(By Associated Press.) NEW YORK, Nov. s .- The leading PASSENGERS HAD New York banks were exerting themelves acayely today to meet the de mands of their country corespondents and deplaitors for currency. They declare that the suggestions made from several western sources that re not meeting legitimate de munds for cufrency from the west are entirely unfounded, and that they are, on the contrary, taking every practicable measure to aid the west-ern and southern banks. One\ of large banks, with several thouondents, has depleted its by about a quarter of a milflon dollars during the last few weeks to supply currency where it is most needed, and has made large ship-ments to banks in San Antonio. The best possible judgment is used in meeting these country demands for currency. It is not usual, except in special cases, to ship all that is asked, ranging around one-half, is usually shipped, the proportion varying according to the cash strength of the bank calling for the additional currency or the supply demanded for legitimate purposes. Special favor is shown to the small, interior banks, where there is no clearing house, because it is reginated that they are not in a possible count upon cooperation and the use count upon cooperation and the use caunt upon the cooperation to the cooperation to the track and the track, and method the track, and method the track, and the track, and the track, and the track and the track and were partially overturned in a cut, the tong the track and were partially overturned in a cut, the tong the track and were partially overturned in a cut, the track and were partially overturned in a cut, the tong the track a miles an hour when the engine struck nearing Charleston, when in fact the
