The law provides against fireworks in streets or public places. Mr. Lipinsky said that in November he had brought up the matter in order that dealers might be notified. City Attorney Bourne humorously said Mr Lipinsky's boys were grown up but he

did not know what he would do with his boys. The chief said he could suppress fireworks on the principal busiless streets and would be glad to do so but outside this did not promise. It was agreed that positively no firework would go on the business streets and n this understanding Mr. Randolph withdrew his motion.

Building permits were issued to W H. Morris, Bailey street, residence, and W. P. Pegram, Buck street, cottage.
