

SOCIETY

Monday evening at 7:45 o'clock the "Light Bearers" of Central Methodist church will repeat "The Conquering Cross," a cantata which was given by the same children in December. An offering will be taken for their mission work. The public is cordially invited.

Mrs. Zeta Brown of Kenilworth Park announces the engagement of her daughter, Miss Clara Todd, to Mr. Will Campbell. Miss Todd is a very popular young lady and is attending school. The wedding will occur some time in June.

The Takkoosie Club will give a dance during the week, the date, however, has not been decided upon by the entertainment committee.

Miss Rachel Howland was hostess at a luncheon given on Friday at "Dobobran."

The Saturday Music Club gave a MacDowell memorial recital yesterday afternoon at the residence of Mrs. Herbert Reynolds on Socco St. Mrs. Morgan gave several selections. Miss Minnie Westall played, "To a Wild Rose," and "The Eagle." Miss Nancy Weaver sang. Miss Scudder played a MacDowell "poem" and the "Shadow Dance," and Mrs. Glenn recited "John." Refreshments were served after the recital. The following excerpt from the N. Y. Herald will be of interest to the many lovers of MacDowell's music:

In memory of the late Edward A. MacDowell, Mr. Modest Altschuler put on the program of the Russian Symphony Society's concert in Carnegie Hall, last night the American composer's "Indian Suite," which received a reverent and sympathetic interpretation. A bust of MacDowell stood below the conductor's desk.

The Board of Managers of the Henrietta will give a reception Thursday, February 6th, from four to six. All the friends of the Y. W. C. A. and of the Board of Managers are cordially invited to attend.

An effort was made to deliver the tickets to the subscribers for the concert to be given by the Metropolitan Grand Concert Company, but it was

NO MORE DANDRUFF
Newbro's Herpicide Destroys the Pesticiferous Cause of Annoying Dandruff.

Does your head itch? Is your coat or dress full of white flakes after dressing your hair? That's the effect of dandruff. Is your hair thinning? Are you beginning to get bald in spots? Are you already, in fact, rapidly becoming bald? If so, that is the effect of a mean little parasite that burrows in at the root of the hair, and throws up the scalp in dandruff, and eats off the hair at the root. Science's latest discovery is a destroyer of that pestiferous germ. That destroyer is contained in no other hair preparation on earth but Newbro's Herpicide. Try it, and be convinced. A delightful dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.; two sizes, 50c and \$1.00—Seawell's Pharmacy, special agents.

impossible to reach all in this way. Those who have not yet received their tickets should hurry to call at Seawell's drug store where they will be glad to send you tickets. The general sale will go into effect and no more tickets will be sold after that date. Single tickets will be sold.

Mrs. Grace Scott, who has for the past two weeks been working in the interests of the China Inland Mission, will address the women of Asheville at the First Baptist church next Tuesday afternoon at four o'clock. Mrs. Scott will come to Asheville from Charlotte, where she will also deliver a lecture.

The beautiful home of Dr. Baker at number 109 South Main street will be the scene of a reception to be given in honor of Rev. W. S. P. Bryan, formerly of the First Presbyterian church of Asheville, on next Monday night. The members of the church of which Dr. Bryan was formerly pastor have been invited.

Invitations are out for a bridge party Monday afternoon given by Mrs. Marcus Brown at her home on Chestnut street.

A dance will be given at Victoria tomorrow evening by several young men of Baltimore and Victoria.

Mrs. Vance Brown will give a dance on Tuesday evening at her residence on Cumberland avenue.

Appropos of the Duchess of Sutherland and her intended visit to these shores, it will be remembered that to this princess Mrs. Ethel Barrymore owes much of her social success in England. The duchess is considered one of England's greatest beauties, is gracious, charming and is noted for her artistic gowning. Her grace is a beauty of an unusual type, the picturesque rather than regular featured English type, with which we are so familiar. She is dark and affects the large and becoming mushroom headgear so much painted by Sir Joshua Reynolds, and totally unlike the curious mushroom millinery of the present season. Mrs. Anthony Hope (Hawkins), wife of the noted novelist, who was before her marriage Miss Bettie Sheldon of New York, also belongs to the little coterie of intimates that gather at Stafford house. Mrs. Hope-Hawkins' eldest child is named Millicent for the Duchess of Sutherland, who is also god-mother to the little Anglo-American.

The concert which will be given on Tuesday night by the St. Cecilia society at the Y. M. C. A. auditorium is arousing much interest. An unusually fine program has been prepared, and the members are enthusiastic over the success of their work. Mr. Mosenthal will be the soloist. A dress rehearsal will be given Monday evening. Tickets will not be sold at the door. The annual membership tickets may be obtained for a nominal sum and entitle the honorary members to two tickets for each concert during the season.

Mr. Harry Candler of Princeton, N. C. is in the city.

J. J. Porter left yesterday for Chicago.

Rev. Howland is spending Sunday in the city.

Mrs. Frederick Tuttle, who has been at Victoria Inn, returned to Charlotte on Friday.

J. E. Mabry of Charlotte arrived yesterday and will spend Sunday with friends in the city.

Mr. F. Burrell of Newark, O. is the guest of friends in Asheville.

THE VALUE OF CHARCOAL.

Few People Know How Useful It is in Preserving Health and Beauty.

Cost Nothing to Try.
Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking, or after eating onions and other odorous vegetables.

Charcoal internally cleans and improves the complexion. It whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal and other harmless antiseptics in tablet form or rather in the form of large pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat. I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

Send your name and address today for a free trial package and see for yourself. F. A. Stuart Co., 200 Stuart Bldg., Marshall Mich.
