As an evidence of Asheville's growth and prosperity, the tax books for the property in Asheville township alone of City Tax Collector Campbell issued year was \$7,475,467. This means an inof taxes paid in last year on taxable Although the complete lists of

made up, it is estimated by the tax listers, Messrs. J. L. Carroll and William Jay, that there will be about 1,000 more polls this year than last. This would mean an increase of several thousand more dollars making the county's revenue in taxes to be between \$4,000 and \$5,000 in excess of what it was last year. Considering there has been no change whatever in the rate of taxation within the past two years, this is considered a remarkably fine showing It shows just what Asheville has been doing in the past 12 months in the way of public improvements. George Vanderbilt gets the credit of about onehalf of this increased taxation. He has listed about one-quarter of a million der age yet they have committed a more property this year than last.
