

## ARCHBISHOP CHAPPELLE A VICTIM OF YELLOW FEVER

Noted Catholic Dignitary Succumbs After Five Days Fight  
TOOK TURN FOR WORSE YESTERDAY MORNING  
Was One of the Leading Figures in Church World—His Life

New Orleans, Aug. 9.—A sudden change in his condition today speedily culminated in the death of Archbishop P. L. Chappelle, of the diocese of Louisiana.  
Mgr. Chappelle was taken ill on Friday. He had returned to the city three days before, having just completed a tour of Louisiana, and announced on his arrival his intention of co-operating in the efforts then in full swing to stamp out the fever. The archbishop, however, left his house only on one occasion before he was taken sick. That was to take a drive with his niece.  
The disease made steady inroads and yesterday he was found to be in a critical condition. When Dr. Larue saw him today the patient showed increased weakness. Before noon there was an alarming change for the worse. Eminent physicians were immediately summoned for consultation, but the archbishop was beyond succor. The end came with great rapidity, dissolution ensuing at 12:50 p. m.  
Was in Philippines.

While Archbishop Chappelle held a pastorate in Washington he formed friendships with men prominent in national affairs, among them William McKinley. While apostolic delegate to the Philippines the archbishop spent much time in the settlement of conditions growing out of the change of sovereignty in the islands. Three years ago Archbishop Chappelle was relieved of the responsibility of his mission to the Philippines, but he'd his jurisdiction over Cuba and Porto Rico. He made frequent visits to both islands and was constantly in touch with all the work of his vast diocese.

Constant Entertainer.  
During his stay in New Orleans he had lived with his niece, Mrs. Solignac, and they have been inseparable companions. The archbishop was a man of ability and intellectual attainments. He was fond of social life and was a constant entertainer, drawing to his home the most representative people in the social and intellectual life of New Orleans.

Imposing Ceremonies.  
The body of the archbishop was transferred at 9 o'clock from his residence on Esplanade avenue to St. Louis' cathedral, where it is lying in state. The obsequies will take place at 10 o'clock tomorrow morning at the cathedral. There will be a Gregorian requiem high mass sung, every one of the Catholic clergy in the city participating. Very Rev. Father Lavallee, vicar general of the diocese, will be celebrant and the eulogy will be pronounced by Bishop G. A. Roulet, with Revs. Scott and Gardes as deacons of honor. The remains will be interred in the crypt in the cathedral, where his predecessors repose. There will be none of the clergy from other points in the arch-diocese present, because of their inability to return to their homes on account of quarantine restrictions. Hundreds of telegrams of condolence have been received.

Plans Changed.  
At a late hour tonight the arrangements of the obsequies were changed so as to provide for the final interment Saturday instead of tomorrow. The high mass will be held at 10 o'clock tomorrow and will be repeated Friday and Saturday, after which the casket will be lowered into the crypt. Father Scott will be the celebrant at the mass Friday. Bishop Roulet will be the celebrant Saturday.  
The remains will lie in state in a closed casket until the final rites are performed. The remains were embalmed at 6 o'clock, but owing to the discoloration the face will not be exposed to view.

MISSISSIPPI FREE.  
Jackson, Miss., Aug. 9.—There are no yellow fever cases in Mississippi, according to the official report made by the state health board tonight. The suspicious cases reported at Holly Springs and Yazoo City were diagnosed today by experts and both pronounced ordinary types of malaria. The board has inaugurated a policy of sending yellow fever experts on special trains wherever a suspicious case is reported.

## SANFORD JURY STILL UNABLE TO AGREE AFTER DELIBERATING FOR 144 HOURS

Rome, Ga., Aug. 9.—The jury in the Sanford case is still out at 10 o'clock tonight and there is no likelihood of their reaching a verdict. It is generally believed that a mistrial will be the result and such is really expected. Judge Mose Wright, in conversation with the Associated Press representative this evening, stated that he could not tell when he would call the jury in for an inquiry, whether he would declare a mistrial. He was certain, however, that no mis-

## STARVED SEAMEN RAVE FOR FOOD

Men of British Ship Have Narrow Escape From Slow Death by Starvation

Chester, Pa., Aug. 9.—Thirteen Scottish sailors taken from the fever-stricken British steamship *Barnton* and now in the Chester hospital, tell a horrible tale of suffering. After the men had entered the Chester hospital they began to rave for food and insisted on being given a full meal. The doctors found that the worst of their sufferings consisted in being nearly starved to death.

## WHITECAPPERS IN THE TOILS

Several Prominent Georgian Citizens are Arrested For Having Thrashed a Negro

Valdosta, Ga., Aug. 9.—Warrants were sworn out this morning for several prominent citizens at Lake Park, charging them with whipping Bill Pierce, a negro of that place. The warrants charge them with assault with intent to murder, and are sworn out by the negro himself, but under the advice of other white citizens.  
The men named in the warrants are Justice of the Peace Corbett, R. W. Wheeler, a merchant; D. W. Dames, Paul Carter and Henry Connell. Several days ago the negro was ordered to leave the community at once, the object being to get rid of his testimony in a whiskey selling case. He consulted other citizens and they advised him not to leave. Night before last a party of men went to his house and took him out and gave him a thrashing.

## EXCLUSION ACT IS DISCUSSED BY WU ENVOYS CLEAR THE FIELD FOR ACTION

Former Chinese Minister Says Few Changes In Laws are Desired

BOYCOTT AGAINST GOODS IS DEPLORED  
Orientals Would Not Object to Exclusion of Coolie Laborers

Pekin, Aug. 9.—Wu Ting Fang, former Chinese minister at Washington, and now vice-president of the board of foreign affairs, interviewed by the Associated Press today, said that the existing regulations for the exclusion of Chinese from the United States were unobjectionable to the Chinese standpoint, and hence it was desired that they should be modified by the new convention. The Chinese, he said, agreed to the exclusion of coolies, and this point presented no difficulties, but the existing regulations pressed with severity on other classes.

"A superior Chinaman arriving in San Francisco, for example," said Mr. Wu, "is detained by the authorities while his credentials are being examined, and this detention frequently involves consorting with a low class of coolies in a common shed. He is unable to communicate with friends and is subjected to inconveniences and indignities to which Americans would refuse to submit. Moreover, he is not allowed to retain the services of any one to protect his interests and if the immigration authorities decide against him there is no possibility of appeal. That those grievances are well founded is demonstrated by the necessity for President Roosevelt's stringent order that courtesy be shown the Chinese by immigration officials under pain of dismissal."  
Mr. Wu explained himself as greatly regretting the Chinese boycott of American goods and steamship and insurance companies, as it might estrange the good will of Americans, which he highly prized.

## BREAD FIGHT IS STILL ON

Women Take part In Koshier Bakers Strike In New York City

ATTACK PEDDLERS WHO TRY TO SELL BREAD

Many Small Riots Occur In Shops Where It is Offered For Sale

New York, Aug. 9.—Women today joined in the strike operations of the Koshier bread bakers, who are producing a bread famine in the Hebrew quarters of New York and Brooklyn. The women today attacked the peddlers who attempted to sell bread seized the loaves and throwing them into the gutters, where the mischief caused by recent rains instantly ruined the foodstuff.  
There was a riotous demonstration in the front of a delicatessen store in Clinton street early today, when a gang of young ruffians discovered that the store was offering Koshier bread for sale. They rushed into the store, seized the bread and threw it into the street. Two policemen were injured in a broad riot which occurred in the basement of a Hebrew bakery in Allen street. Two hundred men entered the store and overpowered the policeman who guarded it, carried out barrels of dough which were ready for baking and emptied into the gutter. Several barrels of flour were also emptied into the street. Extra police were called out to disperse the mob.

Royston, Ga., Aug. 9.—Ex-Senator and County School Commissioner W. H. Cobb, of this place, was fatally shot last night by his wife for a burglar. He was unconscious until his death at 1:30 o'clock this morning.

Everything in Readiness for First Business Meeting Today

SESSIONS WILL BE HELD TWICE DAILY  
Plenipotentiaries Will Agree on Matter That is to be Made Public

Portsmouth, N. H., Aug. 9.—With the probability that Baron Komura will tomorrow reveal to the Russian plenipotentiaries the terms upon which Japan is willing to conclude peace, opinion as to the outcome among those who are congregated here to watch the proceedings has become decidedly pessimistic. This is due to the growing conviction that Japan's conditions will not prove as moderate as were at one time anticipated, and especially in the matter of indemnity, may preclude the possibility of their acceptance by the Russian envoys as a basis of negotiation.

Against Indemnity.  
The firm attitude of M. Witte, in private conversation, against the payment of an indemnity and the insistent reports, emanating from Japanese quarters, that a stiff war contribution approximating the cost of the war, variously stated at from six to eight hundred millions, constitutes one of Japan's demands, indicates a wide, if not an irreconcilable, difference between Japan's tremendous minimum and what Russia is prepared to accept. Upon the question of the payment of a large indemnity the instructions of the Russian plenipotentiaries are believed to admit of no concessions, although it is possible a certain compensation in kind might be arranged. For instance, it is suggested that for the relinquishment of the island of Sakhalin, now potentially in Japan's hands, the possession of which by Japan would give her command of the whole Siberian Littoral, Russia could with propriety make a large sum.

Gloomy forebodings, however, may be premature at this juncture, as everything indicates that the plenipotentiaries upon both sides are sincerely desirous of concluding a treaty of peace.  
Meeting Informal.  
The first meeting of the plenipotentiaries today was of an entirely informal character, so informal in fact that Baron Komura did not bring his letter of credence to the Portsmouth navy yard, whereas Mr. Witte was armed with the original document in Russian, setting forth the powers.

Death of Archbishop Chappelle and Mayor's Order Have Effect

STATE APPROPRIATES \$100,000 FOR FIGHT

Death List is Still Made up Principally of Foreign Residents

YESTERDAY'S RECORD.  
New Orleans, Aug. 9.—Report of board of health to 4 p. m.:  
New cases, 62; total to date, 679; deaths, 7; total to date, 119; sub-foot (new), 12; total of date 130; cases under treatment, 265.

New Orleans, Aug. 9.—The first day since the fever appeared here in which there was any apparent depression in the community was today, and there were two reasons for it; one was the death of Archbishop Chappelle, who succumbed to an attack of the prevailing illness, and the other was the general closing of stores in accordance with the mayor's proclamation urging everybody in the city to devote the day to a general home cleaning up.

While the death of the distinguished prelate is deplored because of the loss which the community sustains, it is also regretted because of the effect it will have on the outside world. It is feared that it will cause the belief to spread that conditions here are really much worse than they are. The records are now being issued under the auspices of the marine hospital service, which vouches for their correctness.

Secondary Infection.  
Quite a number of the new cases are in close proximity to existing sub-foot, indicating secondary infection. The new sub-foot are evenly divided, six being above and six below Canal street. One is in a hotel, and the others in a well known citizen. In the death list all but one of the names indicate foreign origin, showing no variation from the preceding records.

Sergeon White took active control of the whole local situation today and opened a new set of offices in the Louisiana National Bank building, which had been placed at his disposal by the bank. He inspected the emergency hospital and took formal charge, retaining the present staff. Dr. Paul M. Gesner, a local physician, has been placed in immediate charge of the sanitation work, with five assistants.

Legislature Acts.  
Chairman Janvier received a telegram from Governor Blanchard today stating that more than a majority of the members of the legislature had replied favoring the appropriation of \$100,000 to the fever fund, so that the loan will be effected with the financial agents tomorrow. The city's contribution of \$50,000 will be available in a day or two. In the meantime the citizens are coming forward and the fund will be completed in a short time.

News from outside the city shows that there are only two new cases at Patterson and one case in a new locality in St. Charles parish. Surgeon Guirens will return to Patterson tomorrow morning. Assistant Surgeon Corpuz will go to St. Charles parish in the morning and make a general round up. Dr. Brady is also going on behalf of the state board of health.

Another of the Italians at Bon Ami, in Calcasieu parish, died today. Dr. George H. Tichnor and two nurses were sent here today on a special train. The state board will tomorrow send Dr. Rudolph and several nurses and supplies to Patterson.

Opposed to Quarantine.  
Today's record of new cases was again large and there was an increase in the number of deaths. The daily number of new cases is swelling largely because Federal control has overcome the disinclination of doctors to make known their cases.  
Advices from Mississippi indicate that the people of the rural regions are growing restless under the severity of the quarantines, which have cut off supplies. Secretary Hunter, of the Mississippi board of health, announces himself as utterly opposed to the quarantine and throughout Mississippi a sadder spirit is manifesting itself since the Federal government has taken charge of the situation.

DRILLING THE GIANT.

Will this be one of the results of the war?
