conferring special privileges. And that's the only way to deal with

THE LONG AND SHORT OF IT.

From the Chicago Tribune. "Mr. Upham," said one of the young wourden, "our club is going to give a measuring social this week, and we want you to come."

"A measuring social?" he asked. "What is that?"

CONGRESSMAN CRAWFORD COM-MENTS ON POLITICAL SITUA-TION IN NORTH CAROLINA.

Washington, D. C., April 21.- [Specal.]-North Carolina men have been us at the front this week in the proceedings of congress. This is especially true of Representative Kitchin of Roxboro, who is a Democratic member of the committee on naval affairs. He has not only been taking a strong part in matters technically relating to that committee during the consideration of the naval appropriation bill this week, but has also borne a hand in the political discussions that grew out of that bill. The Democrats of the committee are for the most part opposed to the ring which stands for paying high prices for armor for ships, and they have inaugurated a fight of unu-sual earnestness in favor of a government armor factory. Mr. Kitchin took up the cudgel in behalf of the government factory with great zear and con-

manner, showing that he was able to combat against some of the veterans of the house without getting the worst During the political debate of Wednesday afternoon he threw a brick at Representative Hawley of Texas which practically put the latter out of the ring. Mr. Hawley is a Republica and undertook to take hold of the Porto Rican tariff. When Mr. Kitchin asked him a question about the presi ient's Littitude, he replied that itswas techn, al matter, and Mr. Kitchin re plied that he would not press the gen tleman for an answer, because he did

not want to embarrass him. The house

ducted himself in a highly creditable

took the cue and rowred with laughter Mr. Hawley has not spoken since. PEARSON EXASPERATED. It will be interesting to people of the Ninth district to know that ex-Representative Pearson is highly of the mind that he will not run for congress exasperated because the house refuses to consider his contest immediately, and has stated this week that he is se much dissatisfied with the delay that he will become revenged by refusing to be a candidate again. The humor of his will undoubtedly be appreciated in Asheville and vicinity, where it is known just how eager the Republicans are to have him stand for another

The Democratic members of the house from North Carolina are viewing with great satisfaction the decision of the Populists to run a separate state ticket, and they regard it as a sure sign of the disintegration of the opposition to Democracy in the present campaign in the Tar Heel state. a persistent effort has been made here in Washington to make it appear en the opposition to the Democrats, be great many Democratic votes that would otherwise go to the Democratic ticket; but none of the shrewd poli-tickans are convinced of any such hing. When the effort at fusion fatied it was recognized by all political philosophers that the opposition parties had really shown their weakness and that their forces will be defeated in

RAWFORD ON THE SITUATION Representative Crawford, in discuss ng the political situation in the state oday said that he was more than ev the Democratic ticket and of the constitutional amendment. "If ever there was any doubt about the success of ou ticket." said he ."and I do not think there has been, that doubt was entirely eradicated by the failure of the confer ence here in Washington late last week to effect a fusion. Either party wi certainly be defeated between the two tickets and nothing can prevent election of the Democratic ticket by a very great majority. The Populist and the Republican leaders may talk as much as they please about being able to command more votes by this new will not go in our section of the coun-

the campaign.

The death of Mr. Arnold Graves which occurred in this city this week will be regretted by a wide circle A correspondent asks The Citizen if friends in North Carolina. Mr. Grave Graves, a prominent attorney there.
The son was employed in the pension office here, where he had gained a good reputation for his efficiency in the public service. His demise was very sudden, and was coursed by enforced. and was caused by catarrh of the stomach. He leaves a widow, formerly Miss Thompson, who comes of a well known Washington family, and one

The announcement that Dr. Albion W. Small of the university of Chicago will deliver the literary address at Wake Forest college commencement this year insures a visit to the state of tist and has been engaged in a great many literary and sociological contro versies. He loves a contest, and is generally pretty well able to take care imself in a fight. His address a Wake Forest will certainly be vigorous and refreshing.

A SPRING FEATURE. One of the notable features of the spring has been the failure of many members of congress to secure a renomination. This is applicable more to the Republican than to the Democratic members of the house, and, whatever the political complexion of the next congress may be, makes if certain that the Republican membership will com prise a large number of new men. 1 er in ability than in the present con

Senators Pritchard and Butler are both absent from Washington, and there is nothing new to record in the Ewart case. Judge Ewart has not been in Washington for two weeks, and, apparently, is in despair over his chances, although he intends to fight it to the bitter end. Senator Butler, as is well known, has been in North Carolina atending his convention; and Senator Pritchard has gone to Salisbury, ostensibly to look out for a law case. It is said, however, that he will look after the fixing up of a slate for the Repubcan state convention

He does not, however er, belong to the politicians, and whether this will cut short his career re mains to be seen. His indefatigable abors in ridding North Carelina of Butierism will find their happy con-summation in ridding it this year of negro Republicanism. Women Suffering with Backache are Requested to Read These Letters From Women Who Have Been Cured of it by Lydia E. Pinkham's Vegetable Compound.

Could Not Sleep

"DEAR MRS. PINKHAM :- I though that I would let you know how much good Lydia E. Pinkham's Vegetable Compound has done me. Before taking it I suffered very much with backache, could not sleep nights. Now, thanks to your medicine, I rest very well every night and am better than I have been for years. I want every woman to know what your Vegetable Compound has done for me. I know it will help others if they will only give it a trial."-MISS GRACE COLTON, Oswego Falls, N. Y.

Backache and Headache "DEAR MRS. PINKHAM:-I had headache and backache, was nervous all the time. I have taken five bottles of Lydia E. Pinkham's Vegetable Compound and have had better health since taking it than I have had for ten years. I am stronger than I was and weigh more than I ever did. I think it is the best medicine on earth and have recommended it to others. May God bless you for the good you have done to suffering women." - Mrs. MARGARET WILD, Clover Bottom, Ky.

Profuse Menstruation "DEAR MRS. PUNKHAM :- My trouble was profuse menstruation, lasting from one to twelve weeks. The flow was so great I thought I could not live over night. I had pains in my right side very severe at times, hot flashes so that I thought I would burn up. I had to stay in bed nearly all the time for two years and six months. I had two doctors but they did me no good. My neighbors thought that I could not live. While I was in this condition, a lady gave me some of your medicine. I began its use at once and in two days felt that it was doing me good. I

soon got out of bed and commenced to do my

work, something I had not done for over two years. I continued taking your medicine and now feel as though I was young again. My changes are now regular and people are telling me how well I look. I tell them that Lydia E. Pinkham's Vegetable Compound did it all."-Almeda R. Dunlap, 29 S. Kent St. Winchester, Va.
