

MRS. CHADWICK DIES IN OHIO STATE PRISON

Neurasthenia Causes Death of the Former Queen of Finance.

LIFE HISTORY LIKE A ROMANCE

Extent of Her Deals in High Finance Will Never Be Found Out.

(By Associated Press.) COLUMBUS, O., Oct. 10.—Mrs. Cassie Chadwick, whose amazing financial transactions culminated in the wrecking of an Oberlin, Ohio bank, died in the women's ward at the Ohio penitentiary tonight at 10:15.

Mrs. Chadwick had been in a comatose condition for some hours previous to her death and the end came peacefully. No friends or relatives waited at her bedside, only the prison physician and hospital attendants being present.

Mrs. Cassie L. Chadwick, whose maiden name was Elizabeth Bigley, was a native of Widdowick, Canada. She first came into public notice in Toledo, Ohio, about 20 years ago, where she sold fortunes, under the name of Madame Deviere.

In the latter part of 1902, or early in 1903, Mrs. Chadwick, in the presence of her husband, gave to Ira Reynolds, the cashier of the Wade Park Bank of Cleveland, a box containing notes signed with the name of Andrew Carnegie.

Extent of Transactions. With the receipt of Reynolds in her possession, Mrs. Chadwick went to different banks and many capitalists, making loans and paying, not only high interest to the banks but heavy bonuses to bank officials who loaned her the money.

In November, 1904, she was sued by a man named Newton, of Brookline, Mass., from whom she had borrowed a large amount. Other creditors came down upon her and soon she was arrested by the federal authorities on the charge of conspiring with Charles Beckwith, president, and A. B. Spear, cashier, of a national bank at Oberlin, Ohio, which had been substantially looted.

Mrs. Chadwick left one son, Emil Hoover, born of her first marriage. He is now about 26 years old. The decline in Mrs. Chadwick's health began almost from the time she entered the penitentiary in January, 1905. She fretted incessantly over her confinement until it became impossible for her to sleep. At times

MAIDEN TRIP OF STEAMSHIP MADE SAFELY

Trip of City of Savannah Down The Coast Was Uneventful.

NEWSPAPER WAS EDITED ON BOARD

Correspondents Get Together And Publish The "Ship News".

(By Associated Press.) SAVANNAH, GA., Oct. 10.—The Steamship City of Savannah, on her maiden trip, from New York to Savannah, will reach this port before daylight tomorrow morning, according to a statement made by Captain Fisher, and which was sent by wireless to this city tonight. She will dock at the wharf of the Ocean Steamship company, and after breakfast aboard, the newspaper men and officials, who are guests of the company, will be driven in automobiles to one of the hotels, where a welcome will be extended on behalf of the city and the several commercial organizations.

An automobile ride to points of interest in the vicinity of Savannah over the county's smooth roads, will follow this formal welcome. A stop for dinner will be made at Thunderbolt, after which the Savannah Yacht Club will be visited. Upon returning to the city the visitors will rest until evening, when a smoker will be given.

Story of Trip. The Associated Press correspondent aboard the City of Savannah sent by wireless a story of the trip of the vessel down the coast. He reported all well aboard and the utmost enjoyment of the voyage, which had been made under a clear sky and with no sea running. The message was sent at 8 o'clock tonight, when the steamer was twenty miles south of Charleston and averaging more than twelve knots an hour. She is expected to reach Tybee Light at the mouth of the Savannah river, at about 2 o'clock Friday morning.

A feature of the trip down was the publication of the "Ship News" under the editorial management of Samuel A. Wood, of New York, who employed all of the fourteen newspaper representatives aboard upon his staff. Some rare hits were made in the aloft, according to the dispatch, and the entire company of passengers were gathered in the saloon to hear the publication read. Shouts of laughter accompanied its reading.

Vice-President and General Manager W. H. Pleasants, and Passenger Traffic Manager J. C. Horton are in charge of the party. The newspaper men and officials will make a stay of four days in Savannah as guests of the city and several entertainments have been arranged.

DETROIT AGAIN SUFFERS DEFEAT AT HANDS OF GREAT CHICAGO NINE

(By Associated Press.) CHICAGO, Oct. 10.—The Detroit American League team suffered its second successive defeat at the hands of the Chicago Nationals today, scoring only one run. Chicago tallied five times, four of the runs being the result of solid hitting. Selver started to pitch for Detroit but the locals took kindly to his curves and batted him out of the box in four innings. Killian then took up the work and was found for three hits and another run in the fifth.

For some unexplainable reason, the game failed to attract the usual large crowd to the grounds. The official attendance figures made the total 13,114, and the many empty spaces in the extended bleachers made the gathering appear even smaller than this. At that, the crowd was more demonstrative than the big outpouring of Wednesday.

DERRICK FALLS; THREE ARE KILLED

(By Associated Press.) WASHINGTON, Oct. 10.—The disbandment of the Savannah Heavy Artillery has served to direct official attention to the fact that so far during the present year no less than seven companies of the Georgia militia have gone out of existence. They are companies A, B, D and H, Fourth Infantry; Company H, Second Infantry; and Company I, Third Infantry. All of these disbandments followed the official inspection by officers of the regular army detailed for that purpose, and the report of the adjutant general shows that not a single Georgia company, or troop, or battery, was found to conform to the United States army organization, and in fact that in a majority of the states there was lack of conformity.

MITCHELL NOT CANDIDATE FOR RE-ELECTION

Makes This Announcement in The Mine Workers' Journal.

ACTION CAUSED BY STATE OF HEALTH

News Received With Regret By Men in the Anthracite Regions.

(By Associated Press.) INDIANAPOLIS, IND., Oct. 10.—John Mitchell, president of the mine workers, announces in the current issue of the United Workers' Journal that he will not be a candidate for re-election as president. He says in his announcement that he does not regard himself as well enough to attend properly to the office.

CAUSED REGRET

WILKESBARRE, PA., Oct. 10.—The news from Indianapolis, that John Mitchell, president of the United Mine Workers of America, had announced that he will not be a candidate for re-election because of the state of his health, caused regret among the union mine workers and their sympathizers throughout the anthracite coal region.

President Mitchell is exceedingly popular with the working men of the hard coal fields, and many expressions of disappointment were made when the news spread through the region. The mine workers have often heard rumors that he intended to give up the presidency of the organization, and today's report was at first not believed. If President Mitchell cannot be induced to reconsider his decision to not again be a candidate for the presidency, it is expected that the mine workers of the anthracite region will nominate Thomas D. Nichols, of Scranton, Pa., president of District No. 1, as their candidate for the office. Mr. Nichols last November was elected to Congress, and will take his seat in December. Mr. Nichols has several times been mentioned as a candidate in the event of Mr. Mitchell's retirement.

CROWDS AT THE WAYNESVILLE FAIR INCREASE

Attendance On Yesterday Larger Than That of The Opening Day.

THREE FAST RACES ARE PULLED OFF

Program For Today is Best Of Entire Fair; Horse Show Day.

(Special to The Citizen.) WAYNESVILLE, N. C., Oct. 10.—The second day of the Haywood county fair was an even greater success in the way of attendance at least, than the opening day, it being estimated that fully seven thousand people were present. Marked improvements was noted in the Floral Hall, many new exhibits having been added and the ladies in charge and the exhibitors deserve great credit for the good showing made.

The great crowd that thronged the grounds, pushing and jostling, but all seemingly intent on having a good time, crowded around the exhibition ring applauding the winners while at the numberless attractions one could hardly get near enough to see what was going on. Today was horse show day from ten o'clock on in the morning until the fair closed, ring after ring was shown, all of them having a number of entries and when the ribbons were tied the decision of the judges in every instance met with the crowd's approval.

At three o'clock Professor Aero made his balloon ascension and landed safely about a mile from the grounds. Three races were pulled off, W. C. Colie's city getting the first money in all three events. The Citizen's voting contest continues to attract much interest, almost every one on the grounds seeming to be trying to take a chance at one of the numerous prizes offered. The Citizen invites every one to call at their booth and secure sample copies of the paper and especially desires all persons not subscribers to subscribe at once and all those who are subscribers and in arrears to call and pay up their subscriptions.

EMPIRE STATE DAY CELEBRATED AT THE JAMESTOWN EXPOSITION

(By Associated Press.) NORFOLK, VA., Oct. 10.—Empire State Day was celebrated today at the Jamestown Exposition, addresses by Governor Hughes, of New York, and President Schurman, of Cornell University, being the features of the observance. The weather conditions were ideal. The day's events began when Governor Hughes and the forty New York State officials left the New York building under escort of the visiting New York troops for the Auditorium where the formal exercises occurred. There Governor Swanson, of Virginia, President Tucker and others, received the New York visitors, and the two governors, arm-in-arm, proceeded to the stage. State Senator Dunn, of New York, president of the New York Jamestown Commission, presided. Addresses of welcome by President Tucker and Governor Swanson were followed by the speech of Governor Hughes. A public reception by Governor Hughes and a buffet luncheon, concluded these exercises. The official exposition dinner at the Swiss village, followed, and then came the military feature on the Lee Park grounds. A brilliant torchlight parade occurred at the New York building grounds at 11 o'clock tonight.

SUPREME COURT DISPOSES OF COLLIE VS. COMMISSIONERS CASE

(Special to The Citizen.) RALEIGH, Oct. 10.—The Supreme court delivered opinions in fourteen cases and variously disposed of twelve others. The appeal of most general interest decided being Collie vs. Commissioners of the State over right to levy special public tax for maintaining school four months in the year as a "necessary expense" under the constitution. The opinion just rendered is by Associate Justice Geo. H. Brown, for the court and reverses former rulings in the noted cases of Barkdale

vs. Commissioners in 92 North Carolina reports, and Board of Education vs. Commissioners of Bladen in 111 North Carolina reports. In the ruling just made the court holds that the Commissioners must observe the equation between property and poll tax levies and that none of this tax can be allotted to district or town where the schools are already by reason special tax or otherwise enjoying four months' school, nor are they to be taken into account in estimating the amount of general county tax. The amount of general county tax is additional necessary for this purpose.
