RUSSIAN POPULACE IS IN FRENZY OF DELIGHT OVER GREAT GIFT OF EMPEROR

Greater Part of the People Receive Announcement With Joy.

ASSEMBLIES FREELY PERMITTED BY POLICE

No Attempt Made to Check Outburst Which Comes With the new era.

(By Associated Press.)
ST. PETERSBURG, Oct. 31.—All Russia today celebrated enthusiastically the emperor's gift of freedom which the greater part of the people received with deepest joy, though in St. Petersburg, Moscow and other cities socialists organized and governed demonstrations and red flag parades, which, with the patriotic manifestations led to a number of conflicts between the "Reds" and "Whites" as the anti-government and royalist factions are respectively termed. On the whole the day passed more quietly in Russia than had been expected though collisions between the people and the troops are reported from various places, resulting in loss of life.

Permit Assemblies.
In each of the two capitals, St. Petersburg and Moscow, the day was such as the Russians never before have seen. The Slav people, which during the long war just closed and the anxious period preceding the announcement of the new era of constitutionalism, seemed self-restrained and apathetic, gave itself up fully to the exuberance of the moment and spent the entire day in parades and assembly which for the first time in the history of Russia were freely permitted. Under the orders of Count Witte and Gen. Trepoif the troops generally were withdrawn from the streets of the cities and the fullest rein given the people to lay out their enthusiasm in demonstrations which, so long as they were not destructive, were not interfered with.

It was a significant omen that after a fortnight of gloomy and depressing weather, symbolic of the days of the strike, the sun shone out brightly today in St. Petersburg and brought a radiant Indian summer day. This scene in St. Petersburg reminded the observer of events in an American university town after a great football victory, but a thousand times magnified. From early morning the streets of the capital were filled with a mass of demonstrators who paraded up and down the long and narrow Nevsky Prospect and tramped time and again the route between the two principal centers of demonstration, the Kasan cathedral and the university, and was constantly augmented until it reached a grand total of fully 200,000 persons.

A great majority of the paraders flaunted on the lapel of their coats rosettes and streamers of crimson ribbon, and socialist orators delivered fiery orations from the balconies of the university and the portico of the cathedral, or wherever they could gather audiences. They declared the concessions of the emperor's manifesto were insufficient, and that they must have the freedom of all political prisoners, the formation of a national militia and the banishment of Gen. Trepoif and all the troops under his command, twenty miles from the city.

The most serious encounter during the day took place near the barracks of the Semnoff regiment, where a crowd of demonstrators in attempting to march to the technological institute were stopped by troops. The authorities are apprehensive for tomorrow, when the liquor shops, which for the most part were closed today, will be open, and when the agitators, after a day's incendiary speeches, may be able to work a portion of the population to the point of a serious encounter with the troops or with the loyalists.

No Collision.
Up to 6 o'clock tonight no serious collisions had taken place here as the result of demonstrations over the czar's manifesto, although there seemed to be momentary danger of great disorders. The workmen all over the city

FINLAND ALSO REGAINS HER LOST FREEDOM

The Welcome Announcement Comes Close on Heels of Change in Russia.

DEMANDS OF PEOPLE BEAR FRUIT AT ONCE

Diet Called in Extraordinary Session to Legislate for Country.

(By Associated Press.)
HELSINKI, Finland, Oct. 31.—The proclamation of civil liberty in Russia was followed today by the announcement of a return of a constitutional regime in Finland and the abolition of the arbitrary conditions under which Finland has been governed since the assassination of Governor-General Bobrikoff. After a meeting of constitutionalists today at which an address was drawn up for presentation to the government demanding the administration of Finland in accordance with the terms of the constitution of the Grand Duchy, Prince John Obolenski, the governor-general announced to a deputation sent by the meeting, that he had been instructed from St. Petersburg that the diet be immediately called in extraordinary session to legislate for Finland. Thereupon the senators who had continued to perform their functions under Obolenski, resigned.

Considerable excitement prevailed during the meeting of the constitutionalists and while a deputation was waiting for an answer, but after the resignation of the senators had been pronounced to the crowd from the balcony of the senate, order was restored. When it was announced that the crowd outside Prince Obolenski's residence that the senators had resigned a false cry of "The Cosacks are coming," caused a panic in which thirty-one persons were injured.

PRESIDENT RETURNS TO WASHINGTON

Back From his two Week Southern Tour he Lands in Navy Yard.

HAS NOW SPOKEN IN EACH STATE IN UNION

Remarkable Accomplishment of Roosevelt is Without Precedent.

(By Associated Press.)
WASHINGTON, Oct. 31.—President Roosevelt came ashore from the Dolphin at the Washington navy yard at 11:55 o'clock this morning, and five minutes later he had left the yard for the White House, in a carriage with Mrs. Roosevelt, and the trip was at an end, the trip which rounded out his tour of the entire United States during his term as president. On his landing a salute of twenty-one guns was fired by the yard battery, and immediately answered by the Dolphin. It took but ten minutes to make fast under the orders of Capt. Gibbons. During this time, the president, Secretary Loeb, and Surgeon General Rixey, stood upon the upper deck at the stern. The president was much interested in the morning papers, which had just been put aboard from the police boat Vigilant, which acted as escort to the Dolphin on her way to the wharf. When he looked up he caught sight of Mrs. Roosevelt and exchanged salutes.

The crowd took up the greeting and the president smilingly acknowledged many signals of welcome. As soon as the gang plank was in place, Capt. E. H. Lentze, commandant of the yard, went aboard the boat and paid his official call on the president. This over the "jackets" mounted the gun rail the entire length of the ship on the shore side and the president came ashore, while the harbor pipe sounded. During this mark of honor, his flag came down from the masthead. As he stepped ashore the bugles sounded and the marine band played the "Star Spangled Banner." The president stood uncovered and the officers and marines stood at attention. At the conclusion of the tribute to the flag, Mrs. Roosevelt drove up from behind the guard the president entered the carriage, warmly grasped the hand of his wife and his carriage proceeded out of the yard.

ANGRY MOB MAKES A DEMONSTRATION

New Yorkers Grow Angry at Political Banner and Besiege City Hall by Crowds

(By Associated Press.)
NEW YORK, Oct. 31.—An invasion of the city hall was made today by a great crowd of men and boys who were angered at the raising of a Tammany campaign banner on which there was a red flag above the name "Hearst" and an American flag above the name "McClellan." The crowd shouting, "Let's tell McClellan what we think of him," over-ran the city hall steps for a quarter of an hour until dispersed by the police.

When the immense banner was raised near the monument to Benjamin Franklin, in Park Row, bearing beneath the two flags the inscription: "Under which Flag?" An excited crowd immediately gathered and self-constituted leaders made speeches from the base of the monument. The great triangle at this point was quickly blocked by a crowd which howled curses at the banner overhead. Several persons attempted to pull the banner down by climbing the tall poles which supported it, but they were pulled off by the mounted police, and one man was arrested. One of the speech makers was then seized by the crowd and carried on their shoulders. He led the way toward the city hall, giving directions that his followers should continue the demonstration in the mayor's presence. On the city hall steps a few policemen attempted to stop the rush, but were swept aside and seeing a few members of the crowd entering the corridors of the building they sent for assistance. Except for shouting his opinions the crowd showed no signs of violence, and made no further attempt to reach the mayor.

Until an extra force of police arrived a mass-meeting was conducted on the steps and when the police ordered the gathering to disperse the order was obeyed in a peaceable spirit. The man under arrest was later released on suspended sentence.

FIGHT A DRAW.
(By Associated Press.)
CHELSEA, Mass., Oct. 31.—Kid Goodman of Boston, and Young Corbett of Denver, went fifteen rounds to a draw at the Douglas Athletic Club tonight. The decision was not well received by the crowd, as Corbett, who was in poor condition, took the count twice, in the tenth and twelfth rounds. Goodman did all the leading after the third round.

POLICE STOP PERFORMANCE OF BERNARD SHAW'S NEW PLAY AND ARREST MANAGER
(By Associated Press.)
NEW YORK, Oct. 31.—The police today stopped the production of Bernard Shaw's play, Mrs. Warren's Profession, by arresting Samuel Gumpert, manager of the Garrick theater, in which the play made its first New York appearance, on the charge of offending public decency by the production of the performance. Manager Gumpert, was paroled on his promise to bring with him to court tomorrow all the members of the company, and also former State Senator W. H. Reynolds, owner of the Garrick theater.

Police Commissioner McAduff himself saw the play last night and conferred with Mayor McClellan today before issuing his order. He warned the company that any one participating in further performances of this play would be arrested. Arnold Daly made the following statement this afternoon at the office of his counsel: "I announced in the beginning that I would constitute the dramatic critics of New York a jury to pass upon the fitness or unfitness of Mrs. Warren's Profession." Their verdict was rendered today. It was against the piece and I will stand by my word. I will make no attempt to repeat the performance tonight."

It is said that Mr. Daly has spent \$15,000 preparing "Mrs. Warren's Profession" for production.

MYSTERY OF SUIT CASES CLEARED UP

Three Persons Implicated in Death of Young Woman in Boston.

CONFESSION OF NATHAN REMOVES ALL DOUBTS

Arrests Expected to Follow Soon but Crime may not be Proven.

(By Associated Press.)
BOSTON, Oct. 31.—Just before leaving his office at police headquarters tonight, Chief Inspector W. B. Wats stated that the doctor who dismembered the body of Susan A. Geary, the suit case victim, had been located. He did not expect, however, that any arrest would be made for a day or two, intimating that the police were awaiting something more definite from Morris Nathan, the lover of the girl.

The theory of the police regarding the whole affair, in which the most serious charge can only be manslaughter, is that Miss Geary went to a woman and submitted to an illegal operation. The operation was not a success, but before the girl died a male physician was called in and he attempted to save the girl's life by a second operation for peritonitis. Miss Geary died, the doctor then dismembered the body and distributed portions of it in two suit cases, which were subsequently found. The charge against the woman can only be one of manslaughter, while according to Superintendent Pierce of the local force, it will be difficult to bring any charges against Nathan unless he should be accused of concealing a crime.

NATHAN WILL FACE CHARGES IN BOSTON
(By Associated Press.)
PITTSBURG, Pa., Oct. 31.—With the reluctant consent of his attorney and against the advice of the physician called in, Morris Nathan, arrested here in connection with the Winthrop suit case mystery, voluntarily left the city tonight at 11 o'clock for Boston, in the custody of Silas P. Smith, of the Massachusetts state constabulary. Inspector McGraw of Boston, remains here to further interrogate tomorrow members of the "Shepherd King" theatrical company, of which Nathan was a member. Nathan was in such an extreme state of nervousness today that Officers Dunn and Dennison were detailed to guard his cell, lest he do himself harm.

STILLINGS MADE PUBLIC PRINTER
(By Associated Press.)
WASHINGTON, Oct. 31.—The president has appointed Charles A. Stillings, of Boston, Mass., as public printer, to take effect November 1. Mr. Stillings is manager of the printers' board of trade, of New York city. The appointment of Mr. Stillings was not forecasted by any discussion of his candidacy for the place. The large printing firms of New York and Boston endorsed him as a practical printer, and executive. He was also strongly endorsed by Senator Crane. He is son of Gen. Stillings, who was adjutant general on the staff of the late Commander-in-Chief Blackmar, of the Grand Army of the Republic.

The position which Acting Public Printer Ricketts will occupy until the new administration of the affairs of the government printing office, will be determined by Mr. Stillings.

ILLNESS OF JUROR MAKES IT NECESSARY TO BEGIN WILLIAMS TRIAL OVER AGAIN

(By Associated Press.)
GREENSBORO, N. C., Oct. 31.—Against the trial of the cases against the Old Nick William Distilling company, N. Glenn Williams and D. E. Kennedy, charged with conducting a distillery, and refinery for the purpose of defrauding the government, and other violations of internal revenue laws, has been commenced in the federal court. When court convened this morning it was announced that Juror Thomas J. Wilson, of Rockingham county, whose illness had prevented court on Monday, was still very sick and his condition less favorable than on the day before. It was thought that the condition of the juror was such that it would prevent him from attending the court for at least several days. After some discussion, it was decided to order a mistrial in the case and again select a jury and begin the trial anew. This action made the work of the past week worthless, and the long and tedious examination of witnesses and reading of reports and the books of the railroad company must be repeated. The case will consume at least two weeks and probably twice that long.
